OPERATION OF STATE GOVERNMENT

SECTION 1 - H630 - DEPARTMENT OF EDUCATION

5 6 7

8

9

10 11

4

1 2 3

1.1. (SDE: Appropriation Transfer Prohibition) The amounts appropriated herein for aid to subdivisions, allocations to school districts, or special line items shall not be transferred and must be expended in accordance with the intent of the appropriation, except that the department may transfer funds that are deducted and retained from a school district's transportation allocation to reimburse the department for the cost of unauthorized mileage. This transfer must be agreed upon by both the school district and the department. Those funds may be transferred into the department's school bus transportation operating account.

12 1.2. (SDE: DHEC - Comprehensive Health Assessment) All school districts shall participate, to the fullest extent possible, in the
 13 Medicaid program by seeking appropriate reimbursement for services and administration of health and social services.
 14 Reimbursements to the school districts shall not be used to supplant funds currently being spent on health and social services.

1.3. (SDE: State Aid to Classrooms) To the extent possible within available funds, it is the intent of the General Assembly to 15 provide for one hundred percent of full implementation of the Education Finance Act via an allocation from the State Aid to 16 Classrooms appropriation. The funds appropriated for State Aid to Classrooms shall be allocated as follows: 65.59 percent must be 17 allocated based on the Education Finance Act formula and the differentiated student weightings in this Act; 28.72 percent must be 18 allocated based on the manner of distribution of EFA employer contributions in the prior fiscal year; and 5.68 percent must be 19 allocated to fully implement the State Minimum Teacher Salary Schedule with a minimum starting teacher salary of \$35,000. The 20 department is authorized to adjust the percentage allocation related to EFA employer contributions to accommodate for the 21 22 disbursement of the state retirement funds and any other related employee allocation sent to districts. For the current fiscal year, the total pupil count is projected to be 720,316. These funds represent an average per pupil of \$3,889 in State Aid to Classrooms. The 23 average per pupil funding is projected to be \$6,556 state, \$1,315 federal, and 6,406 local. This is an average total funding level of 24 25 \$14,227 excluding revenues of local bond issues. It is the intent of the General Assembly that the consolidation of the Education Finance Act and Education Finance Act - Employer Contributions appropriations, and the subsequent allocation of the State Aid to 26 27 Classrooms appropriation back to these categories, should not significantly alter the application of funding formulas or maintenance of effort requirements referencing the Education Finance Act and Education Finance Act - Employer Contributions. 28 29 The funds allocated from State Aid to Classrooms for implementing the revised State Minimum Teacher Salary Schedule shall be

distributed to school districts using the EIA Teacher Salary Supplement methodology. The resulting estimated teacher salary schedule is as follows:

As further used in this act, references to the Education Finance Act or EFA funds shall be interpreted to mean the 65.59 percent of funds appropriated for State Aid to Classrooms and allocated for the Education Finance Act and, where appropriate, the 28.72 percent of State Aid to Classrooms allocated for Education Finance Act Employer Contributions.

For the purpose of maintaining consistency when calculating maintenance of effort, references to the base student cost shall be interpreted as the base student cost resulting from the 65.59 percent of funds appropriated for State Aid to Classrooms and allocated for the Education Finance Act and, where appropriate, the 28.72 percent of State Aid to Classrooms allocated for Education Finance Act Employer Contributions, and other any other items normally included in the base student cost calculation.

For the current fiscal year the South Carolina Public Charter School District and any institution of higher education sponsoring a public charter school shall receive and distribute state EFA funds to the charter school as determined by one hundred percent of the current year's base student cost, as funded by the General Assembly multiplied by the weighted pupils enrolled in the charter school, which must be subject to adjustment for student attendance.

The Revenue and Fiscal Affairs Office, must post in a prominent place on their website for each school district projections, including the per pupil state, federal and local revenues, excluding revenues of local bond issues, for the current fiscal year. Also,

32 as soon as practicable, upon determining the exact numbers regarding pupil count and funding, the Revenue and Fiscal Affairs Office,

33 shall also post on their website the one hundred thirty-five day average daily membership for each school district and per pupil state,

34 federal and local revenues, excluding revenues of local bond issues, based on the most recent audited financial statement as reported

annually pursuant to Section 59-17-100. The Department of Education and the Education Oversight Committee shall provide in a

prominent place on their internet websites a link to the information posted by the Revenue and Fiscal Affairs Office, including the 1 projected numbers and the exact numbers. 2 3 For the current fiscal year, the pupil classification weightings are as follows: 4 (1) K-12 pupils or base students including homebound students 1.00 5 Students served in licensed residential treatment facilities (RTFs) for children and adolescents as defined under Section 6 44-7-130 of the 1976 Code shall receive a weighting of 2.10. (2) Weights for students with disabilities as prescribed in Section 59-20-40(1)(c) Special Programs 7 (3) Precareer and Career Technology 8 1.29 (4) Additional weights for personalized instruction: 9 (A) Gifted and Talented 10 0.15 (B) Academic Assistance 11 0.15 (C) Limited English Proficiency 12 0.20 (D) Pupils in Poverty 13 0.20 14 (E) Dual Credit Enrollment 0.15 No local match is required for the additional weightings for personalized instruction in the current school year. Charter school per 15 pupil calculations for locally sponsored charters will continue to be calculated according to Section 59-40-140 of the 1976 Code. 16 Students may receive multiple weights for personalized instruction; however, within each weight, students should only be counted 17 once. These weights are defined below: 18 Students in poverty are students who qualify for Medicaid, SNAP, TANF, or are homeless, transient, or in foster care. 19 Gifted and talented students are students who are classified as academically or artistically gifted and talented or who are enrolled 20 in Advanced Placement (AP), International Baccalaureate (IB), and Cambridge International courses in high school. Districts shall 21 22 set-aside twelve percent of the funds for serving artistically gifted and talented students in grades three through twelve. 23 Students in need of academic assistance are students who do not meet state standards in mathematics, English language arts, or both on state approved assessments in grades three through eight and high school assessments for grades nine through twelve. The 24 25 additional weight generates funds needed to provide additional instructional services to these students. Students with limited English proficiency are students who require intensive English language instruction programs and whose 26 27 families require specialized parental involvement intervention. Funds received by a school district pursuant to the dual credit weighting must be used to defray all possible costs of dual credit 28 courses for students. Students identified for dual credit enrollment must be identified in PowerSchool as taking a course that will 29 30 lead to both high school credit and post-secondary credit. Districts must utilize these funds to offset the cost of tuition, fees, instructors, and instructional materials for qualifying courses with the local technical college or other institution of higher education. 31 Each school district shall report to the department the number of students participating in dual credit courses and specify the cost 32 borne by each entity. School districts must assist students in accessing Lottery Tuition Assistance when applicable. 33 34 Further, the Department of Education may use school district student counts for personalized instruction as collected in the same manner as the prior fiscal year, PowerSchool or other available existing data sources as determined by the department to calculate 35

PAGE 5

the school district add on weightings for the personalized instruction classifications and the determination of the school districts monetary entitlement. End of year adjustments shall be based on the one hundred thirty-five day student average daily membership for all classifications. During the current fiscal year the department will update PowerSchool calculations, reports, screen development, documentation, and training to incorporate the new pupil classification weightings and to make final district allocation adjustments by June 30. The department must provide districts with technical assistance with regard to student count changes in PowerSchool. **1.4.** (SDE: EFA - Formula) The amount appropriated in Part IA, Section 1 for "Education Finance Act" shall be the maximum

paid under the provisions of Act 163 of 1977 (the South Carolina Education Finance Act of 1977) to the aggregate of all recipients. 8 The South Carolina Education Department shall develop formulas to determine the state and required local funding as stipulated in 9 the South Carolina Education Finance Act of 1977. Such formulas shall require the approval of the State Board of Education and 10 11 the State Fiscal Accountability Authority. After computing the EFA allocations for all districts, the department shall determine whether any districts' minimum required local revenue exceeds the districts' total EFA Foundation Program. When such instance is 12 found, the department shall adjust the index of taxpaying ability to reflect a local effort equal to the cost of the districts' EFA 13 Foundation Program. The districts' weighted pupil units are to be included in determination of the funds needed for implementation 14 of the Education Finance Act statewide. 15 In the event that the formulas as devised by the Department of Education and approved by the State Board of Education and the 16 State Fiscal Accountability Authority should provide for distribution to the various school districts totaling more than the amount 17 appropriated for such purposes, subject to the provisions of this proviso, the Department of Education shall reduce each school district 18 entitlement by an equal amount per weighted pupil so as to bring the total disbursements into conformity with the total funds 19 appropriated for this purpose. If a reduction is required in the state's contribution, the required local funding shall be reduced by the 20 proportionate share of local funds per weighted pupil unit. The Department of Education shall continually monitor the distribution 21 22 of funds under the provisions of the Education Finance Act and shall make periodic adjustments to disbursements to ensure the 23 aggregate of such disbursements do not exceed the appropriated funds.

Local districts shall not be mandated or required to inflate the base number in their respective salary schedules by any percentage greater than the percentage by which the appropriated base student cost exceeds the appropriated base student cost of the prior fiscal year.

1.5. (SDE: Employer Contributions/Allocations) It is the intent of the General Assembly that the appropriation contained herein for "Public School Employee Benefits" shall not be utilized to provide employer contributions for any portion of a school district employee's salary that is federally funded.

State funds allocated for school district employer contributions must be allocated by the formula and must be used first by each district to cover the cost of fringe benefits for personnel required by the Defined Program, food service personnel and other personnel required by law. Once a district has expended all state allocated funds for fringe benefits, the district may utilize food service revenues to fund a proportionate share of fringe benefits costs for food service personnel.

The Department of Juvenile Justice and the Department of Corrections' school districts must be allocated funds under the fringe benefits program in accordance with criteria established for all school districts.

1.6. (SDE: Employer Contributions/Obligations) In order to finalize each school district's allocations of Employer Contributions 1 funds for retiree insurance from the prior fiscal year, the Department of Education is authorized to adjust a school district's allocation 2 3 in the current fiscal year accordingly to reflect actual payroll and payments to the Retirement System from the prior fiscal year. In the event the Department of Education is notified that an educational subdivision has failed to remit proper payments to cover 4 5 Employee Fringe Benefit obligations, the Department of Education is directed to withhold the educational subdivision's state funds until such obligations are met. 6 1.7. (SDE: Governor's School for Science & Math) Any unexpended balance on June thirtieth of the prior fiscal year of funds 7 8 appropriated to or generated by the Governor's School for Science and Mathematics may be carried forward and expended in the current fiscal year pursuant to the direction of the board of trustees of the school. 9 1.8. (SDE: Educational Responsibility/Foster Care) The responsibility for providing a free and appropriate public education 10

program for all children including disabled students is vested in the public school district wherein a child of lawful school age resides 11 in a foster home, group home, orphanage, or a state operated health care facility including a facility for treatment of mental illness 12 or chemical dependence and habilitation centers for persons with intellectual disabilities or persons with related conditions located 13 within the jurisdiction of the school district or alternative residences. The districts concerned may agree upon acceptable local cost 14 reimbursement. If no agreement is reached, districts providing education shall receive from the district where the child last resided 15 before placement in a facility an additional amount equivalent to the statewide average of the local base student cost multiplied by 16 the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. If a child from out of state is residing 17 in a facility owned and/or operated by a for profit entity, the district providing educational services shall be reimbursed by the for 18 profit entity the local district's local support per weighted pupil above the statewide average base student cost multiplied by the 19 appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. This also applies to John de la Howe 20 School who also has the authority to seek reimbursement in any situation that the school district has participation in the placement 21 22 of the student. John de la Howe School shall be reimbursed the local district's local support per weighted pupil above the statewide average base student cost multiplied by the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance 23 Act. Participation will be evidenced by a written agreement from the IEP team or 504 team, written referral, or the school district 24 initiating the placement process. School districts providing the education shall notify the nonresident district in writing within 25 26 forty-five calendar days that a student from the nonresident district is receiving education services pursuant to the provisions of the 27 proviso. The notice shall also contain the student's name, date of birth, and disabling condition if available. If appropriate financial arrangements cannot be effected between institutions of the state, including independent school districts under the authority of the 28 Department of Disabilities and Special Needs, and school districts, institutions receiving educational appropriations shall pay the 29 30 local base student cost multiplied by the appropriate pupil weighting. Children residing in institutions of state agencies shall be educated with nondisabled children in the public school districts if appropriate to their educational needs. Such institutions shall 31 determine, on an individual basis, which children residing in the institution might be eligible to receive appropriate educational 32 services in a public school setting. Once these children are identified, the institution shall convene an IEP meeting with officials of 33 the public school district in which the institution is located. If it is determined by the committee that the least restrictive environment 34 in which to implement the child's IEP is a public school setting, then the school district in which the institution is located must 35

provide the educational services. However, that school district may enter into contractual agreements with any other school district 1 having schools located within a forty-five mile radius of the institution. The cost for educating such children shall be allocated in 2 3 the following manner: the school district where the child last resided before being placed in an institution shall pay to the school district providing the educational services an amount equivalent to the statewide average of the local base student cost multiplied by 4 5 the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act; the school district providing the educational services shall be able to count the child for all funding sources, both state and federal. The institution and school district, 6 7 through contractual agreements, will address the special education and related services to be provided to students. Should the school 8 district wherein the institution is located determine that the child cannot be appropriately served in a public school setting, then the institution may request a due process hearing pursuant to the procedures provided for in the Individuals with Disabilities Education 9 10 Act.

The agreed upon acceptable local cost reimbursement or the additional amount equivalent to the statewide average of the local base student cost multiplied by the appropriate pupil weighting set forth in Section 59-20-40, for instructional services provided to out-of-district students, shall be paid within sixty days of billing, provided the billing district has provided a copy of the invoice to both the Superintendent and the finance office of the district being invoiced. Should the district not pay within sixty days, the billing district can seek relief from the Department of Education. The department shall withhold EFA funding equal to the billing from the district refusing to pay and submit the funding (equal to the invoice) to the billing school district.

The agency placing a child in any situation that requires changing school districts, must work with the schools to assure that all 17 required school records, including confidential records, are transferred from the sending to the receiving school within three working 18 days. School records to be transferred should include grade transcripts, state birth certificate, certificate of immunization, social 19 security card, attendance records, discipline records, IEP's, psychological reports (or notation in the school records that a 20 psychological report on the child is available at the school district office) and any other records necessary for the appropriate 21 22 placement of the child in the new school. School districts must release all records upon presentation of a court order or appropriate permission for confidential release. If evaluation or placement is pending, the receiving school district is responsible to secure 23 information and to complete the placement. The receiving school will maintain appropriate confidentiality of all records received 24 25 on a child. Upon discharge or release from the treatment facility, the agency placing the child in the receiving school must work with the school district where the student will reside after treatment to assure continuity of the student's education. 26

1.9. (SDE: Instruction in Juvenile Detention Centers) It shall be the responsibility of the school district where a local juvenile detention center is located to provide adequate teaching staff and to ensure compliance with the educational requirements of this State. Students housed in local juvenile detention centers are to be included in the average daily membership count of students for that district and reimbursement by the Department of Education made accordingly.

1.10. (SDE: Revenue Authorization) The State Department of Education is hereby authorized to collect, expend, and carry forward revenues in the following areas to offset the cost of providing such services: the sale of publications, manuals and forms, the sale of Apple Tags, royalties, contributions, donations, foundation funds, special grants and contracts, brochures, photo copies, listings and labels, Directory of South Carolina Schools, student health record cards, items to be recycled, and high school diplomas and certificates; the collection of out-of-state and in-state investigation fees, registration fees for non-SDE employees, recurring

facility inspection fees, teacher certification fees; the handling of audio-visual film; the provision of contract computer services to 1 school districts and other state agencies, joint broadcast service to school districts, and education-related statistics through agreement 2 3 with the National Center for Education Statistics; the lease or sale of programs of television, audio or microcomputer software; the lease or sale of virtual courses to other states; the collection of damage fees for instructional materials and the sale of unusable 4 instructional materials; sale of fuel; use and repair of transportation equipment; fees for Medicaid reimbursable transportation; the 5 receipt of insurance and warranty payments on Department of Education equipment and the sale of used school buses and support 6 equipment. The Department of Education is authorized to collect revenue for deposit into the State General Fund for testing material 7 purchases and test rescoring fees. The Department of Education is authorized to expend revenue collected for lost and damaged 8 instructional materials and the sale of unusable instructional materials for the purpose of contracting for the purchase and maintenance 9 of a statewide textbook inventory management system, provided that schools' newly-adopted instructional materials needs are met 10 11 first. 1.11. (SDE: School District Bank Accounts) Each school district in this State, upon the approval of the district's governing 12 body, may maintain its own bank account for the purpose of making disbursement of school district funds as necessary to conduct 13 school district business and each county treasurer is hereby authorized to transfer such amount as needed, upon receipt of a written 14 order certified by the district governing body or their designee. Such order shall contain a statement that such amount is for immediate 15 disbursement for the payment of correct and legal obligation of the school district. 16 1.12. (SDE: Travel/Outside of Continental U.S.) School District allocations from General Funds, lottery, and EIA funds shall 17 not be used for travel outside of the continental United States. The International Baccalaureate Program shall be exempt from this 18 19 restriction. 1.13. (SDE: Year End Closeout) The State Department of Education is authorized to expend federal and earmarked funds (not 20 including state or EIA funds) in the current fiscal year for expenditures incurred in the prior year; however, state funds appropriated 21 22 in Part IA, Section 1, X, Aid to School Districts, for the Children's Case Resolution System or private placements for services provided to children with disabilities may be used for those expenditures in prior fiscal years. The department is also authorized to 23 use appropriated funds to pay for textbooks shipped in the fourth quarter of the prior fiscal year. 24 25 1.14. (SDE: Transportation Collaboration) The Department of Education School Bus Maintenance Shops shall be permitted, on a cost reimbursable-plus basis, to deliver transportation maintenance and services to vehicles owned or operated by public agencies 26 27 in South Carolina. School buses operated by school districts, other governmental agencies or head start agencies for the purpose of transporting

School buses operated by school districts, other governmental agencies or head start agencies for the purpose of transporting students for school or school related activities shall not be subject to state motor fuel taxes. Further, that school districts, other governmental agencies or head start agencies may purchase this fuel, on a cost reimbursable-plus basis, from the Department of Education School Bus Maintenance Shops.

32 **1.15.** (SDE: School Bus Insurance) The Department of Education shall maintain comprehensive and collision insurance or 33 self-insure state-owned buses. In no event shall the department charge local school districts for damages to the buses which are 34 commonly covered by insurance.

1.16. (SDE: Teacher Data Collection) Of the non-program funds appropriated to the Department of Education, it and the 1 Commission on Higher Education shall share data about the teaching profession in South Carolina. The data sharing should ensure 2 3 (1) a systematic report on teacher supply and demand information and (2) data to determine classes being taught by public school teachers out of field of their preparation. The data collection should include but not be limited to: classes/subjects taught, number 4 of students taught, percentage of teacher education graduates from South Carolina colleges/universities who go into teaching, 5 percentage of teacher education graduates who teach in public schools in South Carolina, percentage of new teachers who leave the 6 7 South Carolina teaching profession in the first three years of public school teaching due to unsuccessful evaluations, percentage of new teachers who leave the profession in the first three years of public school teaching in South Carolina who have successful 8 evaluations, turnover rate of teachers and certification areas with highest vacancies. All database items should be set up so that it 9 can be disaggregated by ethnicity, gender, geographic location, etc. 10

11 **1.17.** (SDE: School Bus Driver CDL) From funds provided in Part IA, Section 1, VII.B., local school districts shall request a 12 criminal record history from the South Carolina Law Enforcement Division for past conviction of any crime before the initial 13 employment of a school bus driver or school bus aide. The Department of Education and the school districts shall be treated as a 14 charitable organization for purposes of the fee charged for the criminal records search.

1.18. (SDE: School Bus Purchase) Any procurement of school buses with funds appropriated in this act or any other 15 appropriation bill must meet specifications developed by the School Bus Specification Committee as established by the State 16 Superintendent of Education. The School Bus Specifications Committee shall allow for input from all school bus chassis and body 17 manufacturers. However, if it is safe, more economical, and in the public interest, the department may use the school bus 18 specifications of another state in the procurement of school buses. If the department uses the specifications of another state, the 19 department must submit a report to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means 20 Committee detailing the methodology by which the alternative specifications were determined to be safe, more economical, and in 21 22 the public interest, when compared to the specifications set forth by the School Bus Specifications Committee.

1.19. (SDE: Buses, Parts, and/or Fuel) Funds appropriated for other operating in program VII.B. - Bus Shops and funds appropriated in VII.C. - Buses may be used to purchase buses, fuel, parts, or other school bus related items. All funds appropriated for bus fuel, parts/supplies, maintenance, and bus purchases may be carried forward from the prior fiscal year and expended in the current fiscal year to support bus transportation services.

1.20. (SDE: Mitford Transportation Costs) Transportation costs for the transporting of students from the Mitford area of Fairfield
 County to schools in the Great Falls area of Chester County is not the responsibility of and shall not be borne by the Chester County
 School District. These transportation costs shall continue to be the responsibility of the State Department of Education.

30 **1.21.** (SDE: Status Offenders/John de la Howe) The funds appropriated for the Status Offender Program shall be distributed to 31 John de la Howe School to expand residential programs to include court ordered status offenders. Components of such a program 32 shall include collaboration between the home school district and the residential school and treatment or related services to the families 33 of students in placement.

34 **1.22.** (SDE: Governor's School Leave Policy) The South Carolina Governor's School for the Arts and Humanities and the South
 35 Carolina Governor's School for Science and Mathematics are authorized to promulgate administrative policy governing annual and

sick leave relative to faculty and staff with the approval of their respective board of directors. This policy shall address their
 respective school calendars in order to comply with the instructional needs of students attending both special schools.

1.23. (SDE: School Board Meetings) Of the funds appropriated through the Department of Education for technology related expenses, school districts that have a website shall place a notice of a regularly scheduled school board meeting twenty-four hours in advance of such meeting. The notice shall include the date, time, and agenda for the board meeting. The school district shall place the minutes of the board meeting on their website within ten days of the next regularly scheduled board meeting.

1.24. (SDE: Proviso Allocations) In the event an official General Fund revenue shortfall is declared by the Board of Economic Advisors, the Department of Education may reduce any allocation in Section 1 specifically designated by proviso in accordance with the lower Board of Economic Advisors revenue estimate as directed by the Executive Budget Office, except the additional EFA allocation to the South Carolina Public Charter School District. The reduction may not be greater than the total percentage of reduction of the Section 1 appropriation. Should the department hold back funds in excess of the total percentage reduction those funds must be allocated per the proviso. No allocation for teacher salaries shall be reduced as a result of this proviso.

1.25. (SDE: School Districts and Special Schools Flexibility) All school districts and special schools of this State may transfer 13 and expend funds among appropriated state general fund revenues, Education Improvement Act funds, and Education Lottery Act 14 funds, and funds received from the Children's Education Endowment Fund for school facilities and fixed equipment assistance, to 15 ensure the delivery of academic and arts instruction to students. However, a school district may not transfer funds allocated 16 specifically for state level maintenance of effort requirements under IDEA, funds allocated specifically for state level maintenance 17 of effort requirement for federal program, funds provided for the Education and Economic Development Act, funds provided for 18 Career and Technology Education, nor funds required for debt service or bonded indebtedness. All school districts must report the 19 student teacher ratio for every classroom to the Department of Education at the ninety and one hundred and eighty day mark. The 20 department shall report this information to the General Assembly. 21

In order for a school district to take advantage of the flexibility provisions, at least seventy-five percent of the school district's per pupil expenditures must be utilized within the In\$ite categories of instruction, instructional support, and only transportation, food service, and safety within non-instruction pupil services. No portion of the seventy-five percent may be used for facilities, business services, debt service, capital outlay, program management, and leadership services, as defined by In\$ite. The school district shall report to the Department of Education the actual percentage of its per pupil expenditures used for classroom instruction, instructional support, and transportation, food service, and safety within non-instruction pupil services for the current school year ending June thirtieth. Salaries of on-site principals must be included in the calculation of the district's per pupil expenditures.

29 "In\$ite" means the financial analysis model for education programs utilized by the Department of Education.

School districts are encouraged to reduce expenditures by means, including, but not limited to, limiting the number of low enrollment courses, reducing travel for the staff and the school district's board, reducing and limiting activities requiring dues and memberships, reducing transportation costs for extracurricular and academic competitions, restructuring administrative staffing, and

33 expanding virtual instruction.

34 School districts and special schools may carry forward unexpended funds from the prior fiscal year into the current fiscal year.

PAGE 11

Prior to implementing the flexibility authorized herein, school districts must provide to Public Charter Schools the per pupil allocation due to them for each categorical program.

3 Quarterly throughout the current fiscal year, the chairman of each school district's board and the superintendent of each school

4 district must certify where non-instructional or nonessential programs have been suspended and the specific flexibility actions taken.

5 The certification must be in writing, signed by the chairman and the superintendent, delivered electronically to the State 6 Superintendent of Education, and an electronic copy forwarded to the Chairman of the Senate Finance Committee, the Chairman of

the Senate Education Committee, the Chairman of the House Ways and Means Committee, and the Chairman of the House Education

8 and Public Works Committee. Additionally, the certification must be presented publicly at a regularly called school board meeting,

9 and the certification must be conspicuously posted on the internet website maintained by the school district.

For the current fiscal year, Section 59-21-1030 is suspended. The foreign language program assessment, and the physical education assessment must be suspended. School districts and the Department of Education are granted permission to purchase the

12 most economical type of bus fuel.

18

19

20

For the current fiscal year, savings generated from the suspension of the assessments enumerated above must be allocated to school districts based on weighted pupil units.

School districts must maintain a transaction register that includes a complete record of all funds expended over one hundred dollars, from whatever source, for whatever purpose. The register must be prominently posted on the district's internet website and made available for public viewing and downloading. The register must include for each expenditure:

(i) the transaction amount;

(ii) the name of the payee; and

(iii) a statement providing a detailed description of the expenditure.

The register must not include an entry for salary, wages, or other compensation paid to individual employees. The register must not include any information that can be used to identify an individual employee. The register must be accompanied by a complete explanation of any codes or acronyms used to identify a payee or an expenditure. The register must be searchable and updated at least once a month.

Each school district must also maintain on its internet website a copy of each monthly statement for all of the credit cards maintained by the entity, including credit cards issued to its officers or employees for official use. The credit card number on each statement must be redacted prior to posting on the internet website. Each credit card statement must be posted not later than the

thirtieth day after the first date that any portion of the balance due as shown on the statement is paid.

29 The Comptroller General must establish and maintain a website to contain the information required by this section from a school

30 district that does not maintain its own internet website. The internet website must be organized so that the public can differentiate 31 between the school districts and search for the information they are seeking.

32 The provisions contained herein do not amend, suspend, supersede, replace, revoke, restrict, or otherwise affect Chapter 4, Title

33 30, of the South Carolina Freedom of Information Act. Nothing in this proviso shall be interpreted as prohibiting the State Board of

34 Education to exercise its authority to grant waivers under Regulation 43-261.

1.26. (SDE: Medical Examination and Security Reimbursement/Expenditures) From funds authorized in Part IA, Section 1, VII.B. Other Operating Expenses, the Department of Education may directly pay, or reimburse employees, for the cost of a medical examination as required in Part 391, Subpart E of the Federal Motor Carrier Safety Regulations, for employees that are required to operate a state vehicle transporting hazardous materials and that are required to undergo a national security background check because of the required Hazmat endorsement to their CDL.

6 1.27. (SDE: Budget Reduction) In compensating for any reduction in funding or an operating deficit publically recognized by
 7 the School Board of Trustees, local districts must give priority to preserving classroom teachers and operations. Funding reductions
 8 should first be applied to administrative and non-classroom expenses before classroom expenses are affected.

9 1.28. (SDE: Governor's School for the Arts and Humanities Carry Forward) Any unexpended balance on June thirtieth of the 10 prior fiscal year of funds appropriated to or generated by the Governor's School for the Arts and Humanities may be carried forward 11 and expended in the current fiscal year pursuant to the discretion of the Board of Trustees of the School.

12 1.29. (SDE: Governor's Schools' Fees) The South Carolina Governor's School for the Arts and Humanities and the South 13 Carolina Governor's School for Science and Mathematics are authorized to charge, collect, expend, and carry forward student fees 14 as approved by their respective Board of Directors. The purpose and amount of any such fees will be to maintain program quality in 15 both academics and residential support. No student will be denied admittance or participation due to financial inability to pay. The 16 respective Board of Directors shall promulgate administrative policy governing the collection of all student fees. Both schools shall 17 conspicuously publish a fee schedule on their respective websites.

1.30. (SDE: School District Furlough) Should there be a midyear reduction in state funding to the districts, school districts may institute employee furlough programs for district-level and school-level professional staff. Before any of these employees may be furloughed, the chairman of the governing body of the school district must certify that all fund flexibility provided by the General Assembly has been utilized by the district and that the furlough is necessary to avoid a year-end deficit and a reduction in force. The certification must include a detailed report by the superintendent of the specific action taken by the district to avoid a year-end deficit. The certification and report must be in writing and delivered to the State Superintendent of Education and a copy must be forwarded to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee.

25 The local school district board of trustees may implement a furlough of personnel once certification to the State Superintendent documents all funding flexibility has been exhausted and continued year-end deficits exist. Local school boards of trustees shall 26 27 have the authority to authorize furloughs of these employees in the manner in which it sees fit. However, instructional personnel may be furloughed for up to five non-instructional days if not prohibited by an applicable employment contract with the district and 28 provided district administrators are furloughed for twice the number of days. District administrators may only be furloughed on 29 30 non-instructional days and may not be furloughed for a period exceeding ten days. District administrators shall be defined by the Department of Education using the Professional Certified Staff (PCS) System. For individuals not coded in PCS, the determination 31 shall be made based upon whether the individual performs the functions outlined in position codes identified by the department as 32 administration. Educators who would have received a year's experience credit had a furlough not been implemented, shall not have 33 their experience credit negatively impacted because of a furlough implementation. 34

PAGE 13

During any furlough, affected employees shall be entitled to participate in the same benefits as otherwise available to them except 1 for receiving their salaries. As to those benefits that require employer and employee contributions, including, but not limited to, 2 3 contributions to the South Carolina Retirement System or the optional retirement program, the district will be responsible for making both employer and employee contributions if coverage would otherwise be interrupted; and as to those benefits which require only 4 5 employee contributions, the employee remains solely responsible for making those contributions. Placement of an employee on furlough under this provision does not constitute a grievance or appeal under any employee grievance procedure. The district may 6 7 allocate the employee's reduction in pay over the balance of the fiscal year for payroll purposes regardless of the pay period within 8 which the furlough occurs. Each local school district must prominently post on the district's internet website and make available for public viewing and 9 downloading the most recent version of the school district's policy manual and administrative rule manual. 10 11 This proviso shall not abrogate the terms of any contract between any school district and its employees. 1.31. (SDE: School Lunch/Attendance Supervisors) For those counties in which an entity other than the school district 12 administers the school lunch supervisor and/or attendance supervisor programs, the school districts in that county shall transfer to 13 the entity the amount available in the previous fiscal year for administration of the school lunch supervisor and/or attendance 14 supervisor programs. Each district shall transfer a pro rata share of the total cost based upon the percentage of state EFA funds 15 distributed to the districts within the county. 16 1.32. (SDE: SCGSAH Certified Teacher Designation) Because of the unique nature of the South Carolina Governor's School 17 for the Arts and Humanities, the Charleston School of the Arts, and the Greenville County Fine Arts Center, the schools are authorized 18 to employ at its discretion noncertified classroom teachers teaching in the literary, visual and performing arts subject areas who are 19 otherwise considered to be appropriately qualified in a ratio of up to one hundred percent of the entire teacher staff. 20 **1.33.** (SDE: No Discrimination Requirement) State funds must not be appropriated to a school that discriminates against or 21 22 participates with or is a member of an association with policies that discriminate or afford different treatment of students based on race or national origin. 23

1.34. (SDE: Medicaid Cash Match Accounting) The department is granted authority to transfer funds between budget lines and
 object codes to identify, reconcile, reimburse, and remit funds required for Medicaid cash match to the Department of Health and
 Human Services.

1.35. (SDE: Student Report Card-GPA) For each high school student, school districts shall be required to print the student's
 individual cumulative grade point average for grades nine through twelve on the student's report card.

1.36. (SDE: Lost & Damaged Instructional Materials Fees) Fees for lost and damaged instructional materials for the prior school
 year are due no later than December first of the current school year when invoiced by the Department of Education. The department
 may withhold instructional materials funding from schools that have not paid their fees by the payment deadline.

1.37. (SDE: Education Finance Act Reserve Fund) There is created in the State Treasury a fund separate and distinct from the General Fund of the State and all other funds entitled the Education Finance Act Reserve Fund. All unexpended general funds appropriated to the Department of Education for the Education Finance Act in the current fiscal year shall be transferred to the Education Finance Act Reserve Fund. In the event that the amount appropriated for the Education Finance Act is insufficient to fully

fund the base student cost as established by this act, revenues from the Education Finance Act Reserve Fund may be used to supplement the funds appropriated. By June 30th of the current fiscal year, if the department determines that the funds are not needed to supplement the Education Finance Act, the department may utilize the funds for bus purchase. The General Assembly may make direct appropriations to this fund. All unexpended funds in the Education Finance Act Reserve Fund and any interest accrued by the fund must remain in the fund and may be carried forward into the current fiscal year.

6 **1.38.** (SDE: Prohibit Advertising on School Buses) The Department of Education and local school districts are prohibited from 7 selling space for or the placement of advertisements on the outside or inside of state-owned school buses.

1.39. (SDE: Residential Treatment Facilities Student Enrollment and Funding) Each South Carolina resident of lawful school 8 age residing in licensed residential treatment facilities (RTFs) for children and adolescents identified on the State Qualified Providers 9 list and meets the requirements of Section 44-7-130 of the 1976 Code, (students) shall be entitled to receive educational services 10 from the school district in which the RTF is located (facility school district). The responsibility for providing appropriate educational 11 programs and services for these students, both with and without disabilities, who are referred, authorized, or placed by the State is 12 vested in the facility school districts. For purposes of this proviso, an authorization must be pursuant to a physician's determination 13 of medical necessity. If clinically appropriate, the facility school district, the RTF, and the parent or guardian of a student referred 14 or placed in a RTF may consider the appropriateness of providing the student's education program virtually through enrollment in 15 either the facility district's virtual program, the South Carolina virtual school program provided through the Department of Education 16 (Virtual SC), or a virtual charter school authorized by the South Carolina Public Charter School District, or a virtual charter school 17 authorized by an approved institute of higher education. This decision should be made jointly with the best interest of the student 18 and what is clinically indicated being considered. 19

A facility school district must provide the necessary educational programs and services directly to the student at the RTF's facility, 20 provided that the RTF facility provides and maintains comparable adequate space for the educational programs and services 21 22 consistent with all federal and state least restrictive environment requirements. Adequate space shall include appropriate electrical support and Internet accessibility. Unless the parent or legal guardian of the student seeks to continue the student's enrollment in 23 the resident school district under a medical homebound instruction program and the district approves, if appropriate, then, under 24 these circumstances, the facility school district shall enroll the student and assume full legal and financial responsibility for the 25 educational services including enrolling the student, approving the student's entry into a medical homebound instructional program, 26 27 if appropriate, and receiving and expending funds, unless the resident school district undertakes to carry out its educational responsibilities for the student directly. Alternatively, a facility school district may choose to provide the necessary educational 28 programs and services by contracting with the RTF provided that the RTF agrees to provide educational services to the student at the 29 RTF's facility. Under these circumstances, the facility school district must enroll the student and pay the RTF for the educational 30 services provided. If the facility school district determines the educational program being offered by the RTF does not meet the 31 educational standards outlines in the contract, the facility district shall be justified in terminating the contract. 32

The facility school districts are entitled to receive the base student cost multiplied by the Education Finance Act pupil weighting for pupils in a Residential Treatment Facility of 2.10, as set forth in Proviso 1.3 of this Act and any eligible categorical and federal funds. These funds may be retained by the facility school districts for the purpose of providing the educational programs and services

directly to students referred or placed by the State or the facility school districts may use these funds to reimburse RTFs for the 1 2 educational programs and services provided directly by the RTFs. A facility school district is entitled to reimbursement from a 3 resident school district for the difference between (1) the reasonable costs expended for the educational services provided directly by the facility school district or the amount paid to the RTF and (2) the aggregate amount of federal and state funding received by 4 5 the facility school district for that student. However, the reimbursement rate may not exceed \$90 per student per day. Through a joint agreement with the facility school district and the RTF, the funding received for RTF students must be utilized to deliver an 6 instructional program that meets the needs of the students, and when applicable, the requirements of the Individuals with Disabilities 7 8 Education Act and Section 504 of the Rehabilitation Act of 1973. Facility school districts providing the educational services shall notify the resident district in writing within forty-five calendar days that a student from the resident district is receiving educational 9 services pursuant to the provisions of the proviso. Reimbursements shall be paid within sixty days of billing, provided the facility 10 11 district has provided a copy of the invoice to both the District Superintendent and the finance office of the resident district being invoiced. Should the facility school district be unable to reach agreement with the resident school district regarding reasonable costs 12 differences, the facility school district shall notify the Department of Education's Office of General Counsel. The Department of 13 Education shall facilitate a resolution of the dispute between the facility school district and the resident school district within 14 forty-five days of the notice of dispute. If the issue of reasonable cost differences should remain unresolved, a facility school district 15 shall have the right to file a complaint in a Circuit Court. Should a resident school district fail to distribute the entitled funding to 16 the facility school district by the one hundred thirty-five day count, the Department of Education is authorized to withhold the 17 equivalent amount of EFA funds and transfer those funds to the facility school district. 18

19 RTF facilities on the State Qualified Provider List not located within the boundaries of the state shall be reimbursed at a rate that may not exceed \$45 per student per day for education services and school districts shall be eligible to receive a base student cost 20 weighted funding of 2.10 provided that the student remains enrolled in the school district. Facilities providing the educational 21 22 services shall notify the resident district in writing within forty-five calendar days that a student from the resident district is receiving educational services pursuant to the provisions of the proviso. Reimbursements shall be paid within sixty days of billing, provided 23 the qualified facility has provided a copy of the invoice to both the District Superintendent and the finance office of the resident 24 district being invoiced. Should the facility be unable to reach agreement with the resident school district regarding reasonable costs 25 differences, the provider shall notify the Department of Education's Office of General Counsel. The Department of Education shall 26 27 facilitate a resolution of the dispute between the facility and the resident school district within forty-five days of the notice of dispute. 28 If the issue of reasonable cost differences should remain unresolved, a facility shall have the right to file a complaint in a Circuit 29 Court. Additionally, qualified RTF providers' general education curriculum must be aligned to the South Carolina academic 30 standards in the core content areas. All students with disabilities who are eligible for special education and related services under the Individuals with Disabilities Education Act (IDEA), as amended, and the State Board of Education (SBE) regulations, as 31 amended, shall receive special education and related services in the least restrictive environment by appropriately certified personnel. 32 Students in a qualified RTF will at all times be eligible to receive the educational credits (e.g., Carnegie Units) earned through their 33 educational efforts. The resident school district and the RTF should develop a memorandum of understanding to outline the 34

1 responsibilities of the RTF in providing the educational services and responsibilities, if any, of the resident school district while the 2 student is housed in the RTF.

If a child from out of state is placed in a RTF by an out-of-state school district or agency, the child's home state remains responsible for the educational services. The facility school district may choose to provide the educational program to the child and, upon choosing to do so, shall contract with the appropriate entity for payment of educational serviced provided to the child. Out-of-state students provided educational services by a facility school district shall not be eligible for funding through the Education Finance Act.

If a child is placed in a RTF by the child's parent or guardian and is not referred, authorized, or placed by the State, the facility school district may choose to provide the educational program to the child, and upon doing so, must negotiate with the resident school district for services through medical homebound procedures. A facility school district is responsible for compliance with all child find requirements under Section 504 of the Rehabilitation Act of 1973 and Individuals with Disabilities Act of 2004 (IDEA).

All students enrolled in the facility school districts shall have access to the facility school districts' general education curriculum, which will be tied to the South Carolina academic standards in the core content areas. All students with disabilities who are eligible

14 for special education and related services under the Individuals with IDEA, as amended, and the State Board of Education (SBE)

regulations, as amended, shall receive special education and related services in the least restrictive environment by appropriately

16 certified personnel. Students in an RTF will at all times be eligible to receive the educational credits (e.g., Carnegie Units) earned

17 through their educational efforts.

With respect to students enrolled in the facility school districts, for accountability purposes, the assessment and accountability measures for students residing in RTFs shall be attributed to a specific school only if the child physically attends the school. The performance of students residing in a RTF who receive their educational program on site at the RTF must be reflected on a separate line on the facility school district's report card and must not be included in the overall performance ratings of the facility school district. The Department of Education shall examine the feasibility of issuing report cards for RTFs. For the current fiscal year, a facility school district shall not have the district's state accreditation rating negatively impacted by deficiencies related to the delivery of an educational program at a RTF.

RTFs shall notify the facility school district as soon as practical, and before admission to the RTF if practical, of a student's admission to the RTF. RTFs, the facility school districts and the Department of Education shall use their best efforts to secure and/or exchange information, including documents and records necessary to provide appropriate educational services and/or related services as necessary to assist the facility school district in determining the resident school district. The Department of Education, in collaboration with state placing agencies, RTFs, facility school districts, and resident school districts, shall implement a system to follow the release of students from a RTF and re-enrollment in public, private, or special schools to ensure these students, when appropriate, are not recorded as dropouts.

1.40. (SDE: Special Schools Flexibility) For the current fiscal year, the special schools are authorized to transfer funds among
 funding categories, including capital funds.

1.41. (SDE: High School Driver Education) For the current fiscal year, the requirement for high schools to provide a course in
 driver education is suspended however, high schools may continue to offer driver education courses if they choose to do so.

1 **1.42.** (SDE: Carry Forward Authorization) For the current fiscal year, the Department of Education is authorized to carry forward and expend any General Fund balances for school bus transportation.

1.43. (SDE: Administrative Costs Report Posting) School districts must report the amount of funds spent on administrative costs, as defined by In\$ight in the prior fiscal year and post the report on the districts website. School districts shall provide an electronic copy of this report to the Department of Education in conjunction with the financial audit report required by Section 59-17-100, of the 1976 Code. If a district fails to meet these requirements they must be notified in writing by the department that the district has sixty days to comply with the reporting requirement. If the district does not report within sixty days, the department is authorized to reduce the district's base student cost by one percent until such time as the requirement is met. Once in compliance, any funds withheld will be returned to the district.

10 1.44. (SDE: Governor's Schools Residency Requirement) Of the funds appropriated, the Governor's School for the Arts and the 11 Humanities and the Governor's School for Science and Mathematics are to ensure that a parent(s) or guardian(s) of a student attending 12 either the Governor's School for the Arts and the Humanities or the Governor's School for Science and Mathematics must prove that 13 they are a legal resident of the state of South Carolina at the time of application and must remain so throughout time of attendance. 14 The Governor's School for the Arts and the Humanities and Governor's School for Science and Mathematics may not admit students 15 whose parent(s) or guardian(s) are not legal residents of South Carolina.

16 1.45. (SDE: Holocaust Funds) Funds appropriated to the Department of Education for the SC Council on Holocaust shall not be
 used for any other purpose nor transferred to any other program. In addition, in the event the department is required to implement a
 budget reduction, SC Council on Holocaust funds may not be reduced.

19 1.46. (SDE: Student Health and Fitness) Funds appropriated for Student Health and Fitness shall be allocated to school districts 20 to increase the number of physical education teachers to the extent possible and to provide licensed nurses for elementary public 21 schools. Twenty-one percent of the funds shall be allocated to the districts based on average daily membership of grades K-5 from 22 the preceding year for physical education teachers. The remaining funds will be made available for school nurses and shall be 23 distributed to the school districts on a per school basis. Schools that provide instruction in grades K-5 are eligible to apply for the 24 school nurse funds.

1.47. (SDE: Impute Index Value) For the current fiscal year and for the purposes of calculating the index of taxpaying ability the Department of Revenue shall impute an index value for owner-occupied residential property qualifying for the special four percent assessment ratio by adding the second preceding taxable year total school district reimbursements for Tier 1, 2, and Tier 3(A) and not to include the supplement distribution. The Department of Revenue shall not include sales ratio data in its calculation of the index of taxpaying ability. The methodology for the calculations for the remaining classes of property shall remain as required pursuant to the EFA and other applicable provisions of law.

1.48. (SDE: EFA State Share) A school district that does not recognize a State share of the EFA financial requirement shall be
 supplemented with an amount equal to seventy percent of the school district with the least State financial requirement.

33 **1.49.** (SDE: Health Education) (1) Each school district is required to ensure that all comprehensive health education, 34 reproductive health education, and family life education conducted within the district, whether by school district employees or a 35 private entity, must utilize curriculum that complies with the provisions contained in Chapter 32, Title 59 and aligns to all standards

PAGE 18

and regulations adopted by the South Carolina State Board of Education. Each district shall publish on its website the title and publisher of all health education materials it has approved, adopted, and used in the classroom. If the department determines that a district is non-compliant with mandated health education upon review of the district's annual CHE Compliance Survey or if the district fails to publish the title and publisher of materials on its website, then the Department of Education shall withhold one percent of the district's funds allocated in Part IA, Section 1, X - Student Health and Fitness Act until the department determines the district is in compliance. (2) Any person may complain in a signed, notarized writing to the chairman of the governing board of a school district that matter

not in compliance with the requirements of Chapter 32, Title 59 is being taught in the district. Upon receiving a notarized complaint, 8 the chairman of the governing board must ensure that the complaint is immediately investigated and, if the complaint is determined 9 to be founded, that immediate action is taken to correct the violation. If corrective action is not taken within 60 days of such a 10 determination, or if no investigation is made within 60 days of the chairman's receipt of the notarized statement, then the complainant 11 may within 60 calendar days, give written notice to the department. The notice must include the original notarized complaint. If, 12 upon investigation, the department determines that the district has not taken appropriate immediate action to correct a violation, then 13 the Department of Education shall withhold one percent of the district's funds allocated in Part IA, Section 1, X - Student Health and 14 Fitness Act until the department determines the district is in compliance. 15

16 **1.50.** (SDE: Bus Lease/Purchase) The Department of Education is permitted to purchase or lease school buses in order to continue replacement of the state's school bus fleet.

18 **1.51.** (SDE: School Enrollment Policy) For the current fiscal year, any school district with an open enrollment policy for all 19 schools or certain schools which had previously accepted certain students residing outside of the district to an academic magnet 20 school in the district must continue to accept these students and their siblings for enrollment at the academic magnet school under 21 the same terms and conditions these students were previously permitted to attend the school.

1.52. (SDE: District Funding Flexibility) For the current fiscal year, districts must utilize funding flexibility provided herein to ensure that district approved safety precautions are in place at every school.

1.53. (SDE: Transportation Maintenance Facilities) For the current fiscal year, a school district wishing to include school bus maintenance in a contract with a private vendor may enter into an agreement with the Department of Education whereby the department releases the school district to include school bus maintenance in the private vendor contract.

1.54. (SDE: School District Activity Bus Advertisements) School Districts may sell commercial advertising space on the outside or inside of district owned activity buses. However, as defined and determined by the local school board, a school district may not sell such commercial advertising if the advertisement promotes a political candidate, ideology, or cause, a product that could be harmful to children, or a product that appeals to the prurient interest. Revenue generated from the sale of commercial advertising space shall be retained by the school district.

32 **1.55.** (SDE: School District Property) The requirements of Section 59-19-250 of the 1976 Code, as amended, which requires 33 the consent of a governing board of a county in order for school trustees to sell or lease school property whenever they deem it 34 expedient to do so are suspended for the current fiscal year.

1.56. (SDE: Full-Day 4K) Eligible students residing in a school district that met the poverty level for participation in the prior 1 school year are eligible to participate in the South Carolina Early Reading Development and Education Program in the current school 2 3 year. Public and private providers shall be funded for instructional costs at a rate of \$4,600 per student enrolled. Eligible students enrolling during the school year or withdrawing during the school year shall be funded on a pro rata basis determined by the length 4 5 of their enrollment. Private providers transporting eligible children to and from school shall also be eligible for a reimbursement of \$574 per eligible child transported. All providers who are reimbursed are required to retain records as required by their fiscal agent. 6 7 New providers participating for the first time in the current fiscal year and enrolling between one and six eligible children shall be eligible to receive up to \$1,000 per child in materials and equipment funding, with providers enrolling seven or more such children 8 eligible for funding not to exceed \$10,000. Providers receiving equipment funding are expected to participate in the program and 9 provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for three years 10 11 will require the provider to return a portion of the equipment allocation at a level determined by the Department of Education and the Office of First Steps to School Readiness. Funding to providers is contingent upon receipt of data as requested by the Department 12 of Education and the Office of First Steps. The Department of Education shall only provide funding for public school students whose 13 complete records have been entered into PowerSchool based on the one hundred and thirty-five day student average daily 14 membership. For the current fiscal year, providers may enroll pay-lunch children who score at or below the twenty-fifth national 15 percentile on two of the three DIAL-3 subscales by July 1 if at least seventy-five percent of the total number of children eligible or 16 the Child Early Reading Development and Education Program in a district or county are projected to be enrolled in that program, 17 Head Start, or ABC Child Care Program as determined by the Department of Education and the Office of First Steps, Child Early 18 Reading Development and Education Program. Providers may receive reimbursement for these children if funds are available. 19 Annually, the Department of Education is directed to audit the annual allocations to public providers to ensure that allocations are 20 accurate and aligned to the appropriate pro rata per student allocation, materials, and equipment funding. In the event the department, 21 22 during the audit process determines that the annual allocations of the prior fiscal year are not accurate, the department must adjust the allocations for the current fiscal year to account for the audit findings. The department must provide the results of the annual 23 audit findings to the General Assembly no later than December first. Likewise, in the event the Office of First Steps determines that 24 the annual allocations of the prior fiscal year to private providers are not accurate, the Office of First Steps must adjust the allocations 25 for the current fiscal year to account for the findings. 26 27 Of the funds appropriated, \$300,000 shall be allocated to the Education Oversight Committee to conduct an annual evaluation of

28 the South Carolina Child Development Education Pilot Program and to issue findings in a report to the General Assembly by January fifteenth of each year. To aid in this evaluation, the Education Oversight Committee shall determine the data necessary and both 29 30 public and private providers are required to submit the necessary data as a condition of continued participation in and funding of the program. This data shall include developmentally appropriate measures of student progress. Additionally, the Department of 31 Education shall issue a unique student identifier for each child receiving services from a private provider. The Department of 32 Education shall be responsible for the collection and maintenance of data on the public state funded full day and half-day 33 four-year-old kindergarten programs. The Office of First Steps to School Readiness shall be responsible for the collection and 34 35 maintenance of data on the state funded programs provided through private providers. The Education Oversight Committee shall

use this data and all other collected and maintained data necessary to conduct a research based review of the program's implementation and assessment of student success in the early elementary grades along with information, recommendations, and a timeline for how the state can increase the number of students served in high-quality programs.

1.57. (SDE: Summer Reading Camps) For the current fiscal year, funds appropriated for summer reading camps must be 4 5 allocated as follows: (1) up to twenty percent to the Department of Education to provide bus transportation for students attending the camps; (2) \$700,000 allocated to the department to provide grants to support community partnerships whereby community 6 organizations shall partner with local school districts to provide enrichment activities as part of after school programs or summer 7 reading camps that utilize volunteers, mentors or tutors to provide instructional support to struggling readers in elementary schools 8 that have a poverty index of forty percent or greater. All mentors and tutors that are a part of these after school programs or summer 9 reading camps must have passed a SLED criminal background check. Participant to volunteer or teacher ratio must conform to that 10 11 of the school district in which the program is located; and (3) the remainder on a per pupil allocation to each school district based on the number of students who substantially failed to demonstrate third-grade reading proficiency as indicated on the prior year's state 12 assessment as defined by Section 59-155-120 (10) of the 1976 Code. Summer reading camps must be at least six weeks in duration 13 with a minimum of four days of instruction per week and four hours of instruction per day, or the equivalent minimum hours of 14 instruction in the summer. School transportation shall be provided. The camps must be taught by compensated teachers who have 15 at least an add-on literacy endorsement or who have documented and demonstrated substantial success in helping students 16 comprehend grade-level texts. The Department of Education shall assist districts that cannot find qualified teachers to work in the 17 summer camps. Districts may also choose to contract for the services of qualified instructors or collaborate with one or more districts 18 19 to provide a summer reading camp. Schools and school districts are encouraged to partner with county or school libraries, institutions of higher learning, community organizations, faith-based institutions, businesses, pediatric and family practice medical personnel, 20 and other groups to provide volunteers, mentors, tutors, space, or other support to assist with the provision of the summer reading 21 22 camps. In the current school year, any student in third grade who substantially fails to demonstrate third-grade reading proficiency by the end of the school year must be offered the opportunity to attend a summer reading camp at no cost to the parent or guardian. 23 The purpose of the reading camp is to provide students who are significantly below third-grade reading proficiency with the 24 25 opportunity to receive quality, intensive instructional services and support. A district may also include in the summer reading camps students who are not exhibiting reading proficiency at any grade and may charge fees for these students to attend the summer reading 26 27 camps based on a sliding scale pursuant to Section 59-19-90, except where a child is found to be reading below grade level in the 28 first, second or third grade. A parent or guardian of a student who does not substantially demonstrate proficiency in comprehending 29 texts appropriate for his grade level must make the final decision regarding the student's participation in the summer reading camp. 30 1.58. (SDE: Interscholastic Athletic Association Dues) (A) A public school district supported by state funds shall not use any funds or permit any school within the district to use any funds to join, affiliate with, pay dues or fees to, or in any way financially 31 support any interscholastic athletic association, body, or entity unless the constitution, rules, or policies of the association, body, or 32 entity contain the following: 33

1 (1) a range of sanctions that may be applied to a student, coach, team, or program and that takes into account factors such 2 as the seriousness, frequency, and other relevant factors when there is a violation of the constitution, bylaws, rules, or other governing 3 provisions of the association, body, or entity;

4 (2) (a) guarantees that private or charter schools are afforded the same rights and privileges that are enjoyed by all other 5 members of the association, body, or entity. A private or charter school may not be expelled from or have its membership 6 unreasonably withheld by the association, body, or entity or restricted in its ability to participate in interscholastic athletics including, 7 but not limited to, state playoffs or championships based solely on its status as a private school or charter school. The association, 8 body, or entity shall set reasonable standards for private or charter school admission. A private or charter school denied membership 9 must be provided, in writing within five business days, the reason or reasons for rejection of its application for membership;

10 (b) guarantees that a South Carolina home school athletic team that is a member of a home school athletic association 11 may not be denied access to preseason and regular season interscholastic athletics including, but not limited to, jamborees and 12 invitational tournaments, based solely on its status as a home school athletic team; other rules or policies of the association, body, or 13 entity would apply;

14 (3) (a) an appeals process in which appeals of the association, body, or entity are made to a disinterested third-body 15 appellate panel which consists of seven members who serve four year terms, with one person appointed by the delegation of each 16 congressional district;

17 (b) a member of the panel serves until his successor is appointed and qualifies. A vacancy on the panel is filled in the 18 manner of the original appointment;

(c) members of the appellate panel do not concurrently serve as officers of the association, body, or entity and may not have served as a member of the executive committee within the last three years. Principals and superintendents are able to appeal a ruling of the association, body, or entity to the panel. The appellate panel also must provide the final ruling in any appeal brought against a decision of the association, body, or entity;

(4) a procedure in place for emergency appeals to be held and decided upon in an expedited manner if the normal appellate
 process would prohibit the participation of a student, team, program, or school in an athletic event, to include practices; and

(5) provisions, implemented within one year after the effective date of this section, that require the composition of the executive committee of the association, body, or entity be geographically representative of this State.

