Student Assessment Data

**Application for NEW Schools to Participate in
Educational Credit for Exceptional Needs Children (ECENC) Program
2018-2019**

Independent School Name:

Sheila E. Academy

By state law, schools participating in the Educational Credit for Exceptional Needs Children Program are required to submit the following:

Student test scores, by category, on national achievement or state standardized tests, or both, for all grades tested and administered by the school receiving or entitled to receive scholarship grants pursuant to this section in the previous school year. The school shall also provide individual student test scores on national achievement or state standardized tests, or both, for any student in grades one through twelve who received a grant from the program during the prior school year. The information must be used to provide program level reports to determine whether students participating in the program have experienced measurable improvement. Students with disabilities for whom standardized testing is not appropriate are exempt from this requirement.

Section 12-6-3790(E)(1)(b)

The information will be used to issue an annual report.

Annually, the Education Oversight Committee shall issue a report to the General Assembly documenting the impact of the Educational Credit for Exceptional Needs Children Program on student achievement. In addition, the report must include information on individual schools if at least fifty-one percent of the total enrolled students in the private school participated in the Educational Credit for Exceptional Needs Children Program in the prior school year. The report must be according to each participating private school, and for participating students, in which there are at least thirty participating students who have scores for tests administered. If the Education Oversight Committee determines that the thirty participating-student cell size may be reduced without disclosing personally identifiable information of a participating student, the Education Oversight Committee may reduce the participating-student cell size, but the cell size may not be reduced to less than ten participating students.

Section 12-6-3790(E)(6)

Therefore, schools applying for participation in the ECENC Program for the first time in 2018-19 must provide the following to the EOC by **December 31, 2018**:

School-level assessment results for school year 2017-18 on national achievement tests for all grades tested in the school and for each grade with at least 10 students tested. Information should be provided for English language arts (reading) and mathematics achievement of students in the grade. Examples include: *TerraNova, Stanford 10, Iowa Test of Basic Skills, etc.* For grades 9-12, the school may provide average PSAT, SAT, ACT, or other scores as appropriate. Since your school did not participate in the ECENC program in the prior school year, 2017-18, you are **not** required to submit **individual student test scores** on national achievement tests.

For schools that specifically exist to meet the needs of only exceptional needs students with documented disabilities, the EOC will work with the schools to provide information (including formative assessments, portfolios, etc.) that document the students' academic and social development.

How many students were enrolled in your school in 2017-18?

The following is a template that you may use for reporting purposes. For questions, please contact the EOC office.
