Report of Independent Auditor

To Bishop Robert E. Guglielmo
Bishop of Charleston
Chancery of the Diocese of Charleston
Charleston, South Carolina

We have audited the accompanying financial statements of the Chancery of the Roman Catholic Diocese of Charleston (a South Carolina corporation), which comprise the statements of financial position as of June 30, 2019 and 2018, and the related statements of activities and changes in net assets and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Chancery of the Roman Catholic Diocese of Charleston as of June 30, 2019 and 2018, and the changes in net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Effect of Adopting New Accounting Standard

As discussed in Note 2, in August 2016, the Financial Accounting Standards Board issued Accounting Standards Update (“ASU”) 2016-14, *Not-for-Profit Entities (Topic 958) – Presentation of Financial Statements of Not-for-Profit Entities*. The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. The ASU has been applied retrospectively to all periods presented. Our opinion is not modified with respect to this matter.

CHANCERY OF THE ROMAN CATHOLIC DIOCESE OF CHARLESTON

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2019 AND 2018

Note 1—Organization

The Roman Catholic Diocese of Charleston (the “Diocese”), a unit of the Roman Catholic Church, is a corporation sole, organized under the laws of the state of South Carolina under the name Bishop of Charleston. The Diocese comprises the entire state of South Carolina with Charleston as its See city. Founded on July 11, 1820 by Pope Pius VII, it is one of the oldest Catholic dioceses in the United States. There are currently 115 active Catholic parishes and missions across the state and 33 Catholic schools with 28 parochial schools, 4 Diocesan high schools, and one private Catholic high school. There are no shareholders to the corporation, only the holder of the office of Bishop.

The Diocese consists of various distinct operating entities administered through the Diocesan structure. Each entity maintains its own separate accounts and carries on specific services and programs. The various entities can be categorized as follows: the Chancery of the Roman Catholic Diocese of Charleston (the “Chancery”), which includes various Diocesan level programs or activities (pastoral, church personnel development, educational support, and the Diocesan educational offices for Catholic Youth Ministry, Religious Education, and the Catholic Schools Office, Diocesan cemeteries, cooperative investment and lending program, and supporting services involving certain insurance activities, and the Diocesan newspaper, The Miscellany) and Diocesan level administrative support offices; Parishes and Missions; Diocesan Educational Entities; Catholic Charities of South Carolina (“Catholic Charities”); Catholic Community Foundation of South Carolina (“Foundation”); and others. The accompanying financial statements include only the programs and administrative support offices of the Chancery.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Chancery have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”). Accordingly, revenue is recognized when earned rather than when received and expenses are recognized when incurred rather than when paid.

Basis of Presentation – Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The Bishop may designate, from net assets without donor restrictions, net assets for an operating reserve and other reserves.

Net Assets With Donor Restrictions – Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Cash and Cash Equivalents – For purposes of the statements of cash flows, the Chancery considers all highly liquid temporary cash investments with a maturity of three months or less when purchased to be cash equivalents, except for the cash investments in the funds managed by investment companies.

CHANCERY OF THE ROMAN CATHOLIC DIOCESE OF CHARLESTON

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2019 AND 2018

Note 2—Summary of significant accounting policies (continued)

Investments – The Chancery follows the provisions of Accounting Standards Codification (“ASC”) 958-320, *Not-for-Profit Entities, Investments*. Under ASC 958-320, investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statements of financial position. Unrealized gains and losses are included in the statements of activities and changes in net assets. Donor-restricted interest and dividend income are reported as increases in net assets without restrictions if the restrictions are met in the reporting period in which the income and gains are recognized. Investment appreciation (depreciation) and income that is not donor-restricted is reported in net assets without restrictions.

Unconditional Promises to Give – Unconditional promises to give are recognized as an asset, pledges receivable, and as revenue in the year received. The Chancery does not have any promises to give as of June 30, 2019 and 2018.

Receivables from Other Diocesan Entities and Other Receivables – Receivables are stated at amounts the Chancery expects to collect (unpaid principal balances less estimated allowances for doubtful accounts) based on the Chancery’s assessment of the financial stability of the respective debtors. Receivables determined by the Chancery not to be collectible are charged off against the respective allowances.

