Application for Continued Participation
Educational Credit for Exceptional Needs Children (ECENC) Program
2018-2019

Independent School Name: _____

An independent school applying for continued participation in the Educational Credit for Exceptional Needs Children Program for Fiscal Year 2018-19 is required to submit the following information **by December 31, 2018**:

Student test scores, by category, on national achievement or state standardized tests, or both, for all grades tested and administered by the school receiving or entitled to receive scholarship grants pursuant to this section in the previous school year. The school shall also provide individual student test scores on national achievement or state standardized tests, or both, for any student in grades one through twelve who received a grant from the program during the prior school year. The information must be used to provide program level reports to determine whether students participating in the program have experienced measurable improvement. Students with disabilities for whom standardized testing is not appropriate are exempt from this requirement.

Section 12-6-3790(E)(1)(b)

The information will be used to issue an annual report.

Annually, the Education Oversight Committee shall issue a report to the General Assembly documenting the impact of the Educational Credit for Exceptional Needs Children Program on student achievement. In addition, the report must include information on individual schools if at least fifty-one percent of the total enrolled students in the private school participated in the Educational Credit for Exceptional Needs Children Program in the prior school year. The report must be according to each participating private school, and for participating students, in which there are at least thirty participating students who have scores for tests administered. If the Education Oversight Committee determines that the thirty participating-student cell size may be reduced without disclosing personally identifiable information of a participating student, the Education Oversight Committee may reduce the participating-student cell size, but the cell size may not be reduced to less than ten participating students.

Section 12-6-3790(E)(6)

Schools applying for continued participation in the ECENC Program must provide the following:

- 1. School-level assessment results** for school year 2017-18 on national achievement tests for all grades tested in the school and for each grade with at least 10 students tested. Information should be provided for English language arts (reading) and mathematics achievement of students in the grade. Examples include: *TerraNova*, *Stanford 10*, *Iowa Test of Basic Skills*, etc. For grades 9-12, the school may provide average PSAT, SAT, ACT, or other scores as appropriate.

For schools that specifically exist to meet the needs of only exceptional needs students with documented disabilities, the EOC will work with the schools to provide information (including formative assessments, portfolios, etc.) that document the students' academic and social development.

How many students were enrolled in your school in 2017-18? _____

No personally identifiable information will be published; instead, the information will be aggregated at the school or state level as stipulated in law.

Each school will have access to a secure data portal to upload individual student assessment results, which will include personally identifiable information. The portal will capture, at a minimum, the following information:

- Name of the student who received a grant from Exceptional SC in the prior school year along with data including date of birth, sex, grade level, etc. to ensure that the assessment results can be matched to the individual student who received a grant;
- For each student who received a grant, the results of a national assessment or assessments in 2017-18 and if possible, in 2016-17 as well to document academic growth. The name of the assessment as well as scale scores for students or national percentile ranks must be included; and
- If a student received a grant but due to the student's exceptional needs was not able to be assessed with a national assessment, the school must provide an explanation by student of the reason why a national assessment was not administered and how the school is measuring academic and personal growth for each student not assessed.