(B) In the event an association, body, or entity fails to include one of the items listed in this proviso, public school districts and schools must end their affiliation with the association, body, or entity prior to the beginning of the upcoming school year and are prohibited from paying dues or fees to the association, body, or entity.

30 1.59. (SDE: Governor's Schools Informational Access to Students) For the current fiscal year, school districts must permit both 31 the Governor's School for the Arts and Humanities and the Governor's School for Science and Mathematics to collaborate with 32 individual schools and their staff to share information with students and families about the educational opportunities offered at the 33 respective Governor's Schools, through avenues including school visits, informational presentations, and posters. By June thirtieth, 34 of the current fiscal year, the Governor's School for the Arts and Humanities and the Governor's School for Science and Mathematics 35 must report to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee the

results of these Informational Access efforts. Further, the two Governor's Schools will work with districts, the Department of 1 Education and School Report Card administrators, to ensure that SAT scores of current Governor's Schools' students are included 2 3 in the School Report Card of those students' resident schools and districts. 1.60. (SDE: Reading/Literacy Coaches) (A) Funds appropriated for Reading/Literacy Coaches must be allocated to school 4 5 districts by the Department of Education as follows: for each primary and elementary school, the school district shall be eligible to receive up to \$62,730 or the actual cost of salary and benefits for a full-time reading/literacy coach. 6 (B) By accepting these funds, a school district warrants that they will not be used to supplant existing school district expenditures, 7 except for districts that either are currently, or in the prior fiscal year, were paying for reading/literacy coaches with local funds. A 8 district may only utilize these funds to employ reading/literacy coaches that may serve in a primary, elementary, or middle school or 9 a combination of these schools depending on the area of highest need in the district except in the event that the district can request 10 and receive a waiver from the Department of Education to expend the funds on interventionists who spend more than fifty percent 11 of their time providing direct support to struggling readers in grades kindergarten through grade five. The school district must align 12 the placement of coaches to the district reading plan that is approved by the department. 13 14 (C) Funds appropriated for reading/literacy Coaches are intended to be used to provide primary, elementary, and/or middle schools with reading/literacy coaches who shall serve according to the provisions in Chapter 155 of Title 59. 15 (D) Schools and districts accepting funding to support a coaching position agree that the reading/literacy coach must not serve as 16 an administrator. If the department finds that school districts are using these funds for administrative costs as defined in statute they 17 must withhold that districts remaining balance of funds allocated pursuant to this proviso. 18 (E) The Department of Education must publish guidelines that define the minimum qualifications for a reading/literacy coach. 19 These guidelines must deem any licensed/certified teacher qualified if, at a minimum, he or she: 20 (1) holds a bachelor's degree or higher and an add-on endorsement for literacy coach or literacy specialist; or 21 22 (2) holds a bachelor's degree or higher and is actively pursuing the literacy coach or literacy specialist endorsement; or 23 (3) holds a master's degree or higher in reading or a closely-related field. Within these guidelines, the Department of Education must assist districts in identifying a reading/literacy coach in the event that 24 25 the school is not successful in identifying and directly employing a qualified candidate. The provisions of subsection (A), including 26 the local support requirements, shall also apply to any allocations made pursuant to this paragraph. (F) The Department of Education must develop procedures for monitoring the use of funds appropriated for reading/literacy 27 coaches to ensure they are applied to their intended uses and are not redirected for other purposes. The Department of Education 28 may receive up to \$100,000 of the funds appropriated for reading/literacy coaches in order to implement this program, provided that 29 this allocation does not exceed the department's actual costs. 30 (G) Prior to the close of the current fiscal year, any unspent or unallocated funds for reading/literacy coaches shall be used to fund 31 Summer Reading Camps. 32 (H) For the current school year, the Department of Education shall screen and approve the hiring of any reading/literacy coach 33 serving in a school in which one third or more of its third grade students scoring at the lowest achievement level on the statewide 34

35 summative English/language arts assessment. No funds shall be disbursed to the district to fund the reading/literacy coach until the

department has screened and approved the coach. Schools in which at least sixty percent of students scored at meets or exceeds 1 expectations on the state summative assessment in English/language arts may submit, as part of their reading plan, a request to the 2 3 department for flexibility to utilize their allocation to provide literacy support to students, which may include, but is not limited to: a reading coach, a literacy interventionist, or other supplemental services directed to students in need of interventions. This plan 4 5 must be approved by the department annually as part of the district reading plan. 6

(I) The Department of Education shall require:

(1) any school district receiving funding under subsection (A) to identify the name and qualifications of the supported 7 reading/literacy coach; as well as the school in which the coach is assigned; and 8 9

(2) any school district receiving funding under subsection (G) to account for the specific amounts and uses of such funds.

(J) With the data reported by the school districts, the department shall report by January fifteenth of the current fiscal year on the 10 hiring of and assignment of reading/literacy coaches by school. The department shall also report the amount of funds that will be 11 used for Summer Reading Camps. 12

(K) Funds appropriated for reading/literacy coaches shall be retained and carried forward to be used for the same purpose but 13 14 may not be flexed.

1.61. (SDE: Sports Participation) Any school receiving state funds shall be required to allow a military dependent student who 15 has transferred from their resident school district to another school district to participate in a sport that was not offered in the resident 16 school district. Should a school fail to comply with this provision, the Department of Education shall withhold one percent of their 17 18 total state allocation.

1.62. (SDE: Graduation Rates) For the current fiscal year, if a high school has a graduation rate below sixty percent, using 19 appropriated funds a local school district board of trustees must provide a report detailing a plan to increase the graduation rate in 20 accordance with the provisions of the Education Accountability Act to the State Board of Education. 21

1.63. (SDE: South Carolina Community Block Grants for Education Pilot Program) There is created the South Carolina 22 Community Block Grants for Education Pilot Program. The purpose of this matching grants program is to encourage and sustain 23 partnerships between a community and its local public school district or school for the implementation of innovative, state-of-the-art 24 25 education initiatives and models to improve student learning. The initiatives and models funded by the grant must be well designed, 26 based on strong evidence of effectiveness, and have a history of improved student performance.

27 The General Assembly finds that the success offered by these initiatives and programs is assured best when vigorous community support is integral to their development and implementation. It is the intent of this proviso to encourage public school and district 28 communities and their entrepreneurial public educators to undertake state-of-the-art initiatives to improve student learning and to 29 30 share the results of these efforts with the state's public education community.

As used in this proviso: 31

(1) "Community" is defined as a group of parents, educators, and individuals from business, faith groups, elected officials, 32 nonprofit organizations and others who support the public school district or school in its efforts to provide an outstanding education 33 for each child. As applied to the schools impacted within a district or an individual school, "community" includes the school faculty 34 and the School Improvement Council as established in Section 59-20-60 of the 1976 Code; 35

PAGE 24

1	(2) "Poverty" is defined as the percent of students eligible in the prior year for the free and reduced price lunch program and
2	or Medicaid; and
3	(3) "Achievement" is as established by the Education Oversight Committee for the report card ratings developed pursuant to
4	Section 59-18-900 of the 1976 Code.
5	The Executive Director of the Education Oversight Committee is directed to appoint an independent grants committee to develop
6	the process for awarding the grants including the application procedure, selection process, and matching grant formula. The grants
7	committee will be comprised of seven members, three members selected from the education community and four members from the
8	business community. The chairman of the committee will be selected by the committee members at the first meeting of the grants
9	committee. The grants committee will review and select the recipients of the Community Block Grants for Education.
10	The criteria for awarding the grants must include, but are not limited to:
11	(1) the establishment and continuation of a robust community advisory committee to leverage funding, expertise, and other
12	resources to assist the district or school throughout the implementation of the initiatives funded through the Block Grant Program;
13	(2) a demonstrated ability to meet the match throughout the granting period;
14	(3) a demonstrated ability to implement the initiative or model as set forth in the application; and
15	(4) an explanation of the manner in which the initiative supports the district's or school's strategic plan required by Section
16	59-18-1310 of the 1976 Code.
17	In addition, the district or school, with input from the community advisory committee, must include:
18	(1) a comprehensive plan to examine delivery implementation and measure impact of the model;
19	(2) a report on implementation problems and successes and impact of the innovation or model; and
20	(3) evidence of support for the project from the school district administration when an individual school applies for a grant.
21	The match required from a grant recipient is based on the poverty of the district or school. No matching amount will exceed more
22	than seventy percent of the grant request or be less than ten percent of the request. The required match may be met by funds or by
23	in-kind donations, such as technology, to be further defined by the grants committee. Public school districts and schools that have
24	high poverty and low achievement will receive priority for grants when their applications are judged to meet the criteria established
25	for the grant program.
26	However, no grant may exceed \$250,000 annually unless the grants committee finds that exceptional circumstances warrant
27	exceeding this amount.
28	The Education Oversight Committee will review the grantee reports and examine the implementation of the initiatives and models
29	to understand the delivery of services and any contextual factors. The Oversight Committee will then highlight the accomplishments
30	and common challenges of the initiatives and models funded by the Community Block Grant for Education Pilot Program to share
31	the lessons learned with the state's public education community.
32	For the current fiscal year, funds allocated to the Community Block Grant for Education Pilot Program must be used to provide or
33	expand high-quality early childhood programs for a targeted population of at-risk four-year-olds. High-quality is defined as meeting
34	the minimum program requirements of the Child Early Reading Development and Education Program and providing measurable
35	high-quality child-teacher interactions, curricula and instruction. Priority will be given to applications that involve public-private

partnerships between school districts, schools, Head Start, and private child care providers who collaborate to: (1) provide high-quality programs to four-year-olds to maximize the return on investment; (2) assist in making the transition to kindergarten; (3) improve the early literacy, social and emotional, and numeracy readiness of children; and (4) engage families in improving their children's readiness.
1.64. (SDE: Proceeds from Sale of Bus Shop & Boat) For the current fiscal year the Department of Education is authorized to

retain any funds received from the sale of any bus shop and the sale of the state-owned boat and expend those funds for transportation
 purposes.

8 1.65. (SDE: First Steps 4K Technology) During the current fiscal year, South Carolina Office of First Steps to School Readiness is authorized to expend up to \$75,000 from the four-year-old kindergarten carry forward funds to purchase electronic devices for the 9 administration of required school readiness assessments to children enrolled in the full-day 4K program in private centers in the 10 11 current fiscal year. The State Office of First Steps may purchase one device, which would be the property of the Office of First Steps, for every ten centers serving children in the program. The regional coordinators who provide support to the centers shall 12 coordinate the usage of the devices among the centers. First Steps shall provide a report documenting its technology and materials 13 expenditures to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee no later 14 than January 15 of the current fiscal year. 15

16 **1.66.** (SDE: Teacher Certification Exemption) For the current fiscal year, a teacher certified at the secondary level may teach 17 such courses in grades seven through twelve without having the add on certification for middle-level education. A teacher certified 18 in elementary education may teach first grade without having the add on certification in early childhood education. Districts must 19 report to the Department of Education and the Center for Educator Recruitment Retention and Advancement on the teachers and 20 courses that utilize this exemption.

1.67. (SDE: Digital Instructional Materials) The Department of Education shall continue to create an instructional materials list 21 22 composed of those items (print and/or digital) that have received State Board of Education approval through the normal adoption process. The department shall continue to work with the publishers of instructional materials to ensure that districts have options for 23 print/digital student materials to include class sets of print student editions, if needed. Funds appropriated for the purchase of 24 25 instructional materials (print/digital) may be used for reimbursing school districts to offset the costs of refurbishing science kits on the state-adopted instructional materials inventory, purchasing new kits or those adopted as supplemental from the central textbook 26 27 depository, or a combination of refurbishment and purchase. The refurbishing cost of kits may not exceed the cost of the state-adopted refurbishing kits plus a reasonable amount for shipping and handling. Costs for staff development, personnel costs, 28 equipment, or other costs associated with refurbishing kits on state inventory are not allowable costs. Funds provided for Instructional 29 30 Materials may be carried forward from the prior fiscal year into the current fiscal year to be expended for the same purposes by the department, school districts, and special schools. These funds are not subject to flexibility. 31

1.68. (SDE: CDEPP Unexpended Funds) For Fiscal Year 2019-20, the Office of First Steps to School Readiness is permitted to retain the first \$1,000,000 of any unexpended CDEPP funds of the prior fiscal year and expend these funds to enhance the quality of the full-day 4K program in private centers and provide professional development opportunities. By August first, the Office of First Steps is directed to allocate any additional unexpended CDEPP funds from the prior fiscal year and any CDEPP funds carried forward

from prior fiscal years that were transferred to the restricted account for the following purpose: Education Oversight
 Committee - \$1,000,000 for the South Carolina Community Block Grants for Education Pilot Program.

3 If carry forward funds are less than the amounts appropriated, funding for the items listed herein shall be reduced on a pro rata 4 basis.

5 If by August first, the Department of Education or the Office of First Steps determines there will be funds available, funds shall be allocated on a per pupil basis for districts eligible for participation first, who have a documented waiting list, and funded an 6 7 extended program per this proviso in the prior school year, then to districts to increase the length of the program to a maximum of 8 eight and a half hours per day or two hundred and twenty days per year or to fund summer programs. The department and the Office of First Steps are authorized to target funds to ensure that the schools in which more than one third of third graders scored "Does Not 9 Meet Expectations" on the state English/language arts assessment are serving all eligible four year olds. By August 1, the Department 10 11 of Education and the Office of First Steps must collect the documented waiting lists and determine a process to notify parents of eligible students of available slots in all approved providers. If a district chooses to fund summer enrollment the program funding 12 shall conform to the funding in this act for full year programs, however shall be reduced on a pro rata basis to conform with the 13 length of the program. A summer program shall be no more than eight and a half hours per day and shall be not more than ten weeks 14 in length. The per pupil allocation and classroom grant must conform with the appropriated amount contained in this Act and end 15 of year adjustments shall be based on the one hundred and thirty five day student average daily membership or later student average 16 daily membership for districts choosing to extend the program past one hundred and eighty days. Funds may also be used to provide 17 parent engagement, professional development and quality evaluations of programs. 18 For Fiscal Year 2019-20, the Office of First Steps may pilot a program to provide higher reimbursement rates to high quality 19 centers in order to increase the numbers of First Steps participants. Utilizing up to \$1,000,000 of carry-forward funding, the 20 reimbursement rate for students enrolled by private providers rated B or higher in the ABC Quality System operated by the 21

Department of Social Services may be increased by up to 10% of the per-student base following guidelines developed by the Office of First Steps.

No later than April first, the Department of Education and the Office of First Steps must report to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee on the expenditure of these funds to include the following information: the amount of money used and specific steps and measures taken to enhance the quality of the 4K program and the amount of money used for professional development as well as the types of professional development offered and the number of participants.

1.69. (SDE: Technology Technical Assistance) Of the funds appropriated for the K-12 Technology Initiative, the department is authorized to withhold up to \$350,000 in order to develop a statewide technology plan for schools and districts. The plan must address, at a minimum, infrastructure and connectivity needs, online testing requirements, equipment, educational technology, digital literacy and a statewide learning management system to connect teachers and students. The plan must take into account the need for some districts to utilize a regional approach to services that may include, but is not limited to, purchasing, training and support services. This plan, including cost projections, shall be presented to the Governor, the Chairman of the House Ways and Means

1 Committee, and the Chairman of the Senate Finance Committee by February 1, 2020. Remaining funds shall be used to provide 2 technology technical assistance to school districts.

1.70. (SDE: Technology Technical Assistance) Funds appropriated to the Department of Education for Technology Technical Assistance must be used to increase the capacity of districts who are or were the original trial and plaintiff school districts in the Abbeville law suit. Funds shall be used by the department to assist school districts in procuring appropriate technology to include devices and infrastructure in accordance with the recommendations made by the technology review team to begin to build capacity to offer online testing and increased access. For the current fiscal year districts and individual public charter schools may request a waiver from the State Board of Education from the requirement that all assessments be administered online.
1.71. (SDE: Assistance Funding) For the current fiscal year, any funds appropriated to the Department of Education to assist districts that are any any funds appropriated to the department of Education to assist access.

10 districts that are or were Plaintiffs in the Abbeville law suit and funding appropriated to the department to provide technical assistance 11 to underperforming districts may not be transferred to any other program, are not subject to flexibility, and may be carried forward 12 and expended for the same purposes.

13 **1.72.** (SDE: Reporting and Procurement) Any state agency or school for which the department acts as the fiscal agent must 14 comply with any state and federal reporting requirements using agency procedures and shall follow all state procurement laws.

15 1.73. (SDE: Military Child Care Centers) During the current fiscal year, South Carolina First Steps to School Readiness may 16 extend four-year-old kindergarten provider eligibility to military child care settings regulated by the United States Department of 17 Defense. State funds appropriated for use in military child care facilities must be used to expand service to CERDEP eligible children 18 residing in school districts approved for participation during the prior fiscal year and may not be used to supplant any existing federal 19 child care investment.

1.74. (SDE: First Steps 4K Underserved Communities) Using funds appropriated for the Child Early Reading and Development 20 Education Program, South Carolina First Steps shall develop a pilot program to expand four-year-old kindergarten enrollment within 21 22 underserved communities eligible for participation during the most recent fiscal year. Newly created and/or newly approved private providers proposing to expand service to ten or more CERDEP eligible children in communities unable to enroll all of eligible 23 students in a public, private, or Head Start setting during the prior fiscal year, may apply for up to \$30,000 in one-time supplemental, 24 25 needs-based incentives designed to address building renovations, documented as necessary to bring proposed classrooms into 26 compliance with licensing regulations, materials and staffing costs, and/or other obstacles currently preventing their participation in 27 the First Steps 4K program. The First Steps Board of Trustees shall develop and approve an application process that incorporates formal review and fiscal safeguards designed to ensure grant funds are used solely to address documented barriers to program 28 participation. Providers receiving this one-time supplement are expected to participate in the program and provide high-quality, 29 30 center-based programs as defined herein for a minimum of three years. Failure to participate for three years will require the provider to return a portion of the supplemental allocation at a level determined by the Office of First Steps to School Readiness. First Steps 31 shall submit a report detailing its process, expenditures and expanded enrollment to the Chairman of the House Ways and Means 32 Committee and the Chairman of the Senate Finance Committee by March 15, 2020. 33

For Fiscal Year 2019-20, the Office of First Steps may pilot a program to provide CERDEP services in underserved communities serving multi counties and multi-districts. 4K centers served by this pilot may provide CERDEP-funded services to eligible children

from non-CERDEP districts but must also offer services to students from at least one school district eligible to participate in the 1 CERDEP program. Utilizing up to \$1,000,000 of carry-forward funding, First Steps may provide grants to participants in this pilot 2 3 if they are public-private partnerships to address building renovations and designs necessary to get the building and classrooms into compliance with licensing regulations and other obstacles that prevent participation in the CERDEP program following guidelines 4 developed by SC First Steps. Providers participating in this pilot are expected to participate in the program and provide high-quality, 5 center-based programs as defined herein for a minimum of three years. Failure to participate for three years will require the provider 6 to return a portion of the supplemental allocation at a level determined by the Office of First Steps to School Readiness. 7 8 **1.75.** (SDE: School Leadership) Of the funds appropriated to and retained by the department for Professional Development, \$400,000 shall be used to contract with a non-profit statewide K-12 professional association located in South Carolina whose 9 membership provides for the development and support of current and future school leaders. The provider must specialize in multiple 10 11 assessments, executive coaching, and leadership development that provides the skills necessary for a progressive career path in school 12 leadership. **1.76.** (SDE: School Bus Drivers) For the current fiscal year, a driver candidate must possess a valid driver's license that meets 13 the requirements in State and Federal law to operate commercial and non-commercial school bus type vehicles with no restrictions 14 other than vision correction to qualify for issuance. Driver candidates must complete all Department of Education classroom and 15 behind-the-wheel training requirements, including a medical examination and drug/alcohol testing, for initial certification as well as 16 all Department of Education required in-service training annually to qualify for continued certification. 17 1.77. (SDE: Special Education Minutes Requirement) For the current fiscal year the required two-hundred fifty minutes of 18 specialized instruction a student is required to receive in order to qualify for the special education weighting in the EFA is waived. 19 A special education weighting may be applied for any public school child with an Individualized Education Program in effect, 20 regardless of the number of minutes of instruction. 21 22 1.78. (SDE: Retired Educators Employment) For the current fiscal year school districts may notify retired educators of employment in writing on or before May 1. School districts employing retired educators pursuant to Section 9-1-1795 of the 1976 23 Code shall provide documentation of compliance with the earnings limitation exemptions to the department. The department shall 24 25 verify the compliance and send the verification to the Public Employee Benefit Authority. 1.79. (SDE: Education Rate Program) For purposes of the federal Educational Rate Program, a child attending a state-funded 26 27 four-year-old kindergarten program must be considered an elementary school student. 28 1.80. (SDE: Safe Schools Initiative) (A) For the current fiscal year, the Department of Education and the State Law Enforcement Division shall continue to support, through the state level Threat Assessment Team, school threat assessment teams and training in 29 30 school districts. By August 15, 2019, each school in the state must have identified key staff to serve on a threat assessment team. The department shall work with stakeholders to provide professional development to staff who will serve on the team. The state 31 level Threat Assessment Team shall continue to coordinate, collect and compile Threat Assessment & School Safety Plans from each 32 school district with their input. These plans shall be exempt from the provisions of Section 30-4-10, et seq. of the 1976 Code. The 33

34 Department of Education and the State Law Enforcement Division shall continue to provide the Governor and the General Assembly

35 with recommendations regarding school safety which shall include any projected costs or necessary statute changes.

1.81. (SDE: Alternative Certification Programs) For the current fiscal year, the department, through the State Board of 1 Education, is authorized to award a conditional teaching certificate to a person who is enrolled in an approved alternative certification 2 3 program provided the person has earned a bachelor's degree from a regionally accredited college or university with a major, or major equivalence, as defined by the State Board of Education in guidelines developed by the department in a certification area for which 4 5 the board has determined there exists a critical shortage of teachers, and the person has passed the appropriate teaching examination. **1.82.** (SDE: Student Meals) For the current fiscal year, all school districts shall identify students in poverty according to the 6 7 provisions in Proviso 1.3 of this Act and increase access to free school meals for these students. School districts shall use the criteria 8 to directly certify pupils eligible for free and reduced-price school meals to the extent permitted under federal law. The local board of trustees of a district in which all schools are eligible to receive the free federal reimbursement rate for all reimbursable school 9 breakfasts and lunches served, pursuant to the Community Eligibility Provision in Section 1759(a) of Title 42 of the United States 10 11 Code, shall adopt a resolution indicating participation. If a district is unable to participate, the local board of trustees shall adopt a resolution stating that it is unable to participate in CEP and demonstrate the reasons why. The resolution shall be published on a 12 public meeting agenda concurrently with the proposed district budget as an action item and shall be approved by a majority of the 13 board. School districts shall ensure that the parents or guardians of students eligible for free and reduced lunch receive the necessary 14 applications and instructions and upon request are provided with assistance in completing the paperwork. Schools shall not publically 15 identify a student who is unable to pay for a meal for any reason. Communications from the district regarding any meal debt owed 16 must only be directed to the parent or guardian and may be sent home through the student. 17

1.83. (SDE: Consolidate Administrative Functions) For the current fiscal, any school district that has an average daily 18 membership of less than 1,500 students, has been designated in Fiscal Watch, Caution or Emergency status, has a risk assessment of 19 medium or high, has a school or is a district with an accreditation status of probation or denied, or has a school or schools that have 20 been in improvement status for three years may be directed by the State Superintendent of Education to consolidate administrative 21 22 and professional services with one or more school districts. Administrative and professional services may include, but are not limited to: finance, human resources, procurement, administrative functions, transportation and collaboration on increasing instructional 23 offerings. The Superintendent shall notify a district in writing that they meet one or more of the criteria. The district then has thirty 24 25 business days from receipt of the notification to deliver a plan to the Superintendent for her approval. The Superintendent must either approve or amend the plan within fifteen days. Plans must be implemented within sixty days of approval. If a district fails to 26 27 submit a plan, the Superintendent shall direct the consolidation of services with another school district and if the district fails to 28 comply, the department shall withhold one percent of the district's EFA allocation until the district does comply. At that time, the 29 EFA payments shall resume and any EFA funds withheld shall be allocated to the district.

30 **1.84.** (SDE: School Safety Program) Funds appropriated for the School Safety Program and School Resource Officers shall be 31 utilized by the department for the purpose of hiring certified law enforcement officers to serve as a school resource officer for school 32 districts that otherwise would lack the adequate resources to hire their own school resource officers. In making determinations of 33 eligibility the department shall use the most recent index of taxpaying ability as the district's indicator of ability to pay, with districts 34 of the lowest index of taxpaying ability receiving priority consideration. Districts must apply for funding through the department 35 and no districts shall receive an award of more than four certified school resource officer positions. In making awards the department

shall provide funding directly to the local law enforcement agency to pay for the cost of the law enforcement officer that will serve as a full-time school resource officer. The department is authorized to carry forward funds from the prior fiscal year and utilize these

3 funds for the same purpose.

1.85. (SDE: Exceptional Needs Sports Participation) A student who meets the definition of 'Exceptional needs child' in Section 12-6-3790 (A)(2) and the definition of 'Qualifying Student' in Section 12-6-3790 (A)(5) of the 1976 Code shall be eligible to participate in any sport offered at the public school for which the child is zoned to attend.

1.86. (SDE: School Districts Capital Improvement) The funds appropriated for school district capital improvements in Proviso
 112.1, shall be prioritized by the Department of Education pursuant to subsections (A) and (B).

(A) Twenty-five percent of the funds shall be made available first to a local school district or districts with an average daily 9 membership that is less than one thousand five hundred, based on the most recent student count received by the department, and that 10 11 is located within a county ranked as Tier IV pursuant to Section 12-6-3360(B) for 2018 which chooses to consolidate with another school district located in the same county. The funds may be used to support costs directly related to the consolidation which shall 12 include, but are not limited to, salary adjustments, facilities, debt mitigation, millage rate adjustments, transportation, technology and 13 other factors for which the district demonstrates are necessary to complete consolidation. Furthermore, the department is eligible to 14 carry forward these funds and use them for the same purpose. On or before August 1, the eligible districts must submit a preliminary 15 plan and timeline for pursuing consolidation, including the use of the consolidation funds requested, to the Department of Education 16 for review and approval. When the department has approved the final plan, the districts shall forward the plan to the local legislative 17 delegation outlining the specific request that local legislation be enacted to effect the consolidation. The legislation may include, but 18 is not limited to, composition of the consolidated board, transition procedures, and disposition and/or assumption of district assets 19 and liabilities. Upon approval of a consolidation plan, the department shall make an initial allocation to the impacted districts and 20 shall allocate remaining funds upon enactment of legislation formally consolidating the districts for the benefit of the consolidated 21 22 district.

23 (B) Any funds not used for the purposes of assisting districts eligible in (A) shall be distributed by the department to eligible districts for the purpose of funding shared school facility construction and upgrades in districts with a poverty index of seventy 24 25 percent or higher or an index of taxpayer ability less than .009. For the purpose of this provision, "school facility" means only facilities necessary for instructional and related supporting purposes including, but not limited to, classrooms, libraries, media centers, 26 27 laboratories, cafeterias, physical education spaces, related interior and exterior facilities, and the conduit, wiring, and powering of 28 hardware installations for classroom computers or for area network systems. Eligible school facility projects shall include and be 29 prioritized as follows: construction of shared high school and career and technology education facilities with priority given to districts 30 that submit a plan for a facility that serves multiple school districts with average daily membership counts of less than one thousand five hundred and then for the following purposes: (a) health and safety upgrades; (b) technology upgrades inside school facilities; 31 (c) upgrades associated with career and technology education programs; and (d) deferred maintenance needs as described in the 32 district's capital improvement plan. For purposes of this provision, school facilities shall not include unimproved real property, 33 centralized district administration facilities, or other facilities, including those normally identified with interscholastic sports 34 35 activities.

(i) The department shall develop and maintain an application process for school districts to request funding for qualified
 school projects and establish policies, procedures, and priorities for the making of grants pursuant to this provision. At least twice a
 year and upon receipt of applications pursuant to the application process adopted by the department, the department shall prioritize
 the eligible projects with the greatest need and shall submit a list of recommended grant awards to the State Board of Education.
 Grants shall be awarded upon an affirmative vote of the State Board.

6 (ii) The financial assistance provided to school districts pursuant to this provision must be used for the eligible school facility 7 project. The department is responsible for establishing policies and procedures to ensure that funds are expended in a manner 8 consistent with this provision.

9 (C) Following the close of the fiscal year, the department shall submit a report on the expenditure of funds pursuant to subsections 10 (A) and (B) for the preceding year to the Governor, the Chairman of the Senate Finance Committee, the Chairman of the House 11 Ways and Means Committee, the Chairman of the Senate Education Committee, and the Chairman of the House Education and 12 Public Works Committee.

13 **1.87.** (SDE: Teacher Salaries/SE Average) The projected Southeastern average teacher salary shall be the average of the average 14 teachers' salaries of the southeastern states as projected by the Revenue and Fiscal Affairs Office. For the current school year the 15 Southeastern average teacher salary is projected to be \$52,830. The General Assembly remains desirous of raising the average 16 teacher salary in South Carolina through incremental increases over the next few years so as to make such equivalent to the national 17 average teacher salary.

Additionally, for the current fiscal year, a local school district board of trustees must increase the salary compensation for all eligible certified teachers employed by the district by no less than one year of experience credit using the district salary schedule utilized the prior fiscal year as the basis for providing the step. Application of this provision must be applied uniformly for all eligible certified teachers. For Fiscal Year 2019-20, the requirement that school districts maintain local salary supplements per teacher no less than their prior fiscal year level is suspended if additional State funds fill the gap.

Funds allocated by Proviso 1.3 for implementing a revised state minimum salary schedule for Teacher Salaries must be used to increase salaries of those teachers eligible pursuant to Section 59-20-50(4)(b), to include classroom teachers, librarians, guidance counselors, psychologists, social workers, occupational and physical therapists, school nurses, orientation/mobility instructors, and audiologists in the school districts of the state by not less than four percent. Districts must use the district salary schedule utilized the prior fiscal year as the basis for providing the increase.

For purposes of this provision teachers shall be defined by the Department of Education using the Professional Certified Staff (PCS) System.

1.88. (SDE: School District Hold Harmless) If there is not an increase in state support for school districts that is disbursed through the Education Finance Act formula pursuant to Proviso 1.3 in this Act, any district that must use reserve funds to pay for teacher pay raises, to include step increases, shall be held harmless from the local school district's reserve fund requirement provisions in the Fiscal Accountability Act for Fiscal Year 2019-20 and upon approval by the Department of Education.

34 1.89. (SDE: Educational Services for Children with Disabilities) In order to determine whether educational services provided to 35 children with disabilities are delivered effectively and efficiently and whether services or funding should be reformed, the Department

PAGE 32

of Education, in coordination with the Department of Health and Human Services, shall provide data to the Joint Legislative and 1 Citizens Committee on Children, Chairman of the Senate Finance Committee, Chairman of the Senate Education Committee, 2 3 Chairman of the House Ways and Means Committee and Chairman of the House Education and Public Works Committee regarding services to exceptional needs children served by public schools and BabyNet as follows: (1) summary reports on the identification 4 5 of students in need of services through IDEA Parts C and B to include the number of students qualifying for services by district; (2) information on services provided to students with IEPs in the least restrictive environment; (3) recommendations on updates to 6 student weightings and funding in the current Education Finance Act; (4) how are these services funded with federal, state and local 7 8 funds at the district level; and (5) prior school year outcome data for students with disabilities. The findings shall be submitted by 9 January 15, 2020. 10 **1.90.** (SDE: Reserve Suspension) In the current fiscal year, the provisions of Section 3 of Act 593 of 1992, as amended, relating 11 to the limit on cash reserves are suspended for Dorchester County School District 2. The cash reserve may consist of state or federal funds allocated to the school district pursuant to this act, as well as other funds. 12 1.91. (SDE: Standards-Based Assessments Suspended) In Fiscal Year 2019-20, the provisions of Section 59-18-325(C)(3) 13 requiring science standards-based assessments of students in grade eight and social studies standards-based assessments of students 14 in grades five and seven are suspended. Of the funds available due to the suspension of these assessments, \$500,000 must be used 15 by the Department of Education to fund educator professional development regarding the South Carolina Computer Science and 16 Digital Literacy Standards. The remainder of the funds shall be used to pay for industry certification/credentials as approved to 17 measure College/Career Readiness for purposes of the state accountability system. 18 1.92. (SDE: Schools of Choice) For the current fiscal year, school districts are authorized to create multiple schools of choice 19 within the district. These schools of choice must meet the requirements of Section 59-19-350 of the 1976 Code. 20 **1.93.** (SDE: Master's Plus Thirty) For school year 2019-20, the department shall continue to process the master's plus thirty 21 22 certificate classification in the same manner as the prior school year. Educators earning a master's degree with sixty or more semester hours of graduate coursework will remain eligible for the master's plus thirty credential classification. 23 24 25 **SECTION 1A - H630 - DEPARTMENT OF EDUCATION-EIA** 26 27 1A.1. (SDE-EIA: Prohibition on Appropriation Transfers) The amounts appropriated herein for aid to subdivisions or allocations

to school districts shall not be transferred or reduced and must be expended in accordance with the intent of the appropriation. However, transfers are authorized from allocations to school districts or special line items with projected year-end excess appropriations above requirements, to allocations to school districts or special line items with projected deficits in appropriations.

31 **1A.2.** (SDE-EIA: African-American History) Funds provided for the development of the African-American History curricula 32 may be carried forward into the current fiscal year. Funds that are currently a salary line item will be reallocated for the development 33 of instructional materials and programs and the implementation of professional learning opportunities that promote African American

34 history and culture. For the current fiscal year, not less than seventy percent of the funds carried forwarded must be expended for

the development of additional instructional materials by nonprofit organizations, school districts, or institutions of higher education
 selected through a grant process by the Department of Education.

1A.3. (SDE-EIA: Teacher Evaluations, Implementation/Education Oversight) The Department of Education is directed to oversee the evaluation of teachers at the School for the Deaf and the Blind, the John de la Howe School and the Department of Juvenile Justice under the ADEPT model.

1A.4. (SDE-EIA: Teacher Salaries/State Agencies) Each state agency which does not contain a school district but has 6 7 instructional personnel shall receive an appropriation as recommended by the Department of Education and funded by the General 8 Assembly for teacher salaries based on the following formula: Each state agency shall receive such funds as are necessary to adjust the pay of all instructional personnel to the appropriate salary provided by the salary schedules of the school district in which the 9 agency is located. Instructional personnel may include all positions which would be eligible for EIA supplements in a public school 10 district, and may at the discretion of the state agency, be defined to cover curriculum development specialists, educational testing 11 psychologists, psychological and guidance counselors, and principals. The twelve-month agricultural teachers located at Clemson 12 University are to be included in this allocation of funds for base salary increases. The South Carolina Governor's School for the Arts 13 and Humanities and the South Carolina Governor's School for Science and Mathematics are authorized to increase the salaries of 14 instructional personnel by an amount equal to the percentage increase given by the School District in which they are both located. 15 16 Teacher salary increases recommended by the Department of Education and funded in this Act shall be incorporated into each

17 agency's EIA appropriation contained in Section 1, VIII.F.

1A.5. (SDE-EIA: Work-Based Learning) Of the funds appropriated in Part IA, Section 1, VIII.A.1. for the Work-Based Learning 18 Program, \$75,000 shall be used by the State Department of Education to provide for regional professional development in contextual 19 methodology techniques and integration of curriculum, and professional development in career guidance for teachers and guidance 20 counselors and training mentors. Pilot-site delivery of contextual methodology training in mathematics will be supported by 21 22 technology and hands-on lab activities. In addition, \$500,000 shall be allocated for Regional Career Specialists. Each Regional Career Specialist shall (1) be housed within the regional centers/WIA geographic areas, (2) provide career development activities 23 throughout all schools within the region, (3) be under the program supervision of the Office of Career and Technology Education, 24 25 State Department of Education, and (4) adhere to an accountability and evaluation plan created by the Office of Career and Technology Education, State Department of Education. The Office of Career and Technology Education, State Department of 26 27 Education, shall provide a report, in February of the current fiscal year to the Senate Finance Committee and the House Ways and 28 Means Committee on accomplishments of the Career Counseling Specialists. Of the funds appropriated in the prior fiscal year, 29 unexpended funds may be carried forward to the current fiscal year and expended for the same purposes.

30 1A.6. (SDE-EIA: CHE/Teacher Recruitment) Of the funds appropriated in Part IA, Section 1, VIII.F. for the Teacher 31 Recruitment Program, the South Carolina Commission on Higher Education shall distribute a total of ninety-two percent to the Center 32 for Educator Recruitment, Retention, and Advancement (CERRA-South Carolina) for a state teacher recruitment program, of which 33 at least seventy-eight percent must be used for the Teaching Fellows Program specifically to provide scholarships for future teachers, 34 and of which twenty-two percent must be used for other aspects of the state teacher recruitment program, including the Teacher 35 Cadet Program and \$166,302 which must be used for specific programs to recruit minority teachers: and shall distribute eight percent

to South Carolina State University to be used only for the operation of a minority teacher recruitment program and therefore shall 1 2 not be used for the operation of their established general education programs. Working with districts with an absolute rating of 3 At-Risk or Below Average, CERRA will provide shared initiatives to recruit and retain teachers to schools in these districts. CERRA will report annually by October first to the Education Oversight Committee and the Department of Education on the success of the 4 5 recruitment and retention efforts in these schools. The South Carolina Commission on Higher Education shall ensure that all funds are used to promote teacher recruitment on a statewide basis, shall ensure the continued coordination of efforts among the three 6 7 teacher recruitment projects, shall review the use of funds and shall have prior program and budget approval. The South Carolina 8 State University program, in consultation with the Commission on Higher Education, shall extend beyond the geographic area it currently serves. Annually, the Commission on Higher Education shall evaluate the effectiveness of each of the teacher recruitment 9 projects and shall report its findings and its program and budget recommendations to the House and Senate Education Committees, 10 11 the State Board of Education and the Education Oversight Committee by October first annually, in a format agreed upon by the Education Oversight Committee and the Department of Education. 12 With the funds appropriated CERRA shall also appoint and maintain the South Carolina Teacher Loan Advisory Committee. The 13 Committee shall be composed of one member representing each of the following: (1) Commission on Higher Education; (2) State 14 Board of Education; (3) Education Oversight Committee; (4) Center for Educator Recruitment, Retention, and Advancement; (5) 15 South Carolina Student Loan Corporation; (6) South Carolina Association of Student Financial Aid Administrators; (7) a local school 16 district human resources officer; (8) a public higher education institution with an approved teacher education program; and (9) a 17 private higher education institution with an approved teacher education program. The members of the committee representing the 18 public and private higher education institutions shall rotate among those intuitions and shall serve a two-year term on the committee. 19 The committee must be staffed by CERRA, and shall meet at least twice annually. The committee's responsibilities are limited to: 20 (1) establishing goals for the Teacher Loan Program; (2) facilitating communication among the cooperating agencies; (3) advocating 21 22 for program participants; and (4) recommending policies and procedures necessary to promote and maintain the program. 1A.7. (SDE-EIA: Disbursements / Other Entities) Notwithstanding the provisions of Sections 2-7-66 and 11-3-50, South 23 Carolina Code of Laws, it is the intent of the General Assembly that funds appropriated in Part IA, Section 1, VIII.F. Other State 24 Agencies and Entities shall be disbursed on a quarterly basis by the Department of Revenue directly to the state agencies and entities 25 referenced except for the Teacher Loan Program, Centers of Excellence, the Education Oversight Committee and School Technology, 26 27 which shall receive their full appropriation at the start of the fiscal year from available revenue. The Comptroller General's Office 28 is authorized to make necessary appropriation reductions in Part IA, Section 1, VIII.F. to prevent duplicate appropriations. If the 29 Education Improvement Act appropriations in the agency and entity respective sections of the General Appropriations Act at the start 30 of the fiscal year do not agree with the appropriations in Part IA, Section 1, VIII.F. Other State Agencies and Entities, the "other funds" appropriations in the respective agency and entity sections of the General Appropriations Act will be adjusted by the 31 Comptroller General's Office to conform to the appropriations in Part IA, Section 1, VIII.F. Other State Agencies and Entities. 32 Further, the Department of Revenue is directed to provide the full appropriation of the funding appropriated in Part IA, Section 1, 33 VIII.C.2. Teacher Supplies to the Department of Education at the start of the fiscal year from available revenue. The Department of 34

Revenue is also directed to provide the first quarter appropriation of the funding appropriated in Part IA, Section 1, VIII.H. Charter
 School District to the Department of Education at the start of the fiscal year from available revenue.

3 1A.8. (SDE-EIA: Arts in Education) Funds appropriated in Part IA, Section 1, VIII.A.1. Arts Curricula shall be used to support innovative practices in arts education curriculum, instruction, and assessment in the visual and performing arts including dance, 4 5 music, theatre, and visual arts which incorporates strengths from the Arts in Education sites. They shall also be used to support the advancement of the implementation of the visual and performing arts academic standards. These funds shall be distributed to schools 6 7 and school districts under a competitive grants program; however, up to thirty-three percent of the total amount of the grant fund 8 shall be made available as "Aid to Other Agencies" to facilitate the funding of professional development arts institutes that have been approved by the State Department of Education for South Carolina arts teachers, appropriate classroom teachers, and administrators. 9 Arts Curricular Grants funds may be retained and carried forward into the current fiscal year to be expended in accordance with the 10 proposed award. 11

1A.9. (SDE-EIA: Teacher Supplies) All certified and non-certified public school teachers identified in PCS, certified special 12 school classroom teachers, certified media specialists, certified guidance counselors, and career specialists who are employed by a 13 school district, a charter school, or lead teachers employed in a publically funded full day 4K classroom approved by the South 14 Carolina First Steps to School Readiness, as of November thirtieth of the current fiscal year, based on the public decision of the 15 school board may receive reimbursement of two hundred seventy-five dollars each school year to offset expenses incurred by them 16 for teaching supplies and materials. Funds shall be disbursed by the department to School districts by July fifteenth based on the last 17 reconciled Professional Certified Staff (PCS) listing from the previous year. With remaining funds for this program, any deviation 18 in the PCS and actual teacher count will be reconciled by December thirty-first or as soon as practicable thereafter. Based on the 19 public decision of the school district and no later than May fifteenth annually, the district shall notify all individuals entitled to receive 20 these funds the manner in which the funds will be dispersed. Funds may be disbursed to each teacher via check in a manner separate 21 22 and distinct from their payroll check on the first day teachers, by contract, are required to be in attendance at school for the current contract year, or the funds may be disbursed to each teacher via direct deposit as long as the funds are handled in a manner to be 23 separate and distinct from their payroll check. This reimbursement shall not be considered by the state as taxable income. Special 24 25 schools include the Governor's School for Science and Math, the Governor's School for the Arts and Humanities, Wil Lou Gray 26 Opportunity School, John de la Howe School, School for the Deaf and the Blind, Felton Lab, Department of Juvenile Justice, and 27 Palmetto Unified School District. Funds distributed to school districts or allocated to schools must not supplant existing supply 28 money paid to teachers from other sources. If a school district requires receipts for tax purposes the receipts may not be required 29 before December thirty-first. Districts that do not wish to require receipts may have teachers retain the receipts and certify for the 30 district they have received the allocation for purchase of teaching supplies and/or materials and that they have purchased or will purchase supplies and/or materials during the fiscal year for the amount of the allocation. Districts shall not have an audit exception 31 related to non-retention of receipts in any instances where a similar instrument is utilized. Any district requiring receipts must notify 32 any teacher from whom receipts have not been submitted between November twenty-fifth and December sixth that receipts must be 33 submitted to the district. Districts may not add any additional requirement not listed herein related to this reimbursement. 34

Any classroom teacher, including a classroom teacher at a South Carolina private school, that is not eligible for the reimbursement 1 allowed by this provision, may claim a refundable income tax credit on the teacher's 2019 tax return, provided that the return or any 2 3 amended return claiming the credit is filed prior to the end of the fiscal year. The credit is equal to two hundred seventy-five dollars, or the amount the teacher expends on teacher supplies and materials, whichever is less. If any expenditures eligible for a credit are 4 made after December thirty-first, the teacher may include the expenditures on his initial return or may file an amended 2019 return 5 claiming the credit, so long as the return or amended return is filed in this fiscal year. The Department of Revenue may require 6 7 whatever proof it deems necessary to implement the credit provided by this part of this provision. Any person receiving the reimbursement provided by this proviso is ineligible to take the income tax credit allowed by this proviso. 8 1A.10. (SDE-EIA: Teacher of the Year Awards) Of the funds provided herein for Teacher of the Year Awards, each district 9

Teacher of the Year shall receive an award of \$1,000. In addition, the State Teacher of the Year shall receive an award of \$25,000, and each of the four Honor Roll Teachers of the Year will receive an award of \$10,000. To be eligible, districts must participate in the State Teacher of the Year Program sponsored by the State Department of Education. These awards shall not be subject to South Carolina income taxes.

14 **1A.11.** (SDE-EIA: EOC) The Education Oversight Committee may collect, retain and expend revenue from conference 15 registration and fees; charges for materials supplied to local school districts or other entities not otherwise mandated to be provided 16 by state law; and from other activities or functions sponsored by the committee including public awareness campaign activities. Any 17 unexpended revenue from these sources may be carried forward into the current fiscal year and expended for the same purposes.

1A.12. (SDE-EIA: Technical Assistance) In order to best meet the needs of underperforming schools, funds appropriated for 18 19 technical assistance must be used to provide intensive support to schools and districts with an absolute rating of below average or at-risk on the most recent annual school report card or with the lowest percentages of students meeting state standards on state 20 assessments on the most recent state assessments or with the lowest high school graduation rates. The department will create a 21 22 system of tiers of technical assistance for low-performing schools and districts that will receive technical assistance. The tiers will 23 be determined by factors that include, but are not limited to, length of time performance of the school or district has been at-risk/below average, annual achievement ratings, annual growth ratings, school or district accreditation, and/or financial risk status. The tiers of 24 25 technical assistance may include a per student allocation, placement of a principal mentor, transformation coach, instructional leader, replacement of the principal, reconstitution of a school, and declaration of a state of emergency. Low-performing schools and districts 26 27 shall be placed within the tiered technical assistance framework not later than December fifteenth.

Low-performing schools shall receive a diagnostic review through the department. In addition, newly identified low-performing schools and districts must be reviewed by an External Review Team in the year of designation, and every third year thereafter. These reports shall be made available on the Department of Education's website; any information pertaining to personnel matters or containing personally identifiable information shall be exempted. Based upon the recommendations in the review(s), low-performing schools and districts must develop and submit to the Department of Education an updated school renewal or district strategic plan outlining goals for improvements. The amended plans must address specific strategies designed to increase student achievement and must include measures to evaluate the success of implementation of the plan.

With the funds appropriated to the Department of Education, and any experts placed in the school or district for technical assistance 1 services, the department will assist low-performing schools and districts in designing and implementing the strategies and 2 3 measurement identified in the amended plans and in brokering for technical assistance personnel as stipulated in the plan. In addition, the department must monitor student academic achievement and progress on implementation and report their findings to the 4 5 Chairman of the Senate Finance Committee, the Chairman of the House Ways and Means Committee, the Chairman of the Senate Education Committee, the Chairman of the House Education and Public Works Committee, the local legislative delegation, and the 6 7 Governor in the fall following the school or district designation as low-performing. If the school or school district does not provide the evaluation information necessary to determine effective use, the principal of the school or the district superintendent may be 8 subject to receiving a public reprimand by the State Board of Education if it is determined that those individuals are responsible for 9 the failure to provide the required information. 10 11 Funds must be used by the department for implementation and delivery of technical assistance services. Using previous report card data and monitoring reports on the status of implementation of the school renewal plan, the department shall identify priority 12 schools. Funds appropriated for technical assistance shall be used by the department to work with those schools identified as 13

14 low-performing and to support priority schools under the tiered system. These funds shall not be transferred to any other funding

15 category by the school district without prior approval of the State Superintendent of Education and funds are not subject to agency 16 flexibility provisions.

Reconstitution means the redesign or reorganization of the school, which may include the declaration that all positions in the 17 school are considered vacant. Certified staff currently employed in priority schools must undergo an evaluation in the spring 18 following the school's identification as a priority school and must meet determined goals to be rehired and continue their employment 19 at that school. Educators who were employed at a school that is being reconstituted prior to July 2009, and to whom the employment 20 and dismissal laws apply will not lose their rights in the reconstitution. If they are not rehired or are not assigned to another school 21 22 in the school district they have the opportunity for a hearing. However, employment and dismissal laws shall not apply to educators who are employed in the district and assigned to the priority schools July 1, 2009, in the event of a reconstitution of the school in 23 which the educator is employed. Those rights are only suspended in the event of a reconstitution of the entire school staff. 24 25 Additionally, the rights and requirements of the employment and dismissal laws do not apply to educators who on July 1, 2009, were 26 on an induction or annual contract, that subsequently were offered continuing contract status after the effective date of this proviso, 27 and are employed at a school that is subject to reconstitution under this proviso.

The reconstitution of a school could take place if the school has been identified as a priority school that has failed to improve satisfactorily. The decision to reconstitute a school shall be made by the State Superintendent of Education in consultation with the principal the school board of trustees, and the district superintendent. The decision to reconstitute a school shall be made by April first, at which time notice shall be given to all employees of the school. The department, in consultation with the district superintendent, shall develop a staffing plan and a budget for each reconstituted school.

The State Superintendent of Education may declare a state of emergency in a district if the accreditation status is probation or denied, if a majority of the schools fail to show improvement, if the district is classified as being in "high risk" status financially, or for financial mismanagement resulting in a deficit. The State Superintendent of Education may declare a state of emergency in a

school if the accreditation status is probation or denied, or if the school fails to show improvement. Upon declaration of a state of 1 emergency, the Superintendent may take over management of the school or district. Management of the school or district may 2 3 include direct management, consolidation with another district, charter management, public/private management, or contracting with 4 an educational management organization or another school district. 1A.13. (SDE-EIA: Proviso Allocations) In the event an official EIA revenue shortfall is declared by the Board of Economic 5 Advisors, the Department of Education may reduce any allocation in Section 1A specifically designated by proviso in accordance 6 7 with the lower Board of Economic Advisors revenue estimate as directed by the Executive Budget Office. No allocation for teacher 8 salaries shall be reduced as a result of this proviso. 1A.14. (SDE-EIA: School Districts and Special Schools Flexibility) All school districts and special schools of this State may 9

transfer and expend funds among appropriated state general fund revenues, Education Improvement Act funds, and Education Lottery 10 Act funds, and funds received from the Children's Education Endowment Fund for school facilities and fixed equipment assistance, 11 to ensure the delivery of academic and arts instruction to students. However, a school district may not transfer funds allocated 12 specifically for state level maintenance of effort requirements under IDEA, funds allocated specifically for state level maintenance 13 of effort requirement for federal program, funds provided for the Education and Economic Development Act, funds provided for 14 Career and Technology Education, nor funds required for debt service or bonded indebtedness. All school districts must report the 15 student teacher ratio for every classroom to the Department of Education at the ninety and one hundred and eighty day mark. The 16 department shall report this information to the General Assembly. 17

In order for a school district to take advantage of the flexibility provisions, at least seventy-five percent of the school district's per 18 pupil expenditures must be utilized within the In\$ite categories of instruction, instructional support, and only transportation, food 19 service, and safety within non-instruction pupil services. No portion of the seventy-five percent may be used for facilities, business 20 services, debt service, capital outlay, program management, and leadership services, as defined by In\$ite. The school district shall 21 22 report to the Department of Education the actual percentage of its per pupil expenditures used for classroom instruction, instructional support, and transportation, food service, and safety within non-instruction pupil services for the current school year ending June 23 thirtieth. Salaries of on-site principals must be included in the calculation of the district's per pupil expenditures. 24 25 "In§ite" means the financial analysis model for education programs utilized by the Department of Education.

School districts are encouraged to reduce expenditures by means, including, but not limited to, limiting the number of low enrollment courses, reducing travel for the staff and the school district's board, reducing and limiting activities requiring dues and memberships, reducing transportation costs for extracurricular and academic competitions, restructuring administrative staffing, and expanding virtual instruction.

30 School districts and special schools may carry forward unexpended funds from the prior fiscal year into the current fiscal year.

Prior to implementing the flexibility authorized herein, school districts must provide to Public Charter Schools the per pupil allocation due to them for each categorical program.

33 Quarterly throughout the current fiscal year, the chairman of each school district's board and the superintendent of each school

34 district must certify where non-instructional or nonessential programs have been suspended and the specific flexibility actions taken.

35 The certification must be in writing, signed by the chairman and the superintendent, delivered electronically to the State

1 Superintendent of Education, and an electronic copy forwarded to the Chairman of the Senate Finance Committee, the Chairman of

2 the Senate Education Committee, the Chairman of the House Ways and Means Committee, and the Chairman of the House Education

3 and Public Works Committee. Additionally, the certification must be presented publicly at a regularly called school board meeting,

4 and the certification must be conspicuously posted on the internet website maintained by the school district.