Bond Issuance Costs – Costs incurred in connection with the issuance of bonds were amortized over the term of the bonds and presented with the statements of financial position as a direct deduction from the carrying amount of debt liability, consistent with debt discounts or premiums.

Property and Equipment – Purchases of property and equipment having a unit cost of \$5,000 or more and a useful life of more than one year are capitalized at cost. Donated property and equipment are capitalized at their estimated fair value at the date of donation. Depreciation is computed using the straight-line method of depreciation based on the estimated useful lives of the assets ranging from 3 to 40 years.

Contributions – Contributions are considered to be without donor restriction unless specifically restricted by the donors. Contributions that are restricted by the donors are reported as increases in net assets with donor restriction. When a restriction expires (that is, when the stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restriction are reclassified to net assets without donor restriction and reported in the statements of activities and changes in net assets as net assets released from restrictions.

Parish Assessment Income – Parish assessment income is recorded as revenue in the year the parishes are assessed. Such revenue is calculated and assessed based upon an approved percentage of each parish’s offertory revenue for the preceding year.

Investment Income – Investment income consists of the interest income, dividend income, and the realized gains/losses within equities from assets classified as investments in the accompanying financial statements. Interest income consists of the interest earned on assets, other than investments.

Functional Allocation of Expenses – The costs of providing the various programs have been summarized on a functional basis in the statements of activities and changes in net assets. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Such allocations are determined by management on an equitable basis, which generally include space occupied on a square footage basis and/or time incurred for employees.

CHANCERY OF THE ROMAN CATHOLIC DIOCESE OF CHARLESTON

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2019 AND 2018

Note 2—Summary of significant accounting policies (continued)

Interest Rate Swap Agreement – The Chancery uses an interest rate swap agreement to manage its exposure to interest rate changes with respect to its bonds payable. The interest rate swap agreement is a derivative instrument and as required by ASC 815, *Derivatives and Hedging* has been reported in the accompanying financial statements at fair value.

Income Taxes – The Diocese and, accordingly, the Chancery are exempt from federal and state income taxes under certain provisions of Section 501(c)(3) of the Internal Revenue Code and the South Carolina Code of Laws; therefore, no provisions for income taxes have been included in these financial statements.

The Financial Accounting Standards Board (“FASB”) provides guidance on the Chancery’s evaluation of accounting for uncertainty in income taxes. Management evaluated the Chancery’s tax position and concluded that no uncertain tax positions exist that requires adjustment to the financial statements to comply with the provisions of this guidance.

Estimates – The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Areas requiring significant estimates include the allowance for doubtful accounts and the functional allocation of expenses. It is at least reasonably possible that the significant estimates used will change within the next year.

Recently Issued Accounting Pronouncements – The FASB issued Accounting Standards Update (“ASU”) 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities*, effective for fiscal years beginning after December 15, 2017. The amendments change presentation and disclosure requirements for not-for-profit entities to provide more relevant information about their resources (and the changes in those resources) to donors, grantors, creditors, and other users. The amendment includes qualitative and quantitative requirements in the following areas: net asset classes, investment return, expenses, liquidity and availability of resources, and presentation of cash flows. The Chancery adopted this ASU effective July 1, 2018 and has adjusted the presentation of these statements accordingly. The ASU has been applied retrospectively to all periods presented.

In May 2014, the FASB issued ASU 2014-09, *Revenue from Contracts with Customers*. The standard’s core principle is that an organization will recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the organization expects to be entitled in exchange for those goods or services. This standard also includes expanded disclosure requirements that result in an entity providing users of financial statements with comprehensive information about the nature, amount, timing, and uncertainty of revenue and cash flows arising from the entity’s contracts with customers. The standard is effective for annual reporting periods beginning after December 15, 2018. The Chancery is currently in the process of evaluating the impact of adoption of this ASU on the financial statements.

