Statement of Services for Special Needs Students

Harvest Community School is committed to partnering with families to provide the best possible education for all students enrolled. We recognize that the parents come first when making educational choices for their children. It is part of our mission to come alongside our parents to aid them in providing high quality education for their children that takes into consideration the individual needs of each student.

Harvest Community School is an independent school that offers individual services and accommodation plans for those students who have been diagnosed with a special need. We accept recommendations and existing Individualized Education Plans from school psychologists for students who have a specific diagnosis and, along with the parents, will prepare an individualized plan for accommodations for each student. If a student presents difficulties or areas of concern while enrolled, we work with the parents to identify specific learning disabilities through proper evaluation. We provide referrals to private school psychologists as well as working with our local school district to identify these learning disabilities. We develop accommodation plans and also write 504 Plans for our students. Our IEP team usually consists of the guidance counselor, the headmaster, the classroom teacher(s), the parents, and the evaluating school psychologist.

The accommodations available at Harvest include (but are not limited to):

- Adjusting how instruction is given
- Additional or unlimited time on tests
- Ability to record lectures

- Oral testing
- Large print testing and assignments
- Individual tutoring
- Audio books
- Small group instruction
- Alternate evaluation formats
- In-house administration of SAT/ACT if approved for accommodations

Application for Continued Participation
Educational Credit for Exceptional Needs Children (ECENC) Program
2018-2019

Independent School Name: Harvest Community School

An independent school applying for continued participation in the Educational Credit for Exceptional Needs Children Program for Fiscal Year 2018-19 is required to submit the following information by **December 31, 2018**:

Student test scores, by category, on national achievement or state standardized tests, or both, for all grades tested and administered by the school receiving or entitled to receive scholarship grants pursuant to this section in the previous school year. The school shall also provide individual student test scores on national achievement or state standardized tests, or both, for any student in grades one through twelve who received a grant from the program during the prior school year. The information must be used to provide program level reports to determine whether students participating in the program have experienced measurable improvement. Students with disabilities for whom standardized testing is not appropriate are exempt from this requirement.

Section 12-6-3790(E)(1)(b)

The information will be used to issue an annual report.

Annually, the Education Oversight Committee shall issue a report to the General Assembly documenting the impact of the Educational Credit for Exceptional Needs Children Program on student achievement. In addition, the report must include information on individual schools if at least fifty-one percent of the total enrolled students in the private school participated in the Educational Credit for Exceptional Needs Children Program in the prior school year. The report must be according to each participating private school, and for participating students, in which there are at least thirty participating students who have scores for tests administered. If the Education Oversight Committee determines that the thirty participating-student cell size may be reduced without disclosing personally identifiable information of a participating student, the Education Oversight Committee may reduce the participating-student cell size, but the cell size may not be reduced to less than ten participating students.

Section 12-6-3790(E)(6)

Schools applying for continued participation in the ECENC Program must provide the following:

- 1. School-level assessment results** for school year 2017-18 on national achievement tests for all grades tested in the school and for each grade with at least 10 students tested. Information should be provided for English language arts (reading) and mathematics achievement of students in the grade. Examples include: *TerraNova*, *Stanford 10*, *Iowa Test of Basic Skills*, etc. For grades 9-12, the school may provide average PSAT, SAT, ACT, or other scores as appropriate.

For schools that specifically exist to meet the needs of only exceptional needs students with documented disabilities, the EOC will work with the schools to provide information (including formative assessments, portfolios, etc.) that document the students' academic and social development.