5 For the current fiscal year, Section 59-21-1030 is suspended. The foreign language program assessment, and the physical 6 education assessment must be suspended. School districts and the Department of Education are granted permission to purchase the 7 most economical type of bus fuel.

For the current fiscal year, savings generated from the suspension of the assessments enumerated above must be allocated to school
 districts based on weighted pupil units.

10 School districts must maintain a transaction register that includes a complete record of all funds expended over one hundred dollars, 11 from whatever source, for whatever purpose. The register must be prominently posted on the district's internet website and made 12 available for public viewing and downloading. The register must include for each expenditure:

(i) the transaction amount;

13 14

15

(ii) the name of the payee; and

(iii) a statement providing a detailed description of the expenditure.

The register must not include an entry for salary, wages, or other compensation paid to individual employees. The register must not include any information that can be used to identify an individual employee. The register must be accompanied by a complete explanation of any codes or acronyms used to identify a payee or an expenditure. The register must be searchable and updated at least once a month.

Each school district must also maintain on its internet website a copy of each monthly statement for all of the credit cards maintained by the entity, including credit cards issued to its officers or employees for official use. The credit card number on each statement must be redacted prior to posting on the internet website. Each credit card statement must be posted not later than the

thirtieth day after the first date that any portion of the balance due as shown on the statement is paid.

The Comptroller General must establish and maintain a website to contain the information required by this section from a school district that does not maintain its own internet website. The internet website must be organized so that the public can differentiate between the school districts and search for the information they are seeking.

The provisions contained herein do not amend, suspend, supersede, replace, revoke, restrict, or otherwise affect Chapter 4, Title 30, of the South Carolina Freedom of Information Act. Nothing in this proviso shall be interpreted as prohibiting the State Board of

29 Education to exercise its authority to grant waivers under Regulation 43-261.

30 **1A.15.** (SDE-EIA: Teacher Salary Supplement) The department is directed to carry forward prior year unobligated teacher salary

31 supplement and related employer contribution funds into the current fiscal year to be used for the same purpose. Any unexpended

funds in teacher salary supplement may be used to fund shortfalls in the associated employer contribution funding in the current fiscal year.

34 **1A.16.** (SDE-EIA: Dropout Prevention and High Schools That Work Programs) The Department of Education must report 35 annually by December first, to the Governor, the Chairman of the Senate Finance Committee, the Chairman of the House Ways and

1 Means Committee, the Chairman of the Senate Education Committee, and the Chairman of the House Education and Public Works Committee on the effectiveness of dropout prevention programs funded by the Education and Economic Development Act and on 2 3 the High Schools that Work Programs' progress and effectiveness in providing a better prepared workforce and student success in post-secondary education. The department, school districts, and special schools may carry forward unexpended funds from the prior 4 5 fiscal year into the current fiscal that were allocated for High Schools That Work. 1A.17. (SDE-EIA: Assessment) The department is authorized to carry forward into the current fiscal year, prior year state 6 7 assessment funds for the same purpose. Reimbursements shall resume in the current fiscal year for PSAT, pre-ACT or 10th grade 8 Aspire. 9 1A.18. (SDE-EIA: Report Card Information) The percentage each school district expended on classroom instruction as defined by the Department of Education's In\$ite classification for "Instruction" must be printed on the Annual School and District Report 10 11 Card. 1A.19. (SDE-EIA: Core Curriculum Materials) The funds appropriated in Part IA, Section 1, VIII.A.3 for instructional materials 12 for core curriculum shall be expended consistent with the requirements of Section 59-31-600 of the 1976 Code requiring the 13 development of higher order thinking skills and critical thinking which should be integrated throughout the core curriculum 14 instructional materials. Furthermore, the evaluation criteria used to select instructional materials with funds appropriated in Part IA, 15 Section 1, VIII.A.3 shall include a weight of up to ten percent of the overall criteria to the development of higher order thinking skills 16 and critical thinking. 17 1A.20. (SDE-EIA: Certified Staff Technology Proficiency) To ensure the effective and efficient use of the funding provided by 18 the General Assembly in Part IA, Section 1 VIII.D. for school technology in the classroom and internet access, the State Department 19 of Education shall approve district technology plans that specifically address and incorporate certified staff technology competency 20 standards and local school districts must require certified staff to demonstrate proficiency in these standards as part of each certified 21 22 staff's Professional Development plan. District adopted technology proficiency standards and plans should be, at minimum, aligned to the International Society for Technology in Education (ISTE) teacher standards. Evidence that districts are meeting the 23 requirement is a prerequisite to expenditure of a district's technology funds. 24 25 1A.21. (SDE-EIA: Accountability Program Implementation) To support implementation of the accountability program, the Education Oversight Committee may carry forward unexpended Education Accountability Act funds authorized specifically for the 26 27 administration of the Education Oversight Committee. For the current fiscal year the Education Oversight Committee may carry forward 28 prior year EIA South Carolina Community Block Grants for Education Pilot Program funds not awarded by the grant committee. These funds must be used for an independent common evaluation of each awarded grant to ensure high quality programs that maximize a 29 return on the state's investment. 30

31 1A.22. (SDE-EIA: 4K Targeting) EIA funds allocated for the provision of four-year-old kindergarten shall be utilized for the 32 provision of services to age-eligible children in poverty, as defined in Proviso 1.3 of this Act. Children with developmental delays 33 documented through state approved screening assessments or children with medically documented disabilities who do not already 34 qualify for special need services should also be considered for enrollment. In the event that more students seek to enroll than available

space permits, districts shall prioritize students (at the time of acceptance) on the basis of family income expressed as a percentage of the federal poverty guidelines, with the lowest family incomes given the highest enrollment priority.

1A.23. (SDE-EIA: Reading) The funds allocated to the Department of Education for reading shall be used to provide districts with research-based strategies and professional development and to work directly with schools and districts to assist with implementation of research-based strategies. When providing professional development the department and school districts must use the most cost effective method and when able utilize ETV to provide such services throughout the state. The department shall establish measurements for monitoring impact on student achievement.

8 1A.24. (SDE-EIA: Students at Risk of School Failure) For the current fiscal year, EIA funds appropriated for students at academic risk of school failure, must be allocated to school districts based upon two factors: (1) poverty as determined for the poverty add on 9 weight in Proviso 1.3; and (2) the number of weighted pupil units identified in the prior fiscal year as in need of academic assistance. 10 At least eighty-five percent of the funds must be spent on instruction and instructional support for students at academic risk. 11 Instructional support may include family literacy and parenting programs to students at-risk for school failure and their families. 12 Students at academic risk are defined as students who are not meeting grade level standards in English language arts/reading and 13 mathematics as evidenced by summative state assessments in grades three through eight or students who are not on track to meeting 14 or exceeding English language arts/reading or mathematics standards by the end of third grade. Public charter schools, the Palmetto 15 Unified School District, and the Department of Juvenile Justice must also receive a proportionate per pupil allocation based on the 16 number of students at academic risk of school failure served. 17

18 1A.25. (SDE-EIA: Professional Development) Of the funds appropriated for professional development, up to \$500,000 may be 19 expended for gifted and talented teacher endorsement and certification activities. The Department of Education must provide 20 professional development on assessing student mastery of the content standards through classroom, formative and end-of-year 21 assessments. The Department of Education also must post on the agency's website the South Carolina Professional Development 22 Standards and provide training through telecommunication methods to school leadership on the professional development standards. 23 The department is authorized to carry forward and expend professional development funds for the same purpose.

1A.26. (SDE-EIA: Assessments-Gifted & Talented, Advanced Placement, & International Baccalaureate Exams) Funds appropriated and/or authorized for assessment shall be used for assessments to determine eligibility of students for gifted and talented programs and for the cost of Advanced Placement, International Baccalaureate, and Cambridge International exams.

27 1A.27. (SDE-EIA: Adult Education) A minimum of thirty percent of the funds appropriated for adult education must be allocated 28 to school districts to serve adult education students between the ages of seventeen and twenty-one who are enrolled in programs leading to a state high school diploma, state high school equivalency diploma (GED), or career readiness certificate. The remaining 29 30 funds will be allocated to districts based on a formula which includes factors such as target populations without a high school credential, program enrollment the previous school year, number of students making an educational gain the previous school year, 31 and performance factors such as number of high school credentials and career readiness certificates awarded the previous school 32 year. Overall levels of state funding must meet the federal requirement of state maintenance of effort. Each school district must 33 collect information from both the student and the school including why the student has enrolled in Adult Education and whether or 34

35 not the student is pursuing a GED or Diploma. The school district must then provide a quarterly report to the Department of Education

and must include the unique student identifier. The department, in turn, will provide summary information to the House Ways and 1 Means Committee, the House Education and Public Works Committee, the Senate Finance Committee and the Senate Education 2 3 Committee on the information. Up to a maximum of \$300,000, of funds may be used to establish an initiative by which qualifying adult education students may qualify for a free high school equivalency test. The Department of Education shall establish guidelines 4 for the free high school equivalency testing initiative. 5 1A.28. (SDE-EIA: Clemson Agriculture Education Teachers) The funds appropriated in Part IA, Section VIII.F. for Clemson 6 Agriculture Education Teachers must be transferred to Clemson University PSA to fund summer employment of agriculture teachers 7 and to cover state-mandated salary increases on that portion of the agriculture teachers' salaries attributable to summer employment. 8 If sufficient funds remain, Clemson University PSA may utilize such funds for a Regional Coordinator. 9 **1A.29.** (SDE-EIA: Full-Day 4K) Eligible students residing in a school district that met the poverty level for participation in the 10 11 prior school year are eligible to participate in the South Carolina Early Reading Development and Education Program in the current school year. Public and private providers shall be funded for instructional costs at a rate of \$4,600 per student enrolled. Eligible 12 students enrolling during the school year or withdrawing during the school year shall be funded on a pro rata basis determined by 13 the length of their enrollment. Private providers transporting eligible children to and from school shall also be eligible for a 14 reimbursement of \$574 per eligible child transported. All providers who are reimbursed are required to retain records as required by 15 their fiscal agent. New providers participating for the first time in the current fiscal year and enrolling between one and six eligible 16 children shall be eligible to receive up to \$1,000 per child in materials and equipment funding, with providers enrolling seven or 17 more such children eligible for funding not to exceed \$10,000. Providers receiving equipment funding are expected to participate in 18 the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate 19 for three years will require the provider to return a portion of the equipment allocation at a level determined by the Department of 20 Education and the Office of First Steps to School Readiness. Funding to providers is contingent upon receipt of data as requested 21 22 by the Department of Education and the Office of First Steps. The Department of Education shall only provide funding for public 23 school students whose complete records have been entered into PowerSchool based on the one hundred and thirty-five day student average daily membership. 24 25 Annually, the Department of Education is directed to audit the annual allocations to public providers to ensure that allocations are accurate and aligned to the appropriate pro rata per student allocation, materials, and equipment funding. In the event the department, 26 27 during the audit process determines that the annual allocations of the prior fiscal year are not accurate, the department must adjust

the allocations for the current fiscal year to account for the audit findings. The department must provide the results of the annual audit findings to the General Assembly no later than December first. Likewise, in the event the Office of First Steps determines that the annual allocations of the prior fiscal year to private providers are not accurate, the Office of First Steps must adjust the allocations

30 the annual allocations of the prior fiscal year to private providers are not accurate, the Office of First Steps must adjust the allocations 31 for the current fiscal year to account for the findings.

32 Of the funds appropriated, \$300,000 shall be allocated to the Education Oversight Committee to conduct an annual evaluation of 33 the South Carolina Child Development Education Pilot Program and to issue findings in a report to the General Assembly by January 34 fifteenth of each year. To aid in this evaluation, the Education Oversight Committee shall determine the data necessary and both

35 public and private providers are required to submit the necessary data as a condition of continued participation in and funding of the

program. This data shall include developmentally appropriate measures of student progress. Additionally, the Department of 1 2 Education shall issue a unique student identifier for each child receiving services from a private provider. The Department of 3 Education shall be responsible for the collection and maintenance of data on the public state funded full day and half-day four-year-old kindergarten programs. The Office of First Steps to School Readiness shall be responsible for the collection and 4 maintenance of data on the state funded programs provided through private providers. The Education Oversight Committee shall 5 use this data and all other collected and maintained data necessary to conduct a research based review of the program's 6 7 implementation and assessment of student success in the early elementary grades along with information, recommendations, and a 8 timeline for how the state can increase the number of students served in high-quality programs. 1A.30. (SDE-EIA: Aid to Districts) Funds appropriated in Part IA, Section 1, VIII.A.1. Aid to Districts shall be dispersed monthly 9

to school districts. For the current fiscal year, the remaining funds shall be allocated to districts based on the number of weighted pupil units.

12 **1A.31.** (SDE-EIA: Centers of Excellence) Of the funds appropriated for Centers of Excellence, \$350,000 must be allocated to the 13 Francis Marion University Center of Excellence to Prepare Teachers of Children of Poverty to expand statewide training for 14 individuals who teach children of poverty through weekend college, nontraditional or alternative learning opportunities.

1A.32. (SDE-EIA: IDEA Maintenance of Effort) Prior to the dispersal of funds appropriated in Section VIII.A.1. Aid to Districts 15 according to Proviso 1A.30 for the current fiscal year, in the event that there is a reduction in state funds or there are changes in the 16 Education Finance Act/Base Student Cost formula that would reduce support for children with disabilities, the Department of 17 Education is authorized to utilize funds appropriated in Section VIII.A.1. Aid to Districts to ensure maintenance of state financial 18 19 support for the IDEA. The department shall distribute these funds using the current fiscal year one hundred thirty-five day Average Daily Membership or as directed by the United States Department of Education. Funds provided for these purposes may not be 20 transferred to any other purpose and therefore are not subject to flexibility. For continued compliance with the federal maintenance 21 22 of state financial support requirements of the IDEA, funding for children with disabilities must, to the extent practicable, be held harmless to budget cuts or reductions to the extent those funds are required to meet federal maintenance of state financial support 23 requirements under the IDEA. In the event cuts to funds that are needed to maintain fiscal effort are necessary, when administering 24 25 such cuts, the department must not reduce funding to support children with disabilities who qualify for services under the IDEA in a 26 manner that is disproportionate to the level of overall reduction to state programs in general. By December first, the department 27 must submit an estimate of the IDEA maintenance of state financial support requirement to the General Assembly and the Governor. 28 For the current fiscal year, the department may carry forward IDEA Maintenance of Effort funds from the prior fiscal year and expend them in the same manner. 29

30 1A.33. (SDE-EIA: Career Cluster Industry Partnerships) From the funds appropriated to the Department of Education, \$800,000 31 must be provided as direct grants to the private sector statewide trade association or educational foundation providing nationally 32 certified programs in career and technology education representing the automotive, construction, engineering, healthcare, mechanical 33 contracting/construction, and hospitality tourism career clusters. Organizations applying for a grant must do so by July thirty-first 34 and the Department of Education must award a minimum of one grant of at least \$150,000 in at least four of these specified career 35 clusters to be used exclusively for career and technology education. The recipient industry organization must conduct end-of-course

exams graded by a national industry organization and must include in their grant request how the money will be spent in direct 1 support of students to further industry-specific career technology education; a description and history of their program nationally and 2 3 within South Carolina; estimates of future employment growth in their industry; and the national scope of their program. By August first of the following year, the organization must submit to the department a report detailing how the grant increased 4 5 industry/employer awareness; the number of increased schools using the industry-based curriculum and partnered with the industry organization; the increased number of students in the program; and an overview and analysis of the organization's statewide student 6 competition. The grant must be used for career awareness programs for that industry cluster; statewide student competitions leading 7 8 to national competitions; teacher development and training; post-secondary scholarships in industry-specific degree programs; student recruitment into that career cluster programs; programs to educate middle and high school Career or Guidance Counselors 9 about the industry; service to disadvantaged youth; and administering business/employer awareness and partnerships which help lead 10 to experience-based, career-oriented experiences including internships, apprenticeships, mentoring, co-op education and service 11 learning. The Office of Career and Technology Education of the department will develop goals with each career cluster on the 12 number of new schools using the industry-based curriculum and partnered with that career cluster organization. These funds may 13 not be used to supplant or replace, in whole or in part, other existing resources/assets sourced outside the present grant being used to 14 provide the same services or programs. Organizations may carry-over grants for up to three years when a large project is identified 15 in the grant application to be used at a future date; otherwise excess funds must be returned to the state. Organizations awarded must 16 submit a semi-annual programmatic and financial report on the last day of December in addition to the final report due August first 17 that has been audited by a third party accounting firm. 18 1A.34. (SDE-EIA: Partnerships/Other Agencies & Entities) For the current fiscal year, agencies and other entities receiving funds 19 appropriated in Part IA, Section 1, VIII. F. will continue to report annually to the Education Oversight Committee (EOC). Any entity 20 receiving funds that must flow through a state agency will receive those funds through the EOC, unless requested in writing by the 21

entity to match federal or other funds. The EOC will make funding recommendations to the Governor and General Assembly as part
 of the agency's annual budget request.

1A.35. (SDE-EIA: ETV Teacher Training/Support) Of the funds appropriated in Part IA, Section 1, VIII.F. South Carolina
 Educational Television must provide training and technical support on the educational resources available to teachers and school
 districts.

1A.36. (SDE-EIA: Teacher Salaries/SE Average) The projected Southeastern average teacher salary shall be the average of the average teachers' salaries of the southeastern states as projected by the Revenue and Fiscal Affairs Office. For the current school year the Southeastern average teacher salary is projected to be \$52,830. The General Assembly remains desirous of raising the average teacher salary in South Carolina through incremental increases over the next few years so as to make such equivalent to the national average teacher salary.

Additionally, for the current fiscal year, a local school district board of trustees must increase the salary compensation for all eligible certified teachers employed by the district by no less than one year of experience credit using the district salary schedule utilized the prior fiscal year as the basis for providing the step. Application of this provision must be applied uniformly for all eligible

certified teachers. For Fiscal Year 2019-20, the requirement that school districts maintain local salary supplements per teacher no

1

PAGE 45

less than their prior fiscal year level is suspended if additional State funds fill the gap. 2 3 Funds allocated by Proviso 1.3 for implementing a revised state minimum salary schedule. for Teacher Salaries must be used to increase salaries of those teachers eligible pursuant to Section 59-20-50(4)(b), to include classroom teachers, librarians, guidance 4 5 counselors, psychologists, social workers, occupational and physical therapists, school nurses, orientation/mobility instructors, and audiologists in the school districts of the state by not less than four percent. Districts must use the district salary schedule utilized 6 7 the prior fiscal year as the basis for providing the increase. For purposes of this provision teachers shall be defined by the Department of Education using the Professional Certified Staff 8 9 (PCS) System. 1A.37. (SDE-EIA: PowerSchool Dropout Recovery Data) With the funds appropriated to the Department of Education for 10 PowerSchool and data collection, the department will begin in the current fiscal year to collect data from schools and school districts 11 on the number of students who had previously dropped out of school and who reenrolled in a public school or adult education to 12 pursue a high school diploma. The Education Oversight Committee working with the Department of Education will determine how 13 to calculate a dropout recovery rate that will be reflected on the annual school and district report cards. The department may carry 14 forward and expend the funds for the same purpose. 15 1A.38. (SDE-EIA: Assisting, Developing and Evaluating Professional Teaching -ADEPT) With funds appropriated in the current 16 fiscal year, the Department of Education, school districts, the Department of Juvenile Justice and special schools of the state may 17 continue implementation of the ADEPT program. Governing boards of public institutions of higher education may provide by policy 18 or regulation for a tuition waiver for the tuition for one three-hour course at that institution for those public school teachers who serve 19 as supervisors for full-time students completing education degree requirements. Unexpended funds appropriated for this purpose 20 may be carried forward from the prior fiscal year into the current fiscal year and expended for the same purposes. 21 22 1A.39. (SDE-EIA: Educational Partnerships) The funds provided to the Center for Educational Partnerships at the College of Education at the University of South Carolina will be used to create a consortium of educational initiatives and services to schools 23 and communities. These initiatives will include, but are not limited to, professional development in writing, geography and other 24 25 content areas; training; research; advocacy; and practical consultancy. The Center will establish collaborative educational enterprises with schools, school districts, parents, communities, and businesses while fulfilling the responsibilities of the School Improvement 26 27 Council Assistance. The Center will focus on connecting the educational needs and goals of communities to improve efficiency and 28 effectiveness. 29 1A.40. (SDE-EIA: STEM Centers SC) All EIA-funded entities that provide professional development and science programming to teachers and students should be included in the state's science, technology, engineering and mathematics education strategic plan. 30 1A.41. (SDE-EIA: EOC Partnerships for Innovation) Of the funds appropriated or carried forward from the prior fiscal year, the 31 Education Oversight Committee is directed to participate in public-private partnerships to promote innovative ways to transform the 32 assessment of public education in South Carolina that support increased student achievement in reading and college and career 33 readiness. The Education Oversight Committee may provide financial support to districts and to public-private partnerships for 34

35 planning and support to implement, sustain and evaluate the innovation and to develop a matrix and measurements of student

academic success based on evidence-based models. These funds may also be used to support the innovative delivery of science, 1 technology, and genetic education and exposure to career opportunities in science, including mobile science laboratory programs, to 2 students enrolled in the Abbeville equity school districts and students in high poverty schools. These funds may also focus on 3 creating public-private literacy partnerships utilizing a 2:1 matching funds provision when the initiative employs research-based 4 5 methods, has demonstrated success in increasing reading proficiency of struggling readers, and works directly with high poverty schools and districts. The committee will work to expand the engagement of stakeholders including state agencies and boards like 6 the Educational Television Commission, businesses, and higher education institutions. The committee shall annually report to the 7 8 General Assembly on the measurement results. 1A.42. (SDE-EIA: Aid to Districts Draw Down) For the current fiscal year, in order to draw down funds appropriated in Part IA, 9 Section 1, VIII.A.1, Aid to Districts, school districts, Palmetto Unified District and the Department of Juvenile Justice must work 10 with local law enforcement agencies, and when necessary, state law enforcement agencies in order to ensure that the district has an 11 updated school safety plan in place. The safety plan must include safety directives in the classroom, a safe student and staff exit 12 strategy and necessary safety staff. Notice of completion of the updated plan must be submitted to the Department of Education no 13 later than September first, of the current fiscal year. In the current fiscal year, school districts may continue to negotiate with local 14 law enforcement for the provision of School Resource Officers. The department must report to the Chairman of the House Ways 15 and Means Committee, the Chairman of the House Education and Public Works Committee, the Chairman of the Senate Finance 16 Committee and the Chairman of the Senate Education Committee by September thirtieth, of the current fiscal year, on any districts 17 that failed to submit an updated plan. 18 1A.43. (SDE-EIA: Education and Economic Development Act Carry Forward) Funds provided for the Education and Economic 19 Development Act may be carried forward into the current fiscal year to be expended for the same purposes by the department, school 20 districts, and special schools. 21 22 1A.44. (SDE-EIA: EEDA Regional Education Centers) Funds appropriated from the EEDA for Regional Education Centers must not be less than \$108,500. 23 1A.45. (SDE-EIA: Teach for America SC) Because Teach For America SC receives EIA funds in the current fiscal year, school 24 25 districts that partner with Teach For America SC are required to provide to Teach For America SC by September first annually, information on the prior year's academic achievement of students who were directly taught by Teach For America corps members. 26 27 The information must be in a format that protects the identity of individual students and must include state assessment data as 28 appropriate. 29 1A.46. (SDE-EIA: EOC-South Carolina Autism Society) Of the funds appropriated in Section 1A, VIII.F. Partnerships, Education Oversight Committee (A85), \$500,000 must be transferred in quarterly installments from the Education Oversight Committee to the 30 South Carolina Autism Society for the Autism Parent-School Partnership Program. Beginning October 10, 2015, the South Carolina 31 Autism Society shall provide a quarterly accounting report to the Chairman of the Senate Finance Committee, the Chairman of the 32 House Ways and Means Committee and the Education Oversight Committee. 33

34 1A.47. (SDE-EIA: CHE/CERRA) The Center for Educator Recruitment, Retention and Advancement (CERRA) must complete 35 periodic evaluations of the institutions currently hosting a Teaching Fellows (TF) program and ensure that the TF programs at the

current host institutions continue to meet the requirements for a TF program as set forth by the CERRA Board of Directors. Further, 1 CERRA will continue implementing a long-range plan for approving additional TF programs at other public, four-year institutions 2 3 who wish to be considered to host a TF program, provided the proposed programs meet the requirements set forth by the CERRA Board of Directors. CERRA will publish TF program criteria and requirements prominently on its website. Any institution who 4 applies but is not selected to host a TF program will be informed in writing of the basis for the selection decision and be offered 5 technical support if the institution elects to reapply. Any institution that applies but is not selected to host a TF program may appeal 6 7 to the Commission on Higher Education. 1A.48. (SDE-EIA: Public Charter Pupil Counts) With funds appropriated to charter schools sponsored by either the South Carolina 8 Public Charter School District or a registered Institution of Higher Education, the sponsor must require each charter school to submit 9 a student attendance report for the 5th, 45th, 90th and 135th days. Reporting requirements shall include both Average Daily Membership 10 and Weighted Pupil Unit membership. The South Carolina Public Charter School District or a registered Institution of Higher 11 Education shall then provide the data for each charter school to the Department of Education. Quarterly, the department will submit 12 the information to the House Ways and Means Committee, the House Education and Public Works Committee, the Senate Finance 13 Committee and the Senate Education Committee. 14 The South Carolina Public Charter School District or a registered Institution of Higher Education must also require each virtual 15 charter school to collect the following information: (1) the reason or reasons why each student enrolled in the virtual charter school 16 district from both the parent(s) and the referring school district; and (2) the reason or reasons why a student withdrew from the virtual 17 charter school district. This data must be provided to the Department of Education quarterly and must include the unique student 18 identifier. The department, in turn, will provide summary information to the House Ways and Means Committee, the House 19 Education and Public Works Committee, the Senate Finance Committee and the Senate Education Committee on the enrollment and 20 withdrawal information on June 30th of the current fiscal year. 21 22 1A.49. (SDE-EIA: South Carolina Public Charter School Funding) The funds appropriated in Part IA, Section VIII.H.- South Carolina Public Charter School Statewide Sponsor must be allocated in the following manner to students at charter schools within 23 the South Carolina Public Charter School District or within a registered Institution of Higher Education: Pupils enrolled in virtual 24 25 charter schools sponsored by the South Carolina Public Charter School District or a registered Institution of Higher Education shall receive \$1,900 per weighted pupil and pupils enrolled in brick and mortar charter schools sponsored by the South Carolina Public 26 27 Charter School District or a registered Institution of Higher Education shall receive \$3,600 per weighted pupil. Three and four year old students with a disability, who are eligible for services under IDEA and enrolled in brick and mortar charter schools sponsored 28 by the South Carolina Public Charter School District or registered IHE, shall receive \$3,600 per student for brick and mortar charter 29 30 schools. Three and four year old students with a disability, who are eligible for serves under IDEA and enrolled in charter schools sponsored by the South Carolina Public Charter School District or a registered IHE, shall be included in student counts for the South 31 Carolina Public Charter School District and registered IHE's solely for purposes of funding under this proviso. Any unexpended 32 funds, not to exceed ten percent of the prior year appropriation, must be carried forward from the prior fiscal year and expended for 33 the same purpose. Any unexpended funds exceeding ten percent of the prior year appropriation must be transferred to the Charter 34 School Facility Revolving Loan Program established in Section 59-40-175. For Fiscal Year 2019-20, the timelines set forth for 35

ruling on charter school applications are extended for sixty calendar days for all applications submitted to the South Carolina Public 1 Charter School District if the district determines that an applicant should be permitted to amend its application to meet the 2 3 requirements of Section 59-40-60 and Section 59-40-70, of the 1976 Code, based on an applicant's proposal to address an existing achievement gap utilizing an evidence-based educational program in an underserved geographical area of the state including, but not 4 limited to, charter schools proposed to be located in any school district that is a plaintiff in the Abbeville law suit. The South Carolina 5 Public Charter School District shall report to the Senate Finance Committee and the House Ways and Means Committee on the 6 7 outcomes of this extended time for a hearing at the end of the application cycle. In addition, from the EIA funds appropriated in and carried forward from Act 97 of 2017, the Department of Education shall 8 distribute to the South Carolina Public Charter School District, an amount equal to \$3,600 per pupil for three and four year old 9 students with a disability, who were eligible for services under IDEA and who were enrolled in brick and mortar charter schools 10 11 sponsored by the district or registered institution of higher education during the 2017-2018 School Year and for whom EIA funding previously was not provided. The district shall distribute the funds on a per pupil basis to the charter schools which provided the 12 IDEA services and shall not retain any portion thereof. The schools shall submit documentation of the student count to both the 13 district and the department before the funds are dispersed. 14 The Education Oversight Committee shall issue a report to the General Assembly recommending one or more funding systems for 15 charter schools using such indicators as graduation rate and academic achievement data. At a minimum the report will break out 16 graduation and achievement data by school. Any charter school receiving funding pursuant to this proviso must send the required 17 information to the Education Oversight Committee by October 1 and the Education Oversight Committee shall issue its report to the 18 General Assembly by June 1. Any school failing to report this information to the Education Oversight Committee shall have one 19 percent of the funds received pursuant to this proviso withheld until they become compliant with the data submission requirements. 20 1A.50. (SDE-EIA: CDEPP Student Information and Reporting) For the current fiscal year, the Department of Education and the 21 Office of First Steps to School Readiness must acquire unique student identifiers or SUNS numbers for each student enrolled in the 22 CDEPP program no later than the 45th day and must provide a report of such to the House Ways and Means Committee, the House 23 Education Committee, the Senate Finance Committee, the Senate Education Committee and the Education Oversight Committee by 24 November thirtieth. The Department of Education and the Office of First Steps to School Readiness must provide any information 25 26 required by the Education Oversight Committee for the annual CDEPP report no later than November thirtieth.

1A.51. (SDE-EIA: Rural Teacher Recruiting Incentive) (A) There is created a program within the South Carolina Center for
 Educator Recruitment, Retention, and Advancement (CERRA) to recruit and retain classroom educators in rural and underserved
 districts experiencing excessive turnover of classroom teachers on an annual basis.

(B) During the current fiscal year CERRA shall publish eligibility requirements and applications for individual educators, school
 districts, and institutions of higher education not inconsistent with existing licensure requirements for each, but also including:

(1) Eligible districts identified by CERRA as experiencing greater than eleven percent average annual teacher turnover, as
 reported on the districts' five most recent district report cards issued by the South Carolina Department of Education and are not one
 of the fifteen wealthiest districts based on the index of taxpaying ability, may make application to participate in the program.

1 (2) Individuals eligible for incentives shall be willing to provide instructional services in an eligible district in exchange for 2 participation in an incentive detailed in item (C) of this section, pursuant to the obligations and restrictions stated for each.

3 (3) Institutions of higher education eligible to receive education funding as a component of recruiting incentives created 4 pursuant to item (C) of this section shall not be excluded from participation in Teaching Fellows Program.

5 (4) Any incentives requiring individuals to relocate into an eligible district to provide instructional services shall not be 6 made available to individuals providing instructional services in other eligible districts.

(C) Pursuant to item (A), CERRA shall develop a set of incentives including, but not limited to, salary supplements, education
subsidies, loan forgiveness, professional development, and mentorship to be provided to classroom educators that offer instructional
services in eligible districts and shall provide incentive options for eligible individuals at all stages of their careers, including
high-school and college or university students interested in entering the teaching profession and including individuals entering the
field through an alternative certification pathway to include, but not limited to, PACE, ABCTE, Teach for American and CATE
Work-Based Certification.

13 At a minimum, the incentives shall include:

(1) Development of a program for forgiveness of undergraduate student loans, not to exceed \$5,000 per year, for up to 7
 years, for teachers participating in this incentive that achieve certification through an alternative pathway or who have a loan from
 an institution other than the South Carolina Student Loan Corporation or program other than the South Carolina Teachers Loan
 Program.

18 (2) Development of a forgivable loan program for individuals pursuing graduate coursework in furtherance of a teaching 19 career, including enrollment in graduate-level coursework necessary to seek additional credentialing or certification relevant to the 20 participant's teaching practice, or individuals seeking an alternative pathway to certification as a teacher.

(3) Support for the establishment and maintenance of a teaching mentorship program, including salary supplements for
 teaching mentors not to exceed \$2,500 per year.

(4) Other technical support and recruiting incentives as developed by CERRA in conjunction with the Department of
 Education and the Education Oversight Committee consistent with the objectives of this section.

(D) In addition to eligibility and application requirements, CERRA shall develop a process for recovering an amount equal to the incentives given to individual participants who fail to comply with the obligations associated with a relevant incentive in which they participate including, but not limited to, failure to complete a prescribed course of study, failure to obtain a relevant certification or licensure upon completion of a course of study, or failure to provide instructional services in an eligible district for a prescribed period of time.

30 (E) CERRA shall report by July thirty-first of the current fiscal year to the Governor, President of the Senate, and Speaker of the 31 House on the incentives developed pursuant to item (C) of this section and make recommendations for attracting and retaining high 32 quality teachers in rural and underserved districts. The report shall contain at a minimum eligibility requirements and application 33 processes for districts and individuals, descriptions of and proposed budgets for each incentive program and an analysis of the number 34 and demographics of individuals potentially eligible for each.

1	(F) Funds appropriated or transferred for use in the Rural Teacher Recruiting Incentive may be carried forward from prior fiscal
2	years and used for the same purpose.
3	1A.52. (SDE-EIA: Project Read) Of the funds appropriated in Section 1A. VIII.A.3. for Reading, \$500,000 must be used for
4	teacher in-service training and professional development related to Project Read. The department may set accountability guidelines
5	to ensure that funds are spent in accordance with the proviso.
6	1A.53. (SDE-EIA: Reading/Literacy Coaches) (A) Funds appropriated for Reading/Literacy Coaches must be allocated to school
7	districts by the Department of Education as follows: for each primary and elementary school, the school district shall be eligible to
8	receive up to \$62,730 or the actual cost of salary and benefits for a full-time reading/literacy coach.
9	(B) By accepting these funds, a school district warrants that they will not be used to supplant existing school district expenditures,
10	except for districts that either are currently, or in the prior fiscal year, were paying for reading/literacy coaches with local funds. A
11	district may only utilize these funds to employ reading/literacy coaches that may serve in a primary, elementary, or middle school or
12	a combination of these schools depending on the area of highest need in the district except in the event that the district can request
13	and receive a waiver from the Department of Education to expend the funds on interventionists who spend more than fifty percent
14	of their time providing direct support to struggling readers in grades kindergarten through grade five. The school district must align
15	the placement of coaches to the district reading plan that is approved by the department.
16	(C) Funds appropriated for reading/literacy Coaches are intended to be used to provide primary, elementary, and/or middle
17	schools with reading/literacy coaches who shall serve according to the provisions in Chapter 155 of Title 59.
18	(D) Schools and districts accepting funding to support a coaching position agree that the reading/literacy coach must not serve as
19	an administrator. If the department finds that school districts are using these funds for administrative costs as defined in statute they
20	must withhold that districts remaining balance of funds allocated pursuant to this proviso.
21	(E) The Department of Education must publish guidelines that define the minimum qualifications for a reading/literacy coach.
22	These guidelines must deem any licensed/certified teacher qualified if, at a minimum, he or she:
23	(1) holds a bachelor's degree or higher and an add-on endorsement for literacy coach or literacy specialist; or
24	(2) holds a bachelor's degree or higher and is actively pursuing the literacy coach or literacy specialist endorsement; or
25	(3) holds a master's degree or higher in reading or a closely-related field.
26	Within these guidelines, the Department of Education must assist districts in identifying a reading/literacy coach in the event that
27	the school is not successful in identifying and directly employing a qualified candidate. The provisions of subsection (A), including
28	the local support requirements, shall also apply to any allocations made pursuant to this paragraph.
29	(F) The Department of Education must develop procedures for monitoring the use of funds appropriated for reading/literacy
30	coaches to ensure they are applied to their intended uses and are not redirected for other purposes. The Department of Education
31	may receive up to \$100,000 of the funds appropriated for reading/literacy coaches in order to implement this program, provided that
32	this allocation does not exceed the department's actual costs.
33	(G) Prior to the close of the current fiscal year, any unspent or unallocated funds for reading/literacy coaches shall be used to fund
34	Summer Reading Camps.

(H) For the current school year, the Department of Education shall screen and approve the hiring of any reading/literacy coach 1 serving in a school in which one third or more of its third grade students scoring at the lowest achievement level on the statewide 2 3 summative English/language arts assessment. No funds shall be disbursed to the district to fund the reading/literacy coach until the department has screened and approved the coach. Schools in which at least sixty percent of students scored at meets or exceeds 4 expectations on the state summative assessment in English/language arts may submit, as part of their reading plan, a request to the 5 department for flexibility to utilize their allocation to provide literacy support to students, which may include, but is not limited to: 6 7 a reading coach, a literacy interventionist, or other supplemental services directed to students in need of interventions. This plan must be approved by the department annually as part of the district reading plan. 8

9 (I) The Department of Education shall require:

10 (1) any school district receiving funding under subsection (A) to identify the name and qualifications of the supported 11 reading/literacy coach; as well as the school in which the coach is assigned; and

12

(2) any school district receiving funding under subsection (G) to account for the specific amounts and uses of such funds.

(J) With the data reported by the school districts, the department shall report by January fifteenth of the current fiscal year on the hiring of and assignment of reading/literacy coaches by school. The department shall also report the amount of funds that will be used for Summer Reading Camps.

16 (K) Funds appropriated for reading/literacy coaches shall be retained and carried forward to be used for the same purpose but 17 may not be flexed.

1A.54. (SDE-EIA: Digital Instructional Materials) The Department of Education shall continue to create an instructional materials 18 list composed of those items (print and/or digital) that have received State Board of Education approval through the normal adoption 19 process. The department shall continue to work with the publishers of instructional materials to ensure that districts have options for 20 print/digital student materials to include class sets of print student editions, if needed. Funds appropriated for the purchase of 21 22 instructional materials (print/digital) may be used for reimbursing school districts to offset the costs of refurbishing science kits on the state-adopted instructional materials inventory, purchasing new kits or those adopted as supplemental from the central textbook 23 depository, or a combination of refurbishment and purchase. The refurbishing cost of kits may not exceed the cost of the 24 25 state-adopted refurbishing kits plus a reasonable amount for shipping and handling. Costs for staff development, personnel costs, equipment, or other costs associated with refurbishing kits on state inventory are not allowable costs. Funds provided for Instructional 26 27 Materials may be carried forward from the prior fiscal year into the current fiscal year to be expended for the same purposes by the department, school districts, and special schools. These funds are not subject to flexibility. 28

1A.55. (SDE-EIA: 4K Early Literacy Competencies Assessments) Of the funds carried forward from the full-day 4K program from the previous fiscal year, the Department of Education is authorized to expend up to \$800,000 on assessments and professional development to analyze the early literacy competencies of children in publicly funded prekindergarten. If these funds are not available, funds appropriated and/or authorized for assessment shall be used to administer the prekindergarten assessments. The department shall manage the administration of assessments that analyze the early literacy and language development of children in publicly funded prekindergarten as done in the prior fiscal year. Each school district and private provider participating in a publicly funded prekindergarten program will administer one of the formative assessments selected by the department to each child eligible

for and enrolled in a publicly funded prekindergarten program during the first forty-five days of the school year and during the last 1 forty-five days of the school year. Accommodations that do not invalidate the results of these assessments must be provided in the 2 3 manner set forth by the student's Individualized Education Program or 504 Accommodations Plan and for students who are Limited English Proficient according to their LEP Plan. The department will provide the assessment data to the Education Oversight 4 5 Committee. The results of the assessment and the developmental intervention strategies recommended or services needed to address the child's identified needs must also be provided, in writing, to the parent or guardian. The assessment may not be used to deny a 6 7 student to admission to prekindergarten. 8 Furthermore, up to \$2,000,000 of the funds appropriated for half-day programs for four-year-olds and funds carried forward from assessment must be expended by the Department of Education to administer the Kindergarten Readiness Assessment (KRA) to each 9 child entering kindergarten in the public schools. The assessment of kindergarten students must be administered at a minimum of 10 11 once during the first forty-five days of the school year with the results collected by the department. The results of the assessments and the developmental intervention strategies recommended or services needed to address each child's identified needs must also be 12 provided, in writing, to the parent or guardian. The assessment may not be used to deny a student admission to kindergarten. 13 Accommodations that do not invalidate the results of these assessments must be provided in the manner set forth by the student's 14 Individualized Education Program, 504 Accommodations Plan, or LEP Plan. Districts are given the option of designating up to two 15 days of the one hundred eighty day school calendar to administer the assessment to kindergarten students. The department will also 16 provide the results of the assessment of kindergarten students to the Education Oversight Committee. With available funds, the 17 department will also provide or secure training for appropriate educators in how to administer the assessment. 18 For all students assessed with the Kindergarten Readiness Assessment (KRA), the Department of Education is required to collect 19 data from schools and school districts on the prior early learning experience of each student. The data would include whether the 20 kindergartener had attended in the prior school year a Head Start program, a South Carolina Early Reading Development and 21 22 Education Program in a public school or a private center, a half-day 4K program in a public school, a full-day 4K program in a public school, a child care center (registered faith-based, registered family home, group home, or exempt provider) or informal child care. 23 1A.56. (SDE-EIA: CDEPP Unexpended Funds) For Fiscal Year 2018-19, the Office of First Steps to School Readiness is 24 25 permitted to retain the first \$1,000,000 of any unexpended CDEPP funds of the prior fiscal year and expend these funds to enhance the quality of the full-day 4K program in private centers and provide professional development opportunities. 26 27 By August first, the Office of First Steps is directed to allocate any additional unexpended CDEPP funds from the prior fiscal year 28 and any CDEPP funds carried forward from prior fiscal years that were transferred to the restricted account for the following purpose: Education Oversight Committee - \$1,000,000 for the South Carolina Community Block Grants for Education Pilot Program. 29

If carry forward funds are less than the amounts appropriated, funding for the items listed herein shall be reduced on a pro rata
 basis.

If by August first, the Department of Education or the Office of First Steps determines there will be funds available, funds shall be allocated on a per pupil basis for districts eligible for participation first, who have a documented waiting list, and funded an extended program per this proviso in the prior school year, then to districts to increase the length of the program to a maximum of eight and a half hours per day or two hundred and twenty days per year or to fund summer programs. By August 1, the Department

of Education and the Office of First Steps must collect the documented waiting lists and determine a process to notify parents of 1 eligible students of available slots in all approved providers. If a district chooses to fund summer enrollment the program funding 2 3 shall conform to the funding in this act for full year programs, however shall be reduced on a pro rata basis to conform with the length of the program. A summer program shall be no more than eight and a half hours per day and shall be not more than ten weeks 4 5 in length. The per pupil allocation and classroom grant must conform with the appropriated amount contained in this Act and end of year adjustments shall be based on the one hundred and thirty five day student average daily membership or later student average 6 daily membership for districts choosing to extend the program past one hundred and eighty days. Funds may also be used to provide 7 8 professional development and quality evaluations of programs. No later than April first, the Department of Education and the Office of First Steps must report to the Chairman of the Senate 9 Finance Committee and the Chairman of the House Ways and Means Committee on the expenditure of these funds to include the 10 11 following information: the amount of money used and specific steps and measures taken to enhance the quality of the 4K program and the amount of money used for professional development as well as the types of professional development offered and the number 12 13 of participants. 1A.57. (SDE-EIA: Industry Certifications/Credentials) Of the funds appropriated for Industry Certifications/Credentials, 14 \$3,000,000 must be allocated to school districts based upon the number of national industry exams administered in the prior school 15 year with each district receiving a base amount of \$10,000. The department will identify the national industry exams that will be 16 funded based upon the job availability in the state. School districts may carry forward funds from the prior fiscal year into the current 17 fiscal year and expend the funds for the cost of national industry exams. The department shall work with the Department of 18 Commerce, the Department of Employment and Workforce, state and local chambers of commerce and economic development 19 offices and the Tech Board to ensure that students are aware of the industry required credentials for current job availability in the 20 state organized by region. Any additional funds appropriated must be allocated to school districts based upon the number of national 21 22 industry exams/credentials earned in the prior school year, and districts must expend these funds to pay for the cost of industry exams or to support students in preparing for the exams in the current fiscal year. 23 1A.58. (SDE-EIA: Career and Technology Education) Funds appropriated for Career and Technology Education will be 24 distributed to school districts and multi-district career centers based on the prior year actual student enrollment for career and 25 technology education courses, with no district or multi-district career center receiving less than \$50,000. Funds may be expended 26 27 for the purchase of career and technical equipment, the up fitting of facilities and the purchase of consumables, regional career specialists, and such evidence-based initiatives like High Schools that Work and Project Lead the Way. Each district must include 28 in the district plan submitted to the Office of Career and Technology Education information on other career and technical equipment 29 30 available. The district must include, at a minimum, equipment located at the career center and at the technical college, information on the alignment of equipment to current industry jobs and needs in the state as recommended by career and technical program 31

32 advisory committees. District plans must include charter schools within the school district offering at least one career and technical

33 education completer program. School districts and career centers may carry forward unexpended funds to be used for the same

34 intended purposes to up fit career and technical facilities and replace career and technical program consumables. In addition,

PAGE 54

\$125,000 of the funds appropriated shall be allocated to the Palmetto Partners for Science and Technology for robotics competition,
 curriculum, and support.

3 1A.59. (SDE-EIA: Family Connection South Carolina) Funds appropriated in Part IA, Section 1, VIII.F, Partnerships, for Family Connection South Carolina (H63), shall be transferred in quarterly installments from the Department of Education to Family 4 5 Connection South Carolina. Funds shall be used to provide support to families of children with disabilities. Support shall include, home visits, transition assistance, education assistance, parent support and parent training. The department shall establish guidelines 6 7 through which Family Connection South Carolina shall provide planning documents to the department not later than July fifteenth 8 of the current fiscal year, and quarterly reporting of expenditures thereafter; and a performance report submitted annually. 1A.60. (SDE-EIA: Low Achieving Schools) Of the funds appropriated to the Education Oversight Committee for Partnerships 9 for Innovation, \$500,000 shall be allocated to parent support initiatives and afterschool programs in historically underachieving 10 communities. 11

12 **1A.61.** (SDE-EIA: Assistance Funding) For the current fiscal year, any funds appropriated to the Department of Education to 13 assist districts that are or were Plaintiffs in the Abbeville law suit and funding appropriated to the department to provide technical 14 assistance to underperforming districts may not be transferred to any other program, are not subject to flexibility, and may be carried

15 forward and expended for the same purposes.

1A.62. (SDE-EIA: National Board Certification Incentive) Public school classroom teachers, to include teachers employed at the 16 special schools or classroom teachers who work with classroom teachers, to include teachers employed at the special schools who 17 are certified by the State Board of Education and who have been certified by the National Board for Professional Teaching Standards 18 or completed the application process prior to July 1, 2010 shall be paid a \$7,500 salary supplement beginning July first in the year 19 following the year of achieving certification, beginning with 2009 applicants. The special schools include the Governors School for 20 Science and Math, Governors School for the Arts and Humanities, Wil Lou Gray Opportunity School, John de la Howe School, 21 22 School for the Deaf and the Blind, Department of Juvenile Justice and Palmetto Unified School District 1. The \$7,500 salary supplement shall be added to the annual pay of the teacher for the length of the national certificate. However, the \$7,500 supplement 23 shall be adjusted on a pro rata basis for the teachers FTE and paid to the teacher in accordance with the districts payroll procedure. 24 25 In addition, teachers who have applied prior to July 1, 2010 and are certified by the National Board for Professional Teaching 26 Standards shall enter a recertification cycle for their South Carolina certificate consistent with the recertification cycle for national 27 board certification. National board certified teachers who have been certified by the National Board for Professional Teaching 28 Standards or completed the application process prior to July 1, 2010 moving to this State who hold a valid standard certificate from their sending state are exempted from initial certification requirements and are eligible for a professional teaching certificate and 29 30 continuing contract status. Their recertification cycle will be consistent with national board certification. For the current fiscal year the salary supplement will be \$5,000 for public school classroom teachers, to include teachers employed 31

at the special schools or classroom teachers who work with classroom teachers, to include teachers employed at the special schools
 who are certified by the State Board of Education and who complete the application process on or after July 1, 2010, beginning in

34 the year of achieving certification and applies uniformly to all teachers covered under Section 59-26-85(A)(2) of the 1976 Code.

35 The special schools include the Governors School for Science and Math, Governors School for the Arts and Humanities, Wil Lou

Gray Opportunity School, John de la Howe School, School for the Deaf and the Blind, Department of Juvenile Justice and Palmetto 1 Unified School District 1. The \$5,000 salary supplement shall be added to the annual pay of the teacher, not to exceed the lesser of, 2 3 the length of one national certificate cycle. However, the \$5,000 supplement shall be adjusted on a pro rata basis for the teachers 4 FTE and paid to the teacher in accordance with the districts payroll procedure. Teachers eligible to receive the state supplement upon achieving certification must have submitted the initial application and fee 5 6 for NBPTS in Fiscal Year 2017-18. The department is authorized to carry forward funds and only expend them for the same purpose. 7 Appropriations in excess of applicable expenditures shall be distributed to school districts based on the EFA formula. 8 1A.63. (SDE-EIA: Value-Added Accountability) With the funds appropriated for School Value Added Instrument in the current fiscal year the Department of Education shall use the education value-added assessment system that was procured and administered 9 in the prior fiscal year to calculate the magnitude of student progress or growth at the school level for purposes of state and federal 10 11 accountability. At the discretion of the local school district, a district may use the education value-added assessment system to evaluate classroom teachers using student progress or growth. The estimates of specific teacher effects on the educational progress 12 of students will not be a public record and shall be made available only to the specific teacher, principal and superintendent. In the 13 current fiscal year, the Department of Education is directed to procure a value-added assessment system, which calculates student 14 growth and includes the measurement of magnitude of growth, to be used in future school years that meets the requirements of the 15 state and federal accountability system as defined in Chapter 18 of Title 59 of the 1976 Code. 16 1A.64. (SDE-EIA: Educator Preparation Provider) Of the funds carried forward from the prior fiscal year, the department is 17 authorized to use up to \$300,000 to develop a data system to house post-certification data and employment for Education Preparation 18 Provider (EPP) completers in accordance with S.C. Code Reg. 43-90. The system must provide the department with the ability to 19 collect, store, and disseminate data elements needed for national accreditation of providers. Such data shall be exempted from 20 disclosure under Section 30-4-40 of the 1976 Code, the South Carolina Freedom of Information Act. 21 22 1A.65. (SDE-EIA: Alternative Commitment to Truancy) As part of its plan for an alternative school, a school district receiving funds from the Department of Education for an alternative school shall identify available alternatives to commitment for children 23 whose truancy is approaching the level of being referred to family court. When proceeding under Section 59-65-50 of the 1976 Code 24 25 to bring an individual case before the family court, the school district must present this plan as well as the district's efforts with respect to the individual child to the court. Each school district's plan under this proviso shall include possible assignment to 26

27 alternative school for a non-attending child before petitioning the court.

1A.66. (SDE-EIA: McCormick County Schools) The Department of Revenue must directly allocate the funds appropriated under VIII. F. Partnerships for John de la Howe for teacher salaries to McCormick County School District to create a school within a school program to educate at-risk students, including students at John de la Howe who attend McCormick County schools. The program must use an accelerated curriculum which utilizes multimedia/ multimodal learning activities to ensure academic success and development of leadership and communication skills.

1A.67. (SDE-EIA: Grants Committee) Of the funds appropriated to the Department of Education for Innovation Grants, the grants
 committee, in Fiscal Year 2019-20, shall give priority to funding projects funded by the Education Oversight Committee Partnerships

of Innovation in the prior fiscal year while keeping with its established criteria. Additionally, the committee shall accept applications

The Superintendent of Education is directed to appoint an independent grants committee to develop the process for awarding the

per the established process for new grantees not to exceed the amount appropriated by the General Assembly.

1

2 3

grants or directly purchasing services. The committee members shall serve four year terms. The process shall include the application 4 5 procedure, selection process, and matching grant formula if applicable. The grants committee must be comprised of seven members, three members selected from the education community and four members selected from the business community. The chairman of 6 the committee shall be selected by the committee members at the first meeting of the committee. The suggested criteria for awarding 7 the grants to schools or school districts or directly purchasing services must include, but are not limited to: 8 (1) a demonstrated ability to meet the match throughout the granting period; 9 (2) a demonstrated ability to implement the initiative or model as set forth in the application; 10 (3) identification of key measurable benchmarks in the education continuum that must be improved to raise student 11 achievement and ensure all students graduate college, career and civic ready; 12 (4) a demonstrated ability to be both replicable and scalable with priority given to those projects that focus on applied learning 13 opportunities and experiences, especially in the STEM or STEAM fields; 14 (5) blended and personalized learning focused on content mastery and experiential learning; and 15 (6) innovative strategies to close student achievement gaps, with a focus on below average and unsatisfactory schools. 16 No matching amount will exceed more than seventy percent of the grant request or be less than ten percent of the request. The 17 required match may be met by funds or by in-kind donations, such as technology, to be further defined by the grants committee. 18 Public school districts and schools that have high poverty and low achievement will receive priority for grants when their applications 19 are judged to meet the criteria established for the grant program. The committee shall submit an annual report to the Governor, the 20 Chairman of House Ways and Means and the Chairman of Senate Finance by June 30, 2020. 21 22 Grantees and service providers will be required to participate in an external evaluation as prescribed by the committee and agreed upon in the application and award process. 23 1A.68. (SDE-EIA: Teacher Loan Program) With the funds appropriated for the Teacher Loan Program and with funds in the 24 25 revolving fund, in the current fiscal year the annual maximum award for eligible juniors, seniors and graduate students is \$7,500 per 26 year and the aggregate maximum loan amount is \$27,500. 27 1A.69. (SDE-EIA: Digital Learning Plan) The Education Oversight Committee is responsible for implementing the second year of a pilot program for alternative methods of instruction for make-up days. The five school districts that participated in the initial 28 pilot program in the prior fiscal year shall have the option of continuing to participate during the current fiscal year. As a condition 29 of their continued participation, these five school districts shall assist the committee in reviewing and approving additional school 30 districts to participate in the second year of the pilot program and shall provide technical assistance and support to new districts 31 participating in the pilot. From funds available to the committee, the committee is authorized to allocate funds to the five districts 32 for providing technical support to the new districts participating in the pilot program. 33 All districts participating in the pilot in the current fiscal year shall utilize alternative methods of instruction which may include, 34 but are not limited to, online or virtual instruction for scheduled make up time. All make up time must reflect the number of hours 35

of the make-up days the instruction will cover. All make up time must meet state requirements for elementary and secondary school 1 2 days. All districts shall continue to report to the Department of Education all days missed, reasons for the absences, days made up, 3 and now the alternative method of instruction used. The Education Oversight Committee shall work with the Educational Television Commission (ETV) and the State Library to utilize and coordinate available ETV and State Library resources and explore alternative 4 5 means of delivery to districts that may lack proper access to online instruction. All school districts shall report the following information to the Education Oversight Committee by April 1, 2020: method(s) of implementation utilized, advantages and 6 7 disadvantages of the method(s) used, any feedback received from administrators, teachers, parents or guardians, and recommendations for how the program can be implemented statewide. 8 By June 1, 2020 the Education Oversight Committee shall report to the Governor, the General Assembly, the Department of 9

Education, and the State Board of Education a plan for implementing the eLearning program for make-up days statewide.