In June of 2018, the FASB issued ASU 2018-08, *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. This standard provides guidance on determining whether a transaction should be accounted for as a contribution or as an exchange transaction. The adoption of this standard allows for contributions to follow guidance in FASB ASC 958-605, *Not-for-Profit Entities (Topic 958) – Revenue Recognition*, rather than the guidance provided in ASC 606 discussed above. This standard is effective for fiscal years beginning after December 15, 2018. The Chancery is currently in the process of evaluating the impact of the adoption of this ASU on the financial statements.

Note 2—Summary of significant accounting policies (continued)

In February 2016, the FASB issued ASU 2016-02, *Leases*, effective for fiscal years beginning after December 15, 2019. The standard requires all leases with lease terms over 12 months to be capitalized as a right-of-use asset and lease liability on the combined balance sheet at the date of lease commencement. Leases will be classified as either finance or operating. This distinction will be relevant for the pattern of expense recognition in the income statement. The Chancery is currently in the process of evaluating the impact of adoption of this ASU on the financial statements.

Note 3—Cash and cash equivalents, liquidity, and availability

Cash consists of interest-bearing checking accounts, savings accounts, money-market accounts, and certificates of deposit with a maturity of three months or less when purchased.

The Chancery places its cash and cash equivalents on deposit with financial institutions in the United States. The Federal Deposit Insurance Corporation covers \$250,000 for substantially all depository accounts. The Chancery from time to time may have amounts on deposit in excess of the insured limits. As of June 30, 2019, the Chancery had \$15,840,140 which exceeded these insured amounts.

For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Chancery considers all expenditures related to program and supporting services to be general expenditures. Financial assets available within one year as of June 30, without donor or other restrictions limiting their use, comprise the following:

	<u>2019</u>	<u>2018</u>
Cash and cash equivalents	\$ 8,564,998	\$ 9,567,283
Investments	23,024,538	23,583,343
Endowment investments available for general purposes and for distribution in accordance with the spending rate policy	450,087	427,211
Spending policy for designated funds	<u>1,113,497</u>	<u>1,125,738</u>
Total cash, cash equivalents, and investments	33,153,120	34,703,575
Receivables, due within one year	<u>2,537,583</u>	<u>995,533</u>
	35,690,703	35,699,108
Less amounts not available to be used within one year:		
Required to satisfy donor restrictions	(2,930,085)	(4,037,713)
Required to satisfy management designations	<u>(22,574,859)</u>	<u>(23,145,931)</u>
Financial assets available to meet cash needs for general expenditures	<u>\$ 10,185,759</u>	<u>\$ 8,515,464</u>

Income from donor-restricted endowments is restricted for specific purposes, with the exception of the amounts available for general use. Donor-restricted endowment funds are not available for general expenditures and, thus, are not included above. All endowments are subject to an annual spending rate of 5% of its endowment funds average fair value over the prior 36 months (or since inception if shorter) as of June 30 (measurement date) each year. Only the funds available for distribution in accordance with the spending rate policy are included above.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2019 AND 2018

Note 3—Cash and cash equivalents, liquidity, and availability (continued)

The Chancery manages its liquidity by developing and adopting annual operating and capital budgets that provide sufficient funds for general expenditures in meeting its liabilities and other obligations as they come due. Actual performance is reported and monitored monthly in comparison to the budgets. Adjustments are made to plan as needed to ensure adequate liquidity. As part of our liquidity management plan, cash balances are invested in short-term investments.

In addition, the Chancery has a line of credit availability of \$1,000,000 as of June 30, 2019 to meet cash flow needs (see Note 10).

Note 4—Investments and funds held in trust by affiliate

At June 30, 2019 and 2018, Chancery investments totaling \$33,923,331 and \$34,285,932, respectively, are maintained in funds managed by the Foundation and \$29,811,486 and \$14,724,656, respectively, are managed by other investment companies.

In accordance with ASC 820, *Fair Value Measures and Disclosures*, the Chancery's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The Chancery's investments are valued at fair value under Level 1 inputs at June 30, 2019 and 2018. Investments along with their cost, fair value, and net unrealized gain at June 30, 2019 are as follows:

	<u>Cost</u>	<u>Fair Value</u>	<u>Net Unrealized Gain (Loss)</u>

JUNE 30, 2019 AND 2018

Note 12—Retirement plan

The Diocese has a contributory retirement plan covering substantially all Diocesan employees, including Chancery employees. After one year of service, the employer contributes 5% of the employee’s monthly pay for a participating employee contributing a minimum of 3% of monthly pay. The contributions are limited to the maximum annual amounts allowed by the Internal Revenue Service (“IRS”). In 2019 and 2018, the Chancery made contributions to the lay retirement plan for its employees of \$181,010 and \$161,345, respectively.