11 1A.70. (SDE-EIA: School Safety Program) Funds appropriated for the School Safety Program and School Resource Officers shall be utilized by the department for the purpose of hiring certified law enforcement officers to serve as a school resource officer for 12 school districts that otherwise would lack the adequate resources to hire their own school resource officers. In making determinations 13 of eligibility the department shall use the most recent index of taxpaying ability as the district's indicator of ability to pay, with 14 districts of the lowest index of taxpaying ability receiving priority consideration. Districts must apply for funding through the 15 department and no districts shall receive an award of more than four certified school resource officer positions. In making awards 16 the department shall provide funding directly to the local law enforcement agency to pay for the cost of the law enforcement officer 17 that will serve as a full-time school resource officer. The department is authorized to carry forward funds and utilize these funds for 18 19 the same purpose.

1A.71. (SDE-EIA: Teacher Recruitment Program) On or before September 30th of Fiscal Year 2019-20 following the 20 development of accountability metrics, \$750,000 of the funds appropriated in this Act to the Department of Education for "Rural 21 22 Teacher Recruitment" shall be allocated to the University of South Carolina's College of Education (COE) for the development and implementation of a new teacher recruitment pilot program to be administered by the COE in partnership with the Center for Teaching 23 Quality (CTO). The purpose of the pilot program shall be the employment of innovative and cost-effective teacher recruitment 24 25 strategies, customized training for new teachers, and dedicated, ongoing mentoring support. The pilot program shall compliment 26 and/or enhance the state's ongoing rural teacher recruitment initiatives such as those supported pursuant to Part 1A.54 of this Act. 27 At minimum, the pilot program must assist no fewer than ten school districts to include at least four districts along the 1-95 corridor 28 and serve no fewer than 250 teacher candidates. The pilot program shall stipulate reasonable fees for participating candidates and districts and districts shall agree to release time for required on site mentors who shall be experienced, practicing teachers within the 29 30 district for the purposes of co-teaching with and supporting candidates' development. Within participating districts, the pilot program shall emphasize high-need schools and within selected schools, the emphasis shall be on developing teacher candidates teaching in 31 high-need subject areas to include, but not be limited to, STEM and special education with all candidates receiving training in literacy 32 skills. The pilot program design shall be based on emerging empirical evidence of effective teacher education as well as best practices 33 from recent innovations in university-based and alternative certification and residency programs for the dual purpose of recruiting 34 needed candidates with equal focus on retaining accomplished, experienced teachers utilizing, in part, a model which contains 35

intensive mentoring and support for candidate teachers. Before any funds are disbursed to the COE, the COE and CTQ shall develop 1 accountability metrics for the pilot program that must include, at minimum, employment outcome indicators such as job placement 2 3 and retention statistics as well as survey instrumentation in order to measure candidate, mentor, and principal satisfaction with the pilot program. No later than June 30th, program data and evidence collected as a result of this accountability requirement must be 4 5 shared in report form with the Department of Education, the Education Oversight Committee, the South Carolina Center for Educator Recruitment, Retention, and Advancement, the Commission on Higher Education, the Chairman of the Senate Education Committee, 6 7 the Chairman of the House Education and Public Works Committee, the Chairman of the House Ways and Means Committee and 8 the Chairman of the Senate Finance Committee. 1A.72. (SDE: Bridge Program) Of the funds appropriated for "Rural Teacher Recruitment" in Fiscal Year 2019-20, \$1,400,000 9 shall be transferred to South Carolina State University for the implementation and enhancement of a BRIDGE program to recruit 10 11 minority high school students along the I-95 corridor into the teaching profession by offering them, while still in high school, access to counseling, mentoring, on campus summer enrichment programs, and opportunities for dual enrollment credits at South Carolina 12 State University for the purpose of preparing these students to major in education and to become future teachers along the I-95 13 corridor. South Carolina State University must utilize \$400,000 of these funds to partner with one or more institutions of higher 14 education to establish a similar bridge program. 15

16 dministration by October first of each fiscal year.

END OF PART IB – OPERATION OF STATE GOVERNMENT, SECTIONS 1 AND 1A

SOUTH CAROLINA REVENUE AND FISCAL AFFAIRS OFFICE

FRANK A. RAINWATER Executive Director

August 23, 2019

EDWARD B. GRIMBALL, Chairman

HOWELL CLYBORNE, JR.

EMERSON F. GOWER, JR.

The Honorable Molly Spearman State Superintendent of Education South Carolina Department of Education 1429 Senate Street Columbia, S.C. 29201

Dear Superintendent Spearman:

This letter is in response to the statutory provisions regarding annual estimates of the EFA base student cost and inflation factor, Southeastern average teacher salary, weighted pupil units, and EIA revenue for FY 2020-21. Additionally, we have included the average daily membership for FY 2020-21. We are pleased to provide you with the following estimates and will be happy to answer any questions you may have.

EFA Base Student Cost and Inflation Factor

Our estimate of the base student cost for FY 2020-21 is \$3,164. This is 2.2 percent above the estimate provided for the FY 2019-20 budget. The FY 2020-21 estimate is based upon the latest data reported for public school employee wages. Public school employee wages are growing at a rate of 1.8 percent through the end of 2018. Therefore, we have incorporated a 1.8 percent growth rate into our estimate for future years. The FY 2020-21 estimate and inflation factor are as follows:

FY 2019-20	FY 2020-21	
Base Student Cost Provided for	Current Base Student Cost	Inflation Factor
Budget	Estimate	
\$3,095	\$3,164	2.2%

Southeastern Average Teacher Salary Projections

Our estimate of the Southeastern average teacher salary for FY 2020-21 is \$54,165. Many of the Southeastern states have not reported a final average teacher salary for FY 2018-19. Therefore, our estimate for teacher salary growth also reflects an estimated growth of 1.8 percent for this year, based upon public school employee wages. The latest estimates and revisions are provided in the attached table. The Honorable Molly Spearman Page 2 of 3 August 23, 2019

Average Daily Membership and Weighted Pupil Estimates

We estimate the average daily membership (ADM) for FY 2020-21 to be 722,760 for the regular school districts, excluding special districts and the two charter school districts. For information, we estimate the total ADM for the two charter school districts to be 37,351 for FY 2020-21. The charter school districts include the South Carolina Public Charter School District and the Charter Institute at Erskine.

We estimate the weighted pupil units (WPU) for FY 2020-21 to be 993,663 for the regular school districts, excluding special districts and the two charter school districts. For information, we estimate the total WPU for the South Carolina Public Charter School District and the Charter Institute at Erskine to be 48,095 for FY 2020-21.

In determining the FY 2020-21 estimate, we have considered a number of factors. The FY 2018-19 135-day ADM count shows an increase again this year in the number of students enrolled in the South Carolina public charter schools. The FY 2018-19 home school survey shows a decline in the number of students being home schooled, and the number of students enrolled in private schools is projected to decline as well. We also factored in school dropouts, birth rates, death rates, and Census population estimates for school aged children.

	FY 2020-21	FY 2020-21		
	ADM Estimates	WPU Estimates		
Regular School Districts *	722,760	993,663		
Charter School Districts **	37,351	48,095		

* Excludes special school districts

** Includes the S.C. Public Charter School District and the Charter Institute at Erskine

EIA Revenue

The FY 2019-20 estimate is the current forecast by the Board of Economic Advisors, which will be updated in November 2019. The FY 2020-21 preliminary estimate is our calculation based upon the BEA Long Range General Fund Forecast adopted in November 2018. Please note that the BEA will provide the first official estimates for FY 2020-21 in November 2019. The current EIA revenue estimates are provided in the table below:

	FY 2018-19	FY 2019-20	FY 2020-21		
	(actual)	(estimate)	(preliminary)		
Current Estimate	\$840,103,875	\$872,131,167	\$906,972,413		

The Honorable Molly Spearman Page 3 of 3 August 23, 2019

Please be advised that all estimates provided in this letter are subject to change as additional information is received.

If I may be of further assistance, please do not hesitate to contact me.

Sincerely,

Frank a Roun Frank A. Rainwater

Footnotes and Column Notes:

r - Revised since previous estimate

* - Inflation factor calculated from revised/funded base

a/ Base from which increases are computed in accordance with revised methodology.

b/ July 2019 survey, latest data is the Average Southeast Wage through 2017 and subject to revision.

c/ Reflects mid-year cuts of 5.3% plus SC Department of Education's additional E.F.A. reduction for allocation to

school districts of 3.96% for a net reduction of 9.26%.

d/ Reflects a 1% Budget and Control Board (B&CB) cut and a .5% SC Department of Education restoration in FY 00-01 and a 8.57% mid-year cut in FY 02-03.

 $e/\:$ Estimate based on July 2019 survey, teacher salary growth and latest Consumer Price Index.

f/ Base Student Cost Appropriated reflects additional non-recurring revenue above the \$1,788 figure in Proviso 1.3.

(1) Computed from survey of Employment Security Commission offices in southeastern states based on wage data reported for workman's

compensation program. Includes teachers and nonteachers in public schools in the Southeast.

(2) For FY 89-90 through FY 96-97, based on implicit deflator for purchases by state and local governments nationwide as projected by Evans

Econometrics. Since FY 97-98, based on actual and projected growth in the Consumer Price Index.

(3) Index of column 1 based on FY 89-90.

(4) Column 2 and Column 3 weighted by 12% for Column (2) and 88% for Column (3).

(5) Column 4 times FY 89-90 base amount of \$1,467. Revised after surveys to include actual data.

(6) Revised inflation factor based on actual data received from surveys.

(7) Original estimate of Base Student Cost.

(8) Original estimate of inflation factor.

(9) Base Student Cost appropriated each fiscal year. FY 09-10 does not include Federal Funds.

(10) Actual Base Student Cost funded to districts after budget cuts by the B&CB/Executive Budget Office (EBO).

(11) Actual Base Student Cost funded to districts after B&CB/EBO cuts plus cuts by the SC Department of Education.

Summary of Program:

The funds allocated are provided to districts to fund national industry exams, build awareness of industry credentials, and prepare students for the industry exams. All school districts and identified LEA's receive an initial allocation of \$10,000 each. The remainder of the funding is distributed equally amongst districts at a per pupil rate for the amount of students who have taken an industry credential exam during the academic year and accurately recorded the information in PowerSchool.

1. Allocation of Funds

Of the EIA funds appropriated for this program in Fiscal Year 2018-19, how are the funds allocated?

Allocation of Funds	\$	% of Total Line Item
Allocated to School Districts	\$3,000,000	100%
Retained by SCDE	\$0	%
Allocated to Other Entities (Please Explain)	\$0	%
Other (Please Explain)	\$0	%
Other (Please Explain)	\$0	%
TOTAL:	\$3,000,000	100%

Total should reflect EIA line item appropriation (\$) and 100% of the line item appropriation.

Of the funds "Allocated to School Districts," please denote how the funds are expended by category statewide across all districts. In the case of some line items, the SC Department of Education may have to make a professional judgment or estimate.

Expenditure Category for Funds Allocated to School Districts	%
Instruction	%
(Includes direct and indirect instruction and resources in a traditional classroom in grades K-12 including teacher salary compensation, fringe benefits, teacher professional development, etc.)	
Please <i>exclude</i> National Board supplements and Teacher Supply Funds.	
Instructional Support	%
(i.e. guidance counselors, media specialists, reading coaches, summer reading camps, etc.,)	
Special Education Services	%
Health	%
(i.e. school nurses, mental health counselors, etc.)	
Safety	%
(i.e. school resource officers, etc.)	
Vocational	%
(i.e. career education, vocational equipment, etc.)	

Request for EIA Program Funding for Fiscal Year 2020-21 and Program Report for Fiscal Year 2018-19

EIA Programs Administered by SC Department of Education

District Services Technology	%
	%
(i.e. classroom devices/tablets or instructional software that supports direct learning, etc.)	
Adult Education	%
4K	%
(i.e. Half-Day and Full-Day Programs)	
Assessments	100%
(i.e. funds for formative assessments, industry exams, etc.)	
Teacher Supply Funds	%
National Board Supplements	%
Other	%
(Please Explain)	
TOTAL:	100%

Total should reflect 100%.

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws:

S.C. Code Ann. §59-18-325

Proviso(s) (If applicable, include reference to the 2019-20 General Appropriation Act):

1A.60. (SDE-EIA: Industry Certifications/Credentials)

1.94. (SDE: Standards-Based Assessments Suspended)

Regulation(s):

n/a

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

Yes X No

If yes, please describe:

3. Logic Model

Complete the Logic Model Template provided below **with specific reference to** the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- Outcomes: Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Sample Logic Model

Problem/Issue Goal	poverty schools, the 4K lang recognition, 8% in vocabula	uage and literacy ry and 53% in pho	icators of preparedness for acade assessment indicated significant anological awareness. dents' language and literacy deve	challenges. Only 60% wer	e proficient in letter
Goui			and the quality of their interaction		
Research/Evidence	Activities/Intervention	Current or Proposed	Outputs	Project Outcomes (1-2 years)	Outcome Measures and Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K.	Proposed	Attendance records.	At least 90% of students who attend at least 25 additional days maintain or improve their language and literacy assessment scores.	Spring and Summer language and literacy assessment scores (myIGDIs, PALS Pre-K, Teaching Strategies GOLD). DRA2 assessment comparison of 4K students who participated in at least 25 additional days to students who did not.
There is growing consensus among researchers and practitioners that children's social-emotional readiness makes unique contributions to their successful transition to and progress through school. However, many children still begin school ill- prepared for the behavioral demands they will encounter in the classroom.	Improve children's kindergarten readiness by addressing their social- emotional needs. Provide additional teacher professional development by implementing TPOT classroom observation tool.	Proposed	All 4K teachers at four schools (10 teachers) will participate in a two-day training on social- emotional development. At least five district staff and teacher mentors will be trained in TPOT. Beginning in 2017, TPOT-trained staff will support teachers and teacher assistants with self-reflection and technical assistance based upon at least three classroom observations.	Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018-19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019-20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

Provide increased funding to support industry certifications, credentialing, and preparation. Fund at a baseline allocation of \$20,000 per identified LEA so that all districts can provide certification support and access from grades 6-12.	Districts will be able to implement high-quality career and technical education programs that result in either an end of program credential or a stackable credential given during student matriculation through a career and technical education program of study.	The usage of the \$20,000 allocation per district for industry credentials and/or for industry preparation material The amount distributed to districts with additional funds for those students who take an industry credential examination. Successful administering of stackable credentials beginning at the middle school level.	Percent of CTE completers who attained industry certificates increased by 8% in the 18-19 academic year. The baseline data was 43% in 16-17, 50% in 17-18, and 58% in 18-19. The projected outcome is to increase the percentage of industry credential attainment by 8% each year with a projected percentage of attainment in 19-20 at 66% and 74% in 20-21.	Data reported via PowerSchool Finance documentation

for those school districts that assess students on a per pupil base with the remaining funds.	Access to national, local, and statewide industry credentials prepare students for employment and success from grades 6- 12.		

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

Research demonstrates that investment in Career and Technology Education (CTE) does the following:

- Increases overall employment outcomes and earnings of participants.
- Mitigate dropout and absentee rates by providing an alternative to the traditional four year baccalaureate degree.
- Become an avenue for working adults in transition between jobs to return to school and get retrained for a new career.
- Increase overall employment outcomes and earnings of participants.

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

No external factors impact implementation.

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

The method used to determine the program's impact is first to fund all LEA's at a base allocation of \$10,000 and then to analyze the data to fund the remaining balance to districts based on the number of assessments taken by students. The Percent of CATE completers who attained industry certificates rose from 43% (16-17), 50% (17-18), to 58% (18-19).

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.

 How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?

The funding has created a wealth of opportunity for the students of South Carolina. The implemented baseline allocation of \$10,000 has provided a more equitable distribution of funds that will benefit the rural and poverty areas of the state. The OCTE is working diligently to provide resources and technical assistance for student success with the national and industry certifications and credentials.

District data were monitored through PowerSchool.

C. External Evaluation Has an independent program evaluation external to the organization been conducted?

_____Yes _____X___No

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

______ the same as appropriated in the current fiscal year's appropriation.

<u>X</u> An increase over the current fiscal year's appropriation.

______ A decrease over the current fiscal year's appropriation.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019-20	\$550,000
Amount of increase requested in EIA funding for FY 2020-21	\$4,450,000
Amount of decrease requested in EIA funding for FY 2020-21	\$
Total amount of EIA funding requested for FY 2020-21	\$5,000,000

C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D <u>PROVISO REVISION REQUEST</u>

NUMBER	1A.57.	SDE-EIA: Industry Certifications/Credentials
	Cite the	proviso according to the renumbered list for FY 2020-21 (or mark "NEW").

TITLE	SDE-EIA: Industry Certifications/Credentials
	Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any
	new request.

BUDGET PROGRAM	VIII.A – Industry Certifications/Credentials
	Identify the associated budget program(s) by name and budget section.

Related Budget	
REQUEST	
	Is this request associated with a budget request you have submitted for FY 2020-21? If so,

cite it here.

REQUESTED	Amend
ACTION	
	Choose from: Add, Delete, Amend, or Codify.

OTHER AGENCIES	none
AFFECTED	
	Which other agencies would be affected by the recommended action? How?

Summary & Explanation	The proviso states that funding is allocated in the amount of \$3,000,000 for industry credentials with \$10,000 being distributed to each eligible LEA. Any additional funds are allocated to districts based on the number of industry credential examinations administered. The Office of Career and Technical Education is requesting additional funding to support industry credential attainment while also incentivizing districts who receive credentials in the in demand industry sectors within our state. This would directly support the mandates of SCWINS which allows dual credit attainment in the in demand industry sectors. This would incentivize schools, districts, and individual teachers who either attain or increase attainment of in demand, high wage, and high skill industry credentials.
	industry credentials.

Summarize the existing proviso. If requesting a new proviso, describe the current state of affairs without it. Explain the need for your requested action. For deletion requests due to recent codification, please identify SC Code section where language now appears.

	The department requests an increase of \$4,450,000 in recurring EIA funds.
FISCAL IMPACT	

Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.

1A.57. (SDE-EIA: Industry Certifications/Credentials) Of the funds appropriated for Industry Certifications/Credentials, \$3,000,000 \$5,000,000 must be allocated to school districts based upon the number of national industry exams administered in the prior school year with each district receiving a base amount of \$10,000 \$20,000. The department will identify the national industry exams that will be funded based upon the job availability in the state. School districts may carry forward funds from the prior fiscal year into the current fiscal year and expend the funds for the cost of national industry exams. The department shall work with the Department of Commerce, the Department of Employment and Workforce, state and local chambers of commerce and economic development offices and the Tech Board to ensure that students are aware of the industry PROPOSED required credentials for current job availability in the state organized by region. Any additional funds appropriated must be allocated to school districts based upon the **PROVISO TEXT** number of national industry exams/credentials earned in the prior school year, and districts must expend these funds to pay for the cost of industry exams or to support students in preparing for the exams in the current fiscal year.

Paste FY 2019-20 text above, then bold and underline insertions and strikethrough deletions. For new proviso requests, enter requested text above.

- The completed report packet should contain fifteen (15), three-hole-punched double sided copies and one electronic file by 12:00 p.m. September 27, 2019.
- Hard copies may be mailed or delivered to: SC Education Oversight Committee, Edgar A. Brown Building, 1205 Pendleton Street, Suite 502, Columbia, SC 29201 located on the Statehouse grounds. Any questions and electronic copies should be sent to Bunnie Lempesis Ward at bward@eoc.sc.gov.

Summary of Program:

Adult Education strives to assist adults in the completion of a secondary school education; become literate and obtain the knowledge and skills necessary for employment and self-sufficiency; and assist adults who are parents to obtain the educational skills necessary to become full partners in the educational development of their children.

With the implementation of the Workforce Innovation and Opportunity Act of 2014, Adult Education activities and collaborative efforts with state and local partners have grown tremendously. Adult education services related to career pathway development, digital literacy, workplace literacy, workforce preparation activities, family literacy, integrating education and training, and integrated English literacy and civics education have been enhanced and expanded.

1. Allocation of Funds

Of the EIA funds appropriated for this program in Fiscal Year 2018-19, how are the funds allocated?

Allocation of Funds	\$	% of Total Line Item
Allocated to School Districts	\$15,073,736	100 %
Retained by SCDE	\$	%
Allocated to Other Entities (Please Explain)	\$	%
Other (Please Explain)	\$	%
Other (Please Explain)	\$	%
TOTAL:	\$15,073,736	100 %

Total should reflect EIA line item appropriation (\$) and 100% of the line item appropriation.

Of the funds "Allocated to School Districts," please denote how the funds are expended by category statewide across all districts. In the case of some line items, the SC Department of Education may have to make a professional judgment or estimate.

Expenditure Category for Funds Allocated to School Districts	%
Instruction	%
(Includes direct and indirect instruction and resources in a traditional classroom in grades K-12 including teacher salary compensation, fringe benefits, teacher professional development, etc.)	
Please <i>exclude</i> National Board supplements and Teacher Supply Funds.	
Instructional Support	%
(i.e. guidance counselors, media specialists, reading coaches, summer reading camps, etc.,)	
Special Education Services	%
Health	%
(i.e. school nurses, mental health counselors, etc.)	
Safety	%
(i.e. school resource officers, etc.)	
Vocational	%
(i.e. career education, vocational equipment, etc.)

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws:

```
SC Code Ann. §59-20-50(b), §59-43-30, §59-43-10, §59-63-1350
```

Proviso(s) (If applicable, include reference to the 2019-20 General Appropriation Act):

Proviso 1A.27 (SDE-EIA: Adult Education)

1A.38 (SDE-EIA: Assisting, Developing and Evaluating Professional Teaching -ADEPT)

1A.50 (SDE-EIA: South Carolina Public Charter School District Funding)

Regulation(s):

43-259. Adult Education

43-237.1 Adult Education Program

Request for EIA Program Funding for Fiscal Year 2020-21 and Program Report for Fiscal Year 2018-19

EIA Programs Administered by SC Department of Education

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

X Yes No

If yes, please describe: Adult Education is governed by the Federal Workforce Innovation and Opportunity Act of 2014 (Public Law 113-128 113th Congress).

3. Logic Model

Complete the Logic Model Template provided below **with specific reference to** the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- **Outcomes:** Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Sample Logic Model

Problem/Issue Goal	Kindergarten readiness is one of the first indicators of preparedness for academic success. In ABC Elementary, one of our highest poverty schools, the 4K language and literacy assessment indicated significant challenges. Only 60% were proficient in letter recognition, 8% in vocabulary and 53% in phonological awareness. At four elementary schools that offer 4K, students' language and literacy development will improve. Teachers' ability to support the				
			and the quality of their interaction		
Research/Evidence	Activities/Intervention	Current or Proposed	Outputs	Project Outcomes (1-2 years)	Outcome Measures and Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K.	Proposed	Attendance records.	At least 90% of students who attend at least 25 additional days maintain or improve their language and literacy assessment scores.	Spring and Summer language and literacy assessment scores (myIGDIs, PALS Pre-K, Teaching Strategies GOLD). DRA2 assessment comparison of 4K students who participated in at least 25 additional days to students who did not.
There is growing consensus among researchers and practitioners that children's social-emotional readiness makes unique contributions to their successful transition to and progress through school. However, many children still begin school ill- prepared for the behavioral demands they will encounter in the classroom.	Improve children's kindergarten readiness by addressing their social- emotional needs. Provide additional teacher professional development by implementing TPOT classroom observation tool.	Proposed	All 4K teachers at four schools (10 teachers) will participate in a two-day training on social- emotional development. At least five district staff and teacher mentors will be trained in TPOT. Beginning in 2017, TPOT-trained staff will support teachers and teacher assistants with self-reflection and technical assistance based upon at least three classroom observations.	Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018-19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019-20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

Fiscal Year 2018-19						
Problem/Issue	A third of 17 to 21-year olds drop out of adult education programs without completing a secondary credential, a career readiness certificate, or an educational functioning level. Local adult education providers served 9,171 17 to 21 year olds.

 Ensure adult education students meet outcomes. 	Guidance and support from the OAE should assist local programs to increase effectiveness related to student outcomes.	The goal is for 59% of 17-21 year olds to meet outcomes.	 Adult education quarterly desktop monitoring reports are used to indicate significant progress 	 Outcomes are measured by calculating the gain between Pre and Post Test of Adult Basic Education (TABE) assessments, the number who complete high school diploma requirements and pass all sections of the high school equivalency diploma assessment, and those who exit and enter post-secondary education.

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

- The Workforce Innovation and Opportunity Act (WIOA) requires new compliance monitoring activities, and a competitive grant process. The WIOA is based on current research and best practices in adult education.
- WIOA requires core partners (SCDE-Office of Adult Education, SCDEW-Wagner Peyser, Adult, Youth, and Dislocated Workers, and SCVRD) to develop a State Plan that provides guidance to their local entities in the collaboration and development of career pathways.

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

• No current external factors to report for FY 2019-20 that may impact implementation or outcomes.

Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

Adult education programs are reviewed formally through onsite visits, and informally through desktop monitoring by Office of Adult Education (OAE) staff to access the academic strengths and weaknesses of each program. The OAE determines impact through a study of the performance measures our programs' must strive to achieve. The measures are set by the US Department of Education's Office of Career, Technical, and Adult Education (OCTAE). Data on annual performance measures is submitted to OCTAE.

Each school district adult education program has a College and Career Navigator (CCN) to assist students in their transition to higher education, employment, or the military. The CCN also helps with resume preparation, interviewing skills, job search, college application completion, and visits to colleges and potential employers.

The results for high school equivalency diploma (HSED) testing continue to be strong. The following show outcomes and pass rates for HSED testing over the past few years:

- 2016-2017 4,229 individuals passed 83% pass rate
- 2017-2018 4,258 individuals passed 82% pass rate
- 2018-2019 3,911 individuals passed 80% pass rate

During the 2018-19 school year, 9,171 17 to 21 year olds enrolled in adult education programs. More than seventyfive (75) percent (6,948) participated long enough to generate funding for the adult education program for the 2019-20 school year. Funding levels are determined by student academic performance and attendance. During 2018-19 the number of 17-21 year old students who completed a high school credential totaled 1,934. A total of 1,789 Career Readiness Certificates at the Silver, Gold, or Platinum level were awarded to students between the ages of 17-21. A minimum of 30% of all EIA funds must be spent serving the 17-21 year old population.

Two of adult education's most successful partnerships have been with the SC Department of Social Services (DSS) and the SC Vocational Rehabilitation Department (SCVRD). Since the 2013-14 school year, adult education programs have been providing services to DSS clients receiving SNAP benefits through and Employment and Training initiative and have gathered the following results:

- Over 28,848 SNAP participants served;
- Over 2,139,755 million hours of instruction;
- 2,286 HSED awarded;
- 746 High School Diplomas awarded;
- 7,466 Career Readiness Certificates (CRC) were awarded.

The partnership between adult education and the South Carolina Vocational Rehabilitation Department has been in place for over ten years. From 2010-11 to 2018-19, 7,729 Career Readiness Certificates have been awarded to VR clients after participating in the adult education instructional program. In 2018-19, adult education providers delivered instruction towards the Career Readiness Certificate at 24 Vocational Rehabilitation Training Centers. Four hundred and nine (409) Career Readiness Certificates were awarded to VR participants with 65% at the silver level or above.

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.

• How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?

The Office of Adult Education staff are able to run multiple reports from the state-wide adult education data base which provides an accurate picture of each local adult education program. These reports indicate student attendance patterns, student successes (such as GED completion and Career Readiness Certificates earned), ages of adult education students, and the number of students making an educational gain. Low performing adult education programs are provided technical assistance. Local funding allocations are based on multiple performance factors.

The Workforce Innovation and Opportunity Act of 2014 mandates a statewide partnership between Adult Education, Vocational Rehabilitation, and the Department of Employment and Workforce. These three agencies have written a Unified State Plan outlining how services will be coordinated on the state and local level. Each of the 12 Workforce Regions have drafted their own plans. Local plans mirror the statewide plans. Emphasis was placed on providing services to undereducated and underemployed adults. Assisting adults in the completion of a high school diploma which will lead to enrollment in higher education or employment is the main emphasis of this new law.

C. External Evaluation

Has an independent program evaluation external to the organization been conducted?

Yes _____X____

No

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

Program Planning and Fiscal Information

5. Recommendations

Are there regulatory or statutory changes you would recommend to the SC General Assembly to assist this program/organization in meeting its objectives?

_____Yes <u>X____</u>No

If "Yes," please describe recommendations below:

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

____X____ The same as appropriated in the current fiscal year's appropriation.

______ An increase over the current fiscal year's appropriation.

_____ A decrease over the current fiscal year's appropriation.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019-20	\$
Amount of increase requested in EIA funding for FY 2020-21	\$
Amount of decrease requested in EIA funding for FY 2020-21	\$
Total amount of EIA funding requested for FY 2020-21	\$

C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D <u>PROVISO REVISION REQUEST</u>

NUMBER	
	Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").
TITLE	
	Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any

Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any new request.

BUDGET PROGRAM	
	Identify the associated budget program(s) by name and budget section.

Related Budget	
REQUEST	
	Is this request associated with a budget request you have submitted for FY 2020-21? If so,

cite it here.

REQUESTED ACTION	
	Choose from: Add, Delete, Amend, or Codify.

OTHER AGENCIES	
AFFECTED	
	Which other agencies would be affected by the recommended action? How?

SUMMARY & Explanation	
	Summarize the existing proviso. If requesting a new proviso, describe the current state of

Summarize the existing proviso. If requesting a new proviso, describe the current state of affairs without it. Explain the need for your requested action. For deletion requests due to recent codification, please identify SC Code section where language now appears.

FISCAL IMPACT

Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.

Paste FY 2019-20 text above, then bold and underline insertions and strikethrough deletions. For new proviso requests, enter requested text above.

- The completed report packet should contain fifteen (15), three-hole-punched double sided copies and one electronic file by 12:00 p.m. September 27, 2019.
- Hard copies may be mailed or delivered to: SC Education Oversight Committee, Edgar A. Brown Building, 1205 Pendleton Street, Suite 502, Columbia, SC 29201 located on the Statehouse grounds. Any questions and electronic copies should be sent to Bunnie Lempesis Ward at bward@eoc.sc.gov.

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws: N/A

Proviso(s) (If applicable, include reference to the 2019-20 General Appropriation Act): **1A.30 (SDE-EIA: Aid to Districts)**

1A.32 (SDE-EIA: IDEA Maintenance of Effort)

1A.42 (SDE-EIA: Aid to Districts Draw Down)

Regulation(s):N/A

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

X Yes No

If yes, please describe:

Funds under this Proviso exist to enable the state to meet the Maintenance of State Financial Support under the Individuals with Disabilities Education Act (IDEA), should the

state's level of funding made available for special education and related services fall below the preceding year (20 U.S.C. 1412(a)(18)(A) and 34 C.F.R. § 300.163(a)).

3. Logic Model

Complete the Logic Model Template provided below **with specific reference to** the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- Outcomes: Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Sample Logic Model

Problem/Issue Goal	poverty schools, the 4K lang recognition, 8% in vocabula	uage and literacy ry and 53% in pho	icators of preparedness for acade / assessment indicated significant onological awareness. dents' language and literacy deve	challenges. Only 60% wer	e proficient in letter
			and the quality of their interaction		
Research/Evidence	Activities/Intervention	Current or Proposed	Outputs	Project Outcomes (1-2 years)	Outcome Measures and Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K.	Proposed	Attendance records.	At least 90% of students who attend at least 25 additional days maintain or improve their language and literacy assessment scores.	Spring and Summer language and literacy assessment scores (myIGDIs, PALS Pre-K, Teaching Strategies GOLD). DRA2 assessment comparison of 4K students who participated in at least 25 additional days to students who did not.
There is growing consensus among researchers and practitioners that children's social-emotional readiness makes unique contributions to their successful transition to and progress through school. However, many children still begin school ill- prepared for the behavioral demands they will encounter in the classroom.	Improve children's kindergarten readiness by addressing their social- emotional needs. Provide additional teacher professional development by implementing TPOT classroom observation tool.	Proposed	All 4K teachers at four schools (10 teachers) will participate in a two-day training on social- emotional development. At least five district staff and teacher mentors will be trained in TPOT. Beginning in 2017, TPOT-trained staff will support teachers and teacher assistants with self-reflection and technical assistance based upon at least three classroom observations.	Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018-19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019-20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

Funding allows districts to use best practices in support special education students. Furthermore, funding meets the federal law at 20 U.S.C. 1412(a)(18)(A) and 34 C.F.R. § 300.163(a). For the settlement agreement, extensive research/evidence is captured in the federally-approved spending plan at https://ed.sc.gov/districts-schools/special-education-services/fiscal-and-data-management-fdm/maintenance-of-state-financial-support-settlement/sc-mfs-settlement-spending-plan-teach/.

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

External factors relate to the approved Settlement Agreement between the SC Department of Education, the U.S. Department of Education, and the U.S. Department of Justice, found online at <u>https://ed.sc.gov/districts-schools/special-education-services/fiscal-and-data-management-fdm/maintenance-of-state-financial-support-settlement/sc-mfs-settlement-spending-plan-teach/</u>

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

District ability to provide programs for students with disabilities is evaluated by the SC Department of Education; the State is evaluated by the US Department of Education. District outcomes are assumed under EIA statute, which supports provision of services to students with disabilities.

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.

• How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?

Allocation of funding is monitored through budget processes of the SCDE Office of Finance. Budget actuals are provided with this report.

C. External Evaluation Has an independent program evaluation external to the organization been conducted?

_____Yes ____X____No

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

Program Planning and Fiscal Information

5. Recommendations

Are there regulatory or statutory changes you would recommend to the SC General Assembly to assist this program/organization in meeting its objectives?

_____Yes _____X____No

If "Yes," please describe recommendations below:

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

_____X____The same as appropriated in the current fiscal year's appropriation.

______ An increase over the current fiscal year's appropriation.

______ A decrease over the current fiscal year's appropriation.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019-20	\$24,401,779
Amount of increase requested in EIA funding for FY 2020-21	\$
Amount of decrease requested in EIA funding for FY 2020-21	\$
Total amount of EIA funding requested for FY 2020-21	\$24,401,779

C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D <u>PROVISO REVISION REQUEST</u>

NUMBER	
	Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").
TITLE	
	Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws:

SC Code Ann. 59-1-450, 59-63-1300 through 59-63-1400

Proviso(s) (If applicable, include reference to the 2019-20 General Appropriation Act):

1A.24 (SDE-EIA: Students at Risk of School Failure)

1A.76 (SDE-EIA: Alternative Commitment to Truancy)

Regulation(s):

43-274

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

Yes X No

If yes, please describe:

3. Logic Model

Complete the Logic Model Template provided below **with specific reference to** the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- **Outcomes:** Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Sample Logic Model

Problem/Issue Goal	Kindergarten readiness is one of the first indicators of preparedness for academic success. In ABC Elementary, one of our highest poverty schools, the 4K language and literacy assessment indicated significant challenges. Only 60% were proficient in letter recognition, 8% in vocabulary and 53% in phonological awareness. At four elementary schools that offer 4K, students' language and literacy development will improve. Teachers' ability to support the				
			and the quality of their interaction	•	
Research/Evidence	Activities/Intervention	Current or Proposed	Outputs	Project Outcomes (1-2 years)	Outcome Measures and Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K.	Proposed	Attendance records.	At least 90% of students who attend at least 25 additional days maintain or improve their language and literacy assessment scores.	Spring and Summer language and literacy assessment scores (myIGDIs, PALS Pre-K, Teaching Strategies GOLD). DRA2 assessment comparison of 4K students who participated in at least 25 additional days to students who did not.
There is growing consensus among researchers and practitioners that children's social-emotional readiness makes unique contributions to their successful transition to and progress through school. However, many children still begin school ill- prepared for the behavioral demands they will encounter in the classroom.	Improve children's kindergarten readiness by addressing their social- emotional needs. Provide additional teacher professional development by implementing TPOT classroom observation tool.	Proposed	All 4K teachers at four schools (10 teachers) will participate in a two-day training on social- emotional development. At least five district staff and teacher mentors will be trained in TPOT. Beginning in 2017, TPOT-trained staff will support teachers and teacher assistants with self-reflection and technical assistance based upon at least three classroom observations.	Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018-19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019-20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

Fiscal Year 2018-19					
Problem/Issue	Students with significant behavioral challenges who have been expelled from the public school setting have limited options				
	for continuing their education	on and earning a high school diploma

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

- The flexible curriculum, smaller class size, lower truancy rate, and low stress environment in an alternative school program can provide a surrounding that fosters better learning.
- The curriculum can normally be adjusted to match the learning pace of the student, which is particularly advantageous for gifted students and those who have difficulty learning.
- The class size in an alternative high school is usually smaller than that of an average school. This allows for a lower teacher to student ratio. The lower ratio facilitates greater interaction between teacher and student and gives the teacher an opportunity to frequently respond to the student's questions.
- Alternative high school education also keeps students from "falling through the cracks" by placing more emphasis on developing the student's strengths instead of maintaining a specific grade-point average.

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

None	

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

- > 9,151 students in grades 1-12 were served
- > 10,977credits were earned by students in alternative school programs
- > 533 students earned a high school diploma
- > 15 students earned a GED
- ▶ 4, 215 students served during 2018-19 were promoted to the next grade level for 2019-20

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.

• How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?

C. External Evaluation		

Has an independent program evaluation external to the organization been conducted?

_____Yes _____X____No

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

Program Planning and Fiscal Information

5. Recommendations

Are there regulatory or statutory changes you would recommend to the SC General Assembly to assist this program/organization in meeting its objectives?

_____Yes _____X____No

If "Yes," please describe recommendations below:

Funding Sources	FY 2018-19 Actual	FY 2019-20 Estimated
State Funds:

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

_____X ____ The same as appropriated in the current fiscal year's appropriation.

______ An increase over the current fiscal year's appropriation.

______ A decrease over the current fiscal year's appropriation.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019-20	\$79,551,723
Amount of increase requested in EIA funding for FY 2020-21	\$
Amount of decrease requested in EIA funding for FY 2020-21	\$
Total amount of EIA funding requested for FY 2020-21	\$79,551,723

C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D <u>PROVISO REVISION REQUEST</u>

NUMBER	
	Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").
TITLE	
	Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any

Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any new request.

BUDGET PROGRAM	
	Identify the associated budget program(s) by name and budget section.

Related Budget	
REQUEST	
	Is this request associated with a budget request you have submitted for FY 2020-21? If so,

cite it here.

REQUESTED ACTION	
	Choose from: Add, Delete, Amend, or Codify.

OTHER AGENCIES	
AFFECTED	
	Which other agencies would be affected by the recommended action? How?

SUMMARY & Explanation	
	Summarize the existing proviso. If requesting a new proviso, describe the current state of

Summarize the existing proviso. If requesting a new proviso, describe the current state of affairs without it. Explain the need for your requested action. For deletion requests due to recent codification, please identify SC Code section where language now appears.

FISCAL IMPACT

Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.

Paste FY 2019-20 text above, then bold and underline insertions and strikethrough deletions. For new proviso requests, enter requested text above.

- The completed report packet should contain fifteen (15), three-hole-punched double sided copies and one electronic file by 12:00 p.m. September 27, 2019.
- Hard copies may be mailed or delivered to: SC Education Oversight Committee, Edgar A. Brown Building, 1205 Pendleton Street, Suite 502, Columbia, SC 29201 located on the Statehouse grounds. Any questions and electronic copies should be sent to Bunnie Lempesis Ward at bward@eoc.sc.gov.

EIA Appropriation		EIA Funding Request	

Program Contact	Gwendolynn Shealy	Organization	Office of Standards and Learning
Contact Title	Education Associate for the Visual and Performing Arts	Address	1429 Senate Street Columbia, SC 29201
Contact Phone	(803) 734-2322	Contact E-Mail	gshealy@ed.sc.gov

Summary of Program:

The purpose of the Arts Curricular Grants (ACIG) is to assist schools and districts in developing and implementing arts initiatives that support quality arts education programs that significantly improve student achievement in the arts. In determining the goals and objectives of the proposed grant, the applicant must address how to improve world class knowledge, world class skills, and life and career characteristics as outlined in the Profile of the South Carolina Graduate. The ACIG featured three grant programs: the Arts Teacher Institute grant, Innovative Arts Works grant (IAW), and the Distinguished Arts Program grant (DAP).

1. Allocation of Funds

Of the EIA funds appropriated for this program in Fiscal Year 2018-19, how are the funds allocated?

Allocation of Funds	\$	% of Total Line Item
Allocated to School Districts	\$1,348,543.69	90.65%
Retained by SCDE	\$22,027.31	1.48%
Allocated to Other Entities USC- Art Assessment (SCAAP)	\$80,000.00	5.38%
Other (GSAH – Summer Arts Institute)	\$37,000.00	2.49%
Other (Please Explain)	\$0	0%
TOTAL:	\$1,487,571.00	100%

Total should reflect EIA line item appropriation (\$) and 100% of the line item appropriation.

Of the funds "Allocated to School Districts," please denote how the funds are expended by category statewide across all districts. In the case of some line items, the SC Department of Education may have to make a professional judgment or estimate.

Expenditure Category for Funds Allocated to School Districts	%
Instruction	95%
(Includes direct and indirect instruction and resources in a traditional classroom in grades K-12 including teacher salary compensation, fringe benefits, teacher professional development, etc.)	
Please <i>exclude</i> National Board supplements and Teacher Supply Funds.	
Instructional Support	5%
(i.e. guidance counselors, media specialists, reading coaches, summer reading camps, etc.,) Artists in Residence	
Special Education Services	0%
Health	0%
(i.e. school nurses, mental health counselors, etc.)	
Safety	0%
(i.e. school resource officers, etc.)	
Vocational	0%

Request for EIA Program Funding for Fiscal Year 2020-21 and Program Report for Fiscal Year 2018-19

EIA Programs Administered by SC Department of Education

(i.e. career education, vocational equipment, etc.)	
Facilities & Transportation	0%
District Services	0%
Technology	0%
(i.e. classroom devices/tablets or instructional software that supports direct learning, etc.)	
Adult Education	0%
4K	0%
(i.e. Half-Day and Full-Day Programs)	
Assessments	0%
(i.e. funds for formative assessments, industry exams, etc.)	
Teacher Supply Funds	0%
National Board Supplements	0%
Other	0%
(Please Explain)	
TOTAL:	100%

Total should reflect 100%.

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws: S.C. Code Ann. § 59-29-220.

Proviso(s) (If applicable, include reference to the 2019-20 General Appropriation Act):

1A.8 (SDE-EIA: Arts in Education)

Regulation(s): N/A

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

Yes X No

If yes, please describe:

3. Logic Model

Complete the Logic Model Template provided below with specific reference to the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- **Outcomes:** Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Request for EIA Program Funding for Fiscal Year 2020-21 and Program Report for Fiscal Year 2018-19

EIA Programs Administered by SC Department of Education

Sample

Problem/Issue	Kindergarten readiness is one of the first indicators of preparedness for academic success. In ABC Elementary, one of our highest poverty schools, the 4K language and literacy assessment indicated significant challenges. Only 60% were proficient in letter recognition, 8% in vocabulary and 53% in phonological awareness.				
Goal			dents' language and literacy deve and the quality of their interaction	• •	,
Research/Evidence	Activities/Intervention	Current or Proposed	Outputs	Project Outcomes (1-2 years)	Outcome Measures and Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K.	Proposed	Attendance records.	At least 90% of students who attend at least 25 additional days maintain or improve their language and literacy assessment scores.	Spring and Summer language and literacy assessment scores (myIGDIs, PALS Pre-K, Teaching Strategies GOLD). DRA2 assessment comparison of 4K students who participated in at least 25 additional days to students who did not.
There is growing consensus among researchers and practitioners that children's social-emotional readiness makes unique contributions to their successful transition to and progress through school. However, many children still begin school ill- prepared for the behavioral demands they will encounter in the classroom.	Improve children's kindergarten readiness by addressing their social- emotional needs. Provide additional teacher professional development by implementing TPOT classroom observation tool.	Proposed	All 4K teachers at four schools (10 teachers) will participate in a two-day training on social- emotional development. At least five district staff and teacher mentors will be trained in TPOT. Beginning in 2017, TPOT-trained staff will support teachers and teacher assistants with self-reflection and technical assistance based upon at least three classroom observations.	Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018-19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019-20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

Provide four technical assistance training sessions after the release of each updated RFP via Adobe Connect for interested grant applicants. Provide support on grants management throughout the year at various professional arts education association conferences.	Assist Schools, Districts, IHEs, and non-profit Arts Agencies with the grant application submission process. Answer questions for programmatic and fiscal requirements, and explain components of the application narrative.	Over 60 teachers, arts administrators, and arts coordinators will participate in 4 technical assistance training sessions.	12 Innovative Arts Works grants awarded 93 Distinguished Arts Programs grants awarded 12 Arts Teacher Institute grants awarded. This expansion and increase in number of schools/districts funded will require an increase in funding.	Reader and rater scores provide feedback on strengths and weaknesses of individual grant applications. Each grant is read independently by three different grant readers/raters.
Distribute funds to schools and school districts under a competitive ACIG grants program (Innovative Arts Works and Distinguished Arts Programs Grants).	Funds and resources to schools and districts directly impact student achievement in knowledge, skills, and life and career characteristics as outlined in the Profile of the South Carolina Graduate.	We would like to award 95 grants to schools and districts. A total of 117 grants would like to be awarded (to include the Arts Teacher Institute Grants) to assist teachers, schools, and districts in developing and implementing arts education initiative that support quality arts education programs to significantly improve student achievement, knowledge, skills,	Increased student achievement in the arts through expanded arts programming and standards-based arts instruction, development of skills outlined by the Profile of the South Carolina Graduate, and increased student participation in the arts.	Final report information is required for each grant award which included but not limited to the following: a) summary of results; b) how the implementation of the grant was evaluated; c) a list of accomplishments and its impact on student achievement; d) clear

		and life and career characteristics as outlined by the Profile of the South Carolina Graduate.	Districts implemented programs and courses unique to the schools, implemented programs involving community partnerships, established rigorous arts courses, developed curriculum and assessment, supported outreach programs, and supported in-depth cultural understanding.	description of how the standards were implemented; and e) rationale for actual expenditures.
Provide professional development arts institutes (through the Arts Teachers Institutes grant) approved by the State Department of Education for South Carolina arts teachers, appropriate classroom teachers, and administrators to support innovative practices in arts education curriculum, instruction, and assessment in the visual and performing arts aligned with the Profile of the South Carolina Graduate.	Available resources provide quality professional development for arts educators to meet state standards for arts education.	The SCDE sponsored 12 professional development arts institutes. The arts institutes are held at various locations across South Carolina and most are offered for graduate credit. Arts institutes include topics such as standards implementation, curriculum development and leadership, long range planning, alignment of teaching practices with curriculum, classroom assessment, arts and technology, arts integration, and media production in the arts. In addition, institutes for new teacher training (up to three years), principals of arts schools, and district arts	Educators who enroll in the arts teacher institutes will create standards-based lessons and assessments based on the new 2017 South Carolina College- and Career-Ready Standards for VPA Proficiency to use in the classroom.	Survey teachers who participate in the institutes. Evaluation of the program is submitted with the final report. The results are used to modify future arts institutes. The grantees are required to provide specificity of results and outcomes - holding them more accountable. Final reports are required annually of each grantee and will be due in July.

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

We need programs that keep students excited and engaged in school while providing them with tools needed in the workforce as outlined by the Profile of the South Carolina Graduate. "Students with high involvement in the arts, including minority and low-income students, performed better in school and stayed in school longer than students with low involvement, the relative advantage increasing over the school years." President's Committee on the Arts and the Humanities, *Reinvesting in Arts Education: Winning America's Future Through Creative Schools*, Washington, DC, May 2011

Champions of Change (Fiske, 1999) reported seven correlative studies that show the pattern of linkage between high levels of arts participation and higher grades and test scores in math and reading. The Arts Education Partnership (AEP) followed up its original compilation of research with *Critical Links: Learning in the Arts and Student Academic and Social Development* (Deasy, 2002) that reported on 62 separate research studies, including several meta-analyses, many of which found transfer of skills from the arts (visual arts, dance, drama, music, multi-arts) to learning in other subject areas.

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

- Lack of qualified arts educators available to take the place of people who are retiring or leaving the profession.
- Lack of resources to fully implement arts education programs.
- Lack of district funds to send teachers to arts education professional development opportunities to learn best practices and innovative strategies to engage learners.
- Lack of resources to provide teachers the professional development needed to translate student data from the South Carolina Arts Assessment Program into actionable outcomes to increase student achievement.

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

A total of 10 Innovative Arts Works, 2 Strategic Arts Planning, 73 Distinguished Arts Programs, and 10 Arts Teacher Institute grants were awarded.

Increased student achievement in the arts through expanded arts programming, standards-based arts instruction, development of skills outlined by the Profile of the South Carolina Graduate, and increased student participation in the arts were all outcomes of schools who received funding under the Arts Curricular Grant program. Many of the schools receiving grant funds were involved in community partnerships, establishment of rigorous arts courses, curriculum and assessment development, outreach programs, and development of in-depth cultural understanding.

Each Arts Curricular Grant proposal states the following: Needs Assessment, Goals and Objectives aligned to the Needs Assessment, Strategies and Activities aligned to Goals and Objectives, and a summative and formative evaluation that gives the applicant readers and raters clear indications of the planned evaluation. These steps prepare schools and districts to organize their program and set benchmarks to gauge the successful implementation of their strategic arts plans.

The Research Evaluation and Measurement Center at the University of South Carolina Education College, prepares a comprehensive analysis in a technical report of all fourth grade music and visual arts programs participating in the South Carolina Arts Assessment Program (SCAAP). Arts Assessment test results were provided but not limited to the following data: mean scores for the music assessment were 21.35 and mean scores for visual arts were 26.70 out of 45 possible points.

Educators who were enrolled in the arts teacher institutes created standards based lessons and assessments to use in the classroom. Twenty-four teachers completed the second of two courses (Curriculum and Instruction for Artistically Gifted and Talented) to obtain an endorsement in teaching artistically gifted and talented students. A total of 271 teachers completed professional development through the Arts Teacher Institute grant. This professional learning prepared teachers from all parts of the state for full implementation year of the new state standards for arts education.

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.
- How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/perceptions?

The goal of the Arts Curricular Innovation grants is to raise student achievement in the arts. The purpose of the Arts Curricular Innovation Grant program is to provide funding to support quality educational programs in the arts based on Arts in Education Model Sites. The funding continues to support the original goal and provides support to develop and implement appropriate curricula, instruction, and assessment based on our current state standards for the Visual and Performing Arts.

The services and activities of the Arts Curricular Innovation grants are going as planned with 81 grants awarded to schools and districts serving 2,899 teachers and 62,508 students for the 2018-2019 fiscal grant cycle. The RFP for the Arts Teacher Institute Grant was revised to fund up to ten different institutes for FY19 to assist teachers, schools, and districts in developing and implementing arts education initiative that support quality arts education programs to significantly improve student achievement, knowledge, skills, and life and career characteristics as outlined by the Profile of the South Carolina Graduate.

The SCDE sponsored 10 professional development arts institutes in 2017-2018, with approximately 271 teachers and administrators who participated. The arts institutes are held at various locations across South Carolina and most are offered for graduate credit. Arts institutes include topics such as standards implementation, curriculum development and leadership, long range planning, alignment of teaching practices with curriculum, classroom assessment, arts and technology, arts integration, and media production in the arts. In addition, institutes for new teacher training (up to three years), principals of arts schools, and district arts coordinators were provided. Through these professional development arts institutes current research and findings in brain research impacting the arts is provided so participants can utilize this research to maximize student learning. Also, participants become reflective teachers so they can effectively assess their own teaching strategies and outcomes and make critical judgments about their teaching and methods to improve their instructional practices. All professional development summer arts institutes are required to include an evaluation component. A synthesis of the participants' evaluations is shared with the program facilitator. The continuation and addition of professional development opportunities are based on these evaluations and teachers' needs.

Twenty-two elementary schools participated in the South Carolina Arts Assessment Program to test their fourth grade students in visual arts and music to provide an evaluation of weakness and strength trends in standards implementation.

Total number of students participating

- Music: 1,469
- Visual Arts: 1,470

44 teachers, arts administrators, and arts coordinators participated in 4 technical assistance training sessions.

C. External Evaluation

Has an independent program evaluation external to the organization been conducted?

_____Yes ____X____No

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

Program Planning and Fiscal Information

5. Recommendations

Are there regulatory or statutory changes you would recommend to the SC General Assembly to assist this program/organization in meeting its objectives?

_____Yes _____X____No

If "Yes," please describe recommendations below:

Funding Sources	FY 2018-19 Actual	FY 2019-20 Estimated
State Funds:		
EIA	1,487,571.00	1,487,571.00
General Fund		
Lottery		
Fees		
Federal Funds (specify):		
Other Sources:

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

<u>X</u> The same as appropriated in the current fiscal year's appropriation.

_____ An increase over the current fiscal year's appropriation.

_____ A decrease over the current fiscal year's appropriation.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019-20	\$1,487,571.00
Amount of increase requested in EIA funding for FY 2020-21	\$
Amount of decrease requested in EIA funding for FY 2020-21	\$
Total amount of EIA funding requested for FY 2020-21	\$1,487,571.00

C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D <u>PROVISO REVISION REQUEST</u>

NUMBER	
	Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").
TITLE	
	Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any

Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any new request.

BUDGET PROGRAM	
	Identify the associated budget program(s) by name and budget section.

Related Budget	
REQUEST	
	Is this request associated with a budget request you have submitted for FY 2020-21? If so,

cite it here.

REQUESTED ACTION	
	Choose from: Add, Delete, Amend, or Codify.

OTHER AGENCIES	
AFFECTED	
	Which other agencies would be affected by the recommended action? How?

SUMMARY & Explanation	
	Summarize the existing proviso. If requesting a new proviso, describe the current state of

affairs without it. Explain the need for your requested action. For deletion requests due to recent codification, please identify SC Code section where language now appears.

FISCAL IMPACT

Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.

Paste FY 2019-20 text above, then bold and underline insertions and strikethrough deletions. For new proviso requests, enter requested text above.

- The completed report packet should contain fifteen (15), three-hole-punched double sided copies and one electronic file by 12:00 p.m. September 27, 2019.
- Hard copies may be mailed or delivered to: SC Education Oversight Committee, Edgar A. Brown Building, 1205 Pendleton Street, Suite 502, Columbia, SC 29201 located on the Statehouse grounds. Any questions and electronic copies should be sent to Bunnie Lempesis Ward at bward@eoc.sc.gov.

Summary of Program:

Allocations are provided to districts to support district purchase of career and technology (CTE) equipment, modernization of facilities, purchase of needed consumables, provision of work-based learning related to students' career goals, and school selection – through High Schools That Work (HSTW) – whole school reform models focused on graduating students who are college and career ready.

1. Allocation of Funds

Of the EIA funds appropriated for this program in Fiscal Year 2018-19, how are the funds allocated?

Allocation of Funds	\$	% of Total Line Item
Allocated to School Districts	\$19,947,135	99.38%
Retained by SCDE	\$	%
Allocated to Other Entities (Please Explain)	\$	%
Other (Please Explain)	\$125,000	0.62%
Palmetto Partners for Science and Technology for robotics competition, curriculum, and support		
Other (Please Explain)	\$	%
TOTAL:	\$20,072,135	100%

Total should reflect EIA line item appropriation (\$) and 100% of the line item appropriation.

Of the funds "Allocated to School Districts," please denote how the funds are expended by category statewide across all districts. In the case of some line items, the SC Department of Education may have to make a professional judgment or estimate.

Expenditure Category for Funds Allocated to School Districts	%
Instruction	%
(Includes direct and indirect instruction and resources in a traditional classroom in grades K-12 including teacher salary compensation, fringe benefits, teacher professional development, etc.)	
Please <i>exclude</i> National Board supplements and Teacher Supply Funds.	
Instructional Support	%

Total should reflect 100%.

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws:

§59-53-1950, §59-39-100, §59-5-61

Chapter 59 of Title 59 – South Carolina Education and Economic Development Act

Proviso(s) (If applicable, include reference to the 2019-20 General Appropriation Act):

1A.61. (SDE-EIA: Career and Technology Education)

1A.5. (SDE-EIA: Work-Based Learning)

1A.33. (SDE-EIA: Career Cluster Industry Partnerships)

1A.16. (SDE-EIA: Dropout Prevention and High Schools That Work Programs)

Regulation(s):

43-232, 43-234, 43-236, 43-272

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

<u> X Yes No</u>

If yes, please describe: SCDE 2019-2020 Work-Based Manual provides guidelines for workbased learning implementation, reporting procedures, and compliance. High Schools that Work is a program through the Southern Regional Education Board.

3. Logic Model

Complete the Logic Model Template provided below **with specific reference to** the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- Outcomes: Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Sample Logic Model

Problem/Issue Goal	poverty schools, the 4K lang recognition, 8% in vocabula	uage and literacy ry and 53% in pho	icators of preparedness for acade assessment indicated significant onological awareness. dents' language and literacy deve	challenges. Only 60% wer	e proficient in letter
		neir 4K students a	and the quality of their interaction	•	
Research/Evidence	Activities/Intervention	Current or Proposed	Outputs	Project Outcomes (1-2 years)	Outcome Measures and Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K.	Proposed	Attendance records.	At least 90% of students who attend at least 25 additional days maintain or improve their language and literacy assessment scores.	Spring and Summer language and literacy assessment scores (myIGDIs, PALS Pre-K, Teaching Strategies GOLD). DRA2 assessment comparison of 4K students who participated in at least 25 additional days to students who did not.
There is growing consensus among researchers and practitioners that children's social-emotional readiness makes unique contributions to their successful transition to and progress through school. However, many children still begin school ill- prepared for the behavioral demands they will encounter in the classroom.	Improve children's kindergarten readiness by addressing their social- emotional needs. Provide additional teacher professional development by implementing TPOT classroom observation tool.	Proposed	All 4K teachers at four schools (10 teachers) will participate in a two-day training on social- emotional development. At least five district staff and teacher mentors will be trained in TPOT. Beginning in 2017, TPOT-trained staff will support teachers and teacher assistants with self-reflection and technical assistance based upon at least three classroom observations.	Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018-19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019-20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

Fiscal Year 2018-19

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

Career and technical education (CTE) is a critical strategy for preparing youth and adults for careers and addressing the skills gap – a disparity between the skills job-seekers offer and the skills that employers need. States and regions, school districts, and individual institutions are creating innovative CTE programs that pave the way for students and adults to successfully enter the 21st century workforce. Increasing the number of Americans with the education, skills, and training needed for the economy is a multilayered strategy. Some of the steps to achieve this goal include

- making teaching and learning in secondary schools more rigorous, engaging, and relevant;
- ensuring that more students are college and career ready;
- increasing high school graduation rates, especially for lower performing students;
- providing opportunities for youth to learn about and experience careers;
- smoothing the transition to postsecondary success (Balfanz, Bridgeland, Bruce, & Hornig Fox, 2013)

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

External factors that could impact the implementation and/or achievement of outcomes include:

- Access to work-based learning opportunities
- Course scheduling constraints
- Transportation

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

The method used to determine the program's impact is first to fund all LEA's at per pupil allocation with a minimum of a \$50,000 allocation. Then offer additional assistance to those LEA's categorized as rural. The Percent of CATE completers who attained industry certificates rose from 43% (16-17), 50% (17-18), to 58% (18-19). The graduation rate of CTE completers rose from 92% (17-18) to 95% (18-19), and The CTE concentration rate remained at 6% for 17-18 and 18-19.

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.

 How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?

The funding has created a wealth of opportunity for the students of South Carolina. The implemented baseline allocation of \$50,000 has provided a more equitable distribution of funds that will benefit the rural and poverty areas of the state. The OCTE is working diligently to provide resources and technical assistance with concentrated focus on rural schools for the implementation of Quality CTE programs.

District data were monitored through PowerSchool.

C. External Evaluation Has an independent program evaluation external to the organization been conducted?

_____Yes <u>X</u>No

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

Program Planning and Fiscal Information

5. Recommendations

Are there regulatory or statutory changes you would recommend to the SC General Assembly to assist this program/organization in meeting its objectives?

_____Yes <u>X</u>____No

If "Yes," please describe recommendations below:

Funding Sources	FY 2018-19 Actual	FY 2019-20 Estimated

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

_____ The same as appropriated in the current fiscal year's appropriation.

______ An increase over the current fiscal year's appropriation.

______ A decrease over the current fiscal year's appropriation.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019-20	\$20,072,135
Amount of increase requested in EIA funding for FY 2020-21	\$
Amount of decrease requested in EIA funding for FY 2020-21	\$
Total amount of EIA funding requested for FY 2020-21	\$20,072,135

C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D <u>PROVISO REVISION REQUEST</u>

NUMBER	
	Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").
TITLE	
	Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any

Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any new request.

BUDGET PROGRAM	
	Identify the associated budget program(s) by name and budget section.

Related Budget	
REQUEST	
	Is this request associated with a budget request you have submitted for FY 2020-21? If so,

cite it here.

REQUESTED ACTION	
	Choose from: Add, Delete, Amend, or Codify.

OTHER AGENCIES	
AFFECTED	
	Which other agencies would be affected by the recommended action? How?

SUMMARY & Explanation	
	Summarize the existing proviso. If requesting a new proviso, describe the current state of

Summarize the existing proviso. If requesting a new proviso, describe the current state of affairs without it. Explain the need for your requested action. For deletion requests due to recent codification, please identify SC Code section where language now appears.

FISCAL IMPACT

Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.

Paste FY 2019-20 text above, then bold and underline insertions and strikethrough deletions. For new proviso requests, enter requested text above.

- The completed report packet should contain fifteen (15), three-hole-punched double sided copies and one electronic file by 12:00 p.m. September 27, 2019.
- Hard copies may be mailed or delivered to: SC Education Oversight Committee, Edgar A. Brown Building, 1205 Pendleton Street, Suite 502, Columbia, SC 29201 located on the Statehouse grounds. Any questions and electronic copies should be sent to Bunnie Lempesis Ward at bward@eoc.sc.gov.

Summary of Program:

The South Carolina Read to Succeed Act requires that students who are significantly below third-grade reading proficiency be provided the opportunity to receive quality, intensive instructional services through a summer reading camp, which operates for at least six weeks, four hours a day, four days a week or the equivalent of 96 instructional hours.

During the third nine weeks of school, all third grade students are assessed using a reliable and research-based formative assessment tool. Those students not reading at grade level based on the proficiency cut score determined by the South Carolina Department of Education (SCDE) qualified to attend the summer reading camp. Camps are taught by teachers who are licensed and have documented success in helping students comprehend grade-level texts, as well as experience with working with struggling readers. Parents/guardians were notified within the third nine weeks of school that their child qualified to attend the camp.

Schools and districts are encouraged to partner with county or school libraries, institutions of higher learning, community organizations, faith-based organizations, businesses, pediatrics and family medical practices, and other groups to provide volunteers, mentors tutors, space, or other support to assist with the provision of the summer reading camp. The SCDE is charged with evaluating the effectiveness of summer reading camps.

1. Allocation of Funds

Of the EIA funds appropriated for this program in Fiscal Year 2018-19, how are the funds allocated?

Allocation of Funds	\$	% of Total Line Item
Allocated to School Districts	\$7,500,000	100%
Retained by SCDE	\$	%
Allocated to Other Entities (Please Explain)	\$	%
Other (Please Explain)	\$	%
Other (Please Explain)	\$	%
TOTAL:	\$7,500,000	100%

Total should reflect EIA line item appropriation (\$) and 100% of the line item appropriation.

Of the funds "Allocated to School Districts," please denote how the funds are expended by category statewide across all districts. In the case of some line items, the SC Department of Education may have to make a professional judgment or estimate.

Expenditure Category for Funds Allocated to School Districts	%
Instruction	%
(Includes direct and indirect instruction and resources in a traditional classroom in grades K-12 including teacher salary compensation, fringe benefits, teacher professional development, etc.)	
Please exclude National Board supplements and Teacher Supply Funds.	
Instructional Support	100%
(i.e. guidance counselors, media specialists, reading coaches, summer reading camps, etc.,)	
Special Education Services	%
Health	%
(i.e. school nurses, mental health counselors, etc.)	
Safety	%
(i.e. school resource officers, etc.)	
Vocational	%
(i.e. career education, vocational equipment, etc.)	

Request for EIA Program Funding for Fiscal Year 2020-21 and Program Report for Fiscal Year 2018-19

EIA Programs Administered by SC Department of Education

Facilities & Transportation	%
District Services	%
Technology	%
(i.e. classroom devices/tablets or instructional software that supports direct learning, etc.)	
Adult Education	%
4K	%
(i.e. Half-Day and Full-Day Programs)	
Assessments	
(i.e. funds for formative assessments, industry exams, etc.)

TOTAL:	100%

Total should reflect 100%.

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws: S.C. Code Ann. §59-155-130 (2014)

Proviso(s) (If applicable, include reference to the 2019-20 General Appropriation Act):

1.58 (SDE: Summer Reading Camps) 1A.56 (SDE-EIA: Reading/Literacy Coaches)—mentions Summer Reading Camps

Regulation(s): N/A

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

Yes X No

If yes, please describe:

3. Logic Model

Complete the Logic Model Template provided below **with specific reference to** the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- Outcomes: Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Sample Logic Model

Problem/Issue Goal	 Kindergarten readiness is one of the first indicators of preparedness for academic success. In ABC Elementary, one of our highest poverty schools, the 4K language and literacy assessment indicated significant challenges. Only 60% were proficient in letter recognition, 8% in vocabulary and 53% in phonological awareness. At four elementary schools that offer 4K, students' language and literacy development will improve. Teachers' ability to support the 				
	social-emotional needs of th	neir 4K students a	and the quality of their interaction	s with students will impro	ve.
Research/Evidence	Activities/Intervention	Current or Proposed	Outputs	Project Outcomes (1-2 years)	Outcome Measures and Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K.	Proposed	Attendance records.	At least 90% of students who attend at least 25 additional days maintain or improve their language and literacy assessment scores.	Spring and Summer language and literacy assessment scores (myIGDIs, PALS Pre-K, Teaching Strategies GOLD). DRA2 assessment comparison of 4K students who participated in at least 25 additional days to students who did not.
There is growing consensus among researchers and practitioners that children's social-emotional readiness makes unique contributions to their successful transition to and progress through school. However, many children still begin school ill- prepared for the behavioral demands they will encounter in the classroom.	Improve children's kindergarten readiness by addressing their social- emotional needs. Provide additional teacher professional development by implementing TPOT classroom observation tool.	Proposed	All 4K teachers at four schools (10 teachers) will participate in a two-day training on social- emotional development. At least five district staff and teacher mentors will be trained in TPOT. Beginning in 2017, TPOT-trained staff will support teachers and teacher assistants with self-reflection and technical assistance based upon at least three classroom observations.	Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018-19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019-20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

Analysis of post-camp data collection.

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

- Summer reading camps are a core component of a comprehensive, statewide K-12 reading policy. The Foundation for Excellence in Education suggests that districts should provide multiple opportunities for third grade students to demonstrate the reading skills required for fourth grade promotion, and offer intensive interventions with trained literacy teachers (ExcelinEd, 2018).
- Third grade is a pivotal year for a child's literacy development, as research suggests that once students fall behind in literacy skills in the early years, they often fail to develop proficiency with reading and comprehension in later grades. Students in middle and high school who have difficulty comprehending texts struggle academically in their content area courses. Without effective instructional intervention to improve their reading comprehension in the early grades, these children become the students in our high schools least likely to graduate. Research shows that students reading below grade level at the end of third grade are six times more likely to leave school without a high school diploma (Murnane, Sawhill, and Snow, 2012).
- Studies of successful summer reading camps highlight a few core benefits, including:
 - o summer learning programs may help close the achievement gap between low-and higher-income children if done well;
 - o programs provide instruction in reading, writing, and math as taught by certified teachers; and
 - programs provide a range of enrichment activities, many provided by community-based organizations that partner with the district (Augustine et al., 2013).
- Additionally, meta analyses of successful camps point to best practices for states and districts to adopt, including:
 - o early planning;
 - o coordination with schools;
 - o community partnerships;
 - o research-based implementation; and
 - o program evaluation (Borman & Schmidt, 2015).

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

• Some districts have expressed that it is often difficult to find high-quality, literacy-endorsed teachers to work at summer reading camps, particularly in small and rural districts.

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

• <u>SRC Symposium Surveys</u>: The second annual Leaders Making Readers SC Read to Succeed Summer Reading Camp Symposium was held in February 2019 as a collaboration between the SCDE, SC Education Oversight Committee, Richland County Library, South Carolina State Library, and the SC Afterschool Alliance. During this event, district instructional leaders and Summer Reading Camp directors from districts attended to learn and share summer reading camp best practices. Following the symposium, a survey was provided to collect data regarding the value of the breakout sessions, to ascertain the participants' level of confidence to plan and implement a quality Read to Succeed summer camp, and to gauge planning needs for future symposiums by seeking feedback regarding pre-camp needs (staff training, materials, etc.). Additionally, participants provided feedback for topics that could be covered during future Read to Succeed Symposiums.

• <u>Pre-camp data collection</u>: During Read to Succeed Summer Reading Camp Technical Assistance Webinar on February 28, 2019, the Office of Early Learning and Literacy provided instructions as to how to collect pre-camp data using a survey to each district which was due April 5, 2019. Initial data collected in this pre-camp survey included: location(s) of camp sites; dates and hours of the camp; the assessment tool to be used; and the estimated number of students invited. The OELL staff used this information to build the summer support and observation calendar. An additional data entry webinar was held on May 20, 2019.

• <u>Post-camp data collection</u>: Through the Office of Research and Data Analysis (ORDA), districts submitted post-camp data measuring key indicators, such as student attendance, student reading performance, student demographic information, and budget expenditures. This annual data collection allowed the SCDE to assess student grade level mastery and ensured that districts are complying with the retention mandate and good cause exemptions as outlined in the Read to Succeed Act.

• <u>Retention-specific survey</u>: The Office of Early Learning and Literacy disseminated a brief, electronic survey directly to district leaders to gather immediate post-camp data on the number of students retained and the number promoted to fourth grade using a good cause exemption. This survey allowed the department to quickly gauge the number of retentions, both statewide and by district, and provided the office a preliminary set of data to compare to the post-camp survey following the data verification process.

• <u>SRC monitoring tool</u>: The monitoring tool used by Literacy Specialists and the Office of Early Learning staff allows the department to measure the quality of instruction and literacy-rich environment at each visited SRC site. After site visits, department staff provide written feedback and suggested improvements to SRC directors as well as use the collected data to measure district-wide classroom indicators of quality. Additionally, this data is collected and utilized to plan upcoming professional opportunities for districts, schools, administrators, and teachers.

• <u>Technical assistance survey</u>: The Office of Early Learning and Literacy hosts a link on the South Carolina Department of Education website where districts and schools can specifically request professional learning opportunities. The link can be found at: https://scde.formstack.com/forms/oell request for assistance form

The full SCDE Summer Reading Camp report to the State Board of Education and the General Assembly is currently in development and will be available this winter.

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.
- How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?

The statewide Summer Reading Camps continue to be an important tool in bringing struggling readers up to grade level and preventing summer learning slide among our state's underserved students. Each year, the SCDE continues to offer support to an increasing number of districts through targeted and differentiated requests for technical assistance and professional learning opportunities. The OELL staff collaborates as a team; counties share a pair of literacy experts - a literacy specialist and an early learning specialist - who work to provide targeted support to teachers based upon district needs. The OELL office continues to recruit, retain, and coach new and veteran literacy coaches to maintain the office's work with literacy across the state.

In spring 2019, the OELL distributed a pre-camp self-study guide developed by the Regional Educational Laboratory (REL) Southeast to SRC district staff. This optional, research-based guide allows districts to reflect on their planning and preparation for the camps and to identify any gaps or needs before the camps begin. The guide responses also allow SCDE staff to more accurately target their support of districts both before and during the summer.

In order to better gauge the perceptions and opinions of SRCs, the department is sending a post-camp satisfaction survey to SRC site leaders. The survey will give these key stakeholders an opportunity to reflect on the support they received over the summer from the SCDE and to offer suggestions for how the state could improve or adjust the support given to districts. This data is collected and analyzed by OELL staff annually and shared with the Literacy Symposium Planning Committee.

Additionally, Act 213 of 2018 was signed into law. The South Carolina Multi-Tiered System of Supports (SC MTSS) is in draft and represents the collaboration between SCDE offices to prepare and support districts to implement SC MTSS for total school improvement by providing professional development, coaching and technical assistance, research and evaluation, and communication and visibility that result in improving learning and college and career readiness for all students. This framework will help districts and schools identify those students who are most at risk and personalize their learning plans through intensive academic and/or social emotional supports and identify those students who are at some risk and provide the appropriate supports. This framework allows students to move between the tiers of support and receive interventions within the classroom and during summer reading camps. MTSS is the most effective and efficient approach to improving school outcomes and student performance thereby ensuring equitable access to an education aligned with the Profile of the South Carolina Graduate. Districts and schools can significantly and positively impact student outcomes through the guarantee of outstanding universal teaching with a common purpose of improving student achievement.

C. External Evaluation Has an independent program evaluation external to the organization been conducted?

_ Yes

_____X____No

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

Program Planning and Fiscal Information

5. Recommendations

Are there regulatory or statutory changes you would recommend to the SC General Assembly to assist this program/organization in meeting its objectives?

_____Yes ____X____No

If "Yes," please describe recommendations below:

Funding Sources	FY 2018-19 Actual	FY 2019-20 Estimated
State Funds:		
EIA	7,500,000.00	7,500,000
General Fund		
Lottery		
Fees		
Federal Funds (specify):		
Other Sources:		
Grant

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

<u>X</u> The same as appropriated in the current fiscal year's appropriation.

_____ An increase over the current fiscal year's appropriation.

______ A decrease over the current fiscal year's appropriation.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019-20	\$
Amount of increase requested in EIA funding for FY 2020-21	\$
Amount of decrease requested in EIA funding for FY 2020-21	\$
Total amount of EIA funding requested for FY 2020-21	\$

C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D <u>PROVISO REVISION REQUEST</u>

NUMBER	
	Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").
TITLE	
	Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any

Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any new request.

BUDGET PROGRAM	
	Identify the associated budget program(s) by name and budget section.

Related Budget	
REQUEST	
	Is this request associated with a budget request you have submitted for FY 2020-21? If so,

cite it here.

REQUESTED ACTION	
	Choose from: Add, Delete, Amend, or Codify.

OTHER AGENCIES	
AFFECTED	
	Which other agencies would be affected by the recommended action? How?

SUMMARY & Explanation	
	Summarize the existing proviso. If requesting a new proviso, describe the current state of

Summarize the existing proviso. If requesting a new proviso, describe the current state of affairs without it. Explain the need for your requested action. For deletion requests due to recent codification, please identify SC Code section where language now appears.

FISCAL IMPACT

Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.

Paste FY 2019-20 text above, then bold and underline insertions and strikethrough deletions. For new proviso requests, enter requested text above.

- The completed report packet should contain fifteen (15), three-hole-punched double sided copies and one electronic file by 12:00 p.m. September 27, 2019.
- Hard copies may be mailed or delivered to: SC Education Oversight Committee, Edgar A. Brown Building, 1205 Pendleton Street, Suite 502, Columbia, SC 29201 located on the Statehouse grounds. Any questions and electronic copies should be sent to Bunnie Lempesis Ward at bward@eoc.sc.gov.

Summary of Program:

The Read to Succeed Coach Initiative provides funding for school-based reading coaches in primary, elementary, and/or middle schools to support student achievement in literacy. The school-based reading coaches attend monthly professional learning opportunities and participate in an online courses taught by the SCDE Literacy Specialists. The professional learning opportunities, held in different locations around the state, and the online course will lead to the Read to Succeed Coach earning his/her R2S Teacher Endorsement as well as the R2S Coach Endorsement, depending on the number of course credit hours he/she earns. Literacy Specialists also offer virtual and onsite support to the school-based reading coaches.

Further, school-based reading coaches receive virtual and on-site support from regionally assigned Literacy Specialists. Coaches also have access to professional books and articles in order to deepen their knowledge of literacy and how to coach their colleagues in order to improve instructional practices. A blended model (virtual and onsite) of support is provided to assist the coaching of school-based reading coaches.

1. Allocation of Funds

Of the EIA funds appropriated for this program in Fiscal Year 2018-19, how are the funds allocated?

Allocation of Funds	\$	% of Total Line Item
Allocated to School Districts	\$9,922,556	100%
Retained by SCDE	\$	%
Allocated to Other Entities (Please Explain)	\$	%
Other (Please Explain)	\$	%
Other (Please Explain)	\$	%
TOTAL:	\$9,922,556	100%

Total should reflect EIA line item appropriation (\$) and 100% of the line item appropriation.

Of the funds "Allocated to School Districts," please denote how the funds are expended by category statewide across all districts. In the case of some line items, the SC Department of Education may have to make a professional judgment or estimate.

Expenditure Category for Funds Allocated to School Districts	%
Instruction	%
(Includes direct and indirect instruction and resources in a traditional classroom in grades K-12 including teacher salary compensation, fringe benefits, teacher professional development, etc.)	
Please <i>exclude</i> National Board supplements and Teacher Supply Funds.	
Instructional Support	100%
(i.e. guidance counselors, media specialists, reading coaches, summer reading camps, etc.,)	
Special Education Services	%
Health	%
(i.e. school nurses, mental health counselors, etc.)	
Safety	%
(i.e. school resource officers, etc.)	
Vocational	%
(i.e. career education, vocational equipment, etc.)	

Request for EIA Program Funding for Fiscal Year 2020-21 and Program Report for Fiscal Year 2018-19

EIA Programs Administered by SC Department of Education

Facilities & Transportation	%
District Services	%
Technology	%
(i.e. classroom devices/tablets or instructional software that supports direct learning, etc.)	
Adult Education	%
4K	%
(i.e. Half-Day and Full-Day Programs)	
Assessments	
(i.e. funds for formative assessments, industry exams, etc.)	
Teacher Supply Funds	%
National Board Supplements	%
Other	%
(Please Explain)	
TOTAL:	100%

Total should reflect 100%.

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws: Title 59, Chapter 155 – South Carolina Read to Succeed Act

Proviso(s) (If applicable, include reference to the 2019-20 General Appropriation Act):

1.61 (SDE: Reading/Literacy Coaches) 1A.56 (SDE-EIA: Reading/Literacy Coaches)

Regulation(s): N/A

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

X Yes No

If yes, please describe: The SCDE has developed guidelines, and each district must submit an annual reading plan and memorandum of agreement (MOA) for each coach to ensure that the coach is being utilized in accordance with the Read to Succeed law. Eligible districts who elect to use coaches as reading interventionists must submit a waiver to ensure compliance with the provisos.

3. Logic Model

Complete the Logic Model Template provided below **with specific reference to** the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- Outcomes: Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Sample Logic Model

Problem/Issue Goal	poverty schools, the 4K lang recognition, 8% in vocabula At four elementary schools	uage and literacy ry and 53% in pho that offer 4K, stu	dents' language and literacy deve	challenges. Only 60% wer	e proficient in letter chers' ability to support the
			and the quality of their interaction		
Research/Evidence	Activities/Intervention	Current or Proposed	Outputs	Project Outcomes (1-2 years)	Outcome Measures and Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K.	Proposed	Attendance records.	At least 90% of students who attend at least 25 additional days maintain or improve their language and literacy assessment scores.	Spring and Summer language and literacy assessment scores (myIGDIs, PALS Pre-K, Teaching Strategies GOLD). DRA2 assessment comparison of 4K students who participated in at least 25 additional days to students who did not.
There is growing consensus among researchers and practitioners that children's social-emotional readiness makes unique contributions to their successful transition to and progress through school. However, many children still begin school ill- prepared for the behavioral demands they will encounter in the classroom.	Improve children's kindergarten readiness by addressing their social- emotional needs. Provide additional teacher professional development by implementing TPOT classroom observation tool.	Proposed	All 4K teachers at four schools (10 teachers) will participate in a two-day training on social- emotional development. At least five district staff and teacher mentors will be trained in TPOT. Beginning in 2017, TPOT-trained staff will support teachers and teacher assistants with self-reflection and technical assistance based upon at least three classroom observations.	Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018-19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019-20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

demonstrated district needs.				

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

Reading/literacy coaches directly impact the most important factor in a classroom: the teacher. Research demonstrates that having school-based literacy coaches can benefit students by improving the level of literacy instruction given by teachers (Bright and Hensley, 2010). The National Academy of Education (2008) provides evidence that professional development, coaching, and mentoring can improve instruction that promotes the retention of highly effective teachers. Additionally, research from REL Southeast and IES found that all of the most rigorous early literacy interventions studied included high levels of ongoing support for educators offering the interventions (REL Southeast, 2017).

The Annenberg Foundation for Education Reform released a comprehensive study on coaching in 2004 that details the core benefits of coaching. These findings suggest that coaching:

- Promotes positive cultural change within a school;
- Increases teachers' use of data to inform practice;
- Promotes the implementation of learning; and
- Supports collective leadership across a school system.

South Carolina-specific research emphasizes the positive impact of coaches on instruction and teacher beliefs. A study following the introduction of school-based literacy coaches in districts found that teachers' beliefs and classroom practices became more consistently aligned with the best practices set forth by the South Carolina Department of Education after working with coaches (Stephens et al., 2011).

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

• The OELL is transitioning during the 2019-20 school year to a new model for serving reading/literacy coaches, with an emphasis on supporting coaches in schools with the largest percentage of students not meeting literacy benchmarks. This change in support is an opportunity for the office to better meet the needs of coaches, teachers, and students, and will also provide an opportunity to align support across other agency divisions in order to cohesively serve districts.

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

- <u>Literacy Coach Memorandum of Agreement with Districts</u>: Each school year, the SCDE distributes a Memorandum of Agreement with school districts on the requirements for hiring literacy coaches using state funding. The memorandum provides the SCDE with endorsement information on each school-based reading/literacy coach to ensure that coaches meet the basic requirements set for by the Read to Succeed Act. For the 2019-20 school year, eligible schools may choose to use their reading coach allocation to hire a reading interventionist or on supplemental literacy services.
- <u>Read to Succeed Coach Endorsement Training</u>: First and second year coaches participate in trainings in order to receive the required literacy coach endorsements. For 2019–20, coaches can take these courses through VirtualSC or through sessions with a Literacy Specialist. The OELL uses these course reports to plan for upcoming trainings and maintain records on all endorsed coaches.

• <u>Literacy Specialist visit records:</u> State literacy specialists document all meetings and professional learning opportunities (PLOs) with school-based reading/literacy coaches and teachers. These records provide a record of engagement with school-based reading/literacy coaches, administrators, and teachers as well as allow the SCDE to measure level of support received by individual school-based reading/literacy coaches across the state.

• <u>Student achievement data records by coaches:</u> Literacy specialists work with school-based reading/literacy coaches to complete consistent data analyses documenting student literacy progress and achievement. These analyses ensure that schools have regular, up-to-date information on students' literacy development in order to identify needs and gaps that can be addressed through instruction and intervention.

• <u>End-of-year communication surveys</u>: The OELL surveys all reading coaches and principals in the Palmetto Literacy Project to gauge satisfaction about their communication with Literacy Specialists.

• <u>Technical assistance survey</u>: The Office of Early Learning and Literacy (OELL) hosts a link on the SCDE website where districts and schools can specifically request professional learning opportunities. The link can be found at: <u>https://scde.formstack.com/forms/oell_request_for_assistance_form</u>.

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.
- How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?

Literacy coaches are an essential part of the state's goal of bringing struggling readers up to grade level and providing high-quality instruction for all students. The OELL staff collaborates as a team; every county shares a pair of literacy experts - a literacy specialist and an early learning specialist - who work to provide targeted support to coaches and teachers based upon district needs. The OELL office continues to recruit, retain, and coach new and veteran literacy coaches to maintain the office's work with literacy across the state.

Based on the updated reading coach provisos for FY 2019–20, the SCDE is working with districts to place reading coaches in the schools with the highest level of literacy need. While coaches were previously hired to serve in only elementary schools, the updated provisos allow districts to place coaches in primary, elementary, and/or middle schools based on the highest level of literacy need as determined by the 2019–20 SC Ready reading results. Additionally, the updated proviso now allows eligible schools to use their reading coach allocation on a reading interventionist or on supplemental reading services. Using the district reading plans as guidance, literacy specialists and the OELL assist schools as they provide support to teachers to plan for and provide instruction in balanced/structured literacy to meet the needs of all students.

The OELL is transitioning during the 2019–20 school year to a new model for serving reading/literacy coaches, with an emphasis on supporting coaches in schools with the largest percentage of students not meeting literacy benchmarks. This change in support is an opportunity for the office to better meet the needs of coaches, teachers, and students, and will also provide an opportunity to align support across other agency divisions in order to cohesively serve districts. In the summer of 2019, the OELL held trainings led by REL Southeast for over 800 teachers, coaches, and principals from participating schools.

C. External Evaluation

Has an independent program evaluation external to the organization been conducted?

Yes _____X____No

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

15

Program Planning and Fiscal Information

5. Recommendations

Are there regulatory or statutory changes you would recommend to the SC General Assembly to assist this program/organization in meeting its objectives?

_____Yes _____X____No

If "Yes," please describe recommendations below:

Funding Sources	FY 2018-19 Actual	FY 2019-20 Estimated
State Funds:		
EIA	9,922,556.00	9,922,556
General Fund	29,483,100.00	29,483,100.00
Lottery

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

_____X____ The same as appropriated in the current fiscal year's appropriation.

______ An increase over the current fiscal year's appropriation.

______ A decrease over the current fiscal year's appropriation.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019-20	\$
Amount of increase requested in EIA funding for FY 2020-21	\$
Amount of decrease requested in EIA funding for FY 2020-21	\$
Total amount of EIA funding requested for FY 2020-21	\$

C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D <u>PROVISO REVISION REQUEST</u>

NUMBER	
	Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").
TITLE	
	Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any

Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any new request.

BUDGET PROGRAM	
	Identify the associated budget program(s) by name and budget section.

Related Budget	
REQUEST	
	Is this request associated with a budget request you have submitted for FY 2020-21? If so,

cite it here.

REQUESTED ACTION	
	Choose from: Add, Delete, Amend, or Codify.

OTHER AGENCIES	
AFFECTED	
	Which other agencies would be affected by the recommended action? How?

SUMMARY & Explanation	
	Summarize the existing proviso. If requesting a new proviso, describe the current state of

affairs without it. Explain the need for your requested action. For deletion requests due to recent codification, please identify SC Code section where language now appears.

FISCAL IMPACT

Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.

Paste FY 2019-20 text above, then bold and underline insertions and strikethrough deletions. For new proviso requests, enter requested text above.

- The completed report packet should contain fifteen (15), three-hole-punched double sided copies and one electronic file by 12:00 p.m. September 27, 2019.
- Hard copies may be mailed or delivered to: SC Education Oversight Committee, Edgar A. Brown Building, 1205 Pendleton Street, Suite 502, Columbia, SC 29201 located on the Statehouse grounds. Any questions and electronic copies should be sent to Bunnie Lempesis Ward at bward@eoc.sc.gov.

Summary of Program:

The Education and Economic Act of 2005 (EEDA) was designed to improve career awareness, development and preparation among students and require the development of a high school curriculum organized around a career cluster system that provides students with strong academic, career, and real-world problem solving skills.

1. Allocation of Funds

Of the EIA funds appropriated for this program in Fiscal Year 2018-19, how are the funds allocated?

Allocation of Funds	\$	% of Total Line Item
Allocated to School Districts	\$ 7,911,925.42	94%
Retained by SCDE	\$501,906.58	6%
Allocated to Other Entities (Please Explain)	\$	%
Other (Please Explain)	\$	%
Other (Please Explain)	\$	%
TOTAL:	\$8,413,832	100%

Total should reflect EIA line item appropriation (\$) and 100% of the line item appropriation.

Of the funds "Allocated to School Districts," please denote how the funds are expended by category statewide across all districts. In the case of some line items, the SC Department of Education may have to make a professional judgment or estimate.

Expenditure Category for Funds Allocated to School Districts	%
Instruction	%
(Includes direct and indirect instruction and resources in a traditional classroom in grades K-12 including teacher salary compensation, fringe benefits, teacher professional development, etc.)	
Please exclude National Board supplements and Teacher Supply Funds.	
Instructional Support	100%
(i.e. guidance counselors, media specialists, reading coaches, summer reading camps, etc.,)	
Special Education Services	%
Health	%
(i.e. school nurses, mental health counselors, etc.)	
Safety	%
(i.e. school resource officers, etc.)	
Vocational	%
(i.e. career education, vocational equipment, etc.)	

Request for EIA Program Funding for Fiscal Year 2020-21 and Program Report for Fiscal Year 2018-19

EIA Programs Administered by SC Department of Education

Facilities & Transportation	%
District Services	%
Technology	%
(i.e. classroom devices/tablets or instructional software that supports direct learning, etc.)	
Adult Education	%

Other	%
(Please Explain)	
TOTAL:	100%

Total should reflect 100%.

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws:

South Carolina Education and Economic Development Act (EEDA) of 2005, codified at Chapter 59 of Title 50 of the South Carolina Code of Laws

Proviso(s) (If applicable, include reference to the 2019-20 General Appropriation Act):

1.25. (SDE: School Districts and Special Schools Flexibility

1A.14. (SDE-EIA: School Districts and Special Schools Flexibility)

1A.43. (SDE-EIA: Education and Economic Development Act Carry Forward)

1A.44. (SDE-EIA: EEDA Regional Education Centers)

Regulation(s):

State Board of Education (SBE) Regulation 43-274.1, At-Risk Students

Request for EIA Program Funding for Fiscal Year 2020-21 and Program Report for Fiscal Year 2018-19

EIA Programs Administered by SC Department of Education

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

X Yes No

If yes, please describe:

The EEDA Coordinating Council

3. Logic Model

Complete the Logic Model Template provided below **with specific reference to** the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- Outcomes: Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Sample Logic Model

Problem/Issue Goal	Kindergarten readiness is one of the first indicators of preparedness for academic success. In ABC Elementary, one of our highest poverty schools, the 4K language and literacy assessment indicated significant challenges. Only 60% were proficient in letter recognition, 8% in vocabulary and 53% in phonological awareness. At four elementary schools that offer 4K, students' language and literacy development will improve. Teachers' ability to support the				
			and the quality of their interaction		
Research/Evidence	Activities/Intervention	Current or Proposed	Outputs	Project Outcomes (1-2 years)	Outcome Measures and Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K.	Proposed	Attendance records.	At least 90% of students who attend at least 25 additional days maintain or improve their language and literacy assessment scores.	Spring and Summer language and literacy assessment scores (myIGDIs, PALS Pre-K, Teaching Strategies GOLD). DRA2 assessment comparison of 4K students who participated in at least 25 additional days to students who did not.
There is growing consensus among researchers and practitioners that children's social-emotional readiness makes unique contributions to their successful transition to and progress through school. However, many children still begin school ill- prepared for the behavioral demands they will encounter in the classroom.	Improve children's kindergarten readiness by addressing their social- emotional needs. Provide additional teacher professional development by implementing TPOT classroom observation tool.	Proposed	All 4K teachers at four schools (10 teachers) will participate in a two-day training on social- emotional development. At least five district staff and teacher mentors will be trained in TPOT. Beginning in 2017, TPOT-trained staff will support teachers and teacher assistants with self-reflection and technical assistance based upon at least three classroom observations.	Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018-19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019-20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

Fiscal Year 2018-19

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

- The major benefit of a career development process for students is that they get helpful assistance and guidance with their career decisions. They get to know about their own aspirations, objectives and desires and understand how to shape their career.
- By participating in an organized career development process, students can set more realistic career goals and objectives.
- A career development process fosters better communication between students and counselors.

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

None		

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

Outcomes are assumed under EAA statute, which supports career development.

Below are the results from the 2018-19 Individual Graduation Plan (IGP) Survey:

1313 of counseling personnel participated in the survey.83% of counseling personnel believe the IGP conferences are beneficial.

16,766 students participated in the survey92% of students believe the IGP conferences are beneficial.

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.

• How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?

C. External Evaluation		

Has an independent program evaluation external to the organization been conducted?

_____Yes _____X____No

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

Program Planning and Fiscal Information

5. Recommendations

Are there regulatory or statutory changes you would recommend to the SC General Assembly to assist this program/organization in meeting its objectives?

_____Yes ____X___No

If "Yes," please describe recommendations below:

Summary of Program:

The Office of Assessment procures, develops, and administers high quality assessments of educational attainment that provide reliable data that can be used as the basis for drawing valid conclusions about examinee's knowledge and skills, and that meet the highest standards of the educational measurement profession.

1. Allocation of Funds

Of the EIA funds appropriated for this program in Fiscal Year 2018-19, how are the funds allocated?

Allocation of Funds	\$	% of Total Line Item
Allocated to School Districts	\$9,121,397.45	33.46%
Retained by SCDE	\$18,129,606.80	67%
Allocated to Other Entities (Please Explain) Governor's Schools	\$10,395.75	.04%
Other (Please Explain)	\$	%
Other (Please Explain)	\$	%
TOTAL:	\$ 27,261,400	100%

Total should reflect EIA line item appropriation (\$) and 100% of the line item appropriation.

Of the funds "Allocated to School Districts," please denote how the funds are expended by category statewide across all districts. In the case of some line items, the SC Department of Education may have to make a professional judgment or estimate.

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws:

The Educational Accountability Act, Title 59, Chapter 18

Read to Succeed, Title 59, Chapter 155

Proviso(s) (If applicable, include reference to the 2019-20 General Appropriation Act):

1.58. (SDE: Summer Reading Camps)

1.71. (SDE: Technology Technical Assistance)

1.94. (SDE: Standards-Based Assessments Suspended)

1A.17 (SDE-EIA: Assessment)

Request for EIA Program Funding for Fiscal Year 2020-21 and Program Report for Fiscal Year 2018-19

EIA Programs Administered by SC Department of Education

1A.26 (SDE-EIA: Assessments-Gifted & Talented, Advanced Placement, & International Baccalaureate Exams)

1A.58 (SDE-EIA: 4K Early Literacy Competencies Assessments)

Regulation(s):

- R.43-100. Test Security
- R. 43-220. Gifted and Talented
- R. 43-234. Defined Program, Grades 9-12 and Graduation Requirement
- R. 43-262. Assessment Program

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

X Yes No

If yes, please describe:

Federal: Every Student Succeeds Act (ESSA), Individuals with Disabilities Act (IDEA), and US Department of Education Peer Review Guidelines

State: Adoption List of Formative Assessment Evaluation Guidelines (governed by the SC State Board of Education and the SC Education Oversight Committee)

3. Logic Model

Complete the Logic Model Template provided below with specific reference to the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- **Outcomes:** Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Sample Logic Model

Problem/Issue	poverty schools, the 4K lang recognition, 8% in vocabular	uage and literacy ry and 53% in pho		challenges. Only 60% wer	e proficient in letter
Goal	· · ·	At four elementary schools that offer 4K, students' language and literacy development will improve. Teachers' ability to support the social-emotional needs of their 4K students and the quality of their interactions with students will improve.			
Research/Evidence	Activities/Intervention	Current or Proposed	Outputs	Project Outcomes (1-2 years)	Outcome Measures and Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K.	Proposed	Attendance records.	At least 90% of students who attend at least 25 additional days maintain or improve their language and literacy assessment scores.	Spring and Summer language and literacy assessment scores (myIGDIs, PALS Pre-K, Teaching Strategies GOLD). DRA2 assessment comparison of 4K students who participated in at least 25 additional days to students who did not.
There is growing consensus among researchers and practitioners that children's social-emotional readiness makes unique contributions to their successful transition to and progress through school. However, many children still begin school ill- prepared for the behavioral demands they will encounter in the classroom.	Improve children's kindergarten readiness by addressing their social- emotional needs. Provide additional teacher professional development by implementing TPOT classroom observation tool.	Proposed	All 4K teachers at four schools (10 teachers) will participate in a two-day training on social- emotional development. At least five district staff and teacher mentors will be trained in TPOT. Beginning in 2017, TPOT-trained staff will support teachers and teacher assistants with self-reflection and technical assistance based upon at least three classroom observations.	Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018-19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019-20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

The state bases decisions and changes and requires contractors to base decisions and changes on many sources, including

- Operational Best Practices for Statewide Large Scale Assessment Programs, published by the Counsel of Chief State School Officers and the Association of Test Publishers;
- Standards for Educational and Psychological Testing, published by The American Educational Research Association, the American Psychological Association, and the National Council on Measurement in Education; and
- U. S. Department of Education Peer Review of State Assessment Systems Non-Regulatory Guidance for States.

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

- state and federal legislation,
- state regulations
- Department of Education Peer Review of State Assessment Systems Non-Regulatory Guidance for State

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

Public districts and schools successfully administered sixty-three state assessments to students in prekindergarten through high school. Districts received funding for the administration of nine additional assessments. Districts received assessment scores that can be used along with other data to impact instruction. Assessment scores are also reported publically through the state report cards.

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.

 How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?

Since the 1980's, assessment programs have been administered in South Carolina as specified in state and federal laws. Assessments have changed over the years to comply with the laws. The SCDE establishes the assessment procedures to ensure assessment scores are valid and reliable. Surveys each year indicate that participants are satisfied with the procedures.

C. External Evaluation

Has an independent program evaluation external to the organization been conducted?

_____X Yes _____No

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

The Education Oversight Committee contracted with HumRRO to evaluate the SC READY and EOCEP assessment programs and approved the tests based on the HumRRO reports. In addition, the U. S. Department of Education has conducting an evaluation (Peer Review) of SC READY. Both evaluations are to ensure that the state assessments are valid.

The HumRRO reports are posted at:

Report #1:

https://www.eoc.sc.gov/Reports%20%20Publications/HumRRO%20reports/SC%20As sess%20Final%20Report%20no.1 Delivered%204 24 2017.pdf

Report #2:

https://www.eoc.sc.gov/Reports%20%20Publications/HumRRO%20reports/Part%20I %20%20II%20-%20Revised_SC%20Assess%20Report%20-%2020180223.pdf

Report #3 cannot be found on the EOC website.

The latest Peer Review letter is posted at <u>https://www2.ed.gov/admins/lead/account/nclbfinalassess/sc3.pdf</u>.

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

<u>X</u> The same as appropriated in the current fiscal year's appropriation.

______ An increase over the current fiscal year's appropriation.

_____ A decrease over the current fiscal year's appropriation.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019-20	\$27,261,400
Amount of increase requested in EIA funding for FY 2020-21	\$0
Amount of decrease requested in EIA funding for FY 2020-21	\$0
Total amount of EIA funding requested for FY 2020-21	\$27,261,400

C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D <u>PROVISO REVISION REQUEST</u>

NUMBER	1.91
	Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").

TITLE	(SDE: Standards-Based Assessments Suspended)
	Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any
	new request.

BUDGET PROGRAM	VIII.A.2 – Assessment/Testing
	<i>Identify the associated budget program(s) by name and budget section.</i>

RELATED BUDGET REQUEST	None
	Is this request associated with a budget request you have submitted for FY 2020-21? If so, cite it here.

REQUESTED ACTION	Amend
	Choose from: Add, Delete, Amend, or Codify.

OTHER AGENCIES	None
AFFECTED	
	Which other agencies would be affected by the recommended action? How?

	Fiscal year update
SUMMARY & Explanation	
	Summarize the existing proviso. If requesting a new proviso, describe the current state of

affairs without it. Explain the need for your requested action. For deletion requests due to recent codification, please identify SC Code section where language now appears.

None

Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.

	1.91. (SDE: Standards-Based Assessments Suspended) In Fiscal Year 2019-20 2020-
	21, the provisions of Section 59-18-325(C)(3) requiring science standards-based
	assessments of students in grade eight and social studies standards-based assessments of
	students in grades five and seven are suspended. Of the funds available due to the
	suspension of these assessments, \$500,000 must be used by the Department of Education
	to fund educator professional development regarding the South Carolina Computer
	Science and Digital Literacy Standards. The remainder of the funds shall be used to pay
	for industry certification/credentials as approved to measure College/Career Readiness
	for purposes of the state accountability system.
PROPOSED	
PROVISO TEXT	

Paste FY 2019-20 text above, then bold and underline insertions and strikethrough deletions. For new proviso requests, enter requested text above.

- The completed report packet should contain fifteen (15), three-hole-punched double sided copies and one electronic file by 12:00 p.m. September 27, 2019.
- Hard copies may be mailed or delivered to: SC Education Oversight Committee, Edgar A. Brown Building, 1205 Pendleton Street, Suite 502, Columbia, SC 29201 located on the Statehouse grounds. Any questions and electronic copies should be sent to Bunnie Lempesis Ward at bward@eoc.sc.gov.

Contact Phone	(803) 737-3150	Contact E-Mail	qmoore@ed.sc.gov

Summary of Program:

Reading EIA funds are used to support state and district initiatives to raise achievement in reading and writing for all South Carolina students. Actions are intended to address South Carolina's primary challenges (low student achievement in reading and writing, literacy achievement gaps among demographic groups, summer loss in literacy achievement, and lack of critical elements necessary for high-progress literacy classrooms) and to guide implementation of Read to Succeed as a tool to increase student literacy achievement.

1. Allocation of Funds

Of the EIA funds appropriated for this program in Fiscal Year 2018-19, how are the funds allocated?

Allocation of Funds	\$	% of Total Line Item
Allocated to School Districts

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws: Title 59, Chapter 155 – South Carolina Read to Succeed Act

Proviso(s) (If applicable, include reference to the 2019-20 General Appropriation Act): **1A.23 (SDE-EIA: Reading) 1A.56 (SDE-EIA: Project Read)**

Regulation(s): N/A

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

Yes X No

If yes, please describe:

3. Logic Model

Complete the Logic Model Template provided below **with specific reference to** the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- Outcomes: Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Sample Logic Model

Problem/Issue Goal	Kindergarten readiness is one of the first indicators of preparedness for academic success. In ABC Elementary, one of our highest poverty schools, the 4K language and literacy assessment indicated significant challenges. Only 60% were proficient in letter recognition, 8% in vocabulary and 53% in phonological awareness. At four elementary schools that offer 4K, students' language and literacy development will improve. Teachers' ability to support the				
Research/Evidence	social-emotional needs of their 4K students and the quality of their interactions with students will improve.Activities/InterventionCurrent orOutputsProject OutcomesOutcome Measures and				
Research Evidence	Activities/intervention	Proposed	Outputs	Project Outcomes (1-2 years)	Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K.	Proposed	Attendance records.	At least 90% of students who attend at least 25 additional days maintain or improve their language and literacy assessment scores.	Spring and Summer language and literacy assessment scores (myIGDIs, PALS Pre-K, Teaching Strategies GOLD). DRA2 assessment comparison of 4K students who participated in at least 25 additional days to students who did not.
There is growing consensus among researchers and practitioners that children's social-emotional readiness makes unique contributions to their successful transition to and progress through school. However, many children still begin school ill- prepared for the behavioral demands they will encounter in the classroom.	Improve children's kindergarten readiness by addressing their social- emotional needs. Provide additional teacher professional development by implementing TPOT classroom observation tool.	Proposed	All 4K teachers at four schools (10 teachers) will participate in a two-day training on social- emotional development. At least five district staff and teacher mentors will be trained in TPOT. Beginning in 2017, TPOT-trained staff will support teachers and teacher assistants with self-reflection and technical assistance based upon at least three classroom observations.	Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018-19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019-20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

Fiscal Year 2018–19						
Problem/Issue	Low student achievement due to lack of adequate literacy instruction.					
Goal	Deliver high quality, ongoing professional learning that supports implementation of Read to Succeed and the best practices					
	associated with academic standards, and promote high-quality, print-rich classrooms.

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

Reading Coach Research

Reading/literacy coaches directly benefit the most important factor in a classroom: the teacher. Research demonstrates that having school-based literacy coaches can benefit students by improving the level of literacy instruction given by teachers (Bright and Hensley, 2010). The National Academy of Education (2008) provides evidence that professional development, coaching, and mentoring can improve instruction that promotes the retention of highly effective teachers. South Carolina-specific research emphasizes the positive impact of coaches on instruction and teacher beliefs. A study following the introduction of school-based literacy coaches in districts found that teachers' beliefs and classroom practices became more consistently aligned with the best practices set forth by the South Carolina Department of Education after working with coaches (Stephens et al., 2011).

Literacy Intervention Research

Third grade is a pivotal year for a child's literacy development, as research suggests that once students fall behind in literacy skills in the early years, they often fail to develop proficiency with reading and comprehension in later grades. Students in middle and high school who have difficulty comprehending texts struggle academically in their content area courses. Without effective instructional intervention to improve their reading comprehension in the early grades, these children become the students in our high schools least likely to graduate. Research shows that students reading below grade level at the end of third grade are six times more likely to leave school without a high school diploma (Murnane, Sawhill, and Snow, 2012). The Foundation for Excellence in Education suggests that districts should provide multiple opportunities for third grade students to demonstrate the reading skills required for fourth grade promotion, and offer intensive interventions with trained literacy teachers (ExcelinEd, 2018). Research from REL Southeast and IES found that all of the most rigorous early literacy interventions studied included high levels of ongoing support for educators offering the interventions (REL Southeast, 2017).

Endorsement and Professional Development Research

Literacy endorsements for teachers, coaches, and specialists ensure that educators statewide are equipped with current, research-based strategies to improve student performance and literacy development. Providing educators with high quality, substantial professional development can increase student achievement by up to 21 percentile points (Yoon et. al., 2007). Short or fragmented professional development is shown to have little or no effect on raising student achievement, while long-term development in the form of endorsements is more likely to lead to student literacy growth (Darling-Hammond et. al., 2009). Research also suggests that professional development and coaching can positively affect teacher retention (National Academy of Education, 2008).

Literacy Plan Research

In 2014, South Carolina joined the majority of states who have created statewide literacy plans. Improving literacy performance statewide requires a comprehensive, actionable plan that can be followed by all stakeholders. Additionally, the Every Student Succeeds Act (ESSA) now requires that every state create an annual plan for student achievement and success, including actions and outcomes for literacy growth. Implementing statewide plans requires the distribution of resources and professional support to school and district-level educators. Statewide literacy plans should:

- address high priority goals;
- summarize core policies and beliefs;
- set an organizational framework for all stakeholders; and
- present a common action plan and timeline (U.S. Department of Education, 2008).

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

None expected.

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

• <u>Educator Endorsement Records:</u> Under the Read to Succeed Act, all educators are required to obtain a literacy endorsement. The Office of Early Learning and Literacy (OELL) uses these reports to ensure that teachers are able to access state resources for endorsements and that school-based reading/literacy coaches meet the basic endorsement and certification requirements set forth by the Read to Succeed Act and the annual Reading Coach Memorandum of Agreement with districts.

• <u>Summer Reading Camp monitoring tool:</u> The monitoring tool used by Literacy Specialists and the OELL staff allows the SCDE to measure the quality of instruction and literacy-rich environment at each visited SRC site. After site visits, SCDE staff provide verbal and written feedback and suggested improvements to SRC directors as well as use the collected data to measure district-wide classroom indicators of quality and plan for additional resource allocation. Additionally, this data is collected and utilized to plan upcoming professional opportunities for districts, schools, administrators, and teachers.

• <u>Read to Succeed Coach Endorsement Training</u>: First and second year coaches participate in trainings in order to receive the required literacy coach endorsements. For 2019–20, coaches can take these courses through VirtualSC or through sessions with a Literacy Specialist. The OELL uses these course reports to plan for upcoming trainings and maintain records on all endorsed coaches.