In addition, the Diocese maintains the Diocese of Charleston Pension Plan for Priests (the “Plan”) for the benefit of all eligible priests, as defined in the Plan provisions, working in the Diocese. The Plan is a defined benefit plan providing benefits to eligible participants in accordance with the Plan provisions. Effective January 1, 2007, the Plan was amended to (a) conform to Section 401(a) of the Internal Revenue Code; (b) allow international priests to be eligible to participate in the Plan; (c) reduce the vesting period; (d) reduce the required number of years for normal retirement benefits; and (e) provide for the proration of normal retirement benefits for years less than 20. The Plan was also amended in 2011 and again in 2012, to include a burial benefit. The Plan was amended again in 2015 to be in compliance with IRS Publication 794.

The funding of the Plan is provided by the respective Diocesan entities (Chancery, parishes and missions, and other Diocesan entities) which are served by the eligible priests of the Diocese. For 2019 and 2018, the funding for the Plan was \$700 per month for each active eligible priest. In 2019 and 2018, the Chancery made contributions to the Plan of \$72,133 and \$46,000, respectively, for the eligible priests assigned to the Chancery. The Chancery recognizes pension expense based upon the funding established for the Plan.

ASC 715-20, *Compensation-Retirement Plan, Defined Benefit Plan*, requires certain reporting and disclosures with respect to defined benefit plans such as the Diocesan Priests’ Retirement Plan. It is not practical to separate such reporting and disclosures for the Chancery or the other Diocesan operating entities participating in the Plan. For purposes of the Chancery’s financial statements, the Plan is considered a multi-employer pension plan and the reporting and disclosures limited to the information provided in the preceding paragraph. The Diocese did obtain an actuarial valuation of the Plan as of June 30, 2019 and 2018, which reported that the present value of the accumulated plan benefits was exceeded by the Plan’s assets by \$1,662,047 and \$2,191,860, respectively. Based on the funding of \$700 per month for each eligible and active priest, contributions to the Plan for the year ended June 30, 2019 and 2018 are estimated at approximately \$865,200 and \$840,000, respectively, and exceed the estimated benefit payments of approximately \$691,740 and \$543,705, respectively. Effectively, the Chancery is a guarantor of the Plan’s obligations.

Note 15—Endowments

The Chancery's endowments consist of several funds established for a variety of purposes. The endowments include donor-restricted endowments funds. As required by U.S. GAAP, the net assets associated with the endowments are classified and reported based on the existence or absence of donor imposed restrictions.

Interpretation of Relevant Law – The Chancery has interpreted the State of South Carolina's enacted version of the Uniform Prudent Management of Institutional Funds Act ("UPMIFA") as requiring the preservation of the fair value of the original gift, as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. At June 30, 2019 and 2018, there were no such donor stipulations. As a result of this interpretation, the Chancery retains in perpetuity (a) the original value of initial and subsequent gift amounts (including promises to give net of discount and allowance for doubtful accounts donated to the endowment and (b) any accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added. Donor-restricted amounts not retained in perpetuity are subject to appropriation for expenditure by the Chancery in a manner consistent with the standard of prudence prescribed by UPMIFA.

In accordance with UPMIFA, the Chancery considered the following factors in making their determination to appropriate or accumulate endowment funds:

1. The duration and preservation of the funds
2. The purpose of the donor-restricted endowment fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and appreciation of investments
6. Other resources of the Chancery
7. Investment policies of the Chancery

Note 15—Endowments (continued)

The following tables present the Chancery's endowment net asset classification and composition. Endowment net assets composition by type of fund at June 30, 2019:

	Without Donor Restriction	With Donor Restriction	Total
Donor-restricted endowment funds	\$ -	\$ 10,898,793	\$ 10,898,793
Total funds	<u>\$ -</u>	<u>\$ 10,898,793</u>	<u>\$ 10,898,793</u>

Endowment net assets composition by type of fund at June 30, 2018:

	Without Donor Restriction	With Donor Restriction	Total

Total funds	<u>\$ -</u>	<u>\$ 10,702,589</u>	<u>\$ 10,702,589</u>

Funds with Deficiencies – From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Chancery to retain as a fund of perpetual duration. No such deficiencies existed at June 30, 2019 or 2018.