• <u>District Reading Plan Feedback Forms</u>: Each district submits an annual district reading plan to the SCDE in compliance with the Read to Succeed Act. The OELL completes a feedback form for districts to check for policy compliance and to suggest changes or additions. This form also helps OELL plan for future reading plan communications and revisions.

• <u>Student achievement data records by coaches</u>: Literacy specialists work with school-based reading/literacy coaches to complete consistent data analyses documenting student literacy progress and achievement. These analyses ensure that schools have regular, up-to-date information on students' literacy development in order to identify needs and gaps that can be addressed through instruction and intervention.

• <u>State reporting</u>: In accordance to state law and provisos, the OELL provides annual reports to the Education Oversight Committee, the State Board of Education, and the General Assembly. These reports provide data, augmented by analysis and background information, which inform the public on the status of literacy reform. Early learning and literacy reports, including <u>CERDEP</u>, <u>Reading Coaches</u>, <u>Reading Partners</u>, <u>State Reading Plan</u>, <u>Summer Reading Camp</u>, <u>Read to Succeed</u> and as well as data compilation for the <u>NIEER Yearbooks</u> and <u>SC</u> <u>Profile</u> report.

• <u>Technical assistance survey</u>: The OELL hosts a link on the SCDE website where districts and schools can specifically request professional learning opportunities. The link can be found at: <u>https://scde.formstack.com/forms/oell_request_for_assistance_form</u>

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.
- How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?
- This current school year is the fourth year the state will use SC Ready as the statewide reading assessment for students in grades 3 through 8. The 2018-2019 school year was the second year of implementation of online SC Ready testing for a majority of districts statewide, and more districts are expected to move to online testing for the upcoming school year.
- Additionally, Act 213 of 2018 was signed into law. The South Carolina Multi-Tiered • System of Supports (SC MTSS) is in draft and represents the collaboration between SCDE offices to prepare and support districts to implement SC MTSS for total school improvement by providing professional development, coaching and technical assistance, research and evaluation, and communication and visibility that result in improving learning and college and career readiness for all students. This framework will help districts and schools identify those students who are most at risk and personalize their learning plans through intensive academic and/or social emotional supports and identify those students who are at some risk and provide the appropriate supports. This framework allows students to move between the tiers of support and receive interventions within the classroom and during summer reading camps. MTSS is the most effective and efficient approach to improving school outcomes and student performance thereby ensuring equitable access to an education aligned with the Profile of the South Carolina Graduate. Districts and schools can significantly and positively impact student outcomes through the guarantee of outstanding universal teaching with a common purpose of improving student achievement.
- <u>Read Your Way to the Big Game</u>: The SCDE is again collaborating with the University of South Carolina and Clemson University to promote a statewide reading competition. students. All pre-kindergarten through eighth-grade students who read six books will be entered for the chance to win tickets to the Clemson vs. South Carolina game this November.

C. External Evaluation

Has an independent program evaluation external to the organization been conducted?

_____Yes ____X___No

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

Program Planning and Fiscal Information

5. Recommendations

Are there regulatory or statutory changes you would recommend to the SC General Assembly to assist this program/organization in meeting its objectives?

_____Yes _____x___No

If "Yes," please describe recommendations below:

Funding Sources	FY 2018-19 Actual	FY 2019-20 Estimated
State Funds:

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

_____x____ The same as appropriated in the current fiscal year's appropriation.

_____ An increase over the current fiscal year's appropriation.

______ A decrease over the current fiscal year's appropriation.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019-20	\$
Amount of increase requested in EIA funding for FY 2020-21	\$
Amount of decrease requested in EIA funding for FY 2020-21	\$
Total amount of EIA funding requested for FY 2020-21	\$

C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D <u>PROVISO REVISION REQUEST</u>

NUMBER	
	Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").
TITLE	
	Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any

Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any new request.

BUDGET PROGRAM	
	Identify the associated budget program(s) by name and budget section.

Related Budget	
REQUEST	
	Is this request associated with a budget request you have submitted for FY 2020-21? If so,

cite it here.

REQUESTED ACTION	
	Choose from: Add, Delete, Amend, or Codify.

OTHER AGENCIES	
AFFECTED	
	Which other agencies would be affected by the recommended action? How?

SUMMARY & Explanation	
	Summarize the existing proviso. If requesting a new proviso, describe the current state of

affairs without it. Explain the need for your requested action. For deletion requests due to recent codification, please identify SC Code section where language now appears.

FISCAL IMPACT

Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.

Paste FY 2019-20 text above, then bold and underline insertions and strikethrough deletions. For new proviso requests, enter requested text above.

- The completed report packet should contain fifteen (15), three-hole-punched double sided copies and one electronic file by 12:00 p.m. September 27, 2019.
- Hard copies may be mailed or delivered to: SC Education Oversight Committee, Edgar A. Brown Building, 1205 Pendleton Street, Suite 502, Columbia, SC 29201 located on the Statehouse grounds. Any questions and electronic copies should be sent to Bunnie Lempesis Ward at bward@eoc.sc.gov.

Summary of Program:

The instructional materials adoption program provides State Board of Education-approved instructional materials for students in grades K–12. The state-adopted materials in print and/or digital formats are funded by subject area on a staggered six-year cycle. Funding includes the purchase of not only newly adopted materials aligned to the appropriate South Carolina College- and Career-Ready Standards and career and technology education course standards but also consumable math and cursive writing materials, science kit refurbishment, and maintaining existing adoption materials.

State-adopted instructional materials are an integral part of ensuring that students complete high school in South Carolina with excellent skills and ready for college and careers.

1. Allocation of Funds

Of the EIA funds appropriated for this program in Fiscal Year 2018-19, how are the funds allocated?

Allocation of Funds	\$	% of Total Line Item
Allocated to School Districts	\$3,000,000	14%
Retained by SCDE	\$17,922,839	86%
Allocated to Other Entities (Please Explain)	\$	%
Other (Please Explain)	\$	%
Other (Please Explain)	\$	%
TOTAL:	\$20,922,839	100%

Total should reflect EIA line item appropriation (\$) and 100% of the line item appropriation.

Of the funds "Allocated to School Districts," please denote how the funds are expended by category statewide across all districts. In the case of some line items, the SC Department of Education may have to make a professional judgment or estimate.

Expenditure Category for Funds Allocated to School Districts	%
Instruction	%
(Includes direct and indirect instruction and resources in a traditional classroom in grades K-12 including teacher salary compensation, fringe benefits, teacher professional development, etc.)	
Please <i>exclude</i> National Board supplements and Teacher Supply Funds.	
Instructional Support	%
(i.e. guidance counselors, media specialists, reading coaches, summer reading camps, etc.,)	
Special Education Services	%
Health	%
(i.e. school nurses, mental health counselors, etc.)	
Safety	%
(i.e. school resource officers, etc.)	
Vocational	%
(i.e. career education, vocational equipment, etc.)

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws:

S.C Code Ann. §59-5-60 and §59-31-550

Proviso(s) (If applicable, include reference to the 2019-20 General Appropriation Act): 1A.19, 1A.57, 3.5

Regulation(s):

Regulation(s): 43-71

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

Yes X No

If yes, please describe:

3. Logic Model

Complete the Logic Model Template provided below **with specific reference to** the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- **Outcomes:** Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Sample Logic Model

Problem/Issue	Kindergarten readiness is one of the first indicators of preparedness for academic success. In ABC Elementary, one of our highest poverty schools, the 4K language and literacy assessment indicated significant challenges. Only 60% were proficient in letter recognition, 8% in vocabulary and 53% in phonological awareness.				
Goal			dents' language and literacy deve and the quality of their interaction	• •	,
Research/Evidence	Activities/Intervention	Current or Proposed	Outputs	Project Outcomes (1-2 years)	Outcome Measures and Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K.	Proposed	Attendance records.	At least 90% of students who attend at least 25 additional days maintain or improve their language and literacy assessment scores.	Spring and Summer language and literacy assessment scores (myIGDIs, PALS Pre-K, Teaching Strategies GOLD). DRA2 assessment comparison of 4K students who participated in at least 25 additional days to students who did not.
There is growing consensus among researchers and practitioners that children's social-emotional readiness makes unique contributions to their successful transition to and progress through school. However, many children still begin school ill- prepared for the behavioral demands they will encounter in the classroom.	Improve children's kindergarten readiness by addressing their social- emotional needs. Provide additional teacher professional development by implementing TPOT classroom observation tool.	Proposed	All 4K teachers at four schools (10 teachers) will participate in a two-day training on social- emotional development. At least five district staff and teacher mentors will be trained in TPOT. Beginning in 2017, TPOT-trained staff will support teachers and teacher assistants with self-reflection and technical assistance based upon at least three classroom observations.	Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018-19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019-20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

Fiscal Year 2018-19					
Problem/Issue	With limited funding, providing instructional materials needed to meet the increasing demand by schools for print and digital state

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

Instructional materials support district best practices and use of research.

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

No external factors influenced implementation.

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

Outcomes are assumed under EIA statute, which supports instructional improvement. Through the instructional materials adoption process, students are provided with the instructional materials in both print and digital formats that are aligned to the appropriate standards and level of rigor to ensure that upon graduation the students are prepared for college and careers. Each of the state-adopted and newly recommended programs include teacher editions and support materials as well as web-based resources to enhance and aid instruction in the classroom and increase knowledge of teachers in the content area.

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.

- How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?
- The Curriculum and Instructional Materials Advisory Committee meets annually to determine and submit subject area recommendations for the new adoption cycle to the SBE for approval.
- The Call for Bids for the instructional materials in the SBE-approved areas is issued. The Call contains instructions and information for participating publishers and vendors.
- The bid data from the publishers and vendors is compiled for generating panel recommendations, listing of state adopted materials for districts, and publisher contracts upon adoption.
- Correlations and official instructional material samples (print and digital) are provided to the SCDE and the SBE-appointed Instructional Materials Review Panel members.
- Instructional Materials Review Panels meet in June for orientation and in September to deliberate and make final recommendations on the print and digital materials submitted by the publishers and vendors.
- The public review of recommended instructional material programs is held virtually and at display sites on college and university campuses across the state.
- The Review Panel adoption recommendations are submitted for SBE approval with the summary report of public review comments.
- The SCDE staff works with districts and schools by providing information on newly adopted instructional materials and assisting with the ordering of materials for the new school year.

C. External Evaluation

Has an independent program evaluation external to the organization been conducted?

_Yes _____X____No

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

Program Planning and Fiscal Information

5. Recommendations

Are there regulatory or statutory changes you would recommend to the SC General Assembly to assist this program/organization in meeting its objectives?

_____Yes ____X___No

If "Yes," please describe recommendations below:

Funding Sources	FY 2018-19 Actual	FY 2019-20 Estimated
State Funds:		
EIA	20,922,839.00	20,922,839
General Fund		
Lottery		
Fees		
Federal Funds (specify):		
Other Sources:		
Grant		
Contributions		
Non-Profit (Foundation, etc.)

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

_____ The same as appropriated in the current fiscal year's appropriation.

<u>X</u> An increase over the current fiscal year's appropriation.

_____ A decrease over the current fiscal year's appropriation.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019-20	\$20,922,839
Amount of increase requested in EIA funding for FY 2020-21	\$30,000,000
Amount of decrease requested in EIA funding for FY 2020-21	\$0
Total amount of EIA funding requested for FY 2020-21	\$50,922,839

C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?

If EIA funds are reduced, the availability of newly adopted instructional materials aligned to the appropriate SCCCR standards and the CATE course standards would be limited and would significantly influence instructional resources for students and teachers. Schools would continue to use the older print version of the state-adopted materials. However, access to the digital materials would be limited or not available for the older programs that would directly affect students and teachers as dependency on digital and webbased materials has increased significantly.

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D <u>PROVISO REVISION REQUEST</u>

NUMBER	
	Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").
TITLE	
	Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any

Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any new request.

BUDGET PROGRAM	
	Identify the associated budget program(s) by name and budget section.

Related Budget	
REQUEST	
	Is this request associated with a budget request you have submitted for FY 2020-21? If so,

cite it here.

REQUESTED ACTION	
	Choose from: Add, Delete, Amend, or Codify.

OTHER AGENCIES	
AFFECTED	
	Which other agencies would be affected by the recommended action? How?

SUMMARY & Explanation	
	Summarize the existing proviso. If requesting a new proviso, describe the current state of

affairs without it. Explain the need for your requested action. For deletion requests due to recent codification, please identify SC Code section where language now appears.

FISCAL IMPACT

Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.

Paste FY 2019-20 text above, then bold and underline insertions and strikethrough deletions. For new proviso requests, enter requested text above.

- The completed report packet should contain fifteen (15), three-hole-punched double sided copies and one electronic file by 12:00 p.m. September 27, 2019.
- Hard copies may be mailed or delivered to: SC Education Oversight Committee, Edgar A. Brown Building, 1205 Pendleton Street, Suite 502, Columbia, SC 29201 located on the Statehouse grounds. Any questions and electronic copies should be sent to Bunnie Lempesis Ward at bward@eoc.sc.gov.

Summary of Program:

Proviso 1.86. (SDE: School Safety Program) included below:

Funds appropriated for the School Safety Program and School Resource Officers shall be utilized by the department for the purpose of hiring certified law enforcement officers to serve as a school resource officer for school districts that otherwise would lack the adequate resources to hire their own school resource officers. In making determinations of eligibility the department shall use the most recent index of taxpaying ability as the district's indicator of ability to pay, with districts of the lowest index of taxpaying ability receiving priority consideration. Districts must apply for funding through the department and no districts shall receive an award of more than four certified school resource officer positions. In making awards the department shall provide funding directly to the local law enforcement agency to pay for the cost of the law enforcement officer that will serve as a full-time school resource officer.

1. Allocation of Funds

Of the EIA funds appropriated for this program in Fiscal Year 2018-19, how are the funds allocated?

Allocation of Funds	\$	% of Total Line Item
Allocated to School Districts	\$	%
Retained by SCDE	\$321,938.66	16%
Allocated to Other Entities (Please Explain)—law enforcement agencies	\$1,678,061.34	84%
Other (Please Explain)	\$	%
Other (Please Explain)	\$	%
TOTAL:	\$2,000,0000	100%

Total should reflect EIA line item appropriation (\$) and 100% of the line item appropriation.

Of the funds "Allocated to School Districts," please denote how the funds are expended by category statewide across all districts. In the case of some line items, the SC Department of Education may have to make a professional judgment or estimate.

Expenditure Category for Funds Allocated to School Districts	%
Instruction	%
(Includes direct and indirect instruction and resources in a traditional classroom in grades K-12 including teacher salary compensation, fringe benefits, teacher professional development, etc.)	
Please <i>exclude</i> National Board supplements and Teacher Supply Funds.	
Instructional Support	%
(i.e. guidance counselors, media specialists, reading coaches, summer reading camps, etc.,)	
Special Education Services	%
Health	%
(i.e. school nurses, mental health counselors, etc.)	
Safety	%
(i.e. school resource officers, etc.)	
Vocational	%

Request for EIA Program Funding for Fiscal Year 2020-21 and Program Report for Fiscal Year 2018-19

EIA Programs Administered by SC Department of Education

(i.e. career education, vocational equipment, etc.)	
Facilities & Transportation	%
District Services	%
Technology	%
(i.e. classroom devices/tablets or instructional software that supports direct learning, etc.)	
Adult Education	%
4K	%
(i.e. Half-Day and Full-Day Programs)	
Assessments	
(i.e. funds for formative assessments, industry exams, etc.)	
Teacher Supply Funds	%
National Board Supplements	%
Other	%
(Please Explain)	
TOTAL:	%

Total should reflect 100%.

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws:

Proviso(s) (If applicable, include reference to the 2019-20 General Appropriation Act):

Proviso 1.86. (SDE: School Safety Program)

Regulation(s):

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

Yes X No

If yes, please describe:

3. Logic Model

Complete the Logic Model Template provided below with specific reference to the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- **Outcomes:** Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Sample Logic Model

Problem/Issue Goal	Kindergarten readiness is one of the first indicators of preparedness for academic success. In ABC Elementary, one of our highest poverty schools, the 4K language and literacy assessment indicated significant challenges. Only 60% were proficient in letter recognition, 8% in vocabulary and 53% in phonological awareness. At four elementary schools that offer 4K, students' language and literacy development will improve. Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018-19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019-20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

with a minimum of one full-time school resource officer	of full-time school resource officers	sustained number of schools served by a full-time school resource officer from the previous year	officers	

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

In the case of school resource officers, the types of benefits that school administrators seek from having police officers working in their schools include:

•Increased safety in and around the schools

- •Increased perceptions of safety
- •Improved police call response times
- •Reductions in truancy
- •Fewer distractions from their teachers' teaching and class preparation duties.

Raymond, Barbara. *Assigning Police Officers to Schools*, Response Guide No. 10 (2010) <u>https://popcenter.asu.edu/content/assigning-police-officers-schools-0</u>

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

• The number of qualified law enforcement officers available to serve as school resource officers

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

• The number of schools with a full time school resource officer

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.

• How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?

The program is providing support for districts to increase the number of schools with full time coverage by a qualified school resource officer. Once concern remains the number of qualified school resource officers available to serve in this capacity.

C. External Evaluation Has an independent program evaluation external to the organization been conducted?

_____Yes _____X____No

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

Program Planning and Fiscal Information

5. Recommendations

Are there regulatory or statutory changes you would recommend to the SC General Assembly to assist this program/organization in meeting its objectives?

_____Yes ____X___No

If "Yes," please describe recommendations below:

Funding Sources	FY 2018-19 Actual	FY 2019-20 Estimated
State Funds:		
EIA		10,000,000
General Fund	2,000,000.00	1,935,000.00
Lottery		
Fees		
Federal Funds (specify):		
Other Sources:		
Grant

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

_____X* ____ The same as appropriated in the current fiscal year's appropriation.

_____ An increase over the current fiscal year's appropriation.

_____ A decrease over the current fiscal year's appropriation.

* The agency is requesting a \$20,490,000 increase in School Safety funding from the General fund.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019-20	\$
Amount of increase requested in EIA funding for FY 2020-21	\$
Amount of decrease requested in EIA funding for FY 2020-21	\$
Total amount of EIA funding requested for FY 2020-21	\$

C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D – PROVISO REVISION REQUEST

NUMBER	1A.70
	Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").
TITLE	(SDE-EIA: School Safety Program)
	Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any new request.
BUDGET PROGRAM	VIII.A.4 – School Safety Program
	<i>Identify the associated budget program(s) by name and budget section.</i>
RELATED BUDGET REQUEST	None
	Is this request associated with a budget request you have submitted for FY 2020-21? If so, cite it here.
REQUESTED ACTION	Amend
	Choose from: Add, Delete, Amend, or Codify.
OTHER AGENCIES AFFECTED	None
	Which other agencies would be affected by the recommended action? How?

SUMMARY & EXPLANATION	Summarize the existing proviso. If requesting a new proviso, describe the current state of
	affairs without it Explain the need for your requested action. For deletion requests due

affairs without it. Explain the need for your requested action. For deletion requests due to recent codification, please identify SC Code section where language now appears.

FISCAL IMPACT

Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.

	1A.70. (SDE-EIA: School Safety Program) Funds appropriated for the School Safety				
	Program and School Resource Officers shall be utilized by the department for the purpose				
	of hiring certified law enforcement officers to serve as a school resource officer for school				
	districts, including the South Carolina Public Charter School District and schools				
	authorized by an institution of higher learning, that otherwise would lack the adequate				
	resources to hire their own school resource officers. In making determinations of eligibility				
	the department shall use the most recent index of taxpaying ability as the district's indicator				
	of ability to pay, with districts of the lowest index of taxpaying ability receiving priority				
	consideration. Districts must apply for funding through the department and no districts				
	shall receive an award of more than four certified school resource officer positions. In				
Dropogra	making awards the department shall provide funding directly to the local law enforcement				
PROPOSED	agency to pay for the cost of the law enforcement officer that will serve as a full-time school				
PROVISO TEXT	resource officer. The department is authorized to carry forward funds and utilize these				
	funds for the same purpose.				

Paste FY 2019-20 text above, then bold and underline insertions and strikethrough deletions. For new proviso requests, enter requested text above.

Program Summary

Summary of Program:

Comprehensive Support and Improvement Schools are Title I schools with performance at or below the 5th percentile and any high school with a graduation rate of less than seventy percent. Additionally, any school whose performance is at or below the tenth percentile and is not otherwise identified as a Comprehensive Support and Improvement School, is now categorized as a State Priority School. Comprehensive Support and Improvement Schools and State Priority Schools receive technical assistance through the Education Accountability Act (EAA) S.C. Code Ann. §59-18-1510 and funding as appropriated annually by the general assembly through the Technical Assistance line item. The program monitors schools' *School Renewal Plans* and offers technical assistance through professional learning and leadership support. External review teams evaluate the schools' progress with student achievement and make recommendations for improvement.

- The completed report packet should contain fifteen (15), three-hole-punched double sided copies and one electronic file by 12:00 p.m. September 27, 2019.
- Hard copies may be mailed or delivered to: SC Education Oversight Committee, Edgar A. Brown Building, 1205 Pendleton Street, Suite 502, Columbia, SC 29201 located on the Statehouse grounds. Any questions and electronic copies should be sent to Bunnie Lempesis Ward at bward@eoc.sc.gov.

1. Allocation of Funds

Of the EIA funds appropriated for this program in Fiscal Year 2018-19, how are the funds allocated?

Funds are allocated to school districts with CSI schools based on the following formula:

- A. \$110,000.00 + 135 ADM <200 = \$75,000.00
- B. \$110,000.00 + 135 ADM 201-400 = \$90,000.00
- C. \$110,000.00 + 135 ADM 401-600 = \$115,000.00
- D. \$110,000.00 + 135 ADM 601-1000+ = \$140,000.00

Funds are allocated to school districts with State Priority Schools based on the following formula:

- A. 135 ADM <200 = \$75,000.00
- B. 135 ADM 201-400 = \$90,000.00
- C. 135 ADM 401-600 = \$115,000.00
- D. 135 ADM 601-1000+ = \$140,000.00

The funds served 133 schools, which include all schools in the three districts that are currently under declaration of emergency. A detailed list of allocations by school district can be found below:

Abbeville	\$90,000.00
Aiken	\$415,000.00
Allendale	\$490,000.00
Barnwell 29	\$315,750.00
Barnwell 45	\$225,250.00
Beaufort	\$230,000.00
Berkeley	\$230,000.00
Charleston	\$2,535,000.00
Cherokee	\$180,000.00
Chester	\$405,250.00
Chesterfield	\$205,000.00
Clarendon 2	\$115,000.00
Colleton	\$460,000.00
Darlington 01	\$200,000.00
Dillon 04	\$225,000.00

Dorchester 2	\$140,000.00
Dorchester 4	\$75,000.00
Florence 1	\$800,250.00
Florence 2	\$90,000.00
Florence 3	\$225,250.00
Florence 4	\$450,339.40
Georgetown	\$140,000.00
Greenville	\$810,000.00
Greenwood 51	\$200,000.00
Hampton 2	\$75,000.00
Horry	\$370,000.00
Jasper	\$255,000.00
Kershaw	\$140,000.00
Laurens 55	\$205,000.00
Laurens 56	\$250,000.00
Lee	\$480,000.00
Lexington 1	\$140,000.00
Lexington 2	\$370,000.00
Lexington 4	\$345,000.00
Lexington-Richland 5	\$340,000.00
McCormick	\$200,000.00
Orangeburg 3	\$90,000.00
Orangeburg 5	\$340,000.00
Richland 1	\$935,000.00
Richland 2	\$440,000.00
Spartanburg 7	\$115,000.00
Sumter	\$935,500.00
Williamsburg	\$515,000.00
York 1	\$140,000.00
York 3	\$345,000.00

South Carolina Public Charter School District	\$1,000,000.00
Charter Institute at Erskine	\$1,225,000.00
Total Allocations to Districts	\$18,502,589.40

20% of the funds supported the assigned transformation coach salaries, benefits, fringe, and professional learning opportunities for all Comprehensive Support and Improvement Schools. Our program is required to conduct an External Review Team Assessment for all 41 identified Comprehensive Support and Improvement Schools and provide professional learning for all low performing schools.

Allocation of Funds	\$	% of Total Line Item
Allocated to School Districts	\$18,502,589.40	78%
Retained by SCDE	\$5,298,711.60	22%
Allocated to Other Entities (Please Explain)	\$0	0%
Other (Please Explain)	\$	%
Other (Please Explain)	\$	%
TOTAL:	\$23,801,301	100%

Total should reflect EIA line item appropriation (\$) and 100% of the line item appropriation.

Of the funds "Allocated to School Districts," please denote how the funds are expended by category statewide across all districts. In the case of some line items, the SC Department of Education may have to make a professional judgment or estimate.

Expenditure Category for Funds Allocated to School Districts	%
Instruction	80%
(Includes direct and indirect instruction and resources in a traditional classroom in grades K-12 including teacher salary compensation, fringe benefits, teacher professional development, etc.)	
Please <i>exclude</i> National Board supplements and Teacher Supply Funds.	
Instructional Support	20%
(i.e. guidance counselors, media specialists, reading coaches, summer reading camps, etc.,)

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws:

S.C. Code Ann. §59-18-1510, et seq.

Proviso(s) (If applicable, include reference to the 2019-20 General Appropriation Act):

1A.12 (SDE-EIA: Technical Assistance)

Regulation(s): N/A

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

Yes X No

If yes, please describe:

3. Logic Model

Complete the Logic Model Template provided below **with specific reference to** the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- Outcomes: Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Sample Logic Model

Problem/Issue Goal	poverty schools, the 4K lang recognition, 8% in vocabula	uage and literacy, ry and 53% in pho	icators of preparedness for acade / assessment indicated significant onological awareness. dents' language and literacy deve	challenges. Only 60% wer	e proficient in letter
Guai			and the quality of their interaction		
Research/Evidence	Activities/Intervention	Current or Proposed	Outputs	Project Outcomes (1-2 years)	Outcome Measures and Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K.	Proposed	Attendance records.	At least 90% of students who attend at least 25 additional days maintain or improve their language and literacy assessment scores.	Spring and Summer language and literacy assessment scores (myIGDIs, PALS Pre-K, Teaching Strategies GOLD). DRA2 assessment comparison of 4K students who participated in at least 25 additional days to students who did not.
There is growing consensus among researchers and practitioners that children's social-emotional readiness makes unique contributions to their successful transition to and progress through school. However, many children still begin school ill- prepared for the behavioral demands they will encounter in the classroom.	Improve children's kindergarten readiness by addressing their social- emotional needs. Provide additional teacher professional development by implementing TPOT classroom observation tool.	Proposed	All 4K teachers at four schools (10 teachers) will participate in a two-day training on social- emotional development. At least five district staff and teacher mentors will be trained in TPOT. Beginning in 2017, TPOT-trained staff will support teachers and teacher assistants with self-reflection and technical assistance based upon at least three classroom observations.	Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018-19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019-20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

- A successful school turnaround requires a systems approach with coherent guidance and support from the state and district to complement the actions of the school; and
- A successful school turnaround is more than the initial jolt of bold changes in structure, authority, and personnel; it includes phases in which effective practices and processes are routinized and sustained.
- <u>Three Domains for Rapid School Improvement:</u>
 - Turnaround Leadership: Prioritize improvement and communicate its urgency; Monitor short and long term goals; Customize and target Support to meet needs
 - Talent Development: Recruit, develop, retain, and sustain talentTarget professional learning opportunitie;Set clear performance expectatios
 - Instructional Transformation: Diagnose & respond to student learning needs; Provide rigorous evidence-based instruction; remove barriers and provide opportunities and access to high-quality instruction.

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

External factors that impact implementation may include:

- Turnover among transformation coaches or termination of the transformation coach program;
- Changes or amendments to the accountability model;
- Timely and quality delivery of targeted professional development opportunities; and
- Turnover and /or shortage of school and district leadership staff.

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

The school improvement program focuses on two key areas to determine the program's impact on participants/recipients: building the capacity of school leaders and advancing student outcomes. To document these measures we collected evidence as it relates to the following:

- The percent of professional learning participants who view the SC School Improvement Model training as effective;
- The percent of school principals who are very satisfied to satisfied with the support of their transformation coach;
- The percent of low-performing schools who submit a School Renewal Plan that is aligned to their improvement priorities and inclusive of evidence-based practices; and
- The percent of low-performing schools demonstrating improvement in student outcomes in English Language Arts and Mathematics.

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.

• How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?

The program has not shifted or deviated from the original program plan. Services are going as plan and the intendent recipients are receiving services. Having established an updated low-performing list concurrently with the new accountability system going into effect, we will be tracking outcomes and establishing baseline performance using the 2018-2019 school report cards. Participants perceive the services and benefits of our program very useful as evidenced by professional learning opportunity participation and a request for additional professional learning opportunities regarding school improvement for schools that do not meet the low-performing criteria. A variety of methods are employed to understand the perceptions of participants, including, but not limited to: surveys, coaching, and feedback and dialogue.

C. External Evaluation Has an independent program evaluation external to the organization been conducted?

_____Yes _____x____No

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

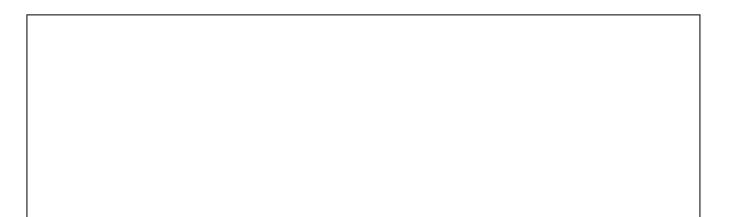

Program Planning and Fiscal Information

5. Recommendations

Are there regulatory or statutory changes you would recommend to the SC General Assembly to assist this program/organization in meeting its objectives?

_____Yes _____x___No

If "Yes," please describe recommendations below:

Funding Sources	FY 2018-19 Actual	FY 2019-20 Estimated
State Funds:		
EIA	23,801,301.00	23,801,301

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

_____x____ The same as appropriated in the current fiscal year's appropriation.

_____ An increase over the current fiscal year's appropriation.

______ A decrease over the current fiscal year's appropriation.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019-20	\$
Amount of increase requested in EIA funding for FY 2020-21	\$
Amount of decrease requested in EIA funding for FY 2020-21	\$
Total amount of EIA funding requested for FY 2020-21	\$

C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D <u>PROVISO REVISION REQUEST</u>

NUMBER	
	Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").
TITLE	
	Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any

Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any new request.

BUDGET PROGRAM	
	Identify the associated budget program(s) by name and budget section.

Related Budget	
REQUEST	
	Is this request associated with a budget request you have submitted for FY 2020-21? If so,

cite it here.

REQUESTED ACTION	
	Choose from: Add, Delete, Amend, or Codify.

OTHER AGENCIES	
AFFECTED	
	Which other agencies would be affected by the recommended action? How?

Summary & Explanation	
	Summarize the existing proviso. If requesting a new proviso, describe the current state of

affairs without it. Explain the need for your requested action. For deletion requests due to recent codification, please identify SC Code section where language now appears.

FISCAL IMPACT

Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.

Paste FY 2019-20 text above, then bold and underline insertions and strikethrough deletions. For new proviso requests, enter requested text above.

- The completed report packet should contain fifteen (15), three-hole-punched double sided copies and one electronic file by 12:00 p.m. September 27, 2019.
- Hard copies may be mailed or delivered to: SC Education Oversight Committee, Edgar A. Brown Building, 1205 Pendleton Street, Suite 502, Columbia, SC 29201 located on the Statehouse grounds. Any questions and electronic copies should be sent to Bunnie Lempesis Ward at bward@eoc.sc.gov.

Summary of Program:

The South Carolina Department of Education funds and provides training for a data collection system composed of the unique student numbering system (SUNS), an assessment reporting system, and a student information system that is used by all schools, districts, special schools and state operated programs. The data collection system enables the South Carolina Department of Education to maintain a comprehensive data collection and reporting system to conduct data collection, storage, retrieval, and analysis for the purposes of accountability reporting.

1. Allocation of Funds

Of the EIA funds appropriated for this program in Fiscal Year 2018-19, how are the funds allocated?

Allocation of Funds	\$	% of Total Line Item
Allocated to School Districts	\$	%
Retained by SCDE	\$7,500,000	100%
Allocated to Other Entities (Please Explain)	\$	%
Other (Please Explain)	\$	%
Other (Please Explain)	\$	%
TOTAL:	\$7,500,000	100%

Total should reflect EIA line item appropriation (\$) and 100% of the line item appropriation.

Of the funds "Allocated to School Districts," please denote how the funds are expended by category statewide across all districts. In the case of some line items, the SC Department of Education may have to make a professional judgment or estimate.

Expenditure Category for Funds Allocated to School Districts	%
Instruction	%
(Includes direct and indirect instruction and resources in a traditional classroom in grades K-12 including teacher salary compensation, fringe benefits, teacher professional development, etc.)	
Please <i>exclude</i> National Board supplements and Teacher Supply Funds.	
Instructional Support	%
(i.e. guidance counselors, media specialists, reading coaches, summer reading camps, etc.,)	
Special Education Services	%
Health	%
(i.e. school nurses, mental health counselors, etc.)	
Safety	%
(i.e. school resource officers, etc.)	
Vocational	%
(i.e. career education, vocational equipment, etc.)

TOTAL:	%

Total should reflect 100%.

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws: SC Code Ann. §59-18-900

Proviso(s) (If applicable, include reference to the 2019-20 General Appropriation Act):

1.3. (SDE: State Aid to Classrooms)

1.8. (SDE: Educational Responsibility/Foster Care)

1A.37. (SDE-EIA: PowerSchool Dropout Recovery Data)

1.57. (SDE: Full-Day 4K)

3.3. (LEA: Student Unique Identifiers)

Regulation(s):

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

Yes X No

If yes, please describe:

3. Logic Model

Complete the Logic Model Template provided below **with specific reference to** the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- **Outcomes:** Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Sample Logic Model

Problem/Issue Goal	Kindergarten readiness is one of the first indicators of preparedness for academic success. In ABC Elementary, one of our highest poverty schools, the 4K language and literacy assessment indicated significant challenges. Only 60% were proficient in letter recognition, 8% in vocabulary and 53% in phonological awareness. At four elementary schools that offer 4K, students' language and literacy development will improve. Teachers' ability to support the				
	social-emotional needs of th	neir 4K students a	and the quality of their interaction	s with students will impro	ve.
Research/Evidence	Activities/Intervention	Current or Proposed	Outputs	Project Outcomes (1-2 years)	Outcome Measures and Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K.	Proposed	Attendance records.	At least 90% of students who attend at least 25 additional days maintain or improve their language and literacy assessment scores.	Spring and Summer language and literacy assessment scores (myIGDIs, PALS Pre-K, Teaching Strategies GOLD). DRA2 assessment comparison of 4K students who participated in at least 25 additional days to students who did not.
There is growing consensus among researchers and practitioners that children's social-emotional readiness makes unique contributions to their successful transition to and progress through school. However, many children still begin school ill- prepared for the behavioral demands they will encounter in the classroom.	Improve children's kindergarten readiness by addressing their social- emotional needs. Provide additional teacher professional development by implementing TPOT classroom observation tool.	Proposed	All 4K teachers at four schools (10 teachers) will participate in a two-day training on social- emotional development. At least five district staff and teacher mentors will be trained in TPOT. Beginning in 2017, TPOT-trained staff will support teachers and teacher assistants with self-reflection and technical assistance based upon at least three classroom observations.	Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018-19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019-20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

	-		ble to classroom Id policymakers and timely
Training of o	-	stration, district provided to	ded training is data system

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

High quality aligned systems may require an increase in funding from the General Assembly in order to ensure that data is timely and secure both at the state and district level.

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

- Higher quality data.
- Informed-decision making.
- Timely reporting.
- Accountability metrics.

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.

- How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?
- The agency solicited stakeholder feedback as part of a process to inform a Request for Information on a proposed new system.

C. External Evaluation Has an independent program evaluation external to the organization been conducted?

_____Yes _____X____No

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

13

Program Planning and Fiscal Information

5. Recommendations

Are there regulatory or statutory changes you would recommend to the SC General Assembly to assist this program/organization in meeting its objectives?

_____Yes _____x___No

If "Yes," please describe recommendations below:

Funding Sources	FY 2018-19 Actual	FY 2019-20 Estimated
State Funds:		
EIA	7,500,000.00	7,500,000
General Fund		
Lottery		
Fees		
Federal Funds (specify):		
Other Sources:		
Grant		
Contributions		
Non-Profit (Foundation, etc.)

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

_____ The same as appropriated in the current fiscal year's appropriation.

_____x ____ An increase over the current fiscal year's appropriation.

_____ A decrease over the current fiscal year's appropriation.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019-20	\$7,500,000
Amount of increase requested in EIA funding for FY 2020-21	\$
Amount of decrease requested in EIA funding for FY 2020-21	\$
Total amount of EIA funding requested for FY 2020-21	\$Pending

- C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?
 - It is time for the agency to re-procure the student information system. The agency has a vision for a
 system that combines several disparate information systems currently being used in districts. This
 would streamline data entry, improve data quality, result in an operational data store (ODS) at the
 district level, set districts up with the ability to do district-level longitudinal data systems, provide
 system hosting to the demand on district technology resources, and unify the data structures along
 standards-based formats.

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D <u>PROVISO REVISION REQUEST</u>

NUMBER	
	Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").

If yes, please describe:

3. Logic Model

Complete the Logic Model Template provided below **with specific reference to** the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- **Outcomes:** Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Sample Logic Model

Problem/Issue Goal	 Kindergarten readiness is one of the first indicators of preparedness for academic success. In ABC Elementary, one of our highest poverty schools, the 4K language and literacy assessment indicated significant challenges. Only 60% were proficient in letter recognition, 8% in vocabulary and 53% in phonological awareness. At four elementary schools that offer 4K, students' language and literacy development will improve. Teachers' ability to support the 				
			and the quality of their interaction	•	
Research/Evidence	Activities/Intervention	Current or Proposed	Outputs	Project Outcomes (1-2 years)	Outcome Measures and Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K.	Proposed	Attendance records.	At least 90% of students who attend at least 25 additional days maintain or improve their language and literacy assessment scores.	Spring and Summer language and literacy assessment scores (myIGDIs, PALS Pre-K, Teaching Strategies GOLD). DRA2 assessment comparison of 4K students who participated in at least 25 additional days to students who did not.
There is growing consensus among researchers and practitioners that children's social-emotional readiness makes unique contributions to their successful transition to and progress through school. However, many children still begin school ill- prepared for the behavioral demands they will encounter in the classroom.	Improve children's kindergarten readiness by addressing their social- emotional needs. Provide additional teacher professional development by implementing TPOT classroom observation tool.	Proposed	All 4K teachers at four schools (10 teachers) will participate in a two-day training on social- emotional development. At least five district staff and teacher mentors will be trained in TPOT. Beginning in 2017, TPOT-trained staff will support teachers and teacher assistants with self-reflection and technical assistance based upon at least three classroom observations.	Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018-19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019-20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

Fiscal Year 2018-19				
Problem/Issue	The Accountability system calls for a Value Added Measure to describe the progress of a school compared to their peers.			
Goal	To calculate the magn	itude of student progress or growth	at the school level for purpos	es of state and federal
	accountability. The sy	stem must meaningfully differentiat	e between schools and optior	ally provide educator
		effectiveness to sch	nool districts	
Strategies and Resources	Activities/Intervention	Outputs	Outcomes (1-2 years)	Measures and

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

• The department is investigating other value-added measures and exploring what might be the best measures of school impact for our state.

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

- Value-added model impacts school ratings on the report cards.
- Training assists schools and teachers in learning what is measured, where data indicates growth is or is not occurring, and focusing efforts on improvement.

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.

- How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?
- As directed in proviso, the value-added system was procured. The award went to a new vendor.
- The department has worked with that vendor and the EOC to align the current results to those with the old vendor for accountability purposes.
- The department is working to provide additional information and resources to schools and teachers.

C. External Evaluation Has an independent program evaluation external to the organization been conducted?

_____Yes <u>X____</u>No

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

Program Planning and Fiscal Information

5. Recommendations

Are there regulatory or statutory changes you would recommend to the SC General Assembly to assist this program/organization in meeting its objectives?

_____Yes <u>X</u>____No

If "Yes," please describe recommendations below:

Funding Sources	FY 2018-19 Actual	FY 2019-20 Estimated
State Funds:		
EIA	1,400,000.00	1,400,000
General Fund		
Lottery		
Fees		
Federal Funds (specify):		
Other Sources:		
Grant

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

_____X____ The same as appropriated in the current fiscal year's appropriation.

______ An increase over the current fiscal year's appropriation.

______ A decrease over the current fiscal year's appropriation.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019-20	\$ 1,400,000
Amount of increase requested in EIA funding for FY 2020-21	\$
Amount of decrease requested in EIA funding for FY 2020-21	\$
Total amount of EIA funding requested for FY 2020-21	\$ 1,400,000

C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D <u>PROVISO REVISION REQUEST</u>

NUMBER	1A.63
	Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").
TITLE	(SDE-EIA: Value-Added Accountability)
	Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any

BUDGET PROGRAM	VIII.A.4 – School Value Added Instrument
Identify the associated budget program(s) by name and budget section.	

new request.

RELATED BUDGET REQUEST	None
	Is this request associated with a budget request you have submitted for FY 2020-21? If so, cite it here.

R EQUESTED ACTION	Delete
	Choose from: Add, Delete, Amend, or Codify.

OTHER AGENCIES	None
AFFECTED	
	Which other agencies would be affected by the recommended action? How?

Summary & Explanation	The instrument is currently under contract and S.C. Code Ann. §59-18-1960 requires the use of a value-added system.
	affairs without it. Explain the need for your requested action. For deletion requests due to recent codification, please identify SC Code section where language now appears.

FISCAL IMPACT	None

Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.

	1A.63. (SDE-EIA: Value-Added Accountability) With the funds appropriated for School
	Value Added Instrument in the current fiscal year the Department of Education shall use
	the education value added assessment system that was procured and administered in the
	prior fiscal year to calculate the magnitude of student progress or growth at the school level
	for purposes of state and federal accountability. At the discretion of the local school
	district, a district may use the education value added assessment system to evaluate
	classroom teachers using student progress or growth. The estimates of specific teacher
	effects on the educational progress of students will not be a public record and shall be made
	available only to the specific teacher, principal and superintendent. In the current fiscal
	year, the Department of Education is directed to procure a value added assessment system,
	which calculates student growth and includes the measurement of magnitude of growth, to
PROPOSED	be used in future school years that meets the requirements of the state and federal
PROVISO TEXT	accountability system as defined in Chapter 18 of Title 59 of the 1976 Code.
I KUVISU I LAI	

Paste FY 2019-20 text above, then bold and underline insertions and strikethrough deletions. For new proviso requests, enter requested text above.

- The completed report packet should contain fifteen (15), three-hole-punched double sided copies and one electronic file by 12:00 p.m. September 27, 2019.
- Hard copies may be mailed or delivered to: SC Education Oversight Committee, Edgar A. Brown Building, 1205 Pendleton Street, Suite 502, Columbia, SC 29201 located on the Statehouse grounds. Any questions and electronic copies should be sent to Bunnie Lempesis Ward at bward@eoc.sc.gov.

Summary of Program:

The EIA Child Development Program (also called EIA 4K) was initiated in 1984 by the South Carolina Education Improvement Act. School districts are legislatively required to offer at least one part-day or half-day pre-K program. South Carolina currently has two state-funded preschool programs administered by the SC Department of Education (SCDE); districts which are not eligible for the South Carolina Early Reading Development and Education Program (CERDEP) full-day 4K funding participate in the EIA 4K program. There are two districts which are eligible for CERDEP, but select not to participate (Horry and Union). They have selected to continue to offer half-day pre-K through the EIA 4K funding. Of the 82 school districts in our state, 19 school districts set their own eligibility criteria from a state-specified list of risk factors that include low parent education, history of foster care, homelessness, teen parents, and low income. State funding for the EIA 4K districts for half-day 4K is allocated to districts based on the number of kindergarteners who qualify for free or reduced-price lunch in each district. Some districts have expanded the half-day EIA 4K program to provide school-day services using funds from other sources.

1. Allocation of Funds

Of the EIA funds appropriated for this program in Fiscal Year 2018-19, how are the funds allocated?

Allocation of Funds	\$	% of Total Line Item
Allocated to School Districts	\$13,513,846	87%
Retained by SCDE	\$2,000,000	13%
Allocated to Other Entities (Please Explain)	\$	%
Other (Please Explain)	\$	%
Other (Please Explain)	\$	%
TOTAL:	\$15,513,846	100%

Total should reflect EIA line item appropriation (\$) and 100% of the line item appropriation.

Of the funds "Allocated to School Districts," please denote how the funds are expended by category statewide across all districts. In the case of some line items, the SC Department of Education may have to make a professional judgment or estimate.

Expenditure Category for Funds Allocated to School Districts	%
Instruction	%
(Includes direct and indirect instruction and resources in a traditional classroom in grades K-12 including teacher salary compensation, fringe benefits, teacher professional development, etc.)	
Please <i>exclude</i> National Board supplements and Teacher Supply Funds.	
Instructional Support	%
(i.e. guidance counselors, media specialists, reading coaches, summer reading camps, etc.,)	
Special Education Services	%
Health	%
(i.e. school nurses, mental health counselors, etc.)	
Safety	%
(i.e. school resource officers, etc.)	
Vocational	%
(i.e. career education, vocational equipment, etc.)

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws: S.C. Code Ann. § 59-139-05 et seq. (2004)

Proviso(s) (If applicable, include reference to the 2019-20 General Appropriation Act):

1A.22 (SDE-EIA: 4K Targeting) 1A.58 (SDE-EIA: 4K Early Literacy Competencies Assessments)

Regulation(s): 24 S.C. Code Ann. Regs. 43-264.1 (State Board of Education Regulation)

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

X Yes No

If yes, please describe: The half-day 4K program has guidelines as specified in regulation 43-264.1.

3. Logic Model

Complete the Logic Model Template provided below **with specific reference to** the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- Outcomes: Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Sample Logic Model

Problem/Issue Goal	poverty schools, the 4K lang recognition, 8% in vocabular	uage and literacy, ry and 53% in pho	icators of preparedness for acade / assessment indicated significant onological awareness. dents' language and literacy deve	challenges. Only 60% wer	e proficient in letter
Goal	-		and the quality of their interaction		
Research/Evidence	Activities/Intervention	Current or Proposed	Outputs	Project Outcomes (1-2 years)	Outcome Measures and Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K.	Proposed	Attendance records.	At least 90% of students who attend at least 25 additional days maintain or improve their language and literacy assessment scores.	Spring and Summer language and literacy assessment scores (myIGDIs, PALS Pre-K, Teaching Strategies GOLD). DRA2 assessment comparison of 4K students who participated in at least 25 additional days to students who did not.
There is growing consensus among researchers and practitioners that children's social-emotional readiness makes unique contributions to their successful transition to and progress through school. However, many children still begin school ill- prepared for the behavioral demands they will encounter in the classroom.	Improve children's kindergarten readiness by addressing their social- emotional needs. Provide additional teacher professional development by implementing TPOT classroom observation tool.	Proposed	All 4K teachers at four schools (10 teachers) will participate in a two-day training on social- emotional development. At least five district staff and teacher mentors will be trained in TPOT. Beginning in 2017, TPOT-trained staff will support teachers and teacher assistants with self-reflection and technical assistance based upon at least three classroom observations.	Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018-19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019-20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

- Children from low-income households often arrive at the kindergarten door substantially behind children from higher-income households. On average, children from low-income families score far below their peers from higher-income families in early vocabulary and literacy development, in early math, and in the social skills they need to get along well with their classmates (Halle et al., 2009; Lee & Burkham, 2002).
- Early delays in pre-academic progress largely predicts later, more visible shortfalls like high school graduation rates and college enrollment rates (Burchinal, et al., 2011; Duncan & Magnuson, 2005). Children who enter school lagging far behind do not usually catch up.
- Research suggests that in order for 4K students to demonstrate kindergarten readiness, their programs must have specific quality indicators. High-quality programs are staffed with well-educated, responsive teachers with strong backgrounds in child development and early learning pedagogy. Administrators tend to be knowledgeable about and supportive of best practices in early learning, and provide meaningful professional development and strong classroom supports. Research-based curriculums support high standards for teaching and learning through a good mix of teacher-directed and child-directed activities.
- In 2017, South Carolina adopted new Early Learning Standards (SC-ELS) for 4K students. Cohesive, statewide standards help students more easily make the transition into kindergarten and promote academic success in later grades (DeBruin-Parecki & Slutzky, 2016). Research suggests that early learning standards are most effective when they:
 - o address multiple domains of development;
 - are developmentally appropriate and scaffold learning;
 - help students develop deep, conceptual understandings of broad subjects; and
 - o are paired with research-based, well-planned assessments (Wechsler et. al., 2016).

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

- 2019–20 is the third year of implementation for the statewide KRA; while district technology capabilities vary across the state, the SCDE has worked to provide more technology supports for teachers as they conduct the assessment during the first weeks of school, including the introduction of an app for entering student data, raw score data that can be viewed immediately, and a score sheet option for entering and viewing student results. The SCDE also worked with the legislature to provide flexible scheduling options for districts at the beginning of the school year as they begin testing.
- Children develop and learn significantly in the years before entering pre-K. While high quality pre-K can reduce the kindergarten preparation gap between low-income and high-income households, schools and teachers cannot control for the home experiences of the children entering their classrooms.

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

- <u>EIA 4K enrollment records</u>: The Office of Early Learning and Literacy (OELL) uses enrollment and attendance records to document the number of children of poverty who are served each year through the program. These registration materials are updated annually to reflect any changes in legislation. The 2019–20 EIA 4K Registration Packet can be located at: <u>https://ed.sc.gov/instruction/early-learning-andliteracy/early-learning/</u>
- Kindergarten Readiness Assessment results: Last year, kindergarten students took the second statewide Kindergarten Readiness Assessment (KRA). The office is using these results to examine the impact of CERDEP and pre-K in general on student school readiness. The South Carolina Department of Education selected three formative assessments (Phonological Awareness Literacy Screening [PALS], Individual Growth and Development Indicators [myIGDIs], and Teaching Strategies [GOLD]) for administration to publicly funded pre-kindergarten students. Each district will administer one of these assessments during the first forty-five days and during the last forty-five days of the school year. The SCDE will fund the same 4-year-old assessment that was administered during the 2018–19 school year. Information regarding the Pre-К and Kindergarten Readiness Assessments can be found at: https://ed.sc.gov/tests/elementary/pre-k-and-kindergarten-readinessassessments/.
- <u>Monitoring visit records and ELLCO</u>: Literacy Specialists and Early Learning Specialists use the Early Language and Literacy Classroom Observation (ELLCO), a research-based observation tool, to document quality improvements at EIA 4K sites. Data from these visits are used to plan professional learning opportunities for districts and to provide targeted assistance to schools based on the collected data.
- <u>NIEER Report</u>: The State Preschool Yearbook is an annual publication of the National Institute for Early Education Research (NIEER) which has tracked the funding, access, and policies of state-funded preschool programs since the 2001-2002 school year. The Yearbook's stated purpose is to improve the public's knowledge and understanding of state efforts to expand the availability of high-quality education to young children in the 21st century. The SCDE uses the NIEER results to ensure we are meeting national standards and to determine areas for growth.

- <u>Early Childhood Development Collection System</u>: The Early Childhood Development Collection System (ECDCS) was created in the fall of 2017. The SC Profile website is an important tool for parents, educators, policymakers, and the general public to use when determining whether programs for young children are fulfilling their promise. The ECDCS allows anyone to see information regarding the status of early childhood efforts, and will hopefully facilitate discussions as to how South Carolina can continue to improve opportunities for our youngest learners. The panel evaluated the data that will be the most meaningful to educators, community members, lawmakers, and parents when it comes to charting a course for South Carolina's early childhood efforts. This data system does not show individual data but does report achievements and growth of South Carolina's children within the education and human services programs over a period of time.
- <u>Preschool Development Grant</u>: In 2019, a coalition of South Carolina early childhood stakeholders, led by DSS, received the state's first Preschool Development Grant. This grant will allow the state to conduct an assessment of all services available to children from birth to age 5, with the goal of identifying gaps in services and better coordinating existing services. The SCDE will use the results of this work to better collaborate with other providers.
- <u>Technical assistance survey</u>: The Office of Early Learning and Literacy (OELL) hosts a link on the SCDE website where early learning educators can specifically request professional learning opportunities. The link can be found at: <u>https://scde.formstack.com/forms/oell_request_for_assistance_form</u>
- <u>Professional Learning Feedback Surveys</u>: Surveys from professional learning opportunities provide feedback to the OELL staff which allows for refinement of training.

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.
- How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?

The program has not shifted or deviated from the original plan. Services and activities are operating as planned. Many districts supplement the EIA 4K funding from other sources to meet the needs of serving children of poverty in their districts. Some districts implementing the EIA 4K program as a half-day program have indicated that their goal is to serve a large number of students by serving twice the number daily during half-day AM and/or PM sessions. Other districts have indicated that they would prefer to have a more intensive program and provide a full-day of services, even if it would be for fewer students.

In 2017, the SCDE implemented new Early Learning Standards (SC-ELS) to provide educators statewide a framework for student development. The standards were collaboratively developed by a number of South Carolina organizations and agencies, including the SC State Child Care Administrator's Office and the SC Department of Social Services, Early Care and Education Division. Additionally, the OELL used early learning provider standards set by the National Institute for Early Education Research (NIEER) to adapt the office's support of 4K classrooms. Changes included increasing the number of on-site monitoring visits and using a research-based monitoring tool for each visit.

C. External Evaluation

Has an independent program evaluation external to the organization been conducted?

_____Yes _____X____No

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

Program Planning and Fiscal Information

5. Recommendations

Are there regulatory or statutory changes you would recommend to the SC General Assembly to assist this program/organization in meeting its objectives?

_____Yes ____X____No

If "Yes," please describe recommendations below:

Funding Sources	FY 2018-19 Actual	FY 2019-20 Estimated
State Funds:		
EIA	15,513,846.00	15,513,846
General Fund		
Lottery

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

_____X____ The same as appropriated in the current fiscal year's appropriation.

______ An increase over the current fiscal year's appropriation.

______ A decrease over the current fiscal year's appropriation.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019-20	\$
Amount of increase requested in EIA funding for FY 2020-21	\$
Amount of decrease requested in EIA funding for FY 2020-21	\$
Total amount of EIA funding requested for FY 2020-21	\$

C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D <u>PROVISO REVISION REQUEST</u>

NUMBER	
	Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").
TITLE	
	Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any

Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any new request.