Strategies Employed for Achieving Investment Objectives – The Chancery follows an investment policy with long-term growth as the main objective. The Chancery relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Chancery utilizes a diversified asset allocation, with greater emphasis on equity-based investments, to achieve its long-term return objectives within prudent risk constraints.

Spending Policy and How the Investment Objectives Relate to Spending Policy – The Chancery has a policy of appropriating for distribution each year, as determined by the investment committee and approved by the Bishop, 5% of its endowment funds average fair value over the prior 36 months (or since inception if shorter) as of June 30 (measurement date) each year and allows spending from underwater endowments. In establishing these policies, the Chancery considered the expected return on its endowment. Accordingly, the Chancery expects the current spending policy to allow its endowment to maintain its purchasing power by growing at a rate equal to planned payouts. Additional real growth will be provided through new gifts and excess investment return.

Changes in endowment net assets for the year ended June 30, 2019 are as follows:

	Without Donor Restriction	With Donor Restriction	Total

The Catholic Community Foundation of South Carolina is operating the Bicentennial Campaign under the direction of the Bishop of Charleston. The Chancery has advanced approximately \$2,100,000 to fund costs and expenses associated with the Bicentennial Campaign, to be reimbursed in the future by the Foundation. The Diocese of Charleston also provides administrative support to the Foundation at no charge.

In June 2019, Catholic Charities executed a promissory note and loan agreement for \$500,000 with the Diocesan co-operative deposit and loan program administered by the Chancery. The promissory note requires monthly payments of interest at the one-month LIBOR rate plus 1.5% not to be less than 4.5% (4.5% at June 30, 2019) beginning in July 2019 and lasting through the note's maturity in June 2024, when all principal and interest is due.

As described in Note 4, the Foundation holds certain investments in trust on behalf of the Chancery. The Foundation is an affiliate and related party.

Note 17—Commitments and contingencies

Various legal and other actions are pending against the Diocese and, effectively, the Chancery which involve claims for damages, as well as other types of relief, relative to the actions of certain personnel of the Diocese of Charleston. Counsel for the Diocese has advised that there are significant uncertainties with respect to these legal and other actions, and that the ultimate outcome from such legal and other actions pending against the Diocese cannot presently be determined. Accordingly, no provision for any liability that may result from these matters has been made in the accompanying financial statements.

As more fully discussed in the Note 13, the Diocese obtained an actuarial valuation of the Diocesan Priests' Retirement Plan (the "Plan") which reported that the Plan's assets exceeded liabilities at June 30, 2019 by \$1,662,047. Effectively, the Chancery is a guarantor of the Plan's obligations and the impact of future market, credit, and other conditions could impact the excess or deficit of these Plan's assets to liabilities.

The Diocese obtains blanket property and liability insurance coverage for the Chancery and certain other Diocesan entities and affiliates. The Chancery pays the premiums and invoices the Diocesan entities for their portion of the premiums. Under the Diocese's property and liability insurance coverage, the self-insured retention of the Chancery has an annual aggregate (stop loss) of \$750,000 at June 30, 2019 and 2018. The Chancery has designated net assets in the amount of \$3,938,857 and \$3,819,591 for property insurance deductible and self-insurance reserves at June 30, 2019 and 2018, respectively (see Note 13).

The Chancery has committed to providing financial support and resources to Catholic Charities on an as-needed basis over the next 12 months. The Chancery's historical support of Catholic Charities is critical to serving the mission of the Diocese in South Carolina and actual funding requirements will vary from year to year.

Note 18—Subsequent events

The Chancery has evaluated subsequent events through October 24, 2019, which is the date these financial statements were available to be issued.