BUDGET PROGRAM	
	<i>Identify the associated budget program(s) by name and budget section.</i>

Related Budget	
REQUEST	
	Is this request associated with a budget request you have submitted for FY 2020-21? If so,

cite it here.

REQUESTED ACTION	
	Choose from: Add, Delete, Amend, or Codify.

OTHER AGENCIES	
AFFECTED	
	Which other agencies would be affected by the recommended action? How?

SUMMARY & Explanation	
	Summarize the existing proviso. If requesting a new proviso, describe the current state of

affairs without it. Explain the need for your requested action. For deletion requests due to recent codification, please identify SC Code section where language now appears.

FISCAL IMPACT

Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.

Paste FY 2019-20 text above, then bold and underline insertions and strikethrough deletions. For new proviso requests, enter requested text above.

Summary of Program:

The South Carolina Early Reading Development and Education Program (CERDEP) offers many of the state's at-risk 4-year-olds the opportunity to attend a full-day education program. CERDEP began as the Child Development Education Pilot Program (CDEPP), which was established in an annual budget proviso starting in 2006 as a pilot program for children residing in the plaintiff districts in the school funding lawsuit, Abbeville County School District et al. vs. South Carolina. On June 11, 2014, Governor Nikki Haley signed Act 284 (Read to Succeed); Section 2 of that act codified the Child Development Education Program (CDEP), now known as CERDEP. The CERDEP program is designed to serve 4-year-old children eligible for free/reduced lunch and/or Medicaid, in a full day, 180-day instructional program to prepare them to enter kindergarten ready to learn.

Over the past decade, the South Carolina General Assembly has expanded CERDEP funding to provide greater pre-K access to students in districts with high levels of poverty. In 2018–19, the 33 original districts entered the thirteenth year since implementation in 2006; the 14 expansion districts of 2013 entered their seventh year; and the 14 districts added in 2014 entered their fifth year. Of the 64 districts who currently qualify for CERDEP, two have chosen to opt out of CERDEP participation (Horry and Union). The SCDE currently serves 62 CERDEP districts and three charter schools.

Act 284 mandates that in CERDEP classrooms districts will provide: (1) a comprehensive, systemic approach to reading that follows the State Reading Proficiency Plan and the district's comprehensive annual reading proficiency plan, (2) successful administration of the readiness assessment; (3) the developmental and learning support that children must have to be ready for school; (4) parenting education, including educating the parents as to methods that may assist the child; and (5) identification of community and civic organizations that can support early literacy efforts.

- The completed report packet should contain fifteen (15), three-hole-punched double sided copies and one electronic file by 12:00 p.m. September 27, 2019.
- Hard copies may be mailed or delivered to: SC Education Oversight Committee, Edgar A. Brown Building, 1205 Pendleton Street, Suite 502, Columbia, SC 29201 located on the Statehouse grounds. Any questions and electronic copies should be sent to Bunnie Lempesis Ward at bward@eoc.sc.gov.

1. Allocation of Funds

Of the EIA funds appropriated for this program in Fiscal Year 2018–19, how are the funds allocated?

Allocation of Funds	\$	% of Total Line Item
Allocated to School Districts	\$33,699,721	98.18%
Retained by SCDE	\$429,716	1.25%
Allocated to Other Entities (Please Explain) EOC	\$195,000	.57%
Other (Please Explain)	\$	%
Other (Please Explain)	\$	%
TOTAL:	\$34,324,437	100%

Total should reflect EIA line item appropriation (\$) and 100% of the line item appropriation.

Of the funds "Allocated to School Districts," please denote how the funds are expended by category statewide across all districts. In the case of some line items, the SC Department of Education may have to make a professional judgment or estimate.

Expenditure Category for Funds Allocated to School Districts	%
Instruction	%
(Includes direct and indirect instruction and resources in a traditional classroom in grades K-12 including teacher salary compensation, fringe benefits, teacher professional development, etc.)	
Please <i>exclude</i> National Board supplements and Teacher Supply Funds.	
Instructional Support	%
(i.e. guidance counselors, media specialists, reading coaches, summer reading camps, etc.,)	
Special Education Services	%
Health	%
(i.e. school nurses, mental health counselors, etc.)	
Safety	%
(i.e. school resource officers, etc.)	
Vocational	%
(i.e. career education, vocational equipment, etc.)	

Request for EIA Program Funding for Fiscal Year 2020-21 and Program Report for Fiscal Year 2018–19

EIA Programs Administered by SC Department of Education

Facilities & Transportation	%
District Services	%
Technology	%
(i.e. classroom devices/tablets or instructional software that supports direct learning, etc.)	
Adult Education	%
4K	100%
(i.e. Half-Day and Full-Day Programs)	
Assessments	
(i.e. funds for formative assessments, industry exams, etc.)	
Teacher Supply Funds	%

Other	%
(Please Explain)	
TOTAL:	100%

Total should reflect 100%.

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws: Title 59, Chapter 156; Title 59, Chapter 155

Proviso(s) (If applicable, include reference to the 2019–20 General Appropriation Act): \ 1.57 (SDE: Full-Day 4K) 1.69 (SDE: CDEPP Unexpended Funds) 1.76 (SDE: First Steps 4K Underserved Communities) – CERDEP referenced 1A.22 (SDE-EIA: 4K Targeting) 1A.29 (SDE-EIA: Full-Day 4K) 1A.58 (SDE-EIA: 4K Early Literacy Competencies Assessments) 1A.59 (SDE-EIA: CDEPP Unexpended Funds)

Regulation(s): N/A

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

X Yes No

If yes, please describe: The SCDE CERDEP Guidelines provide the requirements for the program and are based on the legislation. Annually these guidelines are updated and disseminated to school districts. The current guidelines can be found at: <u>https://ed.sc.gov/scdoe/assets/File/instruction/early-learning-literacy/CERDEP%20guidelines%2019–20.docx</u>

3. Logic Model

Complete the Logic Model Template provided below with specific reference to the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- Outcomes: Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Sample Logic Model

Problem/Issue Goal	Kindergarten readiness is one of the first indicators of preparedness for academic success. In ABC Elementary, one of our highest poverty schools, the 4K language and literacy assessment indicated significant challenges. Only 60% were proficient in letter recognition, 8% in vocabulary and 53% in phonological awareness. At four elementary schools that offer 4K, students' language and literacy development will improve. Teachers' ability to support the				
			and the quality of their interaction		
Research/Evidence	Activities/Intervention	Current or Proposed	Outputs	Project Outcomes (1-2 years)	Outcome Measures and Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K.	Proposed	Attendance records.	At least 90% of students who attend at least 25 additional days maintain or improve their language and literacy assessment scores.	Spring and Summer language and literacy assessment scores (myIGDIs, PALS Pre-K, Teaching Strategies GOLD). DRA2 assessment comparison of 4K students who participated in at least 25 additional days to students who did not.
There is growing consensus among researchers and practitioners that children's social-emotional readiness makes unique contributions to their successful transition to and progress through school. However, many children still begin school ill- prepared for the behavioral demands they will encounter in the classroom.	Improve children's kindergarten readiness by addressing their social- emotional needs. Provide additional teacher professional development by implementing TPOT classroom observation tool.	Proposed	All 4K teachers at four schools (10 teachers) will participate in a two-day training on social- emotional development. At least five district staff and teacher mentors will be trained in TPOT. Beginning in 2017, TPOT-trained staff will support teachers and teacher assistants with self-reflection and technical assistance based upon at least three classroom observations.	Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018–19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019–20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

Provide professional development that leads to an increase in 4K students who demonstrate kindergarten readiness.	Providing a focus on the skills and competencies necessary for kindergarten readiness will ensure that 4K classrooms are best preparing students for school success.	The OELL will communicate measures of kindergarten readiness to 4K providers through professional learning opportunities.	45% of kindergarteners will demonstrate kindergarten readiness on the state's assessment (KRA).	Kindergarten Readiness Assessment (given to kindergarten students during the first 45 days of school).
Provide parent engagement and student readiness platforms to support classroom instruction at home.	Extended at-home enrichment opportunities will better prepare students and their families for the transition to kindergarten.	The OELL will provide access to the Waterford UPSTART program to a pilot group of CERDEP districts.	Districts participating in the Waterford UPSTART pilot will meet or exceed the state average in the percentage of students demonstrating readiness on the KRA.	Kindergarten Readiness Assessment, Waterford records.

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

- Children from low-income households often arrive at the kindergarten door substantially behind children from higher-income households. On average, children from low-income families score far below their peers from higher-income families in early vocabulary and literacy development, in early math, and in the social skills they need to get along well with their classmates (Halle et al., 2009; Lee & Burkham, 2002).
- Early delays in pre-academic progress largely predicts later, more visible shortfalls like high school graduation rates and college enrollment rates (Burchinal, et al., 2011; Duncan & Magnuson, 2005). Children who enter school lagging far behind do not usually catch up.
- Research suggests that in order for 4K students to demonstrate kindergarten readiness, their programs must have specific quality indicators. High-quality programs are staffed with well-educated, responsive teachers with strong backgrounds in child development and early learning pedagogy. Administrators tend to be knowledgeable about and supportive of best practices in early learning, and provide meaningful professional development and strong classroom supports. Research-based curriculums support high standards for teaching and learning through a good mix of teacher-directed and child-directed activities.
- In 2017, South Carolina adopted new Early Learning Standards (SC-ELS) for 4K students. Cohesive, statewide standards help students more easily make the transition into kindergarten and promote academic success in later grades (DeBruin-Parecki & Slutzky, 2016). Research suggests that early learning standards are most effective when they:
 - o address multiple domains of development;
 - are developmentally appropriate and scaffold learning;
 - help students develop deep, conceptual understandings of broad subjects; and
 - o are paired with research-based, well-planned assessments (Wechsler et. al., 2016).

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019–20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

- 2019–20 is the third year of implementation for the statewide KRA; while district technology capabilities vary across the state, the SCDE has worked to provide more technology supports for teachers as they conduct the assessment during the first weeks of school, including the introduction of an app for entering student data, raw score data that can be viewed immediately, and a score sheet option for entering and viewing student results. The SCDE also worked with the legislature to provide flexible scheduling options for districts at the beginning of the school year as they begin testing.
- Children develop and learn significantly in the years before entering pre-K. While high quality pre-K can reduce the kindergarten preparation gap between low-income and high-income households, schools and teachers cannot control for the home experiences of the children entering their classrooms.

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

<u>CERDEP enrollment records and waiting list</u>: The Office of Early Learning and Literacy (OELL) uses enrollment and attendance records to document the number of children of poverty who are served each year through the program. These registration materials are updated annually to reflect any changes in legislation. The 2019–20 CERDEP Registration Packet can be located at: <u>https://ed.sc.gov/scdoe/assets/File/instruction/early-learning-literacy/CDEP/2019–2020%20Early%20Childhood%20CERDEP%20Registration%20Packet.docx</u>.

• <u>Kindergarten Readiness Assessment results:</u> Last year, kindergarten students took the second statewide Kindergarten Readiness Assessment (KRA). The office is using these results to examine the impact of CERDEP and pre-K in general on student school readiness. The South Carolina Department of Education selected three formative assessments (Phonological Awareness Literacy Screening [PALS], Individual Growth and Development Indicators [myIGDIs], and Teaching Strategies [GOLD]) for administration to publicly funded pre-kindergarten students. Each district will administer one of these assessments during the first forty-five days and during the last forty-five days of the school year. The SCDE will fund the same 4-year-old assessment that was administered during the 2018-2019 school year. Information regarding the Pre-K and Kindergarten Readiness Assessments can be found at: <u>https://ed.sc.gov/tests/elementary/pre-k-and-kindergarten-readiness-assessments/.</u>

• <u>Monitoring visit records and ELLCO:</u> The Office of Early Learning and Literacy (OELL) has increased the number of on-site monitoring/support visits made to CERDEP classrooms over the last three years and will continue to increase visits and support this upcoming year. Literacy Specialists and Early Learning Specialists use the Early Language and Literacy Classroom Observation (ELLCO), a research-based observation tool, to document quality improvements at CERDEP sites. Data from these visits are used to plan professional learning opportunities for districts and to provide targeted assistance to schools based on the collected data.

• <u>NIEER Report</u>: The State Preschool Yearbook is an annual publication of the National Institute for Early Education Research (NIEER) which has tracked the funding, access, and policies of state-funded preschool programs since the 2001-2002 school year. The Yearbook's stated purpose is to improve the public's knowledge and understanding of state efforts to expand the availability of high-quality education to young children in the 21st century. The SCDE uses the NIEER results to ensure we are meeting national standards and to determine areas for growth.

- <u>Early Childhood Development Collection System</u>: The Early Childhood Development Collection System (ECDCS) was created in the fall of 2017. The SC Profile website is an important tool for parents, educators, policymakers, and the general public to use when determining whether programs for young children are fulfilling their promise. The ECDCS allows anyone to see information regarding the status of early childhood efforts, and will hopefully facilitate discussions as to how South Carolina can continue to improve opportunities for our youngest learners. The panel evaluated the data that will be the most meaningful to educators, community members, lawmakers, and parents when it comes to charting a course for South Carolina's early childhood efforts. This data system does not show individual data but does report achievements and growth of South Carolina's children within the education and human services programs over a period of time.
- <u>Preschool Development Grant</u>: In 2019, a coalition of South Carolina early childhood stakeholders, led by DSS, received the state's first Preschool Development Grant. This grant will allow the state to conduct an assessment of all services available to children from birth to age 5, with the goal of identifying gaps in services and better coordinating existing services. The SCDE will use the results of this work to better collaborate with other providers.
- <u>Technical assistance survey</u>: The Office of Early Learning and Literacy (OELL) hosts a link on the SCDE website where early learning educators can specifically request professional learning opportunities. The link can be found at: <u>https://scde.formstack.com/forms/oell request for assistance form</u>.
- <u>Professional Learning Feedback Surveys</u>: Surveys from professional learning opportunities provide feedback to the OELL staff which allows for refinement of training.

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.
- How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?

- The program has doubled the number of 4-year-olds served since it first began in 2006 and nearly doubled the number of participating districts. Alongside this growth in enrollment, the state has also increased efforts to make sure CERDEP instruction is high-quality and research-based and that early learning instructors have the skills and qualifications necessary to effectively prepare students for kindergarten.
- In 2017, the SCDE implemented new Early Learning Standards (SC-ELS) to provide educators statewide a framework for student development. The standards were collaboratively developed by a number of South Carolina organizations and agencies, including the SC State Child Care Administrator's Office and the SC Department of Social Services, Early Care and Education Division. Additionally, the OELL used early learning provider standards set by the National Institute for Early Education Research (NIEER) to adapt the office's support of 4K classrooms. Changes included:
 - Increasing the number of on-site monitoring visits;
 - o Adopting a consistently used, research-based monitoring tool for each visit;
 - Increasing the number of Level 2 site visits, which are intensive visits that monitor literacy environment and regulatory components; and
 - Creating an approved curriculum list that was approved by the State Board of Education.
- For the 2019–20 school year, the SCDE is piloting the use of Waterford UPSTART in some CERDEP districts. Waterford UPSTART is a personalized kindergarten readiness program that supports reading and math in the home and promotes parent engagement.

C. External Evaluation

Has an independent program evaluation external to the organization been conducted?

X	Yes	No

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

The Education Oversight Committee (EOC) conducts an annual evaluation of preschool outcomes in the state. The most recent evaluation was released by the EOC in the Spring of 2019 and may be found here: https://eoc.sc.gov/sites/default/files/Documents/4K/STATE-

FUNDED%20FULL%20DAY%204K%20PROGRAM%20REPORT.pdf.

Program Planning and Fiscal Information

5. Recommendations

Are there regulatory or statutory changes you would recommend to the SC General Assembly to assist this program/organization in meeting its objectives?

_____Yes _____X____No

If "Yes," please describe recommendations below:

Funding Sources	FY 2018-19 Actual	FY 2019-20 Estimated
State Funds:		
EIA	34,324,437.00	41,441,053.00
General Fund	13,099,665.00	5,983,049.00
Lottery		
Fees		
Federal Funds (specify):		
Other Sources:		
Grant		
Contributions		
Non-Profit (Foundation, etc.)		
Other (specify):		
Carry Forward from Prior Year	10,357,141.00	6,699,138.22
Total	57,781,243.00	54,123,240.22
Expenditures	FY 2018-19 Actual	FY 2019-20 Estimated
Personal Service		
Contractual Services	2,314.11	50,000.00

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

______ The same as appropriated in the current fiscal year's appropriation.

_____X____ An increase over the current fiscal year's appropriation.

_____ A decrease over the current fiscal year's appropriation.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019–20	\$41,441,053
Amount of increase requested in EIA funding for FY 2020-21	\$7,000,000
Amount of decrease requested in EIA funding for FY 2020-21	\$
Total amount of EIA funding requested for FY 2020-21	\$48,441,053

- C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?
 - a. This increase will be used to continue the Waterford UPSTART pilot introduced in CERDEP districts in 2019–20. Waterford UPSTART is a personalized kindergarten readiness program that supports reading and math in the home and promotes parent engagement. Goals related to the outcomes of the Waterford Project have been added to the 2020–21 logic model, with the expectation that the program will increase the kindergarten readiness of participating students.

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D <u>PROVISO REVISION REQUEST</u>

NUMBER	
	Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").
TITLE	
	Provide the title from the FY 2019–20 Appropriations Act or suggest a short title for any

Provide the title from the FY 2019–20 Appropriations Act or suggest a short title for any new request.

BUDGET PROGRAM	
	Identify the associated budget program(s) by name and budget section.

Related Budget	
REQUEST	
	Is this request associated with a budget request you have submitted for FY 2020-21? If so,

cite it here.

REQUESTED ACTION	
	Choose from: Add, Delete, Amend, or Codify.

OTHER AGENCIES	
AFFECTED	
	Which other agencies would be affected by the recommended action? How?

Summary & Explanation	
	Summarize the existing proviso. If requesting a new proviso, describe the current state of

affairs without it. Explain the need for your requested action. For deletion requests due to recent codification, please identify SC Code section where language now appears.

FISCAL IMPACT

Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.

Paste FY 2019–20 text above, then bold and underline insertions and strikethrough deletions. For new proviso requests, enter requested text above.

- The completed report packet should contain fifteen (15), three-hole-punched double sided copies and one electronic file by 12:00 p.m. September 27, 2019.
- Hard copies may be mailed or delivered to: SC Education Oversight Committee, Edgar A. Brown Building, 1205 Pendleton Street, Suite 502, Columbia, SC 29201 located on the Statehouse grounds. Any questions and electronic copies should be sent to Bunnie Lempesis Ward at bward@eoc.sc.gov.

Program Summary			
EIA-Funded Program	Teacher of the Year	Address	1429 Senate Street

Summary of Program:

Funds provide awards to state teacher of the year, the 4 honor roll teachers, and each district teacher of the year.

1. Allocation of Funds

Of the EIA funds appropriated for this program in Fiscal Year 2018-19, how are the funds allocated?

Allocation of Funds	\$	% of Total Line Item
Allocated to School Districts	\$155,000	100.00%
Retained by SCDE	\$	%
Allocated to Other Entities (Please Explain)	\$	%
Other (Please Explain)	\$	%
Other (Please Explain)	\$	%
TOTAL:	\$155,000	100.00%

Total should reflect EIA line item appropriation (\$) and 100% of the line item appropriation.

Of the funds "Allocated to School Districts," please denote how the funds are expended by category statewide across all districts. In the case of some line items, the SC Department of Education may have to make a professional judgment or estimate.

Expenditure Category for Funds Allocated to School Districts	%
Instruction	%
(Includes direct and indirect instruction and resources in a traditional classroom in grades K-12 including teacher salary compensation, fringe benefits, teacher professional development, etc.)	
Please <i>exclude</i> National Board supplements and Teacher Supply Funds.	
Instructional Support	%
(i.e. guidance counselors, media specialists, reading coaches, summer reading camps, etc.,)	
Special Education Services	%
Health	%
(i.e. school nurses, mental health counselors, etc.)	
Safety	%
(i.e. school resource officers, etc.)	
Vocational	%
(i.e. career education, vocational equipment, etc.)

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws: 59-26-90

Proviso(s) (If applicable, include reference to the 2019-20 General Appropriation Act):

1A.10 (SDE-EIA: Teacher of the Year Awards)

Regulation(s): N/A

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

Yes X No

If yes, please describe:

3. Logic Model

Complete the Logic Model Template provided below **with specific reference to** the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- **Outcomes:** Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Sample Logic Model

Problem/Issue Goal	poverty schools, the 4K lang recognition, 8% in vocabula	uage and literacy ry and 53% in pho	icators of preparedness for acade assessment indicated significant onological awareness. dents' language and literacy deve	challenges. Only 60% wer	e proficient in letter
		neir 4K students a	and the quality of their interaction	•	
Research/Evidence	Activities/Intervention	Current or Proposed	Outputs	Project Outcomes (1-2 years)	Outcome Measures and Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K.	Proposed	Attendance records.	At least 90% of students who attend at least 25 additional days maintain or improve their language and literacy assessment scores.	Spring and Summer language and literacy assessment scores (myIGDIs, PALS Pre-K, Teaching Strategies GOLD). DRA2 assessment comparison of 4K students who participated in at least 25 additional days to students who did not.
There is growing consensus among researchers and practitioners that children's social-emotional readiness makes unique contributions to their successful transition to and progress through school. However, many children still begin school ill- prepared for the behavioral demands they will encounter in the classroom.	Improve children's kindergarten readiness by addressing their social- emotional needs. Provide additional teacher professional development by implementing TPOT classroom observation tool.	Proposed	All 4K teachers at four schools (10 teachers) will participate in a two-day training on social- emotional development. At least five district staff and teacher mentors will be trained in TPOT. Beginning in 2017, TPOT-trained staff will support teachers and teacher assistants with self-reflection and technical assistance based upon at least three classroom observations.	Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018-19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019-20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

Funding allows state and districts to recognize Teacher of the Year honorees.

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

No external factors influenced implementation.

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

Outcomes are assumed under EIA statute, which supports elevation of the teaching profession.

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.

• How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?

Allocation of funding is monitored through budget processes of the SCDE Office of Finance. Budget actuals are provided with this report.

C. External Evaluation Has an independent program evaluation external to the organization been conducted?

_____Yes _____X____No

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

Program Planning and Fiscal Information

5. Recommendations

Are there regulatory or statutory changes you would recommend to the SC General Assembly to assist this program/organization in meeting its objectives?

_____Yes ____X____No

If "Yes," please describe recommendations below:

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

_____X____ The same as appropriated in the current fiscal year's appropriation.

______ An increase over the current fiscal year's appropriation.

______ A decrease over the current fiscal year's appropriation.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019-20	\$155,000
Amount of increase requested in EIA funding for FY 2020-21	\$
Amount of decrease requested in EIA funding for FY 2020-21	\$
Total amount of EIA funding requested for FY 2020-21	\$155,000

C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D <u>PROVISO REVISION REQUEST</u>

NUMBER	
	Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").
TITLE	
	Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any

Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any new request.

BUDGET PROGRAM	
	Identify the associated budget program(s) by name and budget section.

Related Budget	
REQUEST	
	Is this request associated with a budget request you have submitted for FY 2020-21? If so,

cite it here.

REQUESTED ACTION	
	Choose from: Add, Delete, Amend, or Codify.

OTHER AGENCIES	
AFFECTED	
	Which other agencies would be affected by the recommended action? How?

SUMMARY & Explanation	
	Summarize the existing proviso. If requesting a new proviso, describe the current state of

Summarize the existing proviso. If requesting a new proviso, describe the current state of affairs without it. Explain the need for your requested action. For deletion requests due to recent codification, please identify SC Code section where language now appears.

FISCAL IMPACT

Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.

Paste FY 2019-20 text above, then bold and underline insertions and strikethrough deletions. For new proviso requests, enter requested text above.

- The completed report packet should contain fifteen (15), three-hole-punched double sided copies and one electronic file by 12:00 p.m. September 27, 2019.
- Hard copies may be mailed or delivered to: SC Education Oversight Committee, Edgar A. Brown Building, 1205 Pendleton Street, Suite 502, Columbia, SC 29201 located on the Statehouse grounds. Any questions and electronic copies should be sent to Bunnie Lempesis Ward at bward@eoc.sc.gov.

Summary of Program:

Teacher Quality funds support efforts focused on attracting and retaining educators in difficult-to-staff rural South Carolina districts. Strategies supported include induction and mentoring, teacher leadership, maintenance and development of the educator information system, and review and accreditation of educator preparation providers.

1. Allocation of Funds

Of the EIA funds appropriated for this program in Fiscal Year 2018-19, how are the funds allocated?

Allocation of Funds	\$	% of Total Line Item
Allocated to School Districts	\$	%
Retained by SCDE	\$372,724	100%
Allocated to Other Entities (Please Explain)	\$	%
Other (Please Explain)	\$	%
Other (Please Explain)	\$	%
TOTAL:	\$372,724	100%

Total should reflect EIA line item appropriation (\$) and 100% of the line item appropriation.

Of the funds "Allocated to School Districts," please denote how the funds are expended by category statewide across all districts. In the case of some line items, the SC Department of Education may have to make a professional judgment or estimate.

Expenditure Category for Funds Allocated to School Districts	%
Instruction	%.
(Includes direct and indirect instruction and resources in a traditional classroom in grades K-12 including teacher salary compensation, fringe benefits, teacher professional development, etc.)	
Please <i>exclude</i> National Board supplements and Teacher Supply Funds.	
Instructional Support	%
(i.e. guidance counselors, media specialists, reading coaches, summer reading camps, etc.,)	
Special Education Services	%
Health	%
(i.e. school nurses, mental health counselors, etc.)	
Safety	%
(i.e. school resource officers, etc.)	
Vocational	%
(i.e. career education, vocational equipment, etc.)

TOTAL:	%

Total should reflect 100%.

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws:

Code of Laws: SC Code Ann. §59-5-85, §59-25-110, §59-25-115, §59-26-20, §59-26-30, §59-155-180

Proviso(s) (If applicable, include reference to the 2019-20 General Appropriation Act): N/A

Regulation(s): 43-205.1 Assisting, Developing, and Evaluating Professional Teaching (ADEPT)

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

X Yes No

If yes, please describe:

<u>Collective Leadership Initiative</u> <u>Expanded Teacher Support and Evaluation Guidelines (2018)</u> <u>Induction and Mentoring Program Implementation Guidelines (2017)</u>

3. Logic Model

Complete the Logic Model Template provided below **with specific reference to** the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- **Outcomes:** Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Sample Logic Model

Problem/Issue Goal	poverty schools, the 4K lang recognition, 8% in vocabular	uage and literacy, ry and 53% in pho	icators of preparedness for acade / assessment indicated significant onological awareness. dents' language and literacy deve	challenges. Only 60% wer	e proficient in letter
Goal	-		and the quality of their interaction		
Research/Evidence	Activities/Intervention	Current or Proposed	Outputs	Project Outcomes (1-2 years)	Outcome Measures and Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K.	Proposed	Attendance records.	At least 90% of students who attend at least 25 additional days maintain or improve their language and literacy assessment scores.	Spring and Summer language and literacy assessment scores (myIGDIs, PALS Pre-K, Teaching Strategies GOLD). DRA2 assessment comparison of 4K students who participated in at least 25 additional days to students who did not.
There is growing consensus among researchers and practitioners that children's social-emotional readiness makes unique contributions to their successful transition to and progress through school. However, many children still begin school ill- prepared for the behavioral demands they will encounter in the classroom.	Improve children's kindergarten readiness by addressing their social- emotional needs. Provide additional teacher professional development by implementing TPOT classroom observation tool.	Proposed	All 4K teachers at four schools (10 teachers) will participate in a two-day training on social- emotional development. At least five district staff and teacher mentors will be trained in TPOT. Beginning in 2017, TPOT-trained staff will support teachers and teacher assistants with self-reflection and technical assistance based upon at least three classroom observations.	Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018-19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019-20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

- Research on effective induction and mentoring indicates that support and assistance have a positive impact on the following outcomes: teacher commitment and retention, teacher classroom instructional practices, and student achievement.
- Research suggests that effective school leadership is a primary factor in the retention of effective teachers.

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

Several external factors may impact implementation including:

- Districts are still calibrating evaluators and mentors on the teacher evaluation guidelines fully implemented in 2018–19.
- Recruitment and retention of effective teachers is impacted by declining enrollment in teacher preparation programs nationwide.
- OES is procuring a new system to facilitate the certification of the state's educator workforce from pre-service through retirement and provide robust reporting and data. The system is schedule to pilot in winter 2020.

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

Outcomes were measured through attendance records, session feedback and notes, ADEPT Plans, reports, surveys, EPP accreditation status, population reached through public awareness and marketing and interest in PACE program. See logic model for results.

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.

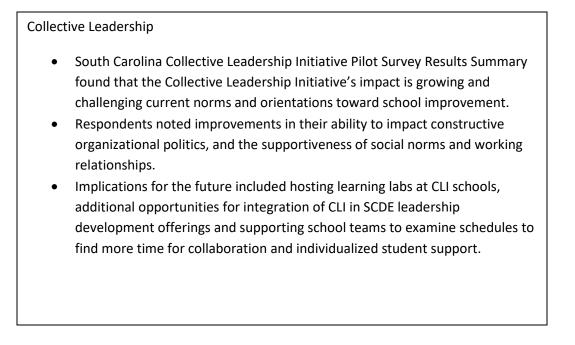

- How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?
- Please see data within logic model.

C. External Evaluation

Has an independent program evaluation external to the organization been conducted?

_____X____Yes _____No

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

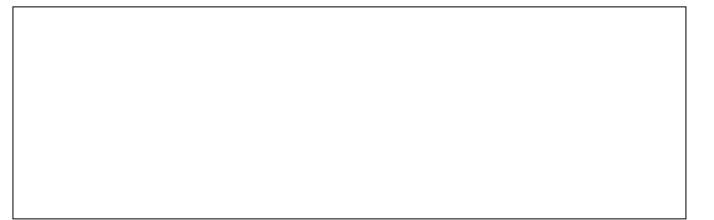

Program Planning and Fiscal Information

5. Recommendations

Are there regulatory or statutory changes you would recommend to the SC General Assembly to assist this program/organization in meeting its objectives?

_____Yes _____x___No

If "Yes," please describe recommendations below:

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

_____x____ The same as appropriated in the current fiscal year's appropriation.

_____ An increase over the current fiscal year's appropriation.

______ A decrease over the current fiscal year's appropriation.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019-20	\$372,724
Amount of increase requested in EIA funding for FY 2020-21	\$
Amount of decrease requested in EIA funding for FY 2020-21	\$
Total amount of EIA funding requested for FY 2020-21	\$372,724

C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D <u>PROVISO REVISION REQUEST</u>

NUMBER	
	Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").
TITLE	
	Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any

Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any new request.

BUDGET PROGRAM	
	<i>Identify the associated budget program(s) by name and budget section.</i>

Related Budget	
REQUEST	
	Is this request associated with a budget request you have submitted for FY 2020-21? If so,

cite it here.

REQUESTED ACTION	
	Choose from: Add, Delete, Amend, or Codify.

OTHER AGENCIES	
AFFECTED	
	Which other agencies would be affected by the recommended action? How?

SUMMARY & Explanation	
	Summarize the existing proviso. If requesting a new proviso, describe the current state of

affairs without it. Explain the need for your requested action. For deletion requests due to recent codification, please identify SC Code section where language now appears.

FISCAL IMPACT

Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.

Paste FY 2019-20 text above, then bold and underline insertions and strikethrough deletions. For new proviso requests, enter requested text above.

- The completed report packet should contain fifteen (15), three-hole-punched double sided copies and one electronic file by 12:00 p.m. September 27, 2019.
- Hard copies may be mailed or delivered to: SC Education Oversight Committee, Edgar A. Brown Building, 1205 Pendleton Street, Suite 502, Columbia, SC 29201 located on the Statehouse grounds. Any questions and electronic copies should be sent to Bunnie Lempesis Ward at bward@eoc.sc.gov.

Summary of Program:

Program provides funding for teacher salaries and fringe to districts to ensure salaries are paid, based on certificate and year of experience, are adequate to meet the State Minimum Salary Schedule.

1. Allocation of Funds

Of the EIA funds appropriated for this program in Fiscal Year 2018-19, how are the funds allocated?

Allocation of Funds	\$	% of Total Line Item
Allocated to School Districts	\$216,500,535	100%
Retained by SCDE	\$	%
Allocated to Other Entities (Please Explain)	\$	%
Other (Please Explain)	\$	%
Other (Please Explain)	\$	%
TOTAL:	\$216,500,535	100%

Total should reflect EIA line item appropriation (\$) and 100% of the line item appropriation.

Of the funds "Allocated to School Districts," please denote how the funds are expended by category statewide across all districts. In the case of some line items, the SC Department of Education may have to make a professional judgment or estimate.

Expenditure Category for Funds Allocated to School Districts	%
Instruction	100%
(Includes direct and indirect instruction and resources in a traditional classroom in grades K-12 including teacher salary compensation, fringe benefits, teacher professional development, etc.)	
Please <i>exclude</i> National Board supplements and Teacher Supply Funds.	
Instructional Support	%
(i.e. guidance counselors, media specialists, reading coaches, summer reading camps, etc.,)	
Special Education Services	%
Health	%
(i.e. school nurses, mental health counselors, etc.)	
Safety	%
(i.e. school resource officers, etc.)	
Vocational	%
(i.e. career education, vocational equipment, etc.)

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws:59-1-480, 59-20-50(b)

Proviso(s) (If applicable, include reference to the 2019-20 General Appropriation Act):

1.3 (State Aid to Classrooms)

1A.15 (SDE-EIA: Teacher Salary Supplement)

Regulation(s): N/A

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

Yes X No

If yes, please describe:

3. Logic Model

Complete the Logic Model Template provided below **with specific reference to** the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- Outcomes: Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Sample Logic Model

Problem/Issue Goal	poverty schools, the 4K lang recognition, 8% in vocabula At four elementary schools	uage and literacy ry and 53% in pho that offer 4K, stu	dents' language and literacy deve	challenges. Only 60% wer lopment will improve. Tea	e proficient in letter chers' ability to support the
Research/Evidence	social-emotional needs of th Activities/Intervention	neir 4K students a	and the quality of their interaction Outputs	s with students will impro Project Outcomes	ve. Outcome Measures and
Researchy Evidence	Activities/intervention	Proposed	Outputs	(1-2 years)	Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K.	Proposed	Attendance records.	At least 90% of students who attend at least 25 additional days maintain or improve their language and literacy assessment scores.	Spring and Summer language and literacy assessment scores (myIGDIs, PALS Pre-K, Teaching Strategies GOLD). DRA2 assessment comparison of 4K students who participated in at least 25 additional days to students who did not.
There is growing consensus among researchers and practitioners that children's social-emotional readiness makes unique contributions to their successful transition to and progress through school. However, many children still begin school ill- prepared for the behavioral demands they will encounter in the classroom.	Improve children's kindergarten readiness by addressing their social- emotional needs. Provide additional teacher professional development by implementing TPOT classroom observation tool.	Proposed	All 4K teachers at four schools (10 teachers) will participate in a two-day training on social- emotional development. At least five district staff and teacher mentors will be trained in TPOT. Beginning in 2017, TPOT-trained staff will support teachers and teacher assistants with self-reflection and technical assistance based upon at least three classroom observations.	Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018-19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019-20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

Funding allows districts to pay teachers at or above the southeastern average.

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

No external factors influenced the implementation.

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

Outcomes are assumed under EIA statute, which supports elevation of the teaching profession and improved instruction.

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.

• How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?

Allocation of funding is monitored through budget processes of the SCDE Office of Finance. Budget actuals are provided with this report.

C. External Evaluation Has an independent program evaluation external to the organization been conducted?

_____Yes _____X____No

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

Program Planning and Fiscal Information

5. Recommendations

Are there regulatory or statutory changes you would recommend to the SC General Assembly to assist this program/organization in meeting its objectives?

_____Yes ____X____No

If "Yes," please describe recommendations below:

Funding Sources	FY 2018-19 Actual	FY 2019-20 Estimated

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

_____X*____ The same as appropriated in the current fiscal year's appropriation.

_____ An increase over the current fiscal year's appropriation.

_____ A decrease over the current fiscal year's appropriation.

* The agency is requesting a 5% increase in teacher salaries funding from the General fund. Although we are not requesting an increase in EIA funding, the requested increase in the general fund will still utilize the EIA teacher salary supplement methodology.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019-20	\$ 181,230,766
Amount of increase requested in EIA funding for FY 2020-21	\$
Amount of decrease requested in EIA funding for FY 2020-21	\$
Total amount of EIA funding requested for FY 2020-21	\$181,230,766

C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D – PROVISO REVISION REQUEST

NUMBER	1A.36
	<i>Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").</i>
TITLE	(SDE-EIA: Teacher Salaries/SE Average)
	Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any new request.
BUDGET PROGRAM	X.A – State Aid to Classrooms
	<i>Identify the associated budget program(s) by name and budget section.</i>
RELATED BUDGET REQUEST	X. Aid to School Districts- State Aid to Classrooms - \$276,207,854
	Is this request associated with a budget request you have submitted for FY 2020-21? If so, cite it here.
REQUESTED ACTION	Amend
	Choose from: Add, Delete, Amend, or Codify.
OTHER AGENCIES AFFECTED	None
	Which other agencies would be affected by the recommended action? How?

	SUMMARY & EXPLANATION	The agency requests amending the proviso to reflect the current Southeastern average as provided by Revenue and Fiscal Affairs, updating the fiscal year reference, making conforming changes to reflect the teacher salary schedule as revised and inserting a proposed five percent increase in teacher salaries.
--	--------------------------	---

Summarize the existing proviso. If requesting a new proviso, describe the current state of affairs without it. Explain the need for your requested action. For deletion requests due to recent codification, please identify SC Code section where language now appears.

	Teacher Salary Teacher Salary Fringe	\$126,246,802 \$38,454,776	
	Total	\$164,701,578	
FISCAL IMPACT			

Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.

PROPOSED PROVISO TEXT	 1A.36. (SDE-EIA: Teacher Salaries/SE Average) The projected Southeastern average teacher salary shall be the average of the average teachers' salaries of the southeastern states as projected by the Revenue and Fiscal Affairs Office. For the current school year the Southeastern average teacher salary is projected to be \$52,830 \$54,165. The General Assembly remains desirous of raising the average teacher salary in South Carolina through incremental increases over the next few years so as to make such equivalent to the national average teacher salary. Additionally, for the current fiscal year, a local school district board of trustees must increase the salary compensation for all eligible certified teachers employed by the district by no less than one year of experience credit using the district salary schedule utilized the prior fiscal year as the basis for providing the step. Application of this provision must be applied uniformly for all eligible certified teachers. For Fiscal Year 2019 20 2020-21, the requirement that school districts maintain local salary supplements per teacher no less than their prior fiscal year level is suspended if additional State funds fill the gap. Funds allocated by Proviso 1.3 for implementing <u>the</u> a revised state minimum salary schedule for Teacher Salaries must be used to increase salaries of those teachers eligible pursuant to Section 59-20-50(4)(b), to include classroom teachers, librarians, guidance counselors, psychologists, social workers, occupational and physical therapists, school nurses, orientation/mobility instructors, and audiologists in the school districts of the state by not less than four <u>five</u> percent. Districts must use the district salary schedule utilized the prior fiscal year as the basis for providing the increase. For purposes of this provision teachers shall be defined by the Department of Education using the Professional Certified Staff (PCS) System.
	Paste FY 2019-20 text above, then bold and underline insertions and strikethrough

deletions. For new proviso requests, enter requested text above.

- The completed report packet should contain fifteen (15), three-hole-punched double sided copies and one electronic file by 12:00 p.m. September 27, 2019.
- Hard copies may be mailed or delivered to: SC Education Oversight Committee, Edgar A. Brown Building, 1205 Pendleton Street, Suite 502, Columbia, SC 29201 located on the Statehouse grounds. Any questions and electronic copies should be sent to Bunnie Lempesis Ward at bward@eoc.sc.gov.

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws: N/A

Proviso(s) (If applicable, include reference to the 2019-20 General Appropriation Act):

1A.7 (SDE-EIA: Disbursements/Other Entities)

1A.9 (SDE-EIA: Teacher Supplies)

Regulation(s):

N/A

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

Yes X No

If yes, please describe:

3. Logic Model

Complete the Logic Model Template provided below with specific reference to the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- **Outcomes:** Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Sample Logic Model

Problem/Issue Goal	poverty schools, the 4K lang recognition, 8% in vocabula	uage and literacy ry and 53% in pho	icators of preparedness for acade assessment indicated significant onological awareness. dents' language and literacy deve	challenges. Only 60% wer	e proficient in letter
		neir 4K students a	and the quality of their interaction	•	
Research/Evidence	Activities/Intervention	Current or Proposed	Outputs	Project Outcomes (1-2 years)	Outcome Measures and Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K.	Proposed	Attendance records.	At least 90% of students who attend at least 25 additional days maintain or improve their language and literacy assessment scores.	Spring and Summer language and literacy assessment scores (myIGDIs, PALS Pre-K, Teaching Strategies GOLD). DRA2 assessment comparison of 4K students who participated in at least 25 additional days to students who did not.
There is growing consensus among researchers and practitioners that children's social-emotional readiness makes unique contributions to their successful transition to and progress through school. However, many children still begin school ill- prepared for the behavioral demands they will encounter in the classroom.	Improve children's kindergarten readiness by addressing their social- emotional needs. Provide additional teacher professional development by implementing TPOT classroom observation tool.	Proposed	All 4K teachers at four schools (10 teachers) will participate in a two-day training on social- emotional development. At least five district staff and teacher mentors will be trained in TPOT. Beginning in 2017, TPOT-trained staff will support teachers and teacher assistants with self-reflection and technical assistance based upon at least three classroom observations.	Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018-19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019-20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

Funding allows districts to ensure teachers have adequate supplies for all students.

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

No external factors influenced implementation.

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

Outcomes are assumed under EIA statute, which supports instructional improvement.

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.

• How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?

Allocation of funding is monitored through budget processes of the SCDE Office of Finance. Budget actuals are provided with this report.

C. External Evaluation Has an independent program evaluation external to the organization been conducted?

_____Yes _____X____No

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

Program Planning and Fiscal Information

5. Recommendations

Are there regulatory or statutory changes you would recommend to the SC General Assembly to assist this program/organization in meeting its objectives?

_____Yes ____X____No

If "Yes," please describe recommendations below:

Funding Sources	FY 2018-19 Actual	FY 2019-20 Estimated
State Funds:		
EIA	14,721,500.00	14,721,500

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

_____X____ The same as appropriated in the current fiscal year's appropriation.

______ An increase over the current fiscal year's appropriation.

______ A decrease over the current fiscal year's appropriation.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019-20	\$14,721,500
Amount of increase requested in EIA funding for FY 2020-21	\$
Amount of decrease requested in EIA funding for FY 2020-21	\$
Total amount of EIA funding requested for FY 2020-21	\$14,721,500

C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D – PROVISO REVISION REQUEST

NUMBER	1A.9
	Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").

TITLE	(SDE-EIA: Teacher Supplies)
	<i>Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any new request.</i>

BUDGET PROGRAM	VIII.C.2 – Teacher Supplies
	<i>Identify the associated budget program(s) by name and budget section.</i>

RELATED BUDGET REQUEST	None
	Is this request associated with a budget request you have submitted for FY 2020-21? If so, cite it here.

REQUESTED ACTION	Amend
	Choose from: Add, Delete, Amend, or Codify.

OTHER AGENCIES	None
AFFECTED	

Which other agencies would be affected by the recommended action? How?

Summary & Explanation	Fiscal year update.
	Summarize the existing proviso. If requesting a new proviso, describe the current state of

affairs without it. Explain the need for your requested action. For deletion requests due to recent codification, please identify SC Code section where language now appears.

None

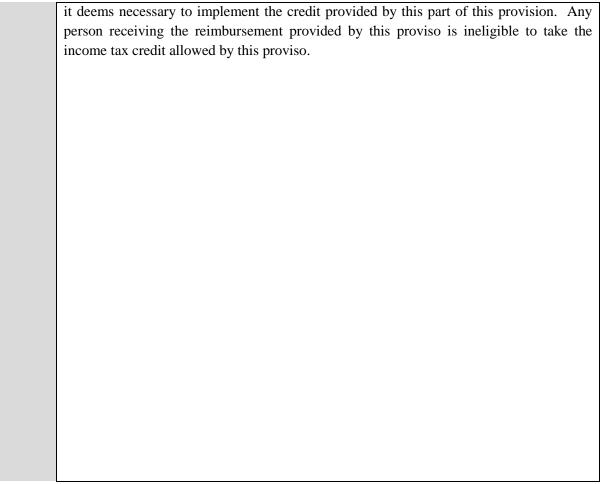

Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.

1A.9. (SDE-EIA: Teacher Supplies) All certified and non-certified public school teachers identified in PCS, certified special school classroom teachers, certified media specialists, certified guidance counselors, and career specialists who are employed by a school district, a charter school, or lead teachers employed in a publically funded full day 4K classroom approved by the South Carolina First Steps to School Readiness, as of November thirtieth of the current fiscal year, based on the public decision of the school board may receive reimbursement of two hundred seventy-five dollars each school year to offset expenses incurred by them for teaching supplies and materials. Funds shall be disbursed by the department to School districts by July fifteenth based on the last reconciled Professional Certified Staff (PCS) listing from the previous year. With remaining funds for this program, any deviation in the PCS and actual teacher count will be reconciled by December thirty-first or as soon as practicable thereafter. Based on the public decision of the school district and no later than May fifteenth annually, the district shall notify all individuals entitled to receive these funds the manner in which the funds will be dispersed. Funds may be disbursed to each teacher via check in a manner separate and distinct from their payroll check on the first day teachers, by contract, are required to be in attendance at school for the current contract year, or the funds may be disbursed to each teacher via direct deposit as long as the funds are handled in a manner to be separate and distinct from their payroll check. This reimbursement shall not be considered by the state as taxable income. Special schools include the Governor's School for Science and Math, the Governor's School for the Arts and Humanities, Wil Lou Gray Opportunity School, John de la Howe School, School for the Deaf and the Blind, Felton Lab, Department of Juvenile Justice, and Palmetto Unified School District. Funds distributed to school districts or allocated to schools must not supplant existing supply money paid to teachers from other sources. If a school district requires receipts for tax purposes the receipts may not be required before December thirty-first. Districts that do not wish to require receipts may have teachers retain the receipts and certify for the district they have received the allocation for purchase of teaching supplies and/or materials and that they have purchased or will purchase supplies and/or materials during the fiscal year for the amount of the allocation. Districts shall not have an audit exception related to non-retention of receipts in any instances where a similar instrument is utilized. Any district requiring receipts must notify any teacher from whom receipts have not been submitted between November twenty-fifth and December sixth that receipts must be submitted to the district. Districts may not add any additional requirement not listed herein related to this reimbursement.

PROPOSED

PROVISO TEXT

Any classroom teacher, including a classroom teacher at a South Carolina private school, that is not eligible for the reimbursement allowed by this provision, may claim a refundable income tax credit on the teacher's $2019 \ 2020$ tax return, provided that the return or any amended return claiming the credit is filed prior to the end of the fiscal year. The credit is equal to two hundred seventy-five dollars, or the amount the teacher expends on teacher supplies and materials, whichever is less. If any expenditures eligible for a credit are made after December thirty-first, the teacher may include the expenditures on his initial return or may file an amended $2019 \ 2020$ return claiming the credit, so long as the return or amended return is filed in this fiscal year. The Department of Revenue may require whatever proof

Paste FY 2019-20 text above, then bold and underline insertions and strikethrough deletions. For new proviso requests, enter requested text above.

- The completed report packet should contain fifteen (15), three-hole-punched double sided copies and one electronic file by 12:00 p.m. September 27, 2019.
- Hard copies may be mailed or delivered to: SC Education Oversight Committee, Edgar A. Brown Building, 1205 Pendleton Street, Suite 502, Columbia, SC 29201 located on the Statehouse grounds. Any questions and electronic copies should be sent to Bunnie Lempesis Ward at bward@eoc.sc.gov.

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

Funding allows districts to support National Board certified teachers.

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

Changes to the proviso in the annual Appropriations Act limits funding for the state stipend to applicants who made application by June 30, 2018.

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

Outcomes are assumed under EIA statute, which supports elevation of the teaching profession, teacher recruitment and retention, teacher incentives, and instructional improvement.

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.

• How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?

Allocation of funding is monitored through budget processes of the SCDE Office of Finance. Budget actuals are provided with this report.

C. External Evaluation Has an independent program evaluation external to the organization been conducted?

_____Yes ____X___No

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

Program Planning and Fiscal Information

5. Recommendations

Are there regulatory or statutory changes you would recommend to the SC General Assembly to assist this program/organization in meeting its objectives?

_____Yes ____X____No

If "Yes," please describe recommendations below:

....

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

_____X____ The same as appropriated in the current fiscal year's appropriation.

______ An increase over the current fiscal year's appropriation.

______ A decrease over the current fiscal year's appropriation.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019-20	\$44,500,000
Amount of increase requested in EIA funding for FY 2020-21	\$
Amount of decrease requested in EIA funding for FY 2020-21	\$
Total amount of EIA funding requested for FY 2020-21	\$44,500,000

C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D <u>PROVISO REVISION REQUEST</u>

NUMBER	
	Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").
TITLE	
	Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any

Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any new request.

BUDGET PROGRAM	
	Identify the associated budget program(s) by name and budget section.

Related Budget	
REQUEST	
	Is this request associated with a budget request you have submitted for FY 2020-21? If so,

cite it here.

REQUESTED ACTION	
	Choose from: Add, Delete, Amend, or Codify.

OTHER AGENCIES	
AFFECTED	
	Which other agencies would be affected by the recommended action? How?

SUMMARY & Explanation	
	Summarize the existing proviso. If requesting a new proviso, describe the current state of

affairs without it. Explain the need for your requested action. For deletion requests due to recent codification, please identify SC Code section where language now appears.

FISCAL IMPACT

Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.

Paste FY 2019-20 text above, then bold and underline insertions and strikethrough deletions. For new proviso requests, enter requested text above.

- The completed report packet should contain fifteen (15), three-hole-punched double sided copies and one electronic file by 12:00 p.m. September 27, 2019.
- Hard copies may be mailed or delivered to: SC Education Oversight Committee, Edgar A. Brown Building, 1205 Pendleton Street, Suite 502, Columbia, SC 29201 located on the Statehouse grounds. Any questions and electronic copies should be sent to Bunnie Lempesis Ward at bward@eoc.sc.gov.

Summary of Program:

EIA funds are appropriated and expended for professional development for certified instructional and instructional leadership personnel in grades kindergarten through twelve across all content areas. Funds are allocated directly to districts in support of this mission. Funds are also used to support the goals of the Office of Standards and Learning, which focuses on enhancing the capacity of teachers and district personnel to implement and support standards-based curriculum, instruction, and assessment practices. With student learning as the primary focus, the Office of Standards and Learning provides educators with a variety of ongoing, job-embedded, research-based professional learning opportunities that support public school districts' integration of all facets of the Profile of the South Carolina Graduate.

1. Allocation of Funds

Of the EIA funds appropriated for this program in Fiscal Year 2018-19, how are the funds allocated?

Allocation of Funds	\$	% of Total Line Item
Allocated to School Districts	\$506,987	18%
Retained by SCDE	\$2,048,177.50	74%
Allocated to Other Entities (Please Explain) Universtities	\$216,593.50	8%
Other (Please Explain)	\$	%
Other (Please Explain)	\$	%
TOTAL:	\$2,771,758	100%

Total should reflect EIA line item appropriation (\$) and 100% of the line item appropriation.

Of the funds "Allocated to School Districts," please denote how the funds are expended by category statewide across all districts. In the case of some line items, the SC Department of Education may have to make a professional judgment or estimate.

Expenditure Category for Funds Allocated to School Districts	%
Instruction	100%
(Includes direct and indirect instruction and resources in a traditional classroom in grades K-12 including teacher salary compensation, fringe benefits, teacher professional development, etc.)	
Please <i>exclude</i> National Board supplements and Teacher Supply Funds.	
Instructional Support	%
(i.e. guidance counselors, media specialists, reading coaches, summer reading camps, etc.,)	
Special Education Services	%
Health	%
(i.e. school nurses, mental health counselors, etc.)	
Safety	%
(i.e. school resource officers, etc.)	
Vocational	%
(i.e. career education, vocational equipment, etc.)

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws:

NA

Proviso(s) (If applicable, include reference to the 2019-20 General Appropriation Act):

1.A.25 (SDE-EIA: Professional Development)

Regu	lation	(s)	1
------	--------	-----	---

NA

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

Yes X No

If yes, please describe:

3. Logic Model

Complete the Logic Model Template provided below with specific reference to the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- **Outcomes:** Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Sample Logic Model

Problem/Issue Goal	poverty schools, the 4K lang recognition, 8% in vocabula	uage and literacy, ry and 53% in pho	icators of preparedness for acade / assessment indicated significant onological awareness. dents' language and literacy deve	challenges. Only 60% wer	e proficient in letter
Goui	-		and the quality of their interaction		
Research/Evidence	Activities/Intervention	Current or Proposed	Outputs	Project Outcomes (1-2 years)	Outcome Measures and Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K.	Proposed	Attendance records.	At least 90% of students who attend at least 25 additional days maintain or improve their language and literacy assessment scores.	Spring and Summer language and literacy assessment scores (myIGDIs, PALS Pre-K, Teaching Strategies GOLD). DRA2 assessment comparison of 4K students who participated in at least 25 additional days to students who did not.
There is growing consensus among researchers and practitioners that children's social-emotional readiness makes unique contributions to their successful transition to and progress through school. However, many children still begin school ill- prepared for the behavioral demands they will encounter in the classroom.	Improve children's kindergarten readiness by addressing their social- emotional needs. Provide additional teacher professional development by implementing TPOT classroom observation tool.	Proposed	All 4K teachers at four schools (10 teachers) will participate in a two-day training on social- emotional development. At least five district staff and teacher mentors will be trained in TPOT. Beginning in 2017, TPOT-trained staff will support teachers and teacher assistants with self-reflection and technical assistance based upon at least three classroom observations.	Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018-19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019-20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

Fiscal Year 2018-19

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

• The Learning Forward Standards for Professional Learning are the basis for best practices incorporated into Office of Standards and Learning PLOs.

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

• No external factors are expected to impact implementation.

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

2018-19 yielded the following outcomes:

- 48 statewide professional learning opportunities (PLOs) were provided by the Office of Standards and Learning, resulting in a 47.4% increase in the total number (38) offered in 2017-18;
- Total number of participants who registered for PLOs 3,388 (up from 2,302 in 2017-18);
- Total number of participants who successfully completed PLOs 1,928 (up from 1,812 in 2017-18);
- % of participants who successfully completed PLOs 57.0 (down from 86.8);
- % of completers who applied new learning in their classrooms 93% (up from 92% on 2017-18);

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.

 How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?

Qualitative data gathered from content-area leadership groups via surveys and PLO participants via their reflections and data gathered during PLO sessions indicates an overall positive perception of the services provided and their benefits to instructors. Roughly 93% of PLO participants who completed a PLO saw enough value in the new learning they acquired during the PLO to apply that new learning in their classrooms. Application data was gathered via student work and other artifacts shared by instructors.

C. External Evaluation Has an independent program evaluation external to the organization been conducted?

_____Yes ___x____No

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

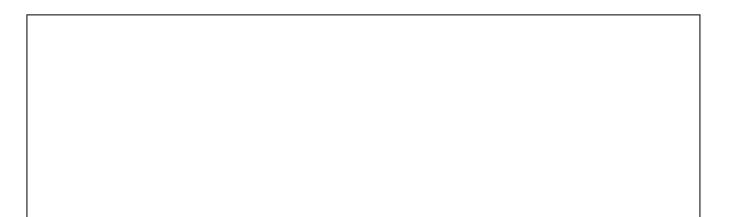

Program Planning and Fiscal Information

5. Recommendations

Are there regulatory or statutory changes you would recommend to the SC General Assembly to assist this program/organization in meeting its objectives?

_____Yes _____x___No

Summary of Program:

ADEPT is South Carolina's system for assisting, developing, and evaluating professional teaching. Based on evidence of teacher practice and student impact through instruments aligned with nationally recognized professional standards (i.e. SC Teaching Standards and Student Learning Objective), the ADEPT system forms a seamless continuum for educators throughout their careers. Moreover, the updates to the Expanded ADEPT system align seamlessly with the student-centered, data-driven instructional practices that will support all students to reach the Profile of the South Carolina graduate. In addition to applications for classroom-based teachers, the ADEPT system also includes standards and models for assisting, developing, and evaluating special area educators (i.e., school guidance counselors, library media specialists, and speech-language therapists).

1. Allocation of Funds

Of the EIA funds appropriated for this program in Fiscal Year 2018-19, how are the funds allocated?

Other	%
(Please Explain)	
TOTAL:	100%

Total should reflect 100%.

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws: S.C. Code Ann. §59-26-30 (B) (2004), S.C. Code Ann. §59-26-40 (2012)

Proviso(s) (If applicable, include reference to the 2019-20 General Appropriation Act):

1A.3 (SDE-EIA: Teacher Evaluations, Implementation/Education Oversight)

1A.38 (SDE-EIA: Assisting, Developing and Evaluating Professional Teaching - ADEPT)

Regulation(s):

R. 43-205.1. Assisting, Developing, and Evaluating Professional Teaching (ADEPT)

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

XYesNoExpanded Teacher Support and Evaluation Guidelines (2018)Induction and Mentoring Program Implementation Guidelines (2017)ADEPT Guidelines for School Library Media SpecialistsADEPT for School Guidance Counselors, ADEPT for Speech-Language TherapistsADEPT for Speech-Language Therapists

If yes, please describe:

3. Logic Model

Complete the Logic Model Template provided below **with specific reference to** the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- **Outcomes:** Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Sample Logic Model

Problem/Issue Goal	poverty schools, the 4K lang recognition, 8% in vocabular	uage and literacy, ry and 53% in pho	icators of preparedness for acade / assessment indicated significant onological awareness. dents' language and literacy deve	challenges. Only 60% wer	e proficient in letter
Goal	-		and the quality of their interaction		
Research/Evidence	Activities/Intervention	Current or Proposed	Outputs	Project Outcomes (1-2 years)	Outcome Measures and Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K.	Proposed	Attendance records.	At least 90% of students who attend at least 25 additional days maintain or improve their language and literacy assessment scores.	Spring and Summer language and literacy assessment scores (myIGDIs, PALS Pre-K, Teaching Strategies GOLD). DRA2 assessment comparison of 4K students who participated in at least 25 additional days to students who did not.
There is growing consensus among researchers and practitioners that children's social-emotional readiness makes unique contributions to their successful transition to and progress through school. However, many children still begin school ill- prepared for the behavioral demands they will encounter in the classroom.	Improve children's kindergarten readiness by addressing their social- emotional needs. Provide additional teacher professional development by implementing TPOT classroom observation tool.	Proposed	All 4K teachers at four schools (10 teachers) will participate in a two-day training on social- emotional development. At least five district staff and teacher mentors will be trained in TPOT. Beginning in 2017, TPOT-trained staff will support teachers and teacher assistants with self-reflection and technical assistance based upon at least three classroom observations.	Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018-19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019-20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

Research on successful approaches to teacher evaluation suggests that:

- Teacher evaluation should be based on professional teaching standards and should be sophisticated enough to assess teaching quality across the continuum of development from novice to expert teacher.
- Evaluations should include multi-faceted evidence of teacher practice, student learning, and professional contributions that are considered in an integrated fashion, in relation to one another and to the teaching context.
- Evaluators should be knowledgeable about instruction and well trained in the evaluation system, including the process of how to give productive feedback and how to support ongoing learning for teachers.
- Evaluation should be accompanied by useful feedback, and connected to professional development opportunities that are relevant to teachers' goals and needs, including both formal learning opportunities and peer collaboration, observation, and coaching.
- The evaluation system should value and encourage teacher collaboration, both in the standards and criteria that are used to assess teachers' work, and in the way results are used to shape professional learning opportunities.
- Expert teachers should be part of the assistance and review process for new teachers and for teachers needing extra assistance. They can provide the additional subject-specific expertise and person-power needed to ensure that intensive and effective assistance is offered and that decisions about tenure and continuation are well grounded.
- Panels of teachers and administrators should oversee the evaluation process to ensure that it is thorough and of high quality, as well as fair and reliable.

Darling-Hammond, L. (2012). *Creating a comprehensive system for evaluating and supporting effective teaching.* Stanford, CA. Stanford Center for Opportunity Policy in Education.

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

A number of external factors may impact implementation including:

- OEELD completed statewide implementation of the new SCLead.org data system in August 2018 to support district reporting of principal, classroom-based teacher, and special area educator evaluation data. Continued technical assistance will be provided to address SCTS 4.0 process fidelity, technology skills in local districts and import process challenges.
- Recruitment and retention of effective teachers is impacted by declining enrollment in teacher preparation programs nationwide.

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

Final ADEPT Results 2018–19

The following charts summarize the 2018–19 ADEPT evaluation results for teachers at each contract level. As information, **55,965 teachers were employed during the 2018–19 academic year**. Data for this report were submitted electronically by school districts via a web-based South Carolina Leadership, Effectiveness, Advancement, and Development data system (SCLead.org) as of August 29, 2019.

	Number of Teachers at each Contract Level and Evaluation Outcomes					
Contract Level	Total Number	Met	Not Met	Incomplete	Not Reported	
Induction 1	3,679	3,283	92	166	138	
Induction 2	569	507	14	26	22	
Induction 3	73	67	3	3	0	
Annual 1	4,197	3,724	59	211	203	
Annual 2	1,675	1,543	32	52	48	
Annual 3	471	428	12	15	16	
Annual 4	152	138	4	6	4	
Continuing	43,480	41,677	364	755	684	
Letter of Agreement	1,215	1,029	10	81	95	

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.

- Is it leading to expected outcomes? If no, explain.
- How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?

OEELD creates relationships with district staff in charge of implementing ADEPT. Through monthly office hours, newsletters, participation in stakeholder groups, professional learning opportunities, and collaboration with participants in our leadership development programs, we gather feedback throughout the year on educator, principal, and district level needs.

Systematically, the ADEPT plan allows SCDE to understand, provide feedback, and request revisions to the plan for ADEPT support and evaluation plans for the upcoming school year. The SCLead.org data management system provided us the opportunity to share information about evaluations with districts and education preparation programs to support program improvement.

There are several allowable uses for the ADEPT money, and not all are specific to induction and mentoring even though an induction teacher count is used to allocate the total funds to each district. Although we do not ask for a report from districts regarding how their allocation was spent, we do monitor implementation through ADEPT plans, our data system, and our collaboration with CERRA and the induction and mentoring coordinators.

The appropriation amount to districts ranged between 200 and 300 dollars per Induction I teacher. Districts report that they struggle with the amount, and have provided direct feedback to SCDE that particularly with the number of new and international teachers who need faculty mentors and the requirements for direct feedback in the new evaluation system, the allotment it is not sufficient.

C. External Evaluation

Has an independent program evaluation external to the organization been conducted?

X	Yes	No
---	-----	----

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

_____X____ The same as appropriated in the current fiscal year's appropriation.

______ An increase over the current fiscal year's appropriation.

______ A decrease over the current fiscal year's appropriation.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019-20	\$
Amount of increase requested in EIA funding for FY 2020-21	\$
Amount of decrease requested in EIA funding for FY 2020-21	\$
Total amount of EIA funding requested for FY 2020-21	\$

C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D <u>PROVISO REVISION REQUEST</u>

NUMBER	
	Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").
TITLE	
	Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any

Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any new request.

BUDGET PROGRAM	
	Identify the associated budget program(s) by name and budget section.

Related Budget	
REQUEST	
	Is this request associated with a budget request you have submitted for FY 2020-21? If so,

cite it here.

REQUESTED ACTION	
	Choose from: Add, Delete, Amend, or Codify.

OTHER AGENCIES	
AFFECTED	
	Which other agencies would be affected by the recommended action? How?

SUMMARY & Explanation	
	Summarize the existing proviso. If requesting a new proviso, describe the current state of

affairs without it. Explain the need for your requested action. For deletion requests due to recent codification, please identify SC Code section where language now appears.

FISCAL IMPACT

Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.

Paste FY 2019-20 text above, then bold and underline insertions and strikethrough deletions. For new proviso requests, enter requested text above.

- The completed report packet should contain fifteen (15), three-hole-punched double sided copies and one electronic file by 12:00 p.m. September 27, 2019.
- Hard copies may be mailed or delivered to: SC Education Oversight Committee, Edgar A. Brown Building, 1205 Pendleton Street, Suite 502, Columbia, SC 29201 located on the Statehouse grounds. Any questions and electronic copies should be sent to Bunnie Lempesis Ward at bward@eoc.sc.gov.

Summary of Program:

The South Carolina K-12 School Technology Initiative – steered by a public/private partnership that includes the SC Department of Administration, SC Department of Education, SC Education Oversight Committee, SC Educational Television, SC State Library and private sector representatives, AT&T and the SC Telecommunications and Broadband Association. It guides the distribution of appropriated funds.

These funds collectively help to meet our schools' need for software, hardware, connectivity, digital content, instructional technologies, cybersecurity protection and professional development opportunities. The initiative manages a consortium for filing applications with the Universal Service Administrative Company (USAC) for the universal service schools and libraries program (E-rate) for affordable and discounted telecommunications and internet access.

The ultimate goal of the South Carolina K-12 School Technology Initiative is to help produce graduates who are supplied with the necessary skills to excel in today's highly competitive global marketplace. More information can be found on the SC K-12 School Technology Initiative website at https://sck12techinit.sc.gov/

1. Allocation of Funds

Of the EIA funds appropriated for this program in Fiscal Year 2018-19, how are the funds allocated?

Allocation of Funds	\$	% of Total Line Item
Allocated to School Districts	\$ 459,864.75	3.75%
Retained by SCDE	\$174,132	1.42%*
Allocated to Other Entities (Please Explain)	\$ 11,637,829.25	94.83%
Disbursed to other K12 Technology Initiative Partners:		
DOA \$11,251,385.12 SCETV \$138,550.00 State Library \$247,894.13		
Other (Please Explain)	\$	%
Other (Please Explain)	\$	%
TOTAL:	\$12,271,826	100.00%

Total should reflect EIA line item appropriation (\$) and 100% of the line item appropriation.

Of the funds "Allocated to School Districts," please denote how the funds are expended by category statewide across all districts. In the case of some line items, the SC Department of Education may have to make a professional judgment or estimate.

Expenditure Category for Funds Allocated to School Districts	%
Instruction	%
(Includes direct and indirect instruction and resources in a traditional classroom in grades K-12 including teacher salary compensation, fringe benefits, teacher professional development, etc.)	
Please <i>exclude</i> National Board supplements and Teacher Supply Funds.	
Instructional Support	%
(i.e. guidance counselors, media specialists, reading coaches, summer reading camps, etc.,)	

Request for EIA Program Funding for Fiscal Year 2020-21 and Program Report for Fiscal Year 2018-19

EIA Programs Administered by SC Department of Education

Special Education Services	%			
Health				
(i.e. school nurses, mental health counselors, etc.)				
Safety	%			
(i.e. school resource officers, etc.)				
Vocational	%			
(i.e. career education, vocational equipment, etc.)				
Facilities & Transportation	%			
District Services	%			
Technology	%			
(i.e. classroom devices/tablets or instructional software that supports direct learning, etc.)				
Adult Education	%			
4K	%			
(i.e. Half-Day and Full-Day Programs)				
Assessments				
(i.e. funds for formative assessments, industry exams, etc.)				
Teacher Supply Funds	%			
National Board Supplements	%			
Other	100%			
(Please Explain)				
Non-E-Rate Network Infrastructure Match				
TOTAL:	%			

Total should reflect 100%.

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws:

N/A

Proviso(s) (If applicable, include reference to the 2019-20 General Appropriation Act):

1.70 (SDE: Technology Technical Assistance)1.71 (SDE: Technology Technical Assistance)91.23 (LEG: Technology Panel)117.27 (GP: School Technology Initiative)

Regulation(s): N/A

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

X	Yes		No
If yes, please describe:			
K12 TI Governance Bylaws

3. Logic Model

Complete the Logic Model Template provided below **with specific reference to** the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- **Outcomes:** Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Sample Logic Model

Problem/Issue Goal	Kindergarten readiness is one of the first indicators of preparedness for academic success. In ABC Elementary, one of our highest poverty schools, the 4K language and literacy assessment indicated significant challenges. Only 60% were proficient in letter recognition, 8% in vocabulary and 53% in phonological awareness. At four elementary schools that offer 4K, students' language and literacy development will improve. Teachers' ability to support the				
	social-emotional needs of th	neir 4K students a	and the quality of their interaction	s with students will impro	ve.
Research/Evidence	Activities/Intervention	Current or Proposed	Outputs	Project Outcomes (1-2 years)	Outcome Measures and Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K.	Proposed	Attendance records.	At least 90% of students who attend at least 25 additional days maintain or improve their language and literacy assessment scores.	Spring and Summer language and literacy assessment scores (myIGDIs, PALS Pre-K, Teaching Strategies GOLD). DRA2 assessment comparison of 4K students who participated in at least 25 additional days to students who did not.
There is growing consensus among researchers and practitioners that children's social-emotional readiness makes unique contributions to their successful transition to and progress through school. However, many children still begin school ill- prepared for the behavioral demands they will encounter in the classroom.	Improve children's kindergarten readiness by addressing their social- emotional needs. Provide additional teacher professional development by implementing TPOT classroom observation tool.	Proposed	All 4K teachers at four schools (10 teachers) will participate in a two-day training on social- emotional development. At least five district staff and teacher mentors will be trained in TPOT. Beginning in 2017, TPOT-trained staff will support teachers and teacher assistants with self-reflection and technical assistance based upon at least three classroom observations.	Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018-19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019-20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

Technology Plan (EdTech Plan), and collaborate on the Digital Learning Plan (proviso 1A.86) to ensure support for competencies required by the <i>Profile of the SC</i> <i>Graduate</i> (SCDE)	educational technology and digital learning aligned to the <i>Profile of the SC</i> <i>Graduate</i> .	plans.	technology, data security, personalized learning resources, and students' technology skills.	responses. IT Healthchecks and assessments. Online testing
 Create and disseminate digital educational content to support preK-12 needs and students' progression to meet the Profile of the SC Graduate. (SCETV \$138,550) (SCDE other funding) 	 Provide high-quality, cost effective, personalized teacher and student digital resources and content Update 8100 Knowitall media assets to newer formats (HTML5, CSS3, and EPUB) 	 ETV resources (StreamlineSC, Knowitall, LearningWhy, PBS Learning Media) Virtual SC courses, PD, learning objects, digital instructional materials (other funding) 	 # of on-demand resources used. # of assets upgraded to new formats Satisfaction survey results 	 # of on-demand resources used. # of updated assets Satisfaction survey results VirtualSC enrollments (other funds)
 Expand e-rate supported connectivity and ancillary services for schools and districts to ensure equitable opportunities for students to meet the Profile of the SC Graduate. (\$7.6 million for erate and \$8,100 for training; \$2.6 million for matching) Non-E-rate network infrastructure match 	 Provide consortium applications to support equitable, ample, and secure bandwidth. Provide training and technical assistance for USAC applications. Provide matching funds to support category 2 funding applications 	 Consortium applications Funding approvals Training opportunities Category 2 applications with matching funds 	 E-rate supported connectivity Rate reductions Internet bandwidth speed increases 	 # of training opportunities. # of schools receiving e-rate supported connectivity Average internet bandwidth speed

(\$383,374) (DTO/DoA)				
 Improve information security solutions offered to schools so that student data are safe. (\$1.085 million) 	 Provide DNS-based Internet Security options for SC schools with Cisco Umbrella services that is CIPA compliant (USAC requirement) 	 Districts using the Cisco umbrella services. 	Reduction in successful security threats	 Use of services Vulnerabilities ameliorated
 Pilot centralized backup and recovery services for districts. (SCDE \$174,132) 	 Provide affordable, professional data backup and recovery services for districts without the resources or expertise 	 Districts on contract for backup and recovery services Proof of concept 	 Participating districts attacked with ransomware or malware have adequate and prompt backup and recovery of secure data without paying ransom fees 	 # of districts on contract Satisfaction survey Records of recovery incidents
 Provide Learn360 (State Library \$198,500): 130,000 digital media resources from more than 200 top educational producers. 	 Provide Learn360 digital resources to teachers; previously provided by SCETV 	 Use of digital resources to improve student learning. Districts can free up funding currently being used for Learn360 or similar digital resources. 	 # of resources used Amount of district resources saved 	 # of resources used Amount of district resources saved
 Produce an academic standards authoring tool with machine readable standards capable of linking digital resources aligned to SC standards and the <i>Profile</i> (FY 17-18 \$100,000 SCDE) 	 During 2017-18 SCDE issued an RFP for a standards authoring tool. A contract was awarded in 	 Development of the system. Entry of metadata on existing standards. As future standards are authored metadata about depth of knowledge, preceding standards, and content will generate machine readable standards more easily linkable to digital resources of all kinds. 	 Educators and students have more readily available knowledge of whether digital resources align to SC standards, and which resources align. 	 Completed system. Standards entered in the system. Digital resources tied to standards through the system.

Fiscal Year 2019-20				
Problem/Issue				
Goal				
Strategies and Resources (What intentional actions are needed to reach the goal and implement the program? What resources or investments will be used to implement each strategy?)	Activities/Intervention (What does the project or program do to make progress toward goal and/or address the problem?)	Outputs (How do you know you are making progress? Include measurable numbers that reflect implementation progress and progress toward completing activities.)	Outcomes (1-2 years) (How do you know you have made significant progress? Include measurable numbers that indicate impact on population being served.)	Measures and Assessment Tools (How do you measure your outputs and outcomes? What are your outcomes or measures?)
 Complete and disseminate the 2020- 22 South Carolina State Educational Technology Plan (EdTech Plan) Ensure the new EdTech Plan supports competencies required by the <i>Profile of the SC</i> <i>Graduate</i> (SCDE). (proviso 1.70: \$350,000) 	 Provide a statewide vision and goals for the direction and outcomes for educational technology and digital learning aligned to the <i>Profile of the SC</i> <i>Graduate</i>. 	 Publication of the EdTech Plan; submission of updated district technology plans. 	 South Carolina school districts improve infrastructure, instructional technology, data security, personalized learning resources, and students' technology skills. 	 Published State Education Technology Plan District technology plans IT Healthchecks and assessments. Online testing
 Provide processing and storage resources to host School District Web sites. Provide guideline and templates for web site development while allowing Districts the ability to maintain 	 Provide better information will be available to the schools, students, parents and community. Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

- Annual research process is conducted by the K-12 Schools Technology Initiative Committee principals
- The results of this research are published in the form of an annual report.
- Additional information regarding the annual SC K-12 School Technology Initiative Progress Reports can be found via the following website: <u>https://sck12techinit.sc.gov/publications</u>
- Content transition from Flash to HTML 5 is necessary for content resources to remain relevant instructional tools for SC educators
- Virtual reality and 360 content offers easily accessible immersive experiences to students, parents, and teachers at no cost
- PBS Kids educational content provides an effective model for learning experiences that incorporate the child's entire learning community. ETV uses this model as a framework for the development of educational content that is South Carolina specific and aligned to standards.

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

- Implementation may be impacted by a number of external factors:
 - o Available funding (state and federal)
 - o Available resources
 - Contract negotiations
 - The Federal E-Rate program administration (filing process, compliance requirements, etc.).
 - o Unexpected Costs
 - o Ability to find qualified personnel to support work
 - Changes in K12 standards
 - o Requests associated with legislative/community/state priorities
 - Availability of internet service providers and broadband in some areas.

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

Outcomes are assumed under EIA statue, which supports instructional improvement.

Refer to the South Carolina K-12 School Technology Initiative's 2018-19 Progress Report for more specific statistics data: <u>https://sck12techinit.sc.gov/sites/default/files/Documents/2018-19%20K-12%20Progress%20Report.pdf</u>

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.

• How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?

Annually implementation is summarized in the K-12 Schools Technology Initiative Committee annual report and during meetings of the initiative. Documentation can be found at https://sck12techinit.sc.gov/publications

During the past year the initiative continued providing security services to school districts and library systems. School district and libraries participated in the e-rate matching fund program. The SCDE pilot project, which offers a service to provide backup and recovery services for school districts, was well received by participants.

C. External Evaluation Has an independent program evaluation external to the organization been conducted?

_____Yes <u>X____</u>No

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

Program Planning and Fiscal Information

5. Recommendations

Are there regulatory or statutory changes you would recommend to the SC General Assembly to assist this program/organization in meeting its objectives?

If "Yes," please describe recommendations below:

Changes are recommended to update Proviso 1.71.

Funding Sources	FY 2018-19 Actual	FY 2019-20 Estimated
State Funds:		
EIA	12,271,826.00	12,271,826

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

<u>X</u> The same as appropriated in the current fiscal year's appropriation.

______ An increase over the current fiscal year's appropriation.

______ A decrease over the current fiscal year's appropriation.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019-20	\$12,271,826
Amount of increase requested in EIA funding for FY 2020-21	\$
Amount of decrease requested in EIA funding for FY 2020-21	\$
Total amount of EIA funding requested for FY 2020-21	\$12,271,826

C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D

PROVISO REVISION REQUEST

Number	1.70 Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").
Title	(SDE: Technology Technical Assistance) Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any new request.
Budget Program	VIII.D - Technology
	Identify the associated budget program(s) by name and budget section.
Related Budget Request	None
	Is this request associated with a budget request you have submitted for FY 2020-21? If so, cite it here.
Requested Action	Amend
	Choose from: Add, Delete, Amend, or Codify.
Other Agencies Affected	None
	Which other agencies would be affected by the recommended action? How?
Summary & Explanation	The agency proposes updating proviso 1.71. Currently the technical assistance is limited to <i>Abbeville</i> districts. Expansion would allow more regional technical assistance. The technology review team reports mentioned are several years old; the agency suggests deleting that language. Although the agency continues to support the option of waivers for online testing, the Education Accountability Act will require publication of report cards by September 1, 2020 (currently October 1, and historically November 15). To prepare report card data with those assessment results the vendor needs the paper answer forms as quickly as possible. The agency has issued guidance that we will ask the State Board to only approve waivers when the testing occurs in the first ten days of the testing window, with shipping by a set (earlier) date. The proposed language edition clarifies that authority.

Summarize the existing proviso. If requesting a new proviso, describe the current state of affairs without it. Explain the need for your requested action. For deletion requests due to recent codification, please identify SC Code section where language now appears.

Fiscal Impact	None.
	<i>Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.</i>
	1.70. (SDE: Technology Technical Assistance) Funds appropriated to the Department of Education for Technology Technical Assistance must be used to increase the capacity of districts who are or were the original trial and plaintiff school districts in the Abbeville law suit. Funds shall be used by the department to assist school districts in procuring appropriate technology to include devices and infrastructure in accordance with the recommendations made by the technology review team to begin <u>and</u> to build capacity to offer online testing and increased access. For the current fiscal year districts and individual public charter schools may request a waiver from the State Board of Education from the requirement that all assessments be administered online; however, <u>any paper administrations must be completed according to the deadlines set by the Department</u> .
Proposed Proviso Text	

Paste FY 2019-20 text above, then bold and underline insertions and strikethrough deletions. For new proviso requests, enter requested text above.

- The completed report packet should contain fifteen (15), three-hole-punched double sided copies and one electronic file by 12:00 p.m. September 27, 2019.
- Hard copies may be mailed or delivered to: SC Education Oversight Committee, Edgar A. Brown Building, 1205 Pendleton Street, Suite 502, Columbia, SC 29201 located on the Statehouse grounds. Any questions and electronic copies should be sent to Bunnie Lempesis Ward at bward@eoc.sc.gov.

Summary of Program: During Fiscal Year-20, the agency received funding for allocation through the grants committee. The committee accepted applications from July 1-31st with award notifications sent to recipients on August 23, 2019. Funds will be allocated to recipients in late September/early October. The committee received requests totaling \$7,082,235 but was only appropriated \$3,304,313, of which \$504,313 is EIA revenue.

1. Allocation of Funds

Of the EIA funds appropriated for this program in Fiscal Year 2018-19, how are the funds allocated?

Allocation of Funds	\$	% of Total Line Item
Allocated to School Districts	\$	%
Retained by SCDE	\$	%
Allocated to Other Entities (Please Explain)	\$504,313	100%
Other (Please Explain)	\$	%
Other (Please Explain)	\$	%
TOTAL:	\$504,313	100%

Total should reflect EIA line item appropriation (\$) and 100% of the line item appropriation.

Of the funds "Allocated to School Districts," please denote how the funds are expended by category statewide across all districts. In the case of some line items, the SC Department of Education may have to make a professional judgment or estimate.

Expenditure Category for Funds Allocated to School Districts	%
Instruction	%
(Includes direct and indirect instruction and resources in a traditional classroom in grades K-12 including teacher salary compensation, fringe benefits, teacher professional development, etc.)	
Please <i>exclude</i> National Board supplements and Teacher Supply Funds.	
Instructional Support	%
(i.e. guidance counselors, media specialists, reading coaches, summer reading camps, etc.,)	
Special Education Services	%
Health	%

Total should reflect 100%.

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws:

Proviso(s) (If applicable, include reference to the 2019-20 General Appropriation Act): 1A.81

Regulation(s):

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

Yes X No

If yes, please describe:

3. Logic Model

Complete the Logic Model Template provided below **with specific reference to** the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- **Outcomes:** Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Sample Logic Model

Problem/Issue Goal	poverty schools, the 4K lang recognition, 8% in vocabula	uage and literacy ry and 53% in pho	icators of preparedness for acade assessment indicated significant onological awareness. dents' language and literacy deve	challenges. Only 60% wer	e proficient in letter
		neir 4K students a	and the quality of their interaction	•	
Research/Evidence	Activities/Intervention	Current or Proposed	Outputs	Project Outcomes (1-2 years)	Outcome Measures and Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K.	Proposed	Attendance records.	At least 90% of students who attend at least 25 additional days maintain or improve their language and literacy assessment scores.	Spring and Summer language and literacy assessment scores (myIGDIs, PALS Pre-K, Teaching Strategies GOLD). DRA2 assessment comparison of 4K students who participated in at least 25 additional days to students who did not.
There is growing consensus among researchers and practitioners that children's social-emotional readiness makes unique contributions to their successful transition to and progress through school. However, many children still begin school ill- prepared for the behavioral demands they will encounter in the classroom.	Improve children's kindergarten readiness by addressing their social- emotional needs. Provide additional teacher professional development by implementing TPOT classroom observation tool.	Proposed	All 4K teachers at four schools (10 teachers) will participate in a two-day training on social- emotional development. At least five district staff and teacher mentors will be trained in TPOT. Beginning in 2017, TPOT-trained staff will support teachers and teacher assistants with self-reflection and technical assistance based upon at least three classroom observations.	Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018-19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019-20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

quality programs and supports for students.	students and districts.		

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

The agency and committee modeled the work of the committee after the Innovation Fund in the Governor's Office of Student Achievement in Georgia.

https://gosa.georgia.gov/innovation-fund

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

Funding appropriated by the General Assembly will impact the ability of the program to continue.

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

Each grantee will submit an external evaluation to the committee.

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.

 How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?

The program is new for Fiscal Year 2019-20, data required for this section is not yet available. Thus far services and activies are going as planned and the grantees represent the intended target population.

C. External Evaluation

Has an independent program evaluation external to the organization been conducted?

_____Yes ____X___No

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

Program Planning and Fiscal Information

5. Recommendations

Are there regulatory or statutory changes you would recommend to the SC General Assembly to assist this program/organization in meeting its objectives?

_____Yes <u>X</u>____No

If "Yes," please describe recommendations below:

Funding Sources	FY 2018-19 Actual	FY 2019-20 Estimated

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

_____ The same as appropriated in the current fiscal year's appropriation.

X An increase over the current fiscal year's appropriation.

______ A decrease over the current fiscal year's appropriation.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019-20	\$504,313
Amount of increase requested in EIA funding for FY 2020-21	\$7,000,000
Amount of decrease requested in EIA funding for FY 2020-21	\$
Total amount of EIA funding requested for FY 2020-21	\$7,504,313

C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?

The agency has requested an increase in funding to replace non-recurring funding allocated for the current fiscal year (\$2,800,000) and to ensure that there are adequate funds to accommodate additional and expanded grant awards for Fiscal Year 2020-21. The committee received 12 applications totaling \$7,082,235 in requested funds. Recurring funds will also allow the committee to establish a robust application process to ensure that grantees are able to establish high quality programs and measure impact to students over time.

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D <u>PROVISO REVISION REQUEST</u>

NUMBER	1A.67
	Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").
TITLE	(SDE-EIA: Grants Committee)
	Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any new request.

BUDGET PROGRAM	VIII.D- SDE Grants Committee
	Identify the associated budget program(s) by name and budget section.

RELATED BUDGET REQUEST	VIII.D– SDE Grants Committee
	Is this request associated with a budget request you have submitted for FY 2020-21? If so, cite it here.

REQUESTED ACTION	Amend
	Choose from: Add, Delete, Amend, or Codify.

OTHER AGENCIES	None
AFFECTED	
	Which other agencies would be affected by the recommended action? How?

Summary & Explanation	Changes reflect updates to the process and the currently established committee.
	Summarize the existing proviso. If requesting a new proviso, describe the current state of affairs without it. Explain the need for your requested action. For deletion requests due

to recent codification, please identify SC Code section where language now appears.

FISCAL IMPACT

Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.

1A.67. (SDE-EIA: Grants Committee) Of the funds appropriated to the Department of Education for Innovation Grants, the grants committee, in Fiscal Year 2019-20, shall give priority to funding projects funded by the Education Oversight Committee Partnerships of Innovation in the prior fiscal year while keeping with its established criteria. Additionally, the committee shall accept applications per the established process for new grantees not to exceed the amount appropriated by the General Assembly.

The Superintendent of Education is directed to appoint an independent grants committee to develop the process for awarding the grants or directly purchasing services. The committee members shall serve four year terms. The process shall include the application procedure, selection process, and matching grant formula if applicable. The grants committee must be comprised of seven members, three members selected from the education community and four members selected from the business community. The chairman of the committee shall be selected by the committee members at the first meeting of the committee. The committee members shall serve four year terms The suggested criteria for awarding the grants to schools or school districts or directly purchasing services must include, but are not limited to:

(1) a demonstrated ability to meet the match throughout the granting period;

(2) a demonstrated ability to implement the initiative or model as set forth in the application;

PROVISO TEXT

PROPOSED

(3) identification of key measurable benchmarks in the education continuum that must be improved to raise student achievement and ensure all students graduate college, career and civic ready;

(4) a demonstrated ability to be both replicable and scalable with priority given to those projects that focus on applied learning opportunities and experiences, especially in the STEM or STEAM fields;

(5) blended and personalized learning focused on content mastery and experiential learning; and

(6) innovative strategies to close student achievement gaps, with a focus on below average and unsatisfactory schools.

No matching amount will exceed more than seventy percent of the grant request or be less than ten percent of the request. The required match may be met by funds or by in-kind donations, such as technology, to be further defined by the grants committee. Public school districts and schools that have high poverty and low achievement will receive priority for grants when their applications are judged to meet the criteria established for the grant program. The committee shall submit an annual report to the Governor, the Chairman of House Ways and Means and the Chairman of Senate Finance by June 30, 2020.

Grantees and service providers will be required to participate in an external evaluation as prescribed by the committee and agreed upon in the application and award process.

Paste FY 2019-20 text above, then bold and underline insertions and strikethrough deletions. For new proviso requests, enter requested text above.

- The completed report packet should contain fifteen (15), three-hole-punched double sided copies and one electronic file by 12:00 p.m. September 27, 2019.
- Hard copies may be mailed or delivered to: SC Education Oversight Committee, Edgar A. Brown Building, 1205 Pendleton Street, Suite 502, Columbia, SC 29201 located on the Statehouse grounds. Any questions and electronic copies should be sent to Bunnie Lempesis Ward at bward@eoc.sc.gov.

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws: S.C. Code Ann. §59-67-420

Proviso(s) (If applicable, include reference to the 2019-20 General Appropriation Act): **1.19.** (SDE: Buses, Parts, and/or Fuel) Funds appropriated for other operating in program VII.B. - Bus Shops and funds appropriated in VII.C. - Buses may be used to purchase buses, fuel, parts, or other school bus related items. All funds appropriated for bus fuel, parts/supplies, maintenance, and bus purchases may be carried forward from the prior fiscal year and expended in the current fiscal year to support bus transportation 28 services.

Regulation(s): N/A

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

Yes X No

If yes, please describe:

3. Logic Model

Complete the Logic Model Template provided below **with specific reference to** the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant. Transport the children of South Carolina to and from school efficiently and safely
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs. The constant monitoring of safety records and costs associated with providing transportation for children.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials. **Maintenance and GPS routing technology.**
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps. **Preventive maintenance and route audits.**
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered. Number of routes, buses and students.
- Outcomes: Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable. Reduce the number of cars and buses on the road, decrease the need for additional buses and effectively organize the transportation of students in need, more students arrive on time and are ready to eat and learn
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program. The unknown cost of fuel and demand.

Sample Logic Model

Problem/Issue Goal	Kindergarten readiness is one of the first indicators of preparedness for academic success. In ABC Elementary, one of our highest poverty schools, the 4K language and literacy assessment indicated significant challenges. Only 60% were proficient in letter recognition, 8% in vocabulary and 53% in phonological awareness. At four elementary schools that offer 4K, students' language and literacy development will improve. Teachers' ability to support the				
			and the quality of their interaction		
Research/Evidence	Activities/Intervention	Current or Proposed	Outputs	Project Outcomes (1-2 years)	Outcome Measures and Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K. Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

Funding allows school districts to move students to and from schools safely. Best practices are used to maximize efficiency and on-time delivery of students.

- Efficiency for route audits
- Anti-idling policy
- Fuel cost
- Parts cost
- Newer buses

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

External factors that may influence implementation include fuel and parts cost.

- Lower cost in fuel

- Lower cost in parts
- Maintenance software
- Possible GPS routing software

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

Outcomes assumed under EIA statute, which supports transportation of public school students. However, the Office of Transportation monitors data related to fuel consumptions, route times, ontime arrival, bus demographics, driver qualifications, and number of students transported.

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.

• How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?

Implementation proceeded as planned. Allocation of funding is monitored throughout a budget processes from the SCDE Office of Finance. Budget actuals will be provided in this report.

C. External Evaluation

Has an independent program evaluation external to the organization been conducted?

	Yes	X	
No	-		

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

Program Planning and Fiscal Information

5. Recommendations

Are there regulatory or statutory changes you would recommend to the SC General Assembly to assist this program/organization in meeting its objectives?

_____Yes _____X____No

If "Yes," please describe recommendations below:

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

_____X____ The same as appropriated in the current fiscal year's appropriation.

______ An increase over the current fiscal year's appropriation.

______ A decrease over the current fiscal year's appropriation.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019-20	\$22,032,195
Amount of increase requested in EIA funding for FY 2020-21	\$
Amount of decrease requested in EIA funding for FY 2020-21	\$
Total amount of EIA funding requested for FY 2020-21	\$22,032,195

C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D <u>PROVISO REVISION REQUEST</u>

NUMBER	
	Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").
TITLE	
	Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any

Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any new request.

BUDGET PROGRAM	
	Identify the associated budget program(s) by name and budget section.

Related Budget	
REQUEST	
	Is this request associated with a budget request you have submitted for FY 2020-21? If so,

cite it here.

REQUESTED ACTION	
	Choose from: Add, Delete, Amend, or Codify.

OTHER AGENCIES	
AFFECTED	
	Which other agencies would be affected by the recommended action? How?

SUMMARY & Explanation	
	Summarize the existing proviso. If requesting a new proviso, describe the current state of

Summarize the existing proviso. If requesting a new proviso, describe the current state of affairs without it. Explain the need for your requested action. For deletion requests due to recent codification, please identify SC Code section where language now appears.

FISCAL IMPACT

Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.

Paste FY 2019-20 text above, then bold and underline insertions and strikethrough deletions. For new proviso requests, enter requested text above.

- The completed report packet should contain fifteen (15), three-hole-punched double sided copies and one electronic file by 12:00 p.m. September 27, 2019.
- Hard copies may be mailed or delivered to: SC Education Oversight Committee, Edgar A. Brown Building, 1205 Pendleton Street, Suite 502, Columbia, SC 29201 located on the Statehouse grounds. Any questions and electronic copies should be sent to Bunnie Lempesis Ward at bward@eoc.sc.gov.

Summary of Program:

Family Connection of South Carolina offers programs and services to ensure that parents, professionals, and caregivers have access to available resources to help their children reach their full potential. Community events are held statewide to raise awareness of the strength and determination of our children and to help others see that they are living rich, full lives.

Family Connection is the point of contact for those with disabilities or special healthcare needs throughout their journeys, from birth to adulthood. Their work focuses on five key areas: parent support, healthcare, education, training, and advocacy.

1. Allocation of Funds

Of the EIA funds appropriated for this program in Fiscal Year 2018-19, how are the funds allocated?

Allocation of Funds	\$	% of Total Line Item
Allocated to School Districts	\$	%
Retained by SCDE	\$	%
Allocated to Other Entities (Please Explain) Family Connection of SC	\$300,000	100%
Other (Please Explain)	\$	%
Other (Please Explain)	\$	%
TOTAL:	\$300,000	100%

Total should reflect EIA line item appropriation (\$) and 100% of the line item appropriation.

Of the funds "Allocated to School Districts," please denote how the funds are expended by category statewide across all districts. In the case of some line items, the SC Department of Education may have to make a professional judgment or estimate.

Expenditure Category for Funds Allocated to School Districts	%
Instruction	%
(Includes direct and indirect instruction and resources in a traditional classroom in grades K-12 including teacher salary compensation, fringe benefits, teacher professional development, etc.)	
Please <i>exclude</i> National Board supplements and Teacher Supply Funds.	
Instructional Support	%
(i.e. guidance counselors, media specialists, reading coaches, summer reading camps, etc.,)	
Special Education Services	%
Health	%
(i.e. school nurses, mental health counselors, etc.)	
Safety	%
(i.e. school resource officers, etc.)	
Vocational	%

Request for EIA Program Funding for Fiscal Year 2020-21 and Program Report for Fiscal Year 2018-19

EIA Programs Administered by SC Department of Education

(i.e. career education, vocational equipment, etc.)	
Facilities & Transportation	%
District Services	%
Technology	%
(i.e. classroom devices/tablets or instructional software that supports direct learning, etc.)	
Adult Education	%
4K	%
(i.e. Half-Day and Full-Day Programs)	
Assessments	
(i.e. funds for formative assessments, industry exams, etc.)	
Teacher Supply Funds	%

TOTAL:	%

Total should reflect 100%.

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws:

N/A

Proviso(s) (If applicable, include reference to the 2019-20 General Appropriation Act):

1A.63 (SDE-EIA: Family Connection South Carolina)

Regulation(s):

N/A

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

Yes X No

If yes, please describe:

3. Logic Model

Complete the Logic Model Template provided below with specific reference to the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- **Outcomes:** Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Sample Logic Model

Problem/Issue Goal	poverty schools, the 4K lang recognition, 8% in vocabula	uage and literacy ry and 53% in pho	icators of preparedness for acade assessment indicated significant onological awareness. dents' language and literacy deve	challenges. Only 60% wer	e proficient in letter
		neir 4K students a	and the quality of their interaction	•	
Research/Evidence	Activities/Intervention	Current or Proposed	Outputs	Project Outcomes (1-2 years)	Outcome Measures and Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K.	Proposed	Attendance records.	At least 90% of students who attend at least 25 additional days maintain or improve their language and literacy assessment scores.	Spring and Summer language and literacy assessment scores (myIGDIs, PALS Pre-K, Teaching Strategies GOLD). DRA2 assessment comparison of 4K students who participated in at least 25 additional days to students who did not.
There is growing consensus among researchers and practitioners that children's social-emotional readiness makes unique contributions to their successful transition to and progress through school. However, many children still begin school ill- prepared for the behavioral demands they will encounter in the classroom.	Improve children's kindergarten readiness by addressing their social- emotional needs. Provide additional teacher professional development by implementing TPOT classroom observation tool.	Proposed	All 4K teachers at four schools (10 teachers) will participate in a two-day training on social- emotional development. At least five district staff and teacher mentors will be trained in TPOT. Beginning in 2017, TPOT-trained staff will support teachers and teacher assistants with self-reflection and technical assistance based upon at least three classroom observations.	Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018-19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019-20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

According to Farrel (2012) and the Harvard Family Research Project, one of the most effective means of ensuring academic success is to engage families in their children's education. While family engagement confers benefits on all students, those with disabilities often require a greater degree of parental involvement and advocacy than their peers without disabilities in order to be assured of receiving the same level of instruction as the general student population. Children with disabilities often face multifaceted classroom challenges requiring special attention from instructors and active engagement from their families. Their families play a number of supporting roles, including as their advocates and as people who can provide valuable insight into their specific needs to instructors, who may at times feel pressed by trying to meet the needs of diverse groups of students. There are rarely any simple answers to balancing the needs of each individual child with disabilities with others' needs, with competing structural, bureaucratic, pedagogical, and emotional factors often adding extra layers of effort and complexity for everyone involved. But when families and educators work together as partners, it enhances the likelihood that children with disabilities will have positive and successful learning experiences.

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

No external factors impacted implementation.

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

Outcomes are assumed under EIA statute that supports instructional improvement.

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.

• How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?

Implementation is documented annually in the FCSC report. Allocation of funding is monitored through budget processes in the SCDE Office of Finance, the OSES, and through quarterly reports to the OSES. Budget actuals are provided with this report.

C. External Evaluation Has an independent program evaluation external to the organization been conducted?

_____Yes ____X____No

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

12

Program Planning and Fiscal Information

5. Recommendations

Are there regulatory or statutory changes you would recommend to the SC General Assembly to assist this program/organization in meeting its objectives?

_____Yes _____X____No

If "Yes," please describe recommendations below:

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

_____X____ The same as appropriated in the current fiscal year's appropriation.

______ An increase over the current fiscal year's appropriation.

______ A decrease over the current fiscal year's appropriation.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019-20	\$300,000
Amount of increase requested in EIA funding for FY 2020-21	\$
Amount of decrease requested in EIA funding for FY 2020-21	\$
Total amount of EIA funding requested for FY 2020-21	\$300,000

C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D <u>PROVISO REVISION REQUEST</u>

NUMBER	
	Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").
TITLE	
	Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any

Summary of Program:			

1. Allocation of Funds

Of the EIA funds appropriated for this program in Fiscal Year 2018-19, how are the funds allocated?

Allocation of Funds	\$	% of Total Line Item
Allocated to School Districts	\$	%
Retained by SCDE	\$	%
Allocated to Other Entities (Please Explain) State agencies	\$12,676,573	100%
Other (Please Explain)	\$	%
Other (Please Explain)	\$	%
TOTAL:	\$	%

Total should reflect EIA line item appropriation (\$) and 100% of the line item appropriation.

Of the funds "Allocated to School Districts," please denote how the funds are expended by category statewide across all districts. In the case of some line items, the SC Department of Education may have to make a professional judgment or estimate.

Expenditure Category for Funds Allocated to School Districts	%
Instruction	100%
(Includes direct and indirect instruction and resources in a traditional classroom in grades K-12 including teacher salary compensation, fringe benefits, teacher professional development, etc.)	
Please <i>exclude</i> National Board supplements and Teacher Supply Funds.	
Instructional Support	%
(i.e. guidance counselors, media specialists, reading coaches, summer reading camps, etc.,)	
Special Education Services	%
Health	%
(i.e. school nurses, mental health counselors, etc.)	
Safety	%
(i.e. school resource officers, etc.)	
Vocational	%
(i.e. career education, vocational equipment, etc.)	

Request for EIA Program Funding for Fiscal Year 2020-21 and Program Report for Fiscal Year 2018-19

EIA Programs Administered by SC Department of Education

Facilities & Transportation	%
District Services	%
Technology	%
(i.e. classroom devices/tablets or instructional software that supports direct learning, etc.)	
Adult Education	%
4K	%
(i.e. Half-Day and Full-Day Programs)	
Assessments	
(i.e. funds for formative assessments, industry exams, etc.)	
Teacher Supply Funds	%
National Board Supplements	%
Other	%
(Please Explain)	
TOTAL:	%
	1

Total should reflect 100%.

2. A. Relevant State Law

What South Carolina laws, including provisos in the current year's general appropriations act, govern the implementation of this program? Complete the following citations, when applicable.

Code of Laws:		
N/A		

Proviso(s) (If applicable, include reference to the 2019-20 General Appropriation Act):

1A.4

Regulation(s):	
N/A	

B. Other Governing Guidelines

Do guidelines that have been approved by the State Board of Education, the Commission on Higher Education or other governing board exist that govern the implementation of this program? If yes, please provide detail.

Yes X No

If yes, please describe:

3. Logic Model

Complete the Logic Model Template provided below **with specific reference to** the *Profile of the SC Graduate* as relevant. After completing the Logic Model, respond to Questions 1 and 2. Below are definitions for terms included in the Logic Model Template.

- Goal: Overall purpose or long-term outcome of the program, with specific reference to the *Profile of the SC Graduate* as relevant.
- Research/Evidence: Description of relevant research, evidence or best practices that describe how change occurs.
- **Resources:** Currently available or proposed inputs or program investments for the proposed program. List all the resources needed for a successful program, including federal or state funds as well as grants. Common resources include human resources, financial resources, space, technology, other equipment and materials.
- **Strategies:** Actions that are needed to implement program. Describes how program resources will be used to achieve program outcomes and goals. Also considered to be processes, methods or action steps.
- Indicators: Measurable, tangible, and direct products or results of program activities. They lead to desired outcomes but are not themselves the changes expected due to the program. Outputs help assess how well the program is being implemented. Outputs frequently include quantities to reflect the size or scope of services or instruction being delivered.
- Outcomes: Results the program intends to achieve if implemented as planned. Outcomes are the changes that occur or the difference that is made for the population during or after the program. Outcomes should be within the scope of the program's control or sphere of reasonable influence, as well as the timeframe that has been chosen for the logic model. They should be generally accepted as valid by stakeholders, framed in terms of change and measurable.
- External Factors: Issues or circumstances that are outside of the control and scope of the program, but they may impact the implementation or outcomes of the program.

Sample Logic Model

Problem/Issue Goal	poverty schools, the 4K lang recognition, 8% in vocabular	uage and literacy, ry and 53% in pho	icators of preparedness for acade / assessment indicated significant onological awareness. dents' language and literacy deve	challenges. Only 60% wer	e proficient in letter
Goal	-		and the quality of their interaction		
Research/Evidence	Activities/Intervention	Current or Proposed	Outputs	Project Outcomes (1-2 years)	Outcome Measures and Assessment Tools
Out-of-school interventions including afterschool, family engagement, and summer programming, when aligned with in-school assessment and practice, have a greater impact than isolated programs.	Increase the amount of instructional time for 4K students by establishing an extended year calendar to include 35 additional days during the summer of 2017 prior to their entry into 5K.	Proposed	Attendance records.	At least 90% of students who attend at least 25 additional days maintain or improve their language and literacy assessment scores.	Spring and Summer language and literacy assessment scores (myIGDIs, PALS Pre-K, Teaching Strategies GOLD). DRA2 assessment comparison of 4K students who participated in at least 25 additional days to students who did not.
There is growing consensus among researchers and practitioners that children's social-emotional readiness makes unique contributions to their successful transition to and progress through school. However, many children still begin school ill- prepared for the behavioral demands they will encounter in the classroom.	Improve children's kindergarten readiness by addressing their social- emotional needs. Provide additional teacher professional development by implementing TPOT classroom observation tool.	Proposed	All 4K teachers at four schools (10 teachers) will participate in a two-day training on social- emotional development. At least five district staff and teacher mentors will be trained in TPOT. Beginning in 2017, TPOT-trained staff will support teachers and teacher assistants with self-reflection and technical assistance based upon at least three classroom observations.	Quality of teacher-child interactions will improve by at least 15% after three classroom observations and subsequent technical assistance.	TPOT classroom observation scores for teachers and teacher assistants.

Fiscal Year Logic Model

Provide a logic model for each of the following fiscal years:

- 1. for the completed prior fiscal year (FY 2018-19), that identifies the strategies, outputs and outcomes employed and impact determined for the project/program;
- 2. for the current fiscal year (FY 2019-20); and
- 3. for the planned subsequent fiscal year (FY 2020-21) that document the strategies, outputs and outcomes for the program/project and how impact will be determined.

After completing the Logic Model, please respond to Questions 1 and 2. The Goal should address overall purpose or long-term outcomes of the program, with specific reference to the *Profile of the SC Graduate* as relevant.

Question 1: Evidence/Research: Description of relevant research, evidence or best practices that describe how change occurs. You may include citations, best practices, or national, state or regional evidence. **A bulleted format is encouraged**.

Funding allows state agencies to pay teachers closer to the southeastern average.

Question 2: External Factors: Provide additional information about any external factors that may impact the implementation and/or achievement or outcomes during the current fiscal year 2019-20, or the next fiscal year, 2020-2021. **A bulleted format is encouraged**.

No external factors influenced the implementation.

Evaluation – Use the Logic Model to provide further detail on Items A – C.

A. Outcomes

Use the space below to describe methods used to determine the program's impact on program participants or recipients. Document measures or evidence collected to demonstrate impact. Attach additional pages if necessary.

Outcomes are assumed under EIA statute, which supports elevation of the teaching profession and improved instruction.

B. Implementation

Use the space below to reflect on the current implementation of the program. Outline the methods used and data collected. If the program is new, explain how the following questions will be addressed:

- Has the program shifted or deviated from the original program plan? If yes, explain.
- Are services or activities going as planned? If no, explain.
- Is the program reaching the intended target population or the intended number of participants? If no, explain.
- Is it leading to expected outcomes? If no, explain.

• How do participants or recipients perceive the services, benefits, activities of the program? What methods have been employed to understand participants' or recipients/ perceptions?

Allocation of funding is monitored through the agency budget process. Budget actuals are provided with this report.

C. External Evaluation

Has an independent program evaluation external to the organization been conducted?

	Yes	X
No		

If "Yes," please describe. What was the date of the most recent evaluation? What were the findings and recommendations? Please provide a hyperlink or copy of the most recent evaluation.

Program Planning and Fiscal Information

5. Recommendations

Are there regulatory or statutory changes you would recommend to the SC General Assembly to assist this program/organization in meeting its objectives?

_____Yes _____X____No

If "Yes," please describe recommendations below:

Funding Sources	FY 2018-19 Actual	FY 2019-20 Estimated
State Funds:		
EIA-	12,676,573.00	13,467,848

7. Future EIA Funding Requests

A. The total amount of EIA funds requested for this program for fiscal year 2020-21 will be (check only one):

_____ The same as appropriated in the current fiscal year's appropriation.

_____X____ An increase over the current fiscal year's appropriation.

_____ A decrease over the current fiscal year's appropriation.

B. If you indicated an increase or decrease in EIA funding for the next fiscal year, please complete the following table.

Current EIA funding amount for FY 2019-20	\$13,467,848
Amount of increase requested in EIA funding for FY 2020-21	\$1,022,067
Amount of decrease requested in EIA funding for FY 2020-21	\$
Total amount of EIA funding requested for FY 2020-21	\$14,489,915

C. If you indicated an increase or decrease, please describe the reasons for the increase or decrease. How will the increase or decrease impact the strategies and the outcomes of the program? How, if any, will the logic model of Attachment A change if the proposed increase or decrease is authorized in Fiscal Year 2020-21?

The State Superintendent has requested a 5% teacher salary increase for FY 21. This requested amount corresponds to the amount needed to ensure state agencies are able to increase the salaries of their teachers by 5% along with the increase in the local supplement of the district in which the agencies are located.

8. Proviso Requests

To be consistent with the budget plans submitted to the Executive Budget Office, please submit any **EIA-related** proviso revision requests using the following form, which is Form D.

FORM D <u>PROVISO REVISION REQUEST</u>

NUMBER	
	Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").
TITLE	
	Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any

Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any new request.

BUDGET PROGRAM	
	Identify the associated budget program(s) by name and budget section.

Related Budget	
REQUEST	
	Is this request associated with a budget request you have submitted for FY 2020-21? If so,

cite it here.

REQUESTED ACTION	
	Choose from: Add, Delete, Amend, or Codify.

OTHER AGENCIES	
AFFECTED	
	Which other agencies would be affected by the recommended action? How?

SUMMARY & EXPLANATION	
	Summarize the existing proviso. If requesting a new proviso, describe the current state of

affairs without it. Explain the need for your requested action. For deletion requests due to recent codification, please identify SC Code section where language now appears.

FISCAL IMPACT

Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.

Paste FY 2019-20 text above, then bold and underline insertions and strikethrough deletions. For new proviso requests, enter requested text above.
